Discount Prices on cartop carriers!

Save 10% off the 1981 catalog price on purchases of Yakima or Quik-N-Easy carriers. They make great presents for your favorite paddler. Or, buy the Yakima Multi-post or Q & E Ski Clamps as well, and use them to carry your skis this winter.

QUIK-N-EASY Quik-N-Easy carriers feature 1" zinc-plated steel tubes and solid cast aluminum brackets. The brackets are tightened directly on your raingutter with a clever over-the-center latch that holds the carrier securely on your vehicle. The Quik-N-Easy accessories allow you to outfit their carriers for a wide range of uses. Quik-N-Easy brackets and carriers work only on cars with rain gutters.

60" QUIK-N-EASY CARRIER This standard bar carrier includes 4 tumbled yokes with levers, clips, tube holders and two 60" long 1" diameter steel tubes. To carry one canoe, add hold downs and bow and stern lines. To carry kayaks add saddles and a hold down system.

#772 Was \$36.00
..... Now \$32.40

78" QUIK-N-EASY CARRIER Same as the #772 carrier except the bars are 78" long. Have no concern that two canoes or eight kayaks might be too heavy for this carrier, the Quik-N-Easy zinc plated steel tubes are safety rated to carry up to 500 lbs.

#773 Was \$42.00
..... Now \$37.80

MULTI-POST One of the most versatile products we've seen. The Multi-Post holds not only downhill or X-C skis, but also wind surfer or sailing masts and, depending on the distance between the carrier crossbars, kayak or canoe paddles. Includes two rubber-covered, 4" aluminum uprights, adjustable rubber strap with long tab for easy removal and mounting hardware (including adapters for the Q & E carriers). One set will carry one pair of skis or 3 paddles. Buy now and save over 30% on the 1982 suggested retail price.

#763 \$5.50

QUIK-N-EASY SKI CLAMPS The ski clamp set includes two clamps with eye bolts, wing nuts and washers. Set holds one pair of skis. (Will not fit Yakima carriers.)

#778 \$8.25

Yakima Carriers All Yakima Products come with a lifetime warranty against defects in material and workmanship. By using one or more of Yakima's full line of add-on accessories, you can carry almost any combination of windsurfers, kayaks, skis or canoes. These accessories also cross over to fit Quik-N-Easy carriers.

Yakima carriers include two 1-1/2" gold anodized cross bars, four sets of non-slip neoprene "feet" and the patented Kevlok over-center tie down system, using heavy duty 1" Cordura nylon webbing and vinyl-coated steel drip rail/door molding hooks rated at 300# tension. Don't forget that all these carriers work equally well on cars with or without drip rails. All racks have an approximate load capacity of 300 lbs. The 54" carrier is designed for small cars such as VWs, Hondas, Toyotas, etc. It will carry one standard size canoe or, depending on whether you use kayak saddles or the Kayak Stacker, up to 4 kayaks. For you folks with mid-size cars, or small cars with greater load demands, we offer the 66" rack. It accommodates one canoe (or maybe two, depending on rack placement) but will handle up to 5 kayaks (or one canoe and two kayaks if you desire). The 74" carrier will work well on vans or trucks, handling two canoes, or up to 6 kayaks.

Stearns' Lifejackets — Top Quality at Low Prices

WHITEWATER LIFE JACKET This Stearns jacket has a solid feel and performs well in the water. These Type V/III jackets are very popular due to their greater dependability and comfort when compared to the Type I jacket. One chest strap and two adjustable side straps provide a good fit and offer a secure feeling. It has a coated orange nylon outer shell, solid ensolite foam filler that provides at least 22 lbs. flotation and a padded foam filled collar that provides some behind-the-head protection when you're in the water.

#404 S (SM/MED fits up to 40" chest)
#404 L (L/XL fits 42" and over) . . . **Was \$55.00**
..... **Now \$46.00**

DELIVERANCE LIFE JACKET Very comfortable and now at significant savings! This Stearns jacket has ribbed foam flotation (15 1/2 to 17 1/2 lbs. depending on size) in a nylon shell. The bottom section can be turned up, which is convenient for kayakers. Has a good zipper, snap at the bottom and cloth tie at the waist. Available in blue (#410) and bright yellow (#411).

