Recycling

**You're for it. We're for it.
Let's do it together.**

Here's how:

Let us know if you're receiving more than one catalog to your household or if you have a change of address.

Please let us know if you do not care to receive one of our catalogs - we will take your name off our list. And since this catalog is recyclable you can give it to a friend or recycle it instead of throwing it away.

All of us at NRS are working hard to think of ways to help save our planet. We recycle all the paper, aluminum and glass that goes through our building each day and we re-use all boxes that are in good shape and recycle the rest. Let us know your ideas.

**Thanks for your help -
here's to our planet!**

Dear Friends,

Thanks for all your support in 1991, we really appreciate it and hope you're future brings you many, many days of fun on the water.

We're proud to say not only do we provide quality products but the service to go along with it. Customers sometimes notice our competitors have slightly lower prices. We want you to know that when you order from us, we'll still be here tomorrow to back up the products and help with any problems or questions you may have.

We're looking forward to 1992, our 20th year in business. It will be filled with efforts to conserve our world through recycling, participating in river protections acts and saving the wildlife that share the rivers. Let us know how we're doing - we want to hear from you.

Have a Happy Holiday Season,

Wonder Pump This is the authentic Double Action Wonder Pump imported from Italy -- Don't confuse it with the cheap imitations. You get twice the output with half the energy because it pumps on both the up & down strokes. Perfect shape to strap to a raft thwart while on the water. Made from tough lightweight plastic, with a 5' non-kink hose. Three-part adapter fits military style and most other valves.

1716 Wonder Pump \$29.95

NRS Bravo 10 Foot Pump You'll love what our new double chamber foot pump will do for your raft inflating! The large, 305 cubic inch, chamber will pump up the bulk of your raft quickly. The small, 100 cubic inch, chamber allows you to fine tune your top-off with less foot pressure. Foot plates are reinforced with fiberglass & the pressure gauge gives you a 2-1/2 lb pressure reading. Universal valve adapter & 60" crush resistant hose come standard. Imported from Italy.

1700 NRS Bravo 10 Foot Pump \$56.50

Metro Inflator/Deflator Our 12 volt inflator (use with car battery) is one of the most durable pumps on the market. The rugged all-steel case is finished with a baked enamel finish and the 9' power cord is equipped with alligator clips. This Pump will inflate a 12' raft in 7 minutes and the 5" black tapered nozzle will fit most standard raft valves. Your raft will still need to be "topped off" with one of our manual pumps. One-year manufacturer's warranty. USA.

Carlson Maxi/Rescue Board

We offer the finest equipment for the up and coming sport of River Boarding. Developed and designed by Bob Carlson of Carlson Designs, the new Maxi/Rescue Board is being used as a play board, touring board and as a rescue board by trained and qualified individuals. Unlike smaller ocean boards that don't provide enough flotation in aerated whitewater, Carlson Boards, with nearly three times the flotation, are large enough for the toughest rivers and hydraulics. The organization Rescue III is currently training with and using the Rescue/Maxi Board for swiftwater rescue. The Maxi/Rescue Board measures 55"L x 24"W x 4" thick. A high density polyethylene bottom surface maximizes speed and handling characteristics. Four handles come standard as does a sculpted deck for comfort. Churchill fins are essential for propulsion and knee pads, helmets, wetsuits and booties are required for safety (see pages 4, 7 & 20). Made in the USA. *River boarding is recommended for people with whitewater experience and in good physical condition.*

NRS Otter The Otter is a very versatile raft. It's made a name for itself as a great paddle raft for big Class III and even Class IV water as well as being a very popular fishing boat because of its size. With a frame, you're also set for a week long river trip. The Otter makes such a great paddle raft because the parabolic bow deflects water and eliminates the "water dam effect", reducing drag. This bow also makes a stable platform for the bow paddler to brace forward and pull the raft through the curls. Two 13" diameter thwarts provide rigidity and bracing. As a rowing raft, the Otter's parabolic bow gradually increases in diameter from 16-1/2" to 24" to help keep water out and give you better maneuverability. The two chambers are formed front and back, for safety. 5 D-Rings. Blue with black trim. Shipped UPS (special shipping charges apply). Made in Mexico.

