NRS Otter with the NRS Skidguard Frame

The Otter is Back!

NRS Otter The Otter is back – and better than ever. Now with famous Metzler fabric, Halkey-Roberts valves and a wrap-up above the waterline. We'll have them in stock this fall. Some of you have discovered what a great paddle boat the Otter is for big Class III and even Class IV water. In any water, it's an exciting ride for four or five paddlers. The bulbous bow deflects water and eliminates the "water dam effect", reducing drag. The bow also makes a stable platform for the bow paddler to brace forward and pull the raft through the curls.

are set for a week on a wilderness river. The Otter is also great for fishing, trolling on lakes, or day-tripping on your local river. The Otter's parabolic bow gradually increases in diameter from 16-1/2" to 24" to help keep water out and give you better maneuverability. An enlarged rear chamber supports the stern paddler and helps prevent swamping from the rear by big waves. The two chambers are formed front and back, for safety. Two 13" diameter cross thwarts provide rigidity and bracing for paddlers. The Otter is 11'2"L x 5'6" W. Blue with black trim. Imported.

1030 NRS Otter

With a frame, a rower and his gear

WELCOME BACK PRICE \$595

SALE on the Northwest River Supplies Rafts and Catarraft

We've taken steps to make NRS boats not of only top quality designs, but with top quality construction as well. These 1990 boats are made of West German hypalon from the Metzler company. They are built in a new factory under our watchful eyes. The tubes are 25 oz Hypalon over 500 denier Trevira. The floors are US made 840 denier 42 oz Nylon/Neoprene so you get toughness where you need it. Every tube is protected by a wrap up of U.S. made neoprene fabric. Halkey Roberts valves are used throughout. The NRS Sprites and Scout rafts are better values than ever. Plus, all our new rafts carry a two year warranty on material and workmanship.

NRS Rafts and Catarrafts

3

Right: NRS Sprite with Bighorn I Frame on the Rogue River.
Below: NRS Scout with NRS Longhorn Frame.

Northwest River Supplies Rafts, Catarrafts and frames on Sale

NRS Sprite A terrific paddling boat for four to six people. Just right for two or three with a rowing frame. The Sprite has generous 18" diameter tubes for a drier ride and a 9" bow rise to help it over those big waves. Wear patches protect the tubes and provide a non-slip surface for paddlers. 17 D-rings for tie-down. The semi-wrap model carries the wrap above the waterline to protect the most vulnerable parts of the tube without the additional weight and expense of a full wrap. The self-bailer is for big-water boaters with no time to bail, those who don't like to bail, and those who want a firm floor to stand on. The inflated floor is above the water line, so when water gets into your raft, just keep on rowing and let gravity do the bailing. The self-bailing floor has an I-beam construction with a pressure relief valve. Shipped motor freight collect. Red with black trim. Imported.

1050 Sprite semi-wrap WAS \$1295 **NOW \$1195**
1060 Sprite self-bailer WAS \$1895 **NOW \$1595**

Below: NRS Micro Cataraft and Micro Cataraft frame.

NRS Scout Your choice for large groups of day-tripping paddlers as well as longer trips and bigger water. Large, four-chambered buoyancy tubes provide for safety. There's plenty of room for extra gear, and seventeen D-rings for tie-down. Halkey-Roberts valves are used throughout. Two-step bow and stern rise for dryness and maneuverability. Wear patches protect tubes from frame wear and provide a non-slip surface for paddlers. The self-bailer has an I-beam floor laced in with webbing. The standard model has a wrap to above the waterline to protect the vulnerable parts of the tubes. Shipped motor freight collect. Red with black trim. Imported.

1000 NRS Scout wrap floor WAS \$1795 **NOW \$1695**
1010 NRS Scout self-bailer WAS \$2350 **NOW \$2095**

NRS Micro Cataraft Our popular, proven catarraft design in Hypalon. Discover the fun of this rafter's play boat. Surf waves and maneuver through technical drops. The 18" bow and stern rise increases mobility by keeping the tips of the tubes from burying into the waves and allows for an easy exit from reversals. Each tube has two chambers for added safety. The length of the tubes from tip to tip is 13'. The 20" tubes provide a very stable ride. The 8' water line tracks well yet lets you "spin on a dime." Carries rower plus passenger or gear. Shipped UPS or Parcel Post. Red with black trim. Imported.