#410 XS (fits 32"-34" chest)
#410 S (fits 36"-38" chest)
#410 M (fits 40"-42" chest)

8 FT. MOHAWK BREAKDOWN PADDLE This paddle has flat, black ABS blades (8" x 20"), with a metal insert for strength and a 1-1/8" anodized aluminum shaft with heat-shrink vinyl grips. The swaged center joint is secured by a spring-loaded button. Weight: 2 lbs. 14 oz.

#715 **\$26.00**

8 FT. CARLISLE BREAKDOWN PADDLE This is a tough, heavy paddle. Excellent center joint. If durability and ability to take hard knocks are primary, go with this one. 8' long with 7-3/4" x 20" ABS blades, weighs 4 lbs. Can be used with adapter handles to make a pair of 66" paddles.

#716 **\$28.00**

Inflatable Fun! Save \$\$\$

Great fun in any water, these inflatables are exciting — yet forgiving. Just a few minutes in one and you can paddle with confidence while improving your technique. Here in the Northwest we are seeing groups of people devoted to inflatables in all levels of whitewater.

K-79 TAHITI Flat water, white water, any kind of water — the K-79 Tahiti is fun. This inflatable kayak is large enough for two people or for one person with gear. It has two inflatable/-adjustable seats and comes with an owner's manual and patch kit. At 21 lbs. it can be easily transported and fits in the smallest of cars. Dimensions: 10'8" x 2'8" with 9-1/2" diameter tubes. Yellow.

#702 **Was \$145.00**
..... **Now \$137.50**

SEA EAGLE 330 HD The 330 HD is similar to the K-79, but is made with heavier gauge vinyl. With proper treatment this boat will delight you for many boating seasons. The 330 HD seats two with one inflatable and one inflatable/adjustable seat. Dimensions: 11'2" x 2'9" with 8-1/2" diameter tubes. Gray/blue.

#704 **Was \$195.00**
..... **Now \$175.00**

DOLPHIN II We have tried this boat in every conceivable water from lakes to Lava Falls on the Colorado; it's a super boat. Carries one person and gear or two people (in flatwater only). It's faster and more responsive than the usual inflatable (not up to slalom kayak standards — but close enough). Tracks well and yet is very maneuverable. The material is Hypalon-rubber and polyester cord construction. The inflatable ribbed floor offers cushioning and improved tracking. The wood-reinforced bow provides for a smoother cut through the water. Covered front and rear decks are handy storage spaces — or, if you're not going solo, you can fold the rear deck down into a second seat. There just isn't another boat today that combines durability and performance with the compact size of the Austrian-made "Dolphin II". It packs into a 26" x 22" roll and weighs just 36 lbs. It can go anywhere and is ideal for fly-ins. Inflated dimensions are 12' long by 2'2" wide. There are three large air chambers and 7 smaller ones in this unsinkable design. A good replacement for the Klepper Aeriis I at about one third the cost.

#706 **Was \$485.00**
..... **Now \$435.00**

Special Prices on These Kayak Accessories!

New! WDL RESCUE LINE An excellent throw-line rescue bag by Wildwater Designs Ltd. that meets the demands of many professional organizations, including the Eastern Professional River Outfitters Assoc. Features 70 feet of tangleproof 3/8" polypropylene line (it floats) in a high visibility yellow nylon bag. The bag is designed to be thrown easily and accurately. It's guaranteed for two years against defects in materials or workmanship. No craft on the water should be without it. 1982 Suggested retail is \$29.95, available this fall for only \$24.95.

#373 \$24.95

AQUATERRA SPRAY SKIRT This spray skirt is made from rugged 1/8" nylon/neoprene with overlapped glued seams and a long waist tube. Because the neoprene is thicker for durability you have to cinch the cockpit bungee cord up pretty tight to get a secure fit, but the new thicker shock cord should help it to stay on better. Also has a reinforced grab loop and a foam pad built inside the back so you can roll and paddle in comfort. Sizes: small fits up to 30", M fits 31" to 36", and L fits 37" and up. Fits boats with cockpits up to 73".