Size: 11'2"L x 5'6"W

Weight: 66 lbs

Material: Metzeler & Reeves

1220 L Skidguard Large **\$150.00**

The Perfect Gift for the Fisherman in your family

The Otter is not only known for its performance as a whitewater raft, it's also well known as the perfect small raft for fishing. This is because it's not too big for two people to handle and not too small to be uncomfortable. To help you out with your Christmas present for your favorite fisherman (or woman), we've put together a handy package that includes just about everything a person would need to get out on a river or lake. Plus, the price can't be beat. Technical information on the Otter and Skidguard Frame is included in the copy at the left.

Included in the Fisherman's Package: NRS Otter, Skidguard Frame, (4) 3 ft. HD Straps, (2) 7-1/2 ft. Carlisle Oars, Molded Oar Sleeves, Plastic Stoppers, Silicon Bronze Oarlocks and a Wonder Pump. (Fisherman and his equipment not included) *Please note: All items listed are included with the package - no substitutions or exchanges for different items.

Funniest Playboat on the Water: NRS Micro Cataraft

NRS Micro Cataraft Our popular, proven cataraft design in Metzeler. Discover the fun of this rafter's play boat. Surf waves and maneuver through technical drops. The 18" bow and stern rise increase mobility by keeping the tips of the tubes from burying into the waves and allows for an easy exit from reversals. Each tube has two chambers for added safety. The length of the tubes from tip to tip is 13'. The width with the frame is 6'2". The 19" tubes provide a very stable ride. The 8' water line tracks well yet lets you "spin on a dime." Carries rower plus passenger or gear.

Shipped UPS or Parcel Post (Special shipping charges apply). Blue with black trim. Made in Mexico.

Size: 13'L x 6'2"W

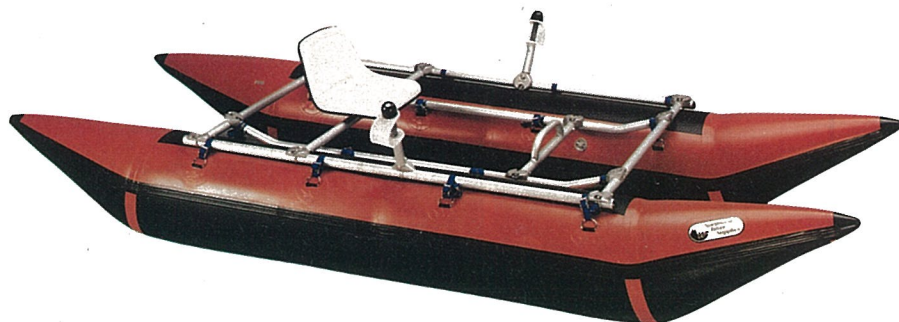

Weight: 56 lbs without frame

Material: Metzeler & Reeves

The **Micro Cataraft Frame** is made from 1-1/4" anodized aluminum and uses the LoPro™ frame fitting throughout. It can be taken apart easily for transporting. Includes padded high back seat. Pins and Clips or SB Oarlocks must be purchased separately. Made in Idaho.

NRS Sprite & Scout 13

NRS Sprite A terrific paddling boat for four to six people or just right for two or three with a rowing frame. The Sprite has generous 18" diameter tubes for a drier ride and a 9" bow rise to help it over those big waves. Wear patches protect the tubes and provide a non-slip surface for paddlers. 17 D-rings for tie-downs. The wrap model carries the wrap to the strake to protect the most vulnerable parts of the tube. The self-bailer is for big-water boaters with no time to bail, those who don't like to bail, and those who want a firm floor to stand on while fishing. The I-beam inflated floor is above the water line, so when water gets into your raft, it quickly pours out through the grommets in the floor. Pressure relief valve in floor. Halkey-Roberts valves are used because they're tough and allow you to easily inflate and deflate your raft, plus they're simple to replace. Shipped motor freight collect. Blue with black trim. Made in Mexico.

NRS Raft Features

NRS rafts feature famous Metzeler 26 oz. tube fabric, Reeves neoprene 42 oz. floors and wraps, and Reeves Gum for added protection on the raft bottom. The rafts are very light, and therefore makes for easier rowing and for carrying at the end of a long day. They are also extremely well protected from bottom damage. These quality rafts will give you years and years of use. There is a 2 year guarantee against materials and workmanship on all NRS Rafts.