1065 NRS Micro Cataraft WAS \$995 **NOW \$950.00**

NRS Micro Cataraft Frame For the NRS and AIRE Micro Catarrafts, a frame designed just for small catarrafts. A unique cross bracing system prevents the tubes from twisting independently, so you can get a stable and secure ride. We use tough, anodized aircraft aluminum pipe. The foot bar and seat bar are completely adjustable. (Changing the oarlock placement requires re-drilling.) The high-back padded seat is included. The rails anchor the optional passenger seat bar (not shown) that allows you to include a friend on your Micro Catarraft. Shipped UPS.

1240 Micro Frame WAS \$337.50 **NOW \$285.00**
1241 Micro Passenger Seat \$ 95.00

NRS Longhorn Frame This is a great frame for day trips. All Longhorns are 48" long and come with a high quality padded seat covered with expanded white PVC. Three widths; 54", 60", 66". Shipped UPS.

1211 Longhorn

\$255

NRS Bighorn II Since this versatile frame has adjustable crossbars, you can carry practically any size cooler or dry box either forward or stern. You can customize the frame to the rower by sliding the seatbar, footbar, and oarstands to the desired positions. For added versatility, you can exchange the two long side rails for the two rear cooler bars and create a shorter Bighorn I frame. Drop the other internal cooler bar, and you have a day trip frame with adjustable seat bar. Available in 66" and 72" widths. The low back seat is included. All frames feature the NRS LoPro (tm) fittings. Shipped UPS.

1202 Bighorn II WAS \$496.00

NOW \$395

Frame Fitting

Take the total raft width and subtract the diameter of one tube. Then pick that width, or the next wider, for your frame. For example if your raft is 7' wide with 20" tubes, take 84" (7'), subtract 20" to get 64". Take the next widest standard frame: 66".

Raft Frames on Sale

NRS Bighorn I Straight-forward design and lightweight components have made the Bighorns best sellers. The Bighorn I will carry a cooler or a dry box. You can custom fit the frame by adjusting the position of the seat, foot and cooler bars with our LoPro (tm) fittings. The Bighorn I comes in three widths, so you can fit the raft of your choice. Extra wide or extra narrow are available on special order, but please allow 6 weeks for delivery. All Bighorns are 58" long and come with a high quality padded PVC covered seat with a low back.

1201 Bighorn I 60",66",72" WAS \$399.50 **NOW \$295**

NRS Skidguard Frames Tough economical frames for use in up to Class III whitewater. Small is 52" long x 56" wide to fit 11'-12' rafts; Large is 58" long x 64" wide to fit rafts 12'-13'6" and includes a aluminum foot brace. Constructed with rectangular steel side rails, special offset oarlock stands and 3/4" skidguard seats.

1220 Skidguard Frame, Small WAS \$155.40 **NOW \$140**

1221 Skidguard Frame, Large WAS \$167.50 **NOW \$150**

HYSIDE RAFTS ... PROVEN BY THE PROS

**"Last chance to buy at
1990 Prices"**

Built to last, these rafts are maneuverable even with heavy loads and in big water. We are delighted to offer Hyside boats to both the professional and the recreational rafter. These boats are all built of tough 1050 denier Hypalon, with four main chambers, plus floor chambers in the self-bailing models. The 1990 models use military valves. All the boats have frame wear patches, removable thwarts, four carry handles, and multiple D-rings. And you get a repair kit, extra D-rings and carry bag. Each boat carries a five-year warranty. Shipped motor freight collect.

