***Northwest River Supplies is proud
to serve our paddlesport customers
the world over.***

Twenty years ago Northwest River Supplies started in my garage. Moving from there to a basement on North Main St was the first of many expansions and improvements. But some things haven't changed. Today, as in 1972, we are dedicated to providing you with quality paddling equipment at reasonable prices. And we will always treat you as we would like to be treated. Please take a moment to look over the many new and improved products in our 1992 catalog. Thank you.

Bill Parks

Below: NRS employees from the back row, left to right: Bill Parks, Allen Sloan, Bruce Krakowski, Kenny Denison, Troy Waite, Rick Freimuth, Kyle Mackey, Red Sverdrup, Willy Accola, Kim Harmon, Dave Baird, Tracey Harmon. Bottom Row: Dave King, Scott Fischer, Shirley Woolverton, Dave Henry, Sam Ulibarri, Jon Miller, Peggy Gottschalk. Not Pictured: Brad Andersen, George Mancini, Scott Winks, and Dan Martinez.

HERE'S TO YOU! If you combine the years of experience in paddlesports and whitewater of the employees at NRS, you find 125 years of paddling experience. This gives us the knowledge we need to serve you. That's an indication of the love we have of the outdoors here in North Idaho. We can't get enough rafting, kayaking, canoeing, sea kayaking, and cataracting. We'd like to think the time spent after work gives us the unique opportunity to try our gear, to test new designs and materials, and to bring our experiences back to NRS so that we may share them with you, our customer. And of course have a great time while we're at it.

Here's a look at *Northwest International, Tecate, Mexico*

Why did we build our factory in Mexico? To get better control over fabrics, workmanship, and costs. To put needed design improvements in place. To make the factory more accessible. To be able to communicate our thoughts, designs, ideas, values, etc. directly to each and every worker. To make a line of boats which are truly NRS by design and ownership. In short, to give you, our customers, the best value for your dollar.

The employees at NWI, our Mexican affiliate, are highly trained raft manufacturing professionals. Each individual is skilled in the art of boat-making using today's materials, care and craftsmanship that only an artisan can put into each raft.

Back row, left to right: Hugo Gil Muniz, Heriberto Esparza Caballero, Aurora Acerbantez Pena, Lilia Grave Valdez, Adriana Grave Valdez, "Capu" Soto Romo, Oscar Valenzuela Harao, Gerardo Pascacio Martinez. Second row: "Jimmy" Gonzalez Sanchez, Octavio Almeida Aquippe, Moisea Meza Ibarra, Pedro Gonzalez Perez, Luis Lugo Baltierrez, "Charley" Castro Lugo. Front row: Mario Escobedo Cruz, Gustavo Osuna Machado, Hilario Cruz Ramirez. Not pictured: Sergio Vargas Rodriguez.

We are Celebrating Our 20th Year

Ahh! Spending the weekend on the Salmon River...
doing what we do best!

Warning! Boating sports involve certain hazards and risk of injury or drowning. Any user of equipment sold in our catalog should receive proper instruction in its use, learn the proper techniques for boating and rescue, and receive expert instruction in the hazards and challenges of water and currents. This catalog does not provide instruction, and is no substitute for personal instruction by qualified persons well versed in all appropriate safety techniques. The user of NRS equipment assumes all risks of damages and injuries of any kind. If you are not willing to assume this responsibility or take the risk, do not buy our products.

4 NRS Otter & Micro

Order Toll Free
7am-6pm PST Mon-Fri

VERSATILE
Whether it's paddle
rafting, rowing, fishing,
or just taking it easy.

NRS Otter A blast of fun on any water. It's made a name for itself as the paddle raft for Class III and even Class IV water, and is rated as a very popular fishing boat. Put on a frame, and you've turned this raft into a great rowing adventure. The Otter makes such a great paddle raft because the parabolic bow deflects water and eliminates the "water dam effect" reducing drag. This

bow also makes a stable platform for the bow paddler to brace forward and pull the raft through the curls. Two 13" diameter thwarts provide rigidity and seating. The Otter's bow gradually increases in diameter from 16-1/2" to 24" helping to keep water out and give you better maneuverability. This helps whether you're rowing or paddling. Separate front and back main air chambers for safety. 5 D-Rings. Blue with black trim. Shipped UPS (exact shipping charges apply). Made in Mexico.

Size: 11'2"L x 5'6"W **Weight:** 66 lbs **Material:** Metzeler, Reeves
1030 NRS Otter

\$995.00

NRS Micro Cataract Our popular, proven cataract design is made with Metzeler fabric. Discover the fun of this rafter's play boat. Surf waves and maneuver through technical drops. The 18" bow and stern rise increases mobility by keeping the tube tips from burying into waves and allows for an easy exit from reversals. Each tube has two chambers for added safety. The length of the tubes from tip to tip is 13'. The width with the frame is 6'2". The 20" tubes provide a very stable ride. The 8' water line tracks well yet lets you "spin on a dime." Carries rower plus passenger or gear. Shipped UPS or Parcel Post. Blue with black trim. Made in Mexico.

Size: 13'L x 6'2"W

Weight: 56 lbs without frame

Material: Metzeler, Reeves

1065 NRS Micro Cataract **\$1085.00**
(oversize shipping charges apply)

The **Micro Cataract Frame** is made from 1-5/8" anodized aluminum tubing and uses the LoPro™ frame fitting throughout. It can be taken apart easily for transporting. Includes padded high back seat and LoPro™ Oar Mounts. Pins and Clips or open oarlocks must be purchased separately. Made in Idaho.