#628 (S, M, L) Was \$32.00

KAYAK FLOAT BAGS Good economical flotation for kayakers without center pillars. 20 mil vinyl, inflation hose and large deflation valve. Bow and stern bag.

#610 Was \$21.75
..... Now \$18.50

KAYAK SPLIT FLOAT BAGS Most new boats are being made with a center pillar for safety and strength. Such boats require a four piece flotation set, and these Aquaterra 20 mil bags hold up well through many seasons of use. Set of four bags.

#612 Was \$29.75
..... Now \$25.50

New! LITE-WEIGHT SPLIT FLOATS By Aquaterra, these bags are 12 mil vinyl and so cut the weight of 20 mil bags nearly in half. Because the vinyl is thinner, the inside of the boat must be free from sharp edges or fiberglass stickers. The perfect spot for weight reduction in Perception, or other molded "plastic" boats. Buy now and save over the '82 price. Set of 4 bags.

#613 \$24.50

VOYAGEUR ULTRALIGHT SPLIT

For kayakers intersted in maximum performance Voyageur now makes their Ultralight splits in a storage version. You get full flotation at less than half the weight of standard 20 mil vinyl bags. The ultralight fabric (200 denier, urethane coated nylon) has excellent abrasion resistance, but to protect these beautiful floats you should sand down those fiberglass stickers. Set includes 2 bow bags and 2 stern storage bags with the patented Voyageur slide closures, 36" inflation hose and rapid deflation valve. Weighs 29 oz. Light yellow.

#614 \$89.95

New! WDL HI FLOAT LIFE VEST Designed by Charlie Walbridge of Wildwater Designs Ltd., this is the ultimate lifejacket for serious big water kayakers. This vest provides more flotation than any other lifejacket now available, nearly twice the U.S. Coast Guard standard. It is made of a new closed-cell foam that is softer than previous PFD's for added comfort and increased mobility. Front zipper, waist tie and side adjustments for a secure fit. Bright red for good visibility. Undoubtedly the most sought-after kayaking vest for 1982. Suggested retail \$65.00.

#406-S (Fits 33"-37" chest)
#406-M (Fits 37"-41" chest)
#406-L (Fits 41"-46" chest) Now \$53.00

New! HARMONY K-1 PADDLE Harmony makes a comfortable, lightweight, high-tech kayak paddle. It features 1-1/4" x 1-1/8" diameter, ovaled, pole vault-type shaft for springiness and shock-absorbance to reduce impact from sudden turbulence and obstacles. The blades have less surface area than you may be used to, but they lessen the risk of shoulder injury in violent water and cut the weight of the paddle significantly (less than 2#, 8 oz. in the 208 cm length). Blades are curved, epoxy-impregnated fiberglass cloth with internally laminated aluminum tips. The center of the blade is air-filled so the paddle floats well. Available in 200 to 212 cm. lengths, 4 cm. increments (78-3/4" to 83-1/2").

Special Introductory Price \$89.95

#603 (Lengths: 200 cm., 204 cm., 208 cm., 212 cm.)

9" GLASS-IN FOOT BRACES Fit your kayak with aircraft-grade, anodized aluminum foot braces and save at these close-out prices. Adjusting the braces is easy with the patented spring-trigger mechanism. To provide maximum comfort, the foot pads are neoprene covered. (Quantities limited to stock on hand.)

IN-STORE KAYAK SALE!

We stock the latest Perception and Dick Held Whitewater Boats for sale and pick-up in Moscow, Idaho. Buy one this fall, and we'll make you a super deal on all the accessories you need to start boating now! (Or next Spring) Call for details.

New! PERCEPTION POUCH One of the best items we ever carried was an army surplus gas mask filter pouch. We often waxed nostalgic about those neat old waterproof pouches. Now Perception has brought out their version, and it's just as great! It has two loops on the back so you can attach it to your belt or a lifejacket strap. Excellent for wallets, valuables or other personal items, and particularly recommended for Instamatic size cameras. Double layer vinyl pouch with roll down seal and blue nylon cover with fold-over securing velcro. Inside dimensions: 8-1/2" (L) x 5-1/2" (W) x 1-1/2" (H).