HySide Semi-Wrap and Wrap Models We offer the semi-wrap in a 12' long, 5'5" wide model. The 1050 denier floor wrap extends to the waterline to give extra protection to the Hypalon tubes. The bow and stern rise is 9". The full-wrap models are available in 12', 13', 14' and 16' lengths. Each are made of 1050 denier Hypalon and are wrapped with a 1260 denier floor for extra protection against punctures and wear. Four main tube air chambers for safety. Blue with yellow trim. Imported.

Rivercat with NRS Modular Frame

can lean back against the larger tube for a spectacular ride. These tubes can also serve as platforms for the cargo you need on extended trips. Kneel on the small tube and brace against the large tube for greater leverage while paddling. You can also combine methods with paddlers in front supported by a rower in the rear. Perfect for the boater who tackles big water like the Grand Canyon. The Rivercat can carry 1400-1500 lbs. Weight without frame 84 lbs. Gray and yellow. Shipped UPS.

1176 Rivercat

WAS \$2095 NOW \$1995

Rivercat With this 17' Rivercat you get the high performance of a cataraft plus the passenger and cargo capacity of a standard raft. The smaller inside tubes make great seats for passengers who

AIRE Cataracts.... from Boise, Idaho

All AIRE inflatables use an airtight inner "AIRE cell" of 14 mil unsupported urethane which is electronically welded. The outer shells of 28 oz/1200 denier PVC resist punctures, tears and general wear. The shells open with zippers so you can easily repair them or the AIRE cell. Includes custom valves from Halkey Roberts. All AIRE boats carry a two-year manufacturer's warranty. Special shipping charges apply, and a customer service representative can explain them to you. Call 1-800-635-5202 for information.

Cougar The big water Cougar, a delight on scenic rivers, easily carries four passengers for day trips. For extended trips it will carry a large load of gear, and two passengers can sit on the coolers or bags. In class V water it has no rivals.

The double tubes have a low center of gravity for greater stability, and increased flotation for quicker response than conventional rafts. More surface area on the water enables the boat to carry plenty of weight (1400-1500 lbs.), yet maintain its performance. The 20" rise of the uplifted ends enables the Cougar to ride over steep waves instead of diving into the trough. You can slice through the big curls that may stop a conventional raft. The pontoon is 17'6" long, but the 12' waterline makes the Cougar as maneuverable as a 14' raft. Two exciting colors: Yellow with fuschia strake or gray with burgundy strake.

Weight 88 lbs. Shipped UPS.

1170 Cougar WAS \$1995

NOW \$1895

Cougar with NRS Modular Cataraft Frame

NRS Modular Cataraft Frame Using our new modular pieces and our proven LoPro (tm) fittings these frames will fit both the Cougar and the Panther. The Rivercat frame has a similar design but is 100" long, making the cargo platform unnecessary. Cataraft frames use the new LoPro oarlock stand for infinite adjustability.

AIRE Micro Cataraft Discover the fun of this rafter's play boat. The light weight allows you to surf waves and maneuver through technical drops with minimal effort. AIRE extended the pontoons of the NRS Micro Cataraft design to help you ride right through the biggest waves. The short 8' waterline gives you great maneuverability. You can row alone or carry gear or a passenger. Catch an eddy, pursue that elusive steelhead, or jump into a hole and do some surfing. We believe this to be the fastest raft on the river. Weight without frame 48 lbs. Will carry 700-800 lbs. Blue.

1175 AIRE Micro Cataraft WAS \$1295

First Need Deluxe Water Filter

Purify water without using chemicals or water. Removes Giardia and amoebas, plus asbestos fibers, pesticides, herbicides and many other toxic chemicals. Normal pumping produces a pint of water in less than a minute. This new Deluxe model has a bracket that holds the pump and purification canister. Also, a new piston and stronger cylinder make it long lasting. Nylon tote bag included. Replacement filters available.

2702 First Need Deluxe \$49.95
2701 Replacement Filter \$24.95

Adventure Medical Kit Designed by a physician trained in Emergency Medicine, this medical kit is truly the last one you will ever have to buy. We don't have room to list all the items in this kit but here are a few unusual ones: Sam Splint, venom extractor, hypothermia thermometer, bandage scissors, scalpel, irrigating syringe, etc. Includes nylon carrying case with handles. Instruction booklet included.