1240 NRS Micro Cat Frame **\$365.00**
(oversize shipping charges apply)

NRS Raft Features

NRS standard line rafts feature famous 24 oz. Metzeler tube fabric, 42 oz. Reeves neoprene fabric floors and wraps, and Reeves gum rubber for added protection on the raft bottom. These rafts are built to be lightweight, yet tough enough to handle the most serious boater's needs. All except the Otter, feature full wraps and gum rubber chafers on the bottom. The benefits of all the top quality material is a tough, wear resistant raft that two boaters can carry with relative ease.

**NRS Rafts carry a
2 year guarantee on workmanship and materials.**

NRS Sprite & Scout 5

NRS Sprite A terrific paddling raft for four to six people or just right for two or three with a rowing frame. The Sprite has generous 18" diameter tubes for a drier ride and a 9" bow rise to help it over those big waves. Frame wear patches protect the tubes and provide a non-slip surface for paddlers. 17 D-rings for tie-downs. Both our wrap and self-bailing models have a full wrap to protect the most vulnerable parts of the tube. The self-bailer is for big-water boaters with no time to bail, those who don't like to bail, and for those who want a firm floor to stand on while fishing. The NEW GLUED-IN FLOOR is self-bailing so when water gets into your raft, it quickly pours out through the drain holes in the floor. Pressure relief valve in self-bailing floor. Halkey-Roberts inflation valves are used because they're tough and allow you to easily inflate and deflate your raft, plus they're simple to maintain. Blue with black trim. Made in Mexico. Shipped motor freight collect.

Size: 12'6"L x 6'W **Material:** Metzeler, Reeves

Weight: Wrap: 73 lbs

Self Bailer: 104 lbs

1050 Sprite wrap

1060 Sprite self-bailer

\$1475.00

\$1995.00

Our **NEW** glued-in self-bailing floors offer the following benefits:

No accidental entrapment

No grommets or lacing to replace

Lighter and faster than lace-in styles

**Serving You with Our
New Raft
Manufacturing Plant**

NRS Scout Your choice for large groups of day-tripping paddlers as well as longer trips with a rowing frame. Large four-chambered tubes provide buoyancy for safety. There's plenty of room for extra gear, and seventeen D-rings for tie-downs. Halkey-Roberts valves are used throughout. Two-step bow and stern rise for dryness and maneuverability. Wear patches protect tubes from frame wear and provide a non-slip surface for paddlers. The self-bailer has our NEW GLUED-IN FLOOR. Both models have a full wrap to protect the vulnerable parts of the tubes. Blue with black trim. Made in Mexico. Shipped motor freight collect.

Size: 14'L x 7'W

Weight: Wrap: 114 lbs

Self-Bailer: 134 lbs

Material: Metzeler, Reeves

17 D-Rings per Raft

NRS Expedition 125 For professional use, this raft is the exact same dimensions as our NRS Sprite on page 5, except the fabric is made of heavy duty DuPont Hypalon™ French Pennel tube fabric. Pennel fabric is proven to withstand the abrasive volcanic rock of New Zealand and Australia, which makes this a very tough commercial grade boat. This boat is then armored with American made Reeves Neoprene on the floor and up to the strake. Since we use the best fabrics to construct the tubes and floor, we also use top quality baffle, I-beam, tape material, and an American glue specifically designed by a professional chemist (who is also a whitewater boater). The NRS Expedition 125 is your boat for an exciting ride, or as a two-person fishing raft.

1070 Expedition 125 Wrap **\$1945.00**
1075 Expedition 125 Self Bailer **\$2510.00**

Bighorn II Compact Outfitter Frame on an NRS Sprite

17 D-Rings per Raft

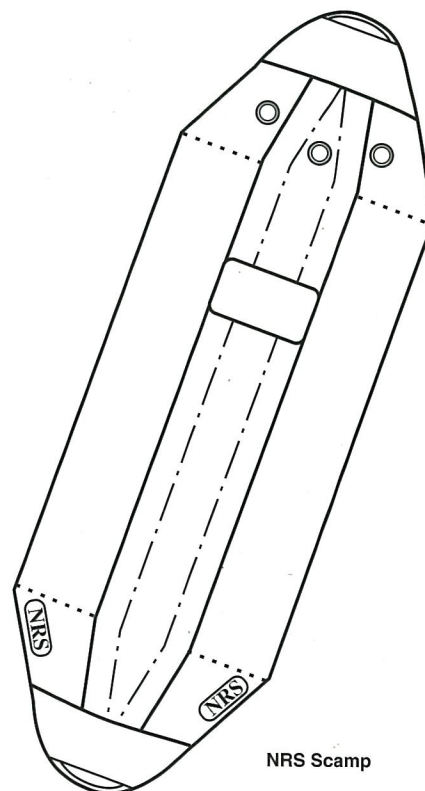

NRS Expedition 140 A much tougher version of our Scout, this professional line of boats is built to take the punishing conditions of the world's most abusive rivers. Tubes made of DuPont Hypalon™ Pennel fabric, full wrap and floors of Reeves Neoprene, this raft is perfect for carrying seven paddlers or three passengers plus boatmen, frame and a large gear pile on the world's toughest rivers. Of course, the self-bailing Expedition 140 has our innovative glued-in floor. Please refer to raft dimensions on page 7 Raft Specs. Three thwarts as pictured here are special order only.

1080 Expedition 140 Wrap **\$2190.00**
1085 Expedition 140 Self Bailer **\$2810.00**

NEW DESIGNS FOR '92 OUR EXPEDITION BOAT MODELS

NRS Scamp The sled-like design of this inflatable kayak is the most innovative design on the water. The inflated keel provides welcome tracking, yet the short 108"(one man) length still allows quick turn response. Made of 24 oz Metzeler fabric, with a 42 oz glue-in self bailing floor. This inflatable kayak is built for tough rental trade use. A perfect inflatable kayak for beginner to advanced paddlers. The removable rectangular I-beam thwart can be used as back support when paddled kayak-style or as a pedestal when kneeling canoe-style. The inflatable I-beam floor gives the Scamp stiffness for kayak-like response, and the Halkey-Roberts pressure relief valve prevents over-inflation.