#456\$12.95

New! BLUE PUMA PADDLING SWEATER This new sweater from Blue Puma is the perfect complement to their paddling jacket. Made of Antron nylon pile, the sweater is warm, light, non-restrictive and dries very quickly. It features 3/4 length sleeves that don't interfere with the full-length sleeves of a paddling jacket. This sweater is an excellent alternative to a wetsuit jacket. Can be worn around camp, or while jogging, skiing, bicycling, etc. Proven in field testing on the Alsek River in Alaska and Idaho's Middle Fork of the Salmon. A truly versatile and rugged piece of apparel. Navy blue with royal blue trim. Men's chest sizes: S (34"-36"), M (38"-40"), L (42"-44"), XL (46" +).

Special introductory price.
#637 (S, M, L, XL)\$34.95

SEA JACKET Looking for versatile, light-weight protection when you paddle? Try Seasuit's new Sea Jacket. It's just right when a wetsuit jacket is too heavy-duty. The body is made of 1/16" neoprene nylon-two (nylon on both sides) with a stand-up collar and full-length front zipper. The fitted sleeves are full-length, urethane-coated nylon with neoprene cuffs for a snug fit. Makes a great present for windsurfers and sailors, as well as rafters and kayakers. Dark blue with light blue sleeves. Men's chest sizes: S (34"-36"), M (37"-38"), L (39"-41"), XL (42"-44").

#502\$47.50

New! NRS HATS Great for a bit of shade, whether you're rolling down the river or mowing the lawn - the NRS "red-neck" hat. Made of cool open weave polyester, with the NRS logo printed on the front. Adjusts to fit all sizes.

#510\$3.50

PROTEC HELMETS Lightweight, good protection and outstanding comfort make the Protec helmets a great buy year after year - but now they are even better with these end-of-the-season prices. The outer shell is made of durable, impact-resistant polyethylene with a removable, dual layer (closed and open cell foam) liner that provides comfort and protection. Drain holes and ear openings in the molded shell complete the basic design. The Protec helmets include chin straps with snaps and come in yellow or red. Sizes: Small up to 6-3/4", M 6-7/8" to 7-1/8", L 7-1/4" to 7-1/2", XL 7-5/8" and up.

Savings on Sea Suits!

POPULAR SEA SUIT STYLES Isn't it time you bought that wetsuit? Do it now and save up to 15% over 1982 suggested retail price. Next spring you'll be paddling in comfort in your 1/8" thick Wilderness suit from Sea Suits. For maximum protection consider the farmer john worn with the long-sleeved jacket - it gives you 2 layers of neoprene over the most vital body areas. Or for extra comfort and ease in fitting, try the jacket and the high waist pants.

These Sea Suits are of the finest domestic nylon-lined Rubatex neoprene, and they carry a one-year unconditional guarantee against defects in material and workmanship.

HIGH WAIST PANTS These pants are really easy to live with (and in) - easier to remove than farmer john's, and they give good protection as well. Women find them easier to fit than the farmer john. Pull-on style with leg zippers and knee pads.

#484 Men's\$58.00
#485 Women's\$58.00

WILDERNESS FARMER JOHN A sleeveless suit cut like a farmer's bib overall. Low rounded neck, velcro shoulder entry with snap, knee pads and leg zippers. Excellent for all water sports because it keeps your legs and body warm, yet doesn't bind the upper body and arms (and you don't have to worry about smelling like a goat at the end of the day).

#482 Men's\$65.00
#483 Women's\$65.00

WILDERNESS JACKET This jacket is cut an extra 6" long - thus it provides more protection than the average jacket. Underarm inserts allow good arm and upper body freedom for paddling. Full-length padded front zipper, low rounded neck, wrist zippers. Can be worn alone or as a complement to the farmer john, short john or high waist pants.

#480 Men's\$52.00
#481 Women's\$52.00

Custom suit information on request

Bill's Bags Reduced 10%-15%!

The demand for our Bills Bags 3.8 and 2.2 has been so great that we wanted to celebrate with a special sale. Buy either bag at a 10% discount or buy two or more and save 15% off the 1981 catalog price.