2741 Adventure Medical Kit \$119.00

NRS Foot Pump Our NRS Pump has a hard rubber body molded over a steel shank to make it virtually indestructible. Equipped with 250 cubic inch volume for rapid inflation, steel foot plates and hinge, inflation and deflation ports, and 60" reinforced clear vinyl hose with a 4-part adapter. We have yet to find a more rugged pump. Imported from Germany.

1700 NRS Foot Pump
WAS \$49.00 **NOW \$44.00**

Wonder Pump You'll appreciate the technology used in this top quality, double-action Wonder Pump. Tough lightweight plastic, with a 5' non-kink hose. Three-part adapter fits military style and most other valves. Don't confuse it with the cheap imitations -- This is the authentic Double Action Wonder Pump imported from Italy.

1716 Wonder Pump \$29.95

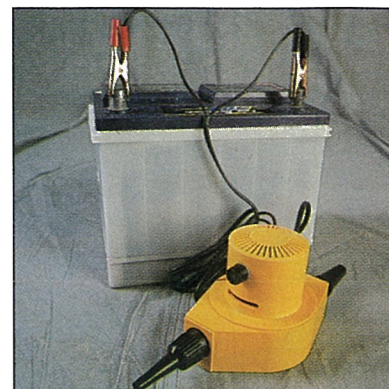

Carlson Barrel Pumps When you're out on the river and away from electricity, you want to spend the least time and energy possible pumping up your raft. The high-volume Carlson Barrel Pump is the answer. Sturdy PVC components with brass valves and rubber O-ring seal. Completely submersible. Stands two feet high, has a 21" stroke, and is fitted with a 6' non-kink hose. Two sizes: 4" and 6-1/2" diameter. Ten year warranty.

1710 4" Diameter \$106.00
1711 6-1/2" Diameter \$130.00

NRS 12-Volt Pump One of the best 12-volt low pressure, high volume inflation-deflation pumps around. Pushing 2 psi, this pump can fill a 12' raft in under 4 minutes. Features 10' power cord with clamp-on alligator style battery clips. Switch is easy to turn on, making starting and stopping a breeze. Comes with 2 nozzle adapters to fit valves 1/2" to 1" in diameter. For smaller valves just hold the pump on the valve. Weighs 1 lb. Yellow with black. Battery not included. Made in the United States of America.

1702 NRS 12 Volt Pump \$39.95

Inflatable Kayaks

7

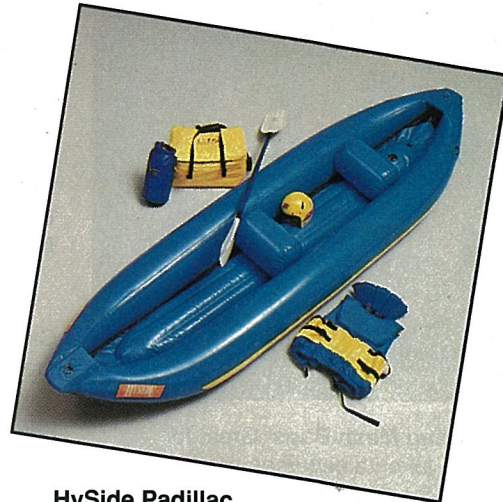

HySide Padillac This sturdy Hypalon inflatable kayak uses a state-of-the-art self-bailing floor to produce a more maneuverable whitewater play boat. Features include a pressure relief valve in the floor, tough 80% Hypalon material, D-rings on both ends and long yellow rubbing strakes on the main tubes. The Padillac is offered in two sizes: one person- 9'11"L x 38"W with 12" main tubes and one removable paddling thwart; two person- 12"L x 3'8"W with 13" main tubes and two removable paddling thwarts. Boat comes with a repair kit. Blue. Imported.