NRS Scout with NRS Bighorn I Frame (Photo by Scott Spiker)

NRS Scout Your choice for large groups of day-tripping paddlers as well as longer trips and bigger water. Large, four-chambered buoyancy tubes provide for safety. There's plenty of room for extra gear, and seventeen D-rings for tie-downs. Halkey-Roberts valves are used throughout. Two-step bow and stern rise for dryness and maneuverability. Wear patches protect tubes from frame wear and provide a non-slip surface for paddlers. The self-bailer has an I-beam floor laced in with webbing. The standard model has a wrap to the strake to protect the vulnerable parts of the tubes. Shipped motor freight collect. Blue with black trim. Made in Mexico.

AIRE Cougar (photo by Mark Lisk)

AIRE Cataracts.... made in Idaho, USA

All AIRE inflatables are electronically welded and use an airtight inner "AIREcell" of unsupported urethane. The outer shells are made of PVC which resists punctures, tears and general wear. The shells open with zippers so you can easily repair them or the AIREcell. Includes custom valves from Halkey Roberts. 2- year manufacturer's warranty.

AIRE Cougar With NRS Cougar/Panther Frame. Yellow Cataract includes Cougar Cargo Module.

Cougar and Panther The **Cougar** is a delight on any river. It easily carries four passengers for day trips and for extended trips it will carry a large load of gear (1400-1500 lbs) and two passengers. The double tubes have a low center of gravity for greater stability and increased flotation for quicker response than conventional rafts. Size: 17'6"L x 7'6"W with a 12' waterline.

Weight: 88 lbs. (without frame).

Material: 28 oz/1200 denier PVC with 14 mil. unsupported urethane AIREcell.

Please specify color: Yellow with blue stripe or gray with red stripe.

The **Panther** is a smaller version of the Cougar. The shorter body, and superior weight-to-flotation ratio, make the Panther a surfing machine. Weight load: 900-1100 lbs. Size: 15'L x 7'6"W.

Weight: 66 lbs without frame. Material: Same. Color: Blue. Both boats

Shipped UPS (Special shipping charges apply). The **Cougar/Panther Frame** is made from 1-1/4" anodized aluminum and uses the LoPro™ frame fittings.

Also available are passenger seats and a cargo module (Cougar only) to carry extra gear. Made in Idaho.

Wildcat Kayak-like performance in a cataract! The 66" waterline, curved tubes and stiff fabric give you maximum maneuverability and increased surfing capabilities. Weight load: 400-500 lbs. It's also becoming very popular as a paddle boat for two. Use the Polzel Paddle Frame shown here for an exciting ride on any kind of water. Three tone blue. **Size:** 12'6"L x 6'4"W. **Weight:** 42 lbs without frame. **Material:** 28 oz/1200 denier PVC with 14 mil. unsupported urethane AIREcell. Shipped UPS (Special shipping charges apply). The **Wildcat Frame** is made from 1-1/4" anodized aluminum and uses the LoPro™ frame fitting throughout. The frame is 54" L x 60"W. High back padded seat included. Pins and clips or Silicon Bronze Oarlocks must be purchased separately. You get the choice of A-Frame or LoPro™ Oarlock stands. The **Polzel Saddle** is made of welded steel and offers great control on any single tube cataract. "Cages" protect and support your legs while the slightly slanted seat provides stability. AIRE & Carlisle Oars 15

The Newest Production from AIRE

Puma This is the latest addition to the AIRE line of high-tec inflatables. The Puma is capturing the market by storm because it can perform like an inflatable kayak while carrying more people. The rigid closed cell ethafoam floor gives you speed and maneuverability and because it's light, you can also surf waves. A wonderful paddle raft for up to four people, the Puma can also carry it's share of gear for longer trips. It can also be used with a frame, as we show here so you can row it as well. As a fishing boat it proves to be very stable because you can stand on the floor soundly. The light-weight also makes it easy to handle getting to and from the water. If you're looking for an all-around fun raft, this is the one. Offered in standard and self-bailing models. USA.

Size: 11'6"L x 5'W

Weight: 60 lbs

Load Capacity: 950 lbs