We have improved the Bills 3.8 and 2.2 since the 1981 season began. The closures have been redesigned for convenience and greater waterproofing. In addition, the nickel-plated hardware has been replaced with lightweight, rust-proof Fastex buckles.

Bills Bags are made of 18 oz. PVC-coated Dacron fabric, which is resistant to puncture, abrasion and weathering. The strap attachments are double-reinforced, and the shoulder straps are generously padded. Your choice of Forest Green or Deep Blue. 3.8 Size measures 13" x 16" x 32" high (packed full). 2.2 size measures 10" x 15" x 25" high (packed full).

- #425 Deep Blue Was \$39.00
 Now \$35.10
 Two or More (each) \$33.15

BILLS BAG 1.2 The "baby Bills Bag" has been completely redesigned this summer. It has a skinnier, longer shape that packs more conveniently. It's also made from a new, more flexible 18 oz. PVC-covered Dacron fabric. The closure system is different, too. To close, fold down the flaps in typical Bills Bag fashion (make sure there are at least 3 folds). Then, snap together the Fastex buckles by forming a circle with the closure. It forms a neat handle!

As in the bigger bags, the strap attachments are double-reinforced, and the shoulder straps are padded for easy carrying. Comes in your choice of Forest Green or Deep Blue. All in all, we think you'll like this new bag! Measures 9" x 13" x 22" high (packed full).

428/429

New! DOWCO AIR PUMP With a 12 volt battery (not included), this newly developed electric air pump will produce 3/4 to 1 lb. of air pressure from two outlets. The 6" body is constructed of high-impact, ABS plastic. The pump is covered by a 1 year, limited warranty. Suggested retail price is \$49.95, our introductory price is only \$39.95.

#215 \$39.95

WHITewater RAFTING Our old favorite makes a great gift for rafters - old-timers or novices alike. It has more worthwhile information than any other book on the sport and includes some really good tips on rowing a raft. Bill McGinnis has useful sections on equipment, reading and running whitewater, water emergencies, etc. We think this is the best book ever on the subject!

#950 \$5.95

THE BIG DROPS A wonderful Christmas present. Robert Collins and Roderick Nash have captured ten of America's greatest rapids in a fascinating text. Richard Blaustein's full color photographs give the book a regal touch. Each rapid will bring fond or frightening - but certainly awesome - memories swirling back. A white-water masterpiece! Save \$8.50 off the 1981 price.

#970 \$10.00

New! COOL WHITE PADDED RAFT SEAT The Padded Raft Seat has been one of our most popular items, but it can get hot after a spell under the sun. Well, now it comes in cool white for improved comfort.

It's still a foam padded steel seat covered with molded vinyl. Its real advantage comes when rowing in big water - the fitted seat (like a sportscar bucket seat) gives you a feeling of security and keeps you positioned much better than the smooth surface of a cooler or flat seat. You can "retro-fit" this seat on a homemade frame or an older (pre-1980) Universal Frame; it's sure to make rowing easier. Held on by four 5/16" screws included.

#152W \$28.00

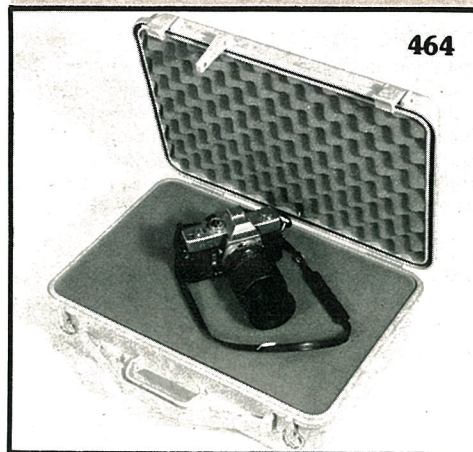

STRAPS

BUY 4 AND GET 1 FREE! We've added another length to our heavy-duty straps - 20 ft., just right for tying lots of gear into your boat. Buy four of any one length and get the fifth one free. Features instant thumb release and a strong 1" strap. Great for tying down frames, holding down gear or meeting any emergency you might run into on the river. Like duct tape, you can't imagine ahead of time all the uses you can find for them!