Carlisle Shafts and Blades 10% off

Prices shown reflect savings

Carlisle Oar Shafts Maintenance-free and very rugged with removable blades that make storage and transport easier. The 7' or 7 1/2' heavy duty rafting model has a shaft constructed from heavy wall, hard-drawn aluminum tubing. The 8' and longer are extra-heavy duty, adding a reinforcing inner shaft. The oar shaft is 1-7/8" in diameter and is polyethylene-clad to protect the aluminum from nicks, dents, and oxidation. 8 1/2', 9' and 10' lengths are available in a take-down version. One-piece molded polypropylene handle has a long shaft insert for greater strength.

All oars can be shipped UPS. Colors listed below with the shaft size. Please Note: Shaft length as listed indicates the length of the oar with a blade in place, not the actual length of the shaft (blades are 28" long).

1300 7' Yellow **\$24.30**

1301 7 1/2' Yellow **\$25.80**

1314 9 1/2' Yellow **\$41.00**

1315 10' Yellow, Blue or Red **\$43.95**

1318 10' 2-Piece Yellow **\$48.30**

1320 11' Yellow **\$49.60**

Carlisle Blades Light, strong, resilient and treated with an ultraviolet inhibitor for long life. An aluminum insert extends the full length of the STM blade for added reinforcement. Locks securely into shaft with a sturdy push-button mechanism. Four models: Standard and Outfitter models both in 6 1/2" or 8" widths. Outfitter models have a thicker aluminum insert, which adds 4 oz of weight, but makes them 60% stronger than the Standard blades. All Carlisle rafting oar shafts and blades are sold separately. Available colors are yellow, blue, black or red.

6 1/2" Blades: **1345 Standard** **\$28.15**
1360 Outfitter **\$33.00**

8" Blades: **1350 Standard** **\$28.15**
1365 Outfitter **\$33.00**

Paddles

9

A. Harmony Paddles Three models available: **Harmony Rimline** (shown at left)—dihedral blade resists gouging due to an extended plastic rim. Ovalled shaft constructed of 6061-T6 aluminum is sheathed with plastic to protect your hands from the cold. **Harmony Standard**—includes a dihedral blade (8" x 18") with a shaft constructed of epoxy-impregnated fiberglass cloth with a laminated fiberglass tip for greater durability. Ovalled shaft helps orient your hands; slight shaft flex absorbs paddling shock. The Harmony Standard also comes in a **Take-a-part** version.

1566 Rimline	200, 202, 204, 208 cm.	\$ 70.00
1570 Standard	200, 204, 208, 212 cm.	\$139.95
1560 Take-A-part	200, 204, 208, 212 cm.	\$154.95

B. Werner Furrer Wenatchee The narrow dihedral, 80 degree feathered blades provide support and efficiency to the paddler's natural stroke. Blade tips are double-reinforced and rounded to reduce twist and increase durability. Flat back rib for excellent backstroking power. Also available in a Take-a-part version. Standard blade color, White. Call about custom colors. **Werner Sea Kayak Paddles** also available, please call for more information.

1575 Standard	202, 204, 206, 208 cm.	\$139.00
1577 Take-apart	202, 204, 206, 208 cm.	\$164.00

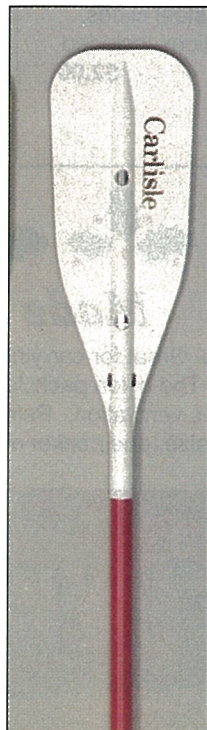

C. Carlisle Take-Apart Paddles Feature 1- 1/8" diameter polypropylene-covered aluminum shafts with 8" x 20" aluminum reinforced blades. The push-button joint locks the paddle together securely. **Carlisle Spoon Blade Take-Apart Paddle** Spoon blades add power and greater control. Blue shafts/yellow blades on all take-a-parts.