1650 NRS Scamp I **\$750.00**
1655 NRS Scamp II **\$850.00**

Major Suppliers of NRS Raft Materials

At **Clifton Adhesives**, a chemist, who is also a whitewater boater, designed a special high strength adhesive for inflatable boats. We build our rafts with this American adhesive.

Halkey-Roberts makes high grade two-part Delrin raft valves that have a one-way seal so you can top off the raft without opening the valve. Also easy to replace, the sealed dust cover with "keeper" provides extra protection for the valve parts.

Metzeler GmbH, of Germany, for many years made some of the most durable inflatables in the world. However, the high cost of German labor caused them to abandon boat manufacturing during the 1980's. Fortunately, they still manufacture coated fabrics using high pressure roto-press and roto-cure processes in their modern factory. These processes create fabrics with exceptional abrasion resistance and high lamination strength. Metzeler calendars the 550 denier Trevira™ fabric with high quality polymers from Bayer and Hoechst, two of the world's foremost chemical companies. These materials have performance characteristics similar to Hypalon™, DuPont's trade name for its synthetic polymer.

Pennel & Flipo put its research efforts into making high quality materials for independent inflatable boat manufacturers around the world. They are the foremost supplier, selling Hypalon™ coated fabrics to almost 100 inflatable boat manufacturers worldwide from their French factory. This is the material chosen for the most demanding applications, such as New Zealand's Class IV Tongariro River that cascades over sharp volcanic rock. After years of outfitter use, under the most demanding conditions, these fabrics have proven to be the toughest on the water.

Reeves Brothers Inc. of Spartanburg, South Carolina is famous for its industrial and military fabrics. We build our heavy-duty raft floors from their 42 oz. Neoprene coated fabric. In addition, we use their top quality materials for all interior baffles, I-beams and seam tapes.

Cougar The Cougar is a delight on any river. It easily carries four passengers for day trips or for extended trips it will carry a large load of gear (1400-1500 lbs) and two passengers. The double tubes have a low center of gravity for greater stability and increased flotation for quicker response than conventional rafts. USA.

Size: 17'6"L x 7'6"W, 12' waterline

Weight: 97 lbs (without frame)

Material: See chart in middle of page 7

Please specify Color: Yellow or Gray

1170 Cougar \$1995.00

The Cougar's **Cat Frame** is made from 1-5/8" anodized aluminum tubing and uses our LoPro™ frame fittings.

Size: 72" W or 78"W x 65"L

Also available are passenger seat mounts and a cargo module to carry extra gear.

1236 Cat Frame

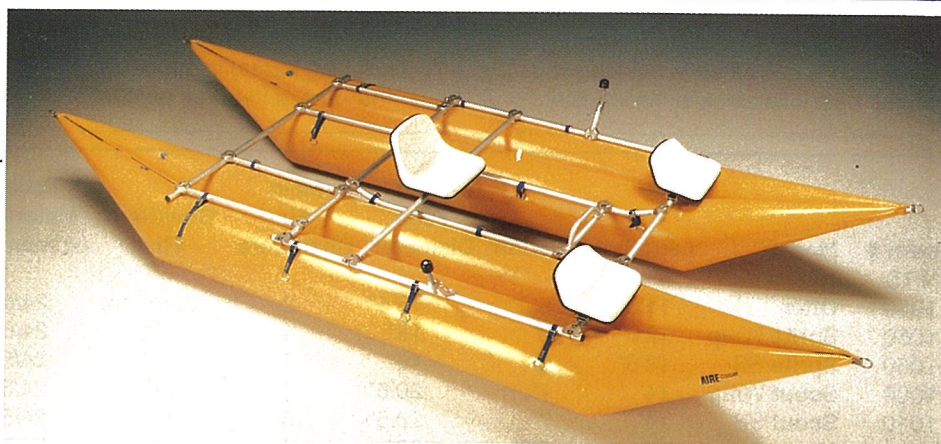

\$365.00

1238 Passenger Seat Mount

1237 Cougar Cargo Module

\$158.00

Cougar

Puma The Puma is a success because it performs like an inflatable kayak while carrying more people. The rigid closed-cell ethafoam floor gives you speed and maneuverability and because it's light, you can also surf waves. A wonderful paddle raft for up to 4 people with gear for longer trips. With a frame, it can also be used as a row boat. As a fishing boat it proves to be quite stable for standing on the floor. The Puma's light weight also makes it easy to handle getting to and from the water. If you're looking for an all-around fun raft, this is the one! USA.

Exact shipping charges apply.

Size: 11'6"L x 5'W

Weight: 60 lbs

Material: See chart on page 7

Load capacity: 950 lbs.

specifications and
frame information,
see pgs 7, 12-13

Panther A smaller version of the Cougar, the Panther also has a double tube design which enables it to pivot and spin like a raft, and still punch through the holes without stalling. The shorter body, and superior weight-to-flotation ratio, make the Panther a surfing machine. Like the larger Cougar, the Panther has been successfully tested and proven on the most challenging whitewater in the West. The Panther will carry 900-1100 lbs. USA.

Size: 15'L x 7'6"W

Weight: 85 lbs (without frame)

Material: See chart on page 7

The Best Ride in the Water is on AIRE

AIRE's warranty is
now 5 years on
material and 10
years on
workmanship. An
Owners Manual
Video is included
with every AIRE
boat purchase.