- #330 3' HD Strap \$2.40
 #331 6' HD Strap \$2.70
 #332 9' HD Strap \$3.00
 #333 12' HD Strap \$3.40
 #334 15' HD Strap \$3.75
 #335 20' HD Strap \$4.50

PELICAN CASE - SAVE \$5.00. Get a great price on a great case! Pelican has refined its unbreakable case for an even more efficient, watertight, airtight and dustproof case. Wonderful for cameras. Use it to protect any vital items. Bush pilots use it for survival gear, eastern outfitters for first aid supplies. It stays afloat even with 40 lbs. of equipment. It features a pressure release valve for traveling in high altitudes. Totally rust proof, this case has a 1-year guarantee to be as tough as Pelican claims. Interior dimensions: 17-1/2" (L) x 11-7/8" (W) x 6-1/2" (H). Comes with "pluck and fit" removable foam padding so you can adjust it for keeping odd-sized gear securely in place.

#464 Was \$80.00
 Now \$75.00

464

SPECIAL ACHILLES #110 We have in stock a limited number of Achilles #110 rafts at tremendous savings – \$450.00 off the suggested 1981 retail price of \$1,100.00. This tough little raft measures 11' x 5'5", has 16" diameter main tubes and 14" diameter thwarts. Fabric is Achilles' high quality, 47 oz. Hypalon tube material and 55 oz. floor material. Other specifications are: three main air chambers, 30" (L) x 34" (W) center compartment, 7" bow/stern rise, weighs 88 lbs. Comes with ten mounted D rings and a repair kit. Guaranteed against defects in workmanship and material for one year. Shipped motor freight.

#110\$650.00

SPECIAL! AVON PROFESSIONAL

\$490.00 off the 1981 suggested retail! Particularly designed and built by Avon for the dedicated adventurer and river runner who demands the toughest and most reliable inflatable money can buy. Avon's tough calendered material (35 oz., 85% Hypalon) and excellent workmanship provide unmatched durability and make this boat a pleasure to own. Measures 15'9" x 7'4", with 20" diameter main tubes and 16-1/2" diameter thwarts. 1981 suggested retail price was \$3,190.00; now just \$2,700.00. Limited quantities, so order early. Shipped motor freight.