1525 7', 8' and 9' Take-A-Part	\$34.25
1527 Spoon Blade; 7', 8'	\$40.00

NRS Heavy-Duty Straps You will find hundreds of uses for our NRS Heavy-Duty straps. NRS straps are versatile, quick, easy to use, and the strongest in the business. For quick identification, the strap length is woven directly into the web. Webbing tensile strength is 1100 pounds – strong enough to stand up to plenty of use. The buckle, made in West Germany by one of the world's leading manufacturers of high strength equipment, is load rated in excess of 900 lbs tensile strength. This spring loaded, 1" cam buckle releases with the press of a thumb, but will hold when pressure is released. Plus, it never rusts.

The straps are offered in 2', 3', 4', 6', 9', 12', 15' and 20'. For those who want custom length straps we offer the Heavy-Duty Cam-Action Buckle and 1" Heavy-Duty Webbing separately. The 1" Heavy-Duty Web has our initials "NRS" woven into the strap itself.

There's 1001 Ways to use NRS Straps ...

Customers have used NRS Straps for strapping a rowing frame to a raft, securing kayaks and canoes to their cars or trucks, and tying down car-top loads. We've even had a Texas Cattleman use them to tie down his steers before giving them injections. An expedition sportsman tied a load to his Llama with these heavy duty straps.

*... and they are quick,
easy to use and the
strongest in the business.*

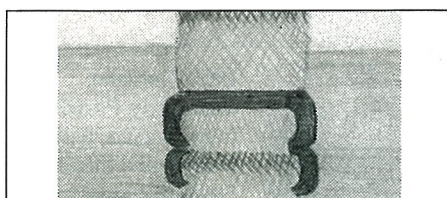

Buckle Pads Protect the paint on your car with these PVC Buckle Pads. Slip the strap through the slit in the end and place the material under the buckle. Package of ten.

1449 Strap Protectors \$4.50

Strap Slides Anchor your straps in fixed positions with these heavy pattern nickel-plated steel slides. Package of six. Directions included.

All NRS Waterproof Bags 10% Off

The dimensions of the waterproof bags are taken when the bag is packed and closed.

NRS Super Tuff Sacks Great for items you need access to during the day or to organize your gear in a larger bag. The bags stand up on the tough 22 oz circular bottoms for easy packing. Top quality 18 oz fabric means greater durability. The fold-down waterproof closure snaps back on itself with a side release buckle to create a handy carry handle or to snap around a frame or D-ring. X-Long comes with a carry handle on the side and is great for a roll-a-table and tent poles. Four convenient sizes in royal blue or teal. Small (7-1/2" D x 12" H); Medium (9-1/2" D x 18" H); Large (11-1/2" D x 24" H); X-Long (9-1/2" D x 32" H).

Above Right: NRS System 5 Bag
Below: NRS Kitchen Bag

We use the finest 18 oz American made PVC coated dacron uppers, with 22 oz circular bottoms on the 2.2 and 3.8 Bill's Bags. The fast-access side release buckles are premium quality and rustproof. All seams in these American-made bags are electronically welded for extra life and durability. The shoulder straps are padded for portage, and a padded carry handle makes the NRS bag easier to handle on and off a boat.

Bill's Bags Perfect for clothes and sleeping gear, although customers report one-hundred-and-one uses. Shoulder straps make them easy to carry into camp or over short portages. The carry handle makes them easy to handle on shore or in a boat. Three models: The Bill's Bag 2.2 (cubic foot capacity) -- great for one person's gear on most any length trip -- it measures 14" diameter by 24" high when packed full. The Bill's Bag 3.8 (16" diameter, 33" tall) provides enough room for two people's carefully packed gear. The Heavy Duty Bill's Bag 3.8 has a 40 oz heavy-duty bottom that wraps up the side to stand up to dragging on rocks and sand.