Rivercat

Rivercat With the 17' Rivercat you get cataraft high performance plus the additional passenger and cargo capacity associated with a standard raft. The smaller inside tubes make great seats for passengers, and can also serve as a cradle for the cargo room you need on extended trips. The smaller inside tubes help you get the cargo down low for maximum stability. PLUS, move the frame's seat bar to the back, and this cataraft can easily be paddled. Kneel on the small tube and brace against the large tube for great leverage. You can also combine methods with paddlers in front supported by a rower in the rear. Reverse the pontoons, so the little tubes are outside, and they will act as sponsons. The Rivercat can carry 1400-1500 lbs. Shipped UPS. Please see page 13 for the NRS Rivercat Frame.

Color: Gray and yellow

Size: 17"L x 7'6"W

Weight: 93 lbs (without frame)

Material: See chart on page 7

1176 Rivercat

\$2245.00

AIRE

Ocelot Discover the fun of this rafter's play boat. The light weight allows you to surf waves and maneuver through technical drops with minimal effort. AIRE extended the pontoons of the Wildcat Cataraft to help you ride right through the biggest waves. The short 8' waterline gives you great maneuverability. You just might want to try new routes on familiar rapids. Designed to carry one person plus some gear or a passenger. Catch an eddy, pursue that elusive steelhead, or jump into a hole and do some surfing. Will carry 700-800 lbs. Shipped UPS. Use the NRS Microcat frame. See frame spec chart on page 13.

Color: Blue

Size: 16'L x 6'4"W

Weight: 48 lbs (without frame)

Material: See chart on page 7

Wildcat

AIRE Cataracts... made in Boise, Idaho USA

All AIRE inflatables are electronically welded and use an airtight inner "AIREcell" of unsupported urethane. The outer shells are made of PVC coated dacron which resists punctures, tears and general wear. The shells open with zippers so you can easily repair them or the AIREcell. Includes custom valves from Halkey-Roberts. New this year are all stainless steel d-rings and an Owners Manual Video. 5 year manufacturer's warranty on material, 10 year on workmanship.

Wildcat Kayak-like performance in a cataraft! The 72" waterline, curved tubes and stiff fabric give you maximum maneuverability and increased surfing capabilities. Extreme lightweight allows boat to be sensitive to your "body english", and portages are easier on those Class VI runs. Shipped UPS

Color: Aqua

Size: 12'6"L x 6'4"W

Maneuverable, and Built to Last

HYSIDE RAFTS- PROVEN BY THE PROS

Built to last, these rafts are maneuverable even with heavy loads and in big water. We are delighted to offer Hyside expedition grade rafts to both the professional and recreational rafter. These expedition grade rafts are all built from tough Hypalon™ fabric, with four main chambers, plus a floor chamber in the self bailing models. All the boats have frame wear patches, removable thwarts, six carry handle D-rings, and 5 extra D-rings. And you get a repair kit and carry bag with each boat. These rafts have Hypalon™ tubes and neoprene floors for extreme durability. The full wrap is also made of Hypalon™ to provide additional wear resistance to the raft. The I-Beam constructed SB floor adds a fifth main air chamber. Shipped motor freight collect. Blue with yellow trim. Each raft carries a 5 year warranty. Made in Korea.

HYSIDE Rafts HYSIDE rafts have taken the outfitting industry by storm because of their ability to stand up to the tough wear and tear that outfitters give rafts. This also makes them popular for the consumer who is looking for an extra durable raft that's expected to last a long time. All HYSIDE rafts carry a 5 year warranty on workmanship and materials. These rafts are constructed of a tough Hypalon™ coated material, which makes them very abrasion resistant. They're perfect for big water boating as well as for fishing because you can stand firmly on the floor. You can also pack gear directly on the floor for those longer trips. They're extra-heavy duty rafts intended for a great deal of river use.

Shipped Motor Freight Collect.

For more raft
specifications and
frame information,
see pgs 7, 12-13

Getting Technical: A popularly quoted but often misunderstood term in the outdoor industry is **denier**. Denier is a term used to describe the **weight in grams of 9000 meters of thread**. This is the number usually given to describe a fabric. It does little to tell how heavy a fabric is. It does tell how heavy the threads are in the fabric. We at NRS feel that it is important to include other information about a boat's fabric so that you can make a wise choice in the selection of your boat. The weight of a fabric is typically given in **ounces per square yard**. This will include the weight of the coating and the weight of the base fabric. This along with denier is a useful piece of information. A clear example of denier and fabric is our own NRS Ricksack (pun intended). The Ricksack uses a 16 oz/1000 denier fabric, but the threads are widely spaced. This is still a 1000 denier fabric, but no sane person would ask for a boat made of this fabric. When you ask about a boat's fabric, *ask for the fabric weight and then denier!*

Picking a Raft that's Right for You

NRS recommends that you investigate six factors while you are making your decision. Have these items in mind when you give our knowledgeable Customer Service Representatives a call, they will be able to help you make the right decision for your needs.

1. Type of rivers you'll be running
2. Length of your average trips
3. Excitement vs stability
4. Number of passengers
5. Paddle/row?
6. Budget

We have many different models of boats for many different needs. Let us know what you had in mind and we can help meet your excitement level, as well as your budget.

Performance

AIRE Lynx The unique construction of these inflatable kayaks makes them the most lightweight, maneuverable kayaks available in their class. The AIRE Lynx uses an airtight inner "AIREcell" of 14 mil unsupported urethane with an outer shell of 14 oz. and 18 oz./1000 denier PVC. The rigid self-bailing ethafoam floor gives top performance. Covered ethafoam seat. Made in USA.

Two sizes: One person, 10'3"L x 3"W
Weight: 31 lbs. **Two person, 12'3"L x 3"W.** Weight: 37 lbs. Also available as a special order, with a compact AIREcell floor for easy air transportation.

Shipped UPS

Please specify color: Yellow, Red, Purple or Teal (all with gray floors)

Ask about AIRE's 5/10 year warranty.