#117\$2,700.00

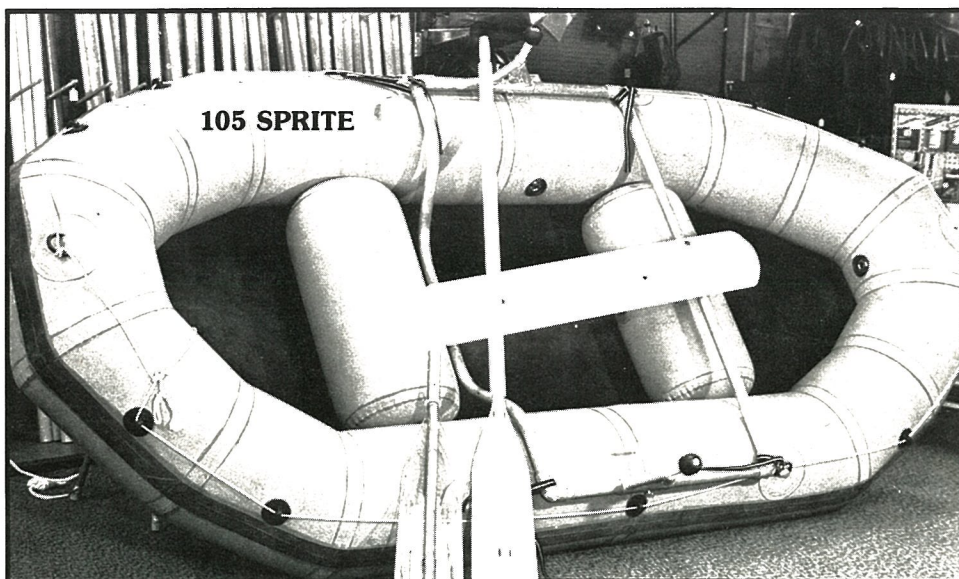

New! TUFF SACKS The heavy-duty version of the Stuff Sack is here! Durability and convenience are combined in our Tuff Sacks – made of 18 oz. PVC-covered nylon, with the convenient Fastex snap buckle that's a closure and handle all in one. These are particularly suited for kayak dry bags. They snap right around the back pillar of a boat to hold lunch, glasses, a sweater, etc. Also great for camping, canoeing, rafting or any place you need waterproof protection. Available in deep blue, with three just-right sizes for almost any use. Large size weighs about 14 oz.

#435 Small (5.5" x 5.5" x 14")\$9.25
#436 Medium (6.5" x 6.5" x 22")\$12.75
#437 Large (7.5" x 7.5" x 28")\$14.75

STUFF SACKS – NEW SIZES

It seems there's always uses for little bags – little bags inside of big bags for hard-to-find items. Or secured around a canoe thwart or raft frame to keep essentials protected but close at hand. Our Stuff Sacks are great for all this – and more! To hold your sleeping bag or tent-or packed with all the gear you might need for an overnight trip. There's an almost endless variety of uses for these waterproof stuff sacks. They close securely and conveniently with rustproof Fastex buckles. Just fold the top down a minimum of four times, form a circle with the folded material, and snap the Fastex buckles together. It forms a convenient carry handle and a watertight closure. Now available in three convenient sizes. Deep Blue, 10 oz. PVC laminated nylon. Large size weighs 11.5 oz.

#430 Small (5.5" x 5.5" x 14")\$7.00
#431 Medium (6.5" x 6.5" x 22")\$9.50
#432 Large (7.5" x 7.5" x 28")\$9.95

The Sprite!

HERE AT LAST! The need for an economical paddle boat is clear. The tough part has been getting the extra minimum quality built in and delivered. Now we have in stock 100 Sprites (as of September 1).

The Sprite II is 12' 2" long, 6' wide and has 18" diameter tubes for a relatively dry ride. It has a 65% Hypalon outer coating on a 420 denier fabric and a 840 denier floor for extra strength. There are 6 D rings, 4 main air chambers with military valves and 2 cross thwarts glued in with sewn circles.

This is a great four-person paddle boat and for rowing with two or three people and some gear. The high bow lets it ride over big waves, and the symmetrical stern gives it a relatively

short waterline for excellent maneuverability. Whether you are paddling or rowing the ride is exciting yet stable. The Sprite II comes with our nine month guarantee against defects in workmanship and materials. Weighs 65 pounds. Shipped Parcel Post or Motor Freight Collect.

#105\$360

SPRITE PACKAGE This is the perfect package not only for whitewater rafters, but also for fishermen who don't need a big boat or people who prefer a smaller boat. If you buy now you'll save over \$50.00 when you purchase the NRS Sprite II package. It has all the high quality NRS gear you'll need to completely outfit your raft. Package includes the #105 Sprite II, #157 Small Longhorn Frame, three #184 7-1/2" Carlisle Oars w/magnum blades, the #206 NRS Foot Pump, one set #285 Pins and Clips, one #286 Extra Clip and four #330 3' HD Straps.

#107Now Only \$675.00

Special on Carlisle Oars!

SPECIAL ON CARLISLE OARS

Save almost 25% off the suggested 1982 retail price on the most popular lengths of Carlisle's extra heavy-duty oars. Your choice of 9 and 10 ft. oars and magnum or standard STM blades.

These oars have a 1 3/4" diameter double-thickness aluminum shaft with a 1/8" polyethylene outer sleeve and a removable blade. Carlisle blades are made of a rugged material called STM (Super Tough Material) which retains its strength almost indefinitely. The secret? Carlisle STM isn't affected by ultraviolet rays – normally a cause of brittleness and breakage in standard materials. All Carlisle blades come with a push-button release for easy replacement or storage.

9 and 10 ft. oar shafts are available in yellow and blue. Magnum and standard blades are available in yellow STM.