Outfitter A heavy duty version of the Bill's Bag, made of 22 oz PVC/Dacron for extra durability. If you need an extra tough no-frills gear bag, this is the bag for you. Sized like the Bill's Bags, it has a carry handle, but no shoulder straps.

2915 Outfitter 3.8	WAS \$42.50	NOW 38.25
2915 Outfitter, 2.2	WAS \$39.50	NOW 35.55

System 5 THE bag for organized groups, river clubs and expeditions. The toughest bag we make (28 oz PVC/Dacron and 40 oz bottom), it holds 5 cubic feet of gear. The System 5 measures 16" diameter x 42" high.

2925 System 5 Bag	WAS \$52.75	NOW \$47.45
2926 Shoulder Sling	WAS \$ 6.00	NOW \$ 5.40

Kitchen Bag The watertight bag you can use for any heavy or awkward equipment -- like kitchen equipment. Also great for tents, sleeping bags or all around use. The rectangular bottom is made of 28 oz. material, to defend against sharp objects and abrasion. 18 oz PVC/Dacron for the body and protective cover make the bag super tough. The bag seals with a fold-down, buckled, waterproof closure. The overlapping protective cover fastens down with quick-release buckles. Padded carry handles. Dimensions: 21"L x 19"W x 14"H but can be "over filled" by at least 50%. Assorted colors, please let us choose.

NRS Rescue Bags

Romer Helmets These professional quality West German helmets provide all-around protection. Available in three styles. **Eskimo:** Suitable for all whitewater categories with its quick water drainage and excellent ventilation. Adjustable chin strap ensures safe fit. **Kayak:** Perfect for paddling heavy and medium whitewater. The shell is made of impact-resistant, floatable polyethylene with solid padding. Ventilation slots and adjustable ear flaps you can open and close depending on the weather. **Canyon:** Because of the chin guard, the Canyon is the ideal helmet for the person looking for extra protection. The same shell as the Kayak model, it is suitable for medium and heavy whitewater. The chin guard can be removed, making this a versatile helmet. All models are adjustable sizing. Imported.

2041 Romer Eskimo; red, yellow

\$ 8.50

The Finest in Canoe Flotation

NRS strives to provide the open canoeist with the best flotation available for running whitewater. Our new designs and features allow you to custom fit any canoe with NRS float bags. Plus, you save weight and money on the NRS lightweight 200 Denier urethane coated nylon bags! You get nylon's durability at approximately half the weight of 20 mil vinyl and at less cost. Seams are electronically welded. Halkey-Roberts inflation valves and dump valves for quick inflation and deflation. Molded eyelets for strategic tie-downs. NRS flotation carries our one-year guarantee on workmanship and materials.

A. NRS 3-D End Floats

Designed much like our 3-D Solo Floats, the 3-D End Floats completely fill the ends of most canoes except those equipped with factory flotation chambers.

Because of their small size, the 3-D end floats do not require dump valves.

Dimensions: 28"L x 16"W x 18"D inflated (1 lb 14 oz/ pair). Sold as a pair only. Imported.

2092 3-D End Floats
\$49.00 pr

B. NRS Canoe Long Center Splits

These bags fill the center of a canoe just right because of their three-dimensional rectangular design. Use on canoes with center upright bracing. Match long with the short center splits when you need room for gear. The photo on the right shows one long center split and one short, leaving space for a waterproof bag. Long Center Split dimensions: 65"L x 18"W x 16"H inflated. Pair weighs 4 lbs. Short Center Split dimensions: 34"L x 18"W x 16"D inflated. Weighs 2 lbs 4 oz. Sold in pairs only. Imported.

2087 Long Center Splits
\$66.25 pr

2086 Short Center Splits
\$47.75 pr

C. NRS Solo Canoe Floats A great value! These urethane coated nylon float bags come in a short or long version. One of these large, tapered bags will fill the bow section of most 16' or 17' canoes. With another bag placed in the stern you have complete flotation for solo paddling. Sold individually so you can custom fit your canoe.

Approximate sizes: short: 54"L x 34"W x 14"D; Long: 62"L x 34"W x 14"D.