What Size Frame for My Raft?

There are many different ways to size a frame and raft. The following will help you choose the best combination for your raft.

1. The width of the frame should be greater than the distance between centerline of the raft's main tubes (distance A).
2. The length of the side rail should be less than the length of the wear patch on the top of the main tubes.
3. The ice chest size is limited by the inside width of the raft (distance B).

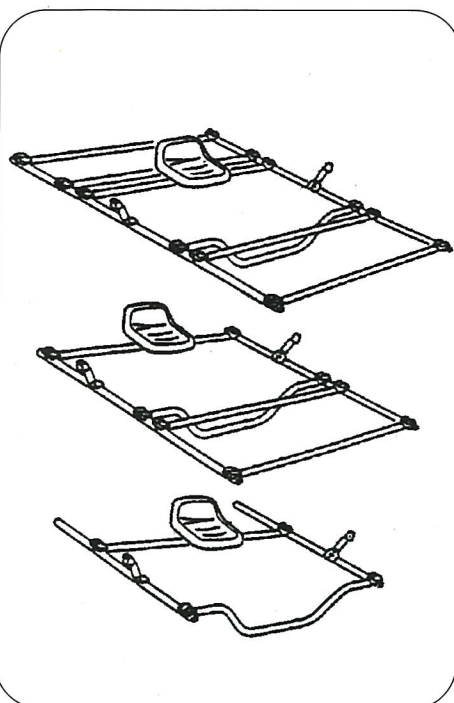

Lifetime Guarantee!

on all NRS Frames for as long as you own your frame

FRAME	FRAME WIDTH	SIDE RAIL LENGTH	LARGEST ICE CHEST THAT FITS IN FRAME
Stern Frame	72"	33"	n / a
Longhorn	54" 60" 66"	50"	n / a
Bighorn I	54" 60" 66" 72"	68"	One 178 Quart Rubbermaid *
Bighorn II Compact Outfitter	60" 66" 72"	78"	Two 178 Quart Rubbermaids *
Bighorn II	60" 66" 72"	89"	One 123 Quart Rubbermaid and One Aluminum Drybox *

* or equivalent size cooler or dry box. Be sure cooler will fit inside width of raft.

From top: Bighorn II, Bighorn I, and Longhorn

NRS Longhorn Frame The Longhorn frame is light, strong, and comfortable. Just right for day trips and those turn around trips when you run the same stretch of river two or three times in a day.
1210 Longhorn **\$240.00**

NEW NRS Stern Frame The stern frame is intended to meet the needs of Paddle guides who want a rowing frame. The seat and footbrace can be tilted to any angle so that this frame will adjust and fit to the stern rise of any brand of raft 14' or longer.
1208 Stern Frame **\$250.00**

Bighorn I (Pictured Above) The Bighorn I is our most popular frame. It can be rigged with the ice chest in front or behind the seat.

Specify size from chart above.

1201 Bighorn I **\$335.00**

Bighorn II Compact Outfitter

NEW Bighorn II Compact Outfitter In an effort to put the biggest coolers in the smallest space, the compact outfitter does not use a padded seat. By sitting on the cooler this frame will give you enough leg room to carry two of the largest Rubbermaid coolers, yet the side rails are short enough for the frame to fit on our Scout. A really efficient use of space. The usual seat bar has been replaced by a stabilizer bar which holds the ice chest/seat firmly in place. **Specify size from chart above.**

1204 Bighorn II Compact Outfitter

\$370.00

Bighorn II Our standard Bighorn II frame has extra carrying capacity. Intended for rafts 14' or longer. Pictured opposite page. **Specify size from chart above.**

1202 Bighorn II

\$440.00

NRS MODULAR FRAMES

The simplicity of modular design and the lightweight aluminum components have made the Bighorn / Longhorn series the most versatile frames we have ever sold. All of our modular frames can be shipped UPS.

The NRS Modular raft frames are made from 1-5/8" 6061 T-6 anodized aluminum tubing. The cast aluminum LoPro™ fitting is the key to the easy adjustment of the modular frames. Just loosen the two locknuts and the LoPro™ fitting can be moved to a new position - tighten the locknuts and you're done.

Strongest frame fitting on the river - NRS LoPro™

You can custom fit the frame to your raft and your height. All adjustments (foot brace, seat position, oar mount location) can be made with the frame on the raft - quickly and easily - with the use of one wrench. You can always add extra components (cross-bars, seat-bars, etc.) to your frame.

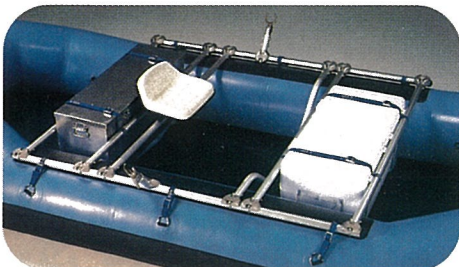

ALL MODULAR RAFT FRAMES COME WITH:

Padded Raft Seat • Our contoured white vinyl padded seat gives you comfort and extra power (not used on Compact Outfitter frame).

LoPro™ Oar Mounts • Since their introduction in 1990, NRS LoPro™ Oar Mounts have been tested in the roughest whitewater conditions. We've improved them this year by adding a custom designed aluminum casting which holds the oarlock or pin. Achieving proper oarlock angle is easy; just loosen the stainless steel U-bolt and move the Oar Mount to any position on the frame (wrench included).

Cooler Straps • (if specified)

ALL ITEMS LISTED HERE ARE ALSO SOLD SEPARATELY

NRS Bighorn II (sold at left)

CATARAFT FRAMES

Cataract Frame

Our cataract frames are built with NRS modular components. All of the cataract frames come with a high back padded seat and our LoPro™ Oar Mounts.