DEAR FRIENDS: We hope you enjoy shopping in our first-ever Fall Sale Flyer. You'll find substantial savings over the 1981 Northwest River Supplies Catalog prices on some of our most popular river-running gear. You'll save even more over 1982 prices. We've found some exciting products (look for the NEW!). You will also find great gift ideas for your favorite paddler – and if you still can't make up your mind – how about a gift certificate? Remember; December 30, 1981 is the last day for these special prices.

GIFT CERTIFICATES Just send us your payment, along with the name and address of the recipient, and we will send them a Northwest River Supplies Gift Certificate in your name, good toward a purchase from our catalog.

If you'd like a copy of our complete 1981 Northwest River Supplies catalog, with 38 pages of quality river running gear, please write or call:

SPORT II Response to our 1981 Sport was super...so good that we sold them out! Now you can get the 1982 model at significant savings if you order before December 30, 1981.

We took the great design, material, and workmanship of the 1981 Sport then added an extra heavy-duty floor for 1982. The 1260 denier, 55 oz. floor material gives you extra protection against rips and tears. Tube material is a tough, 840 denier, 40 oz. fabric calendered with 80% DuPont Hypalon for a long, trouble-free life.

The Sport design provides lots of space for gear and passengers without that barge-like feeling so many big boats have. The 45" center compartment has enough room to provide the proper oar pivot points (within 10" of the boat's center) whether you choose a cooler-seat frame like the Expedition, or one with the cooler in front, like the Universal. You can even equip it with our Super Frame and the 151 qt. Igloo cooler for super capacity on long trips. There's also plenty of space for passengers and gear in the bow and stern compartments. Yet with all this space, the Sport is only 14'9" long by 7' wide. The bow and stern rise shorten the waterline for a very fast and maneuverable boat. 20 1/2" tubes provide a relatively dry, yet enjoyable, ride.

In short, we think the Sport is a great boat at a reasonable price. Want a fabric sample? Call or write, and we'll send one right away.

Specifications are: 14'9" (L) x 7' (W); 20 1/2" diameter main tubes, 15" diameter thwarts, 11" bow and stern rise; 45" (L) x 43" (W) center compartment; 6 air chambers with recessed military-style valves; 840 denier, 40 oz., 80% Hypalon tube material; 1260 denier, 55 oz. floor material; 14 mounted D rings; 35 ft. lifeline (extends completely around the boat); repair kit. The Sport II comes with a one year guarantee against defects in workmanship and material. Weighs 126 pounds – shipped motor freight.

Dec. 30, 1981 \$1,900**

Super Frame Now Fits the Sport!

SPORT UNIVERSAL PACKAGE

The Sport Universal Package includes: #100 Sport, #150 Universal Frame, 4 #330 3 ft. HD straps, #206 NRS pump and three 9 ft Carlisle Oars with magnum STM blades (please state shaft color choice). The oars are set up with your choice of pins and clips (one set #285 Pins and Clips plus one #286 Extra Clip) or open oarlocks (one pair #300 Manganese Bronze Oarlocks, one pair #304 Hairpin Cotters and three #310 Molded Oar Sleeves). Shipped motor freight.

**#101 Price Until
Dec. 30, 1981 \$2,000**

SPORT SUPER UNIVERSAL

PACKAGE For maximum carrying capacity in your NRS Sport II, we have designed the Super Frame cooler cradle to fit snugly between the tubes of your boat. Fit the Super Frame with the giant 151 qt. Igloo cooler we include in the package, and you'll have plenty of space for all the provisions for large parties on long trips. (And if you add some dry ice to a well-stocked, frozen cooler, you can easily have ice at the end of a week-long trip.) The Sport Super Universal package includes: the #100 1982 Sport, the #151 Super Frame, and the #818 151 qt. Igloo Cooler. We recommend 10 ft. oars for extra pulling power with this combination, so three 10 ft. Carlisle oars with magnum blades are also included (please specify shaft color choice), set up with either pins and clips (one set #285 Pins and clips and one #286 Extra clip) or open oarlocks (one pair #300 Manganese Bronze Oarlocks, one pair #304 Hairpin Cotters and three #310 Molded Oar Sleeves). Shipped Motor Freight.