Weights are 2 lbs and 2 lbs 4 oz respectively. Imported.

2090 Short Solo Bag \$31.50 ea

2091 Long Solo Bag \$33.75 ea

D. NRS Canoe 3-D Solo Float Perfect for the solo whitewater open canoeist.

The finest canoe solo float that we carry.

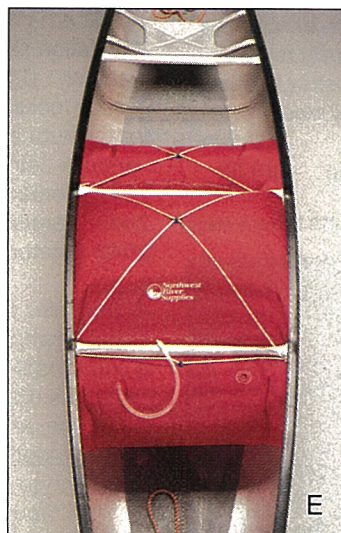

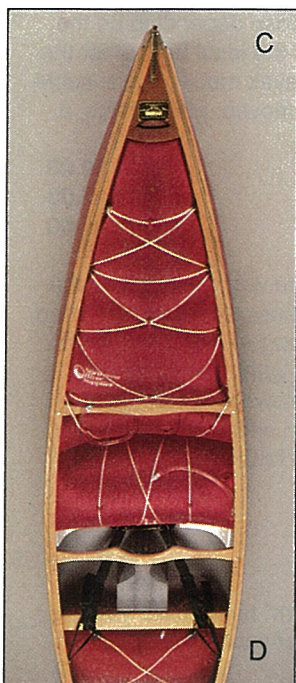

The three dimensional construction of this large canoe end bag completely fills the bow or stern section of all popular whitewater canoes. The long size is approximately 58"L x 40"W inflated. Weighs 2 lbs 6 oz. **New** shorter version is approximately 44"L x 40"W inflated. Imported.

2089 Short Solo Float

2089 Long Solo Float

\$43.50 ea

\$47.75 ea

E. NRS Center Float

These functional center floats fit in all whitewater tandem canoes. The Center Float is wider at the middle than it is in the ends, so the bag will match the contours of all canoes, except those with upright bracing. Dimensions: 59"L X 36"W inflated (3 lbs 4 oz). Imported.

2095 NRS Center Float \$39.95

Kayak Flotation and Accessories

21

NRS Kayak Flotation Bags Our lightweight, urethane coated nylon flotation bags at great prices. They've proved their durability -- you get an excellent bag that stands up to day-after-day use. -- we give you our NRS one-year guarantee on workmanship and materials. The bags feature welded seams, Halkey-Roberts 320 TE inflation-deflation valves, rounded corners and one or more molded eyelets for lashing into your boat. Kayaks with pillars will need split flotation (four bags; total weight 2 lbs 2 oz) and kayakers without pillars will need standard flotation (two bags; total weight 2 lbs). Red. Imported. Sold in sets only.

2080 Split Floats \$38.50
2081 Standard Floats \$35.50

NRS Standard and Split Kayak Flotation

NRS Storage Flotation Bags.

NRS Kayak Storage Flotation Bags

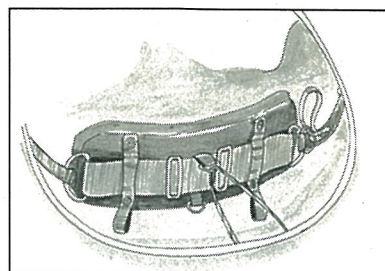

Made of the same quality urethane-coated nylon as the standard bags. Perfect for the kayaker who needs extra storage. Features a fold-down watertight opening with a nylon zipper on the outer bag. An air chamber inflates around your stowed gear. Available in both the split set (3 lbs 2 oz) and standard flotation set (3 lbs). Storage only in the two stern bags of the split set float set and in both bags of the standard set. Imported. Sold in sets only.