For use with NRS Micro Cat, Ocelot, Wildcat

1240 NRS Micro Cat Frame	54"W x 77"L	\$365.00

Cargo Platform Our Cargo Platform is heavyweight mesh material so water will not collect on the surface and your gear won't sit in a puddle. Heavy-duty webbing beneath the platform makes it strong enough to support large loads. You can adjust the platform to meet your load requirements with the six 6' straps included. Four sizes available:

Small fits rafts up to 11'6"	
Medium from 11'6" to 13'6"	
Large from 13'6" to 15'6"	
X-Large from 15'6" to 18'	
1805 S Small Platform	\$48.00
1805 M Medium Platform	\$50.50
1805 L Large Platform	\$55.00
1805 XL X-Large Platform	\$57.50

Cargo Net The fastest and easiest way to get going in the morning. Toss it over your gear, cinch down the HD straps, and you are on your way. Try it with the Cargo Platform for a total cargo system. 2-1/2" x 2-1/2" mesh polypropylene net bordered with durable 2" poly web. The Standard Cargo Net measures 60" x 80". Nine 4' HD Straps with our heavy-duty buckles fasten the net to the D-rings of your raft. Our Large Cargo Net (70" x 90") is for boats 16' or longer. We also offer the Cargo Net in both sizes w/out HD Straps.

1800 S without straps	\$42.00
1800 L without straps	\$44.00
1802 S with straps	\$65.00
1802 L with straps	\$67.00

Thirsty-Mate Bilge Pump

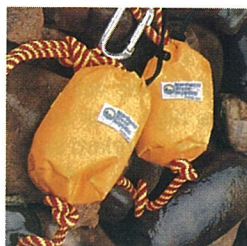

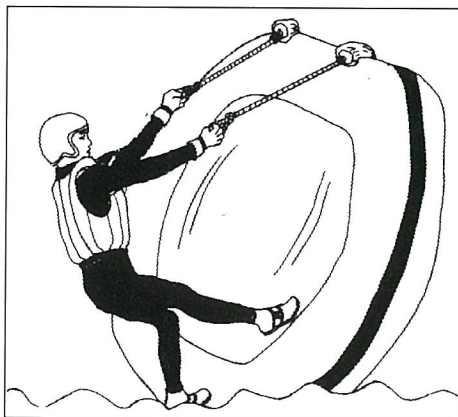

An effective hand-held pump which is easy to clean, and pumps 10 gallons/minute. 24" long, 1-3/4" in diameter with a 24" hose.

1755 Thirsty-Mate \$16.95

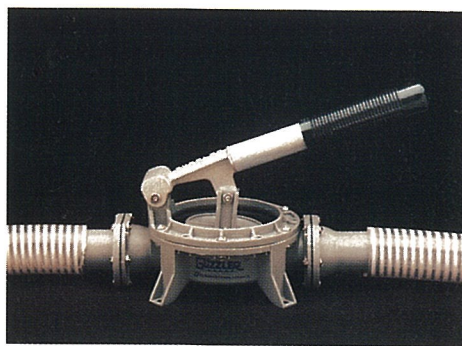

Bowline Bag A sturdy 8" diameter x 12" nylon bag to store the bowline on your raft. Features a drawstring closure and nylon mesh bottom. Attach to your raft's D-ring for quick access. Buy the bag alone or with your choice of our floating Boat Line: 50', 75', or 100' of 3/8" rope. A must-have accessory on your next rafting trip.

1820 Bowline Bag	\$14.00
1820 50 Bowline Bag Set-50'	\$25.00
1820 75 Bowline Bag Set-75'	\$31.00
1820 100 Bowline Bag Set-100'	\$37.00

Flip Line Set Rafters using Flip Lines can right an upset raft in as little as 30 seconds. 14' of 3/8" solid braid polypropylene rope is stored in a packcloth bag with drawstring closure to allow emergency access. Attaches to raft D-rings.

1815 Flip Lines (one pair) \$24.50

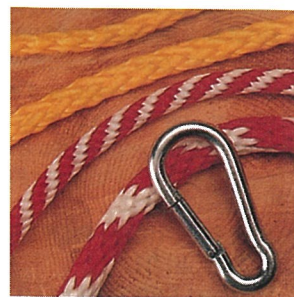

The Guzzler Bilge Pump Mount this top-of-the-line pump on a frame for quick one-handed use. Injection molded DuPont Delrin™ construction, anodized aluminum handle and reinforced valves. Pumps 15 gallons/minute with a 1-1/2" dia. hose (hose not included).

1760 Guzzler	\$51.00
1761 1-1/2" Vinyl Hose (per/ft)	\$ 1.50

1/2" & 3/8" Poly Rope

Eight-strand, hollow, diamond braid poly rope for all-around use. Recommended working load for 3/8" is 240 lbs; 1/2" is 450 lbs. Save 2 cents per foot if you order in 100 ft increments.

1830 3/8" Poly Rope	\$0.12/ft
1831 1/2" Poly Rope	\$0.15/ft

3/8" & 1/2" Boat Line Solid braid multifilament polypropylene line works well as a clothesline or bowline or for lashing down your equipment. Not recommended for rescue lines. Resistant to rot, abrasion, mildew, petroleum products and most chemicals. Save 2 cents per foot if you order in 100' increments. White with red.

1832 3/8" Boat Line	\$0.24/ft
1833 1/2" Boat Line	\$0.35/ft

Mini-Carabiner Functional and economical, they're the perfect boating accessory to attach gear to your raft's D-rings. Imported.

Color: Silver

1431 Mini-Carabiner \$2.25

Passenger Seat Mount For cataraft or raft frames, mount this seat plate and aluminum channel, secured with steel U-bolts and lock nuts to the frame. Seat plate is drilled to accept the 7" x 7.5" bolt pattern on our standard and hi-back padded seats (see seats on page 13). Not pictured.

Silicon Bronze Oarlocks, Molded Oar Sleeve, Oar-Rights on a Steel Oarlock Stand

THE BEST!

Silicon Bronze Oarlocks These are the finest whitewater open oarlocks made. We've never had a failure in the thousands we've sold! These horn style oarlocks spring back to their original shape if forced apart. The 5/8" diameter, 3-3/4" long shaft is drilled for a keeper. The horn opening is 2" with a 2-5/8" inside diameter. Includes split ring keepers. Pair.

- | | |
|-------------------------------------|----------------|
| 1408 Silicon Bronze Oarlocks | \$29.00 |
| 1409 Extra Split Rings | \$ 0.60 |

Molded Oar Sleeve If you use Carlisle Oars with open oarlocks, you'll need these Molded Oar Sleeves. The sleeves are injection-molded polyethylene with integral stoppers. Length: 11". Inside diameter: 1-7/8". Stopper diameter: 3".

- | | |
|-------------------------------|------------------|
| 1405 Molded Oar Sleeve | \$8.40 ea |
|-------------------------------|------------------|

Plastic Stoppers Use these with the Molded Oar Sleeves if you will not be using the Oar-Rights. 2 sizes: 1-3/4" or 2"-2-1/4" inner diameter. Pair.

- | | |
|-------------------------------|----------------|
| 1400 S Stoppers: small | \$13.00 |
| 1400 L Stoppers: large | \$13.00 |

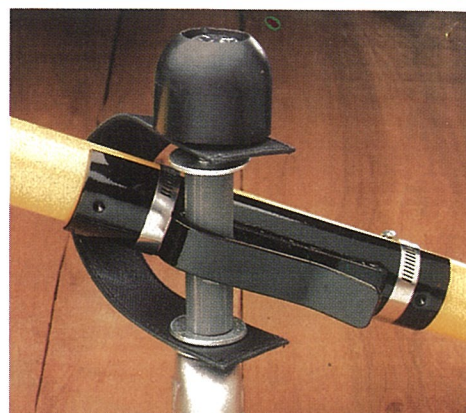

Oar-Rights Allows positive vertical blade positioning along with the feathering ability of open oarlocks. Adjustable inside diameter from 2" to 2-1/4" and fits most wrapped oars. For Carlisle oars, mount the Oar-Right on top of the Molded Oar Sleeve (#1405). Zytel™. Pair.

- | | |
|------------------------|----------------|
| 1404 Oar-Rights | \$17.50 |
|------------------------|----------------|

Steel Oarlock Stands Custom designed and manufactured for heavy-duty river use, our Oarlock stand has a 5.25" x 6" steel base with four mounting holes and a welded steel bracket that rises 6". The socket is 5/8" diameter, with a 14 degree outward tilt for correct oar angle. Pair.

Color: Black

- | | |
|----------------------------|----------------|
| 1423 Oarlock Stands | \$41.00 |
|----------------------------|----------------|

Pins and Clips with NEW NRS Oar Stirrups

Pins and Clips Many whitewater rafters prefer pins and clips to open oarlocks. The oars are held in position and keep the blade properly aligned with the water. Very good for heavy loads and big water since it's easy to return the oar to the oarlock if it's blasted off. The set contains two 5/8" diameter pin assemblies, two oar clips and four hose clamps to secure the clips to the oars. Pair.

- | | |
|------------------------------------|----------------|
| 1420 Pins and Clips | \$38.00 |
| 1421 Extra Clip with Clamps | \$12.50 |
| 1422 Extra Pin | \$ 8.35 |

NEW

NRS Oar Stirrups Use our new oar stirrup to keep your oar on its pin when the whitewater is extreme. Made of several layers of our black raft floor material these stirrups will give you extra confidence at the tops of those giant drops. Pair.

- | | |
|------------------------------|----------------|
| 1411 NRS Oar Stirrups | \$11.95 |
|------------------------------|----------------|

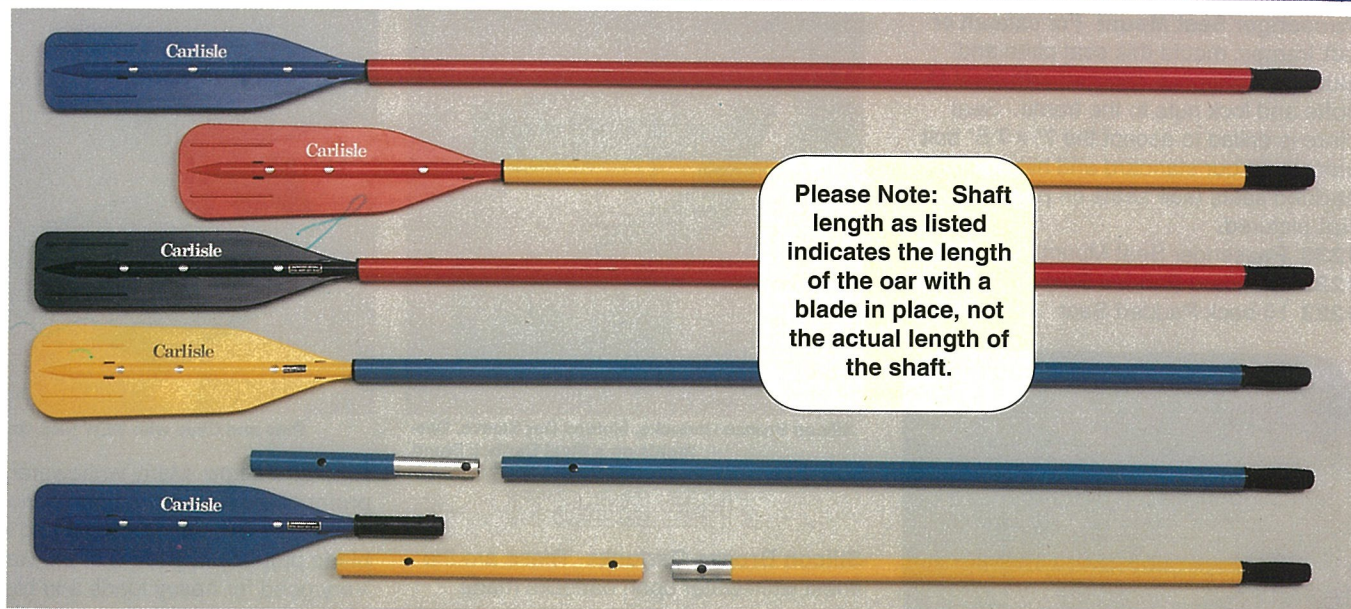

Pins and Clips with Carlson Oar Stirrups

Carlson Oar Stirrups You'll really appreciate these 1/4" thick white polyethylene Oar Stirrups the next time your oar pops out at the top of a big drop. They rotate freely on the pin sleeve and let you guide the oar clip back onto the pin with one hand. Pair.

- | | |

OUTFITTER TOUGH

Carlisle Oar Shaft Maintenance free and extremely rugged are qualities that make these expedition grade oars the favorite with most rafters. Removable blades for easy storage and transport. We carry several models: 7' and 7 1/2' Carlisle Oars are the heavy duty rafting model, with a shaft constructed from heavy wall, hard-drawn aluminum tubing. 8' and longer oars are extra-heavy duty, adding a reinforcing inner shaft for maximum strength in heavy whitewater use. The oar shaft is 1-7/8" diameter. Two-piece versions are available in 8-1/2', 9' and 10' lengths. All oars can be shipped UPS. Oversize shipping charges apply for one piece shafts over 7 ft.

Available colors are listed below with each shaft size.

Please specify color.

1300 7' Yellow	\$27.00	1313 9' 2-piece Yellow	\$47.25
1301 7 1/2' Yellow	\$28.70	1314 9 1/2' Yellow	\$45.60
1305 8' Yellow, Blue or Red	\$37.30	1315 10' Yellow, Blue or Red	\$48.85
1308 8 1/2' Yellow	\$39.85	1318 10' 2-Piece Yellow	\$53.70

1310 9' Yellow, Blue or Red	\$44.40		

Carlisle Bluewater Oar A high quality, light-duty oar for people who do not need the tremendous strength of Carlisle rafting oars. Widely accepted by professional lifeguards for off-shore use, they are also a good choice for small boats on the slower rivers.

Maintenance free with a polyethylene-clad 1-5/8" diameter aluminum shaft. Carlisle clamping oarlocks fit perfectly on these oars. 26" x 6 1/2" STM blade is included, and installs easily with a roll pin to create a strong, one piece oar. Yellow shaft with black blade. Oversize shipping charges apply.

1380 7 Bluewater 7 ft	\$45.80 ea
1380 8 Bluewater 8 ft	\$51.15 ea
1382 BW Clamping Oarlocks	\$10.00 pr

Carlisle Blade The Carlisle STM II blade material is light, strong, resilient and treated with an ultraviolet inhibitor for long life. An aluminum insert extends the full length of the blade. The blade locks securely into the shaft with a push-button mechanism. Available in four models: Standard (6 1/2" or 8" wide) and the heavier Outfitter models (6 1/2" or 8" wide) that have a thicker aluminum insert. Sold separately.

Color: Yellow, Blue, Black or Red

8" Blades:

1350 Standard	\$31.30
1365 Outfitter	\$36.70

Carlisle Economy Oar These 6' Economy Oars with 5-1/2" wide blade and rigid, thick-walled aluminum shaft are perfect for rowing around the lake or calm rivers. Light and easy to handle. Oversize shipping charges apply.

1375 Carlisle Economy Oar	\$19.20 ea
1383 Economy Oarlocks	\$10.00 pr

From top: Bluewater Oar and Economy Oar

Carlisle Oar Extenders Snap onto the end of a Carlisle oar shaft to lengthen them one foot without any loss of strength. Convenient, especially if you want to move up a boat size without buying new oars. 1' long. Available in yellow, blue or red.

See photo page 16. Specify color.

1370 Extenders \$12.70 ea

Cataract Oarshafts and Blades Cataract oar shafts are the strongest synthetic oar shafts made. We offer the SGG model which is made of 85% fiberglass and 15% graphite. These filament wound oar shafts are 40% lighter and have twice the breaking strength of extra heavy duty aluminum shafts of comparable diameter. These shafts are designed to have similar flex as wood oars. Foam padded handle. The removable Cataract Blade is made of impact resistant structural foam and filament wound composite tubing for strength. The blades are interchangeable with Carlisle blades. Made in Utah Cataract oarshafts are measured the same way as Carlisle shafts.

Oversize shipping charges apply to shafts.

Color: Yellow Shafts, Black Blades

1395 9 Cataract Shaft 9 ft \$61.00 ea

Carlisle Economy Paddle An inexpensive, lightweight, sturdy paddle featuring an 8" x 20" polypropylene blade reinforced by a 1" diameter aluminum shaft, a T-grip handle and plastic sheath grip. 60" weighs 1 lb 12 oz.

1500 54 Economy, 54" \$13.40
1500 60 Economy, 60" \$13.40

Carlisle Standard Paddle High quality polypropylene material in the 8" x 20" blade to reduce the weight and still retain strength. Sheathed with polyethylene, the aluminum shaft extends to the end of the blade. T-grip handle. 60" weighs 2 lbs.

Specify Color: Blue shaft with Yellow blade or Red shaft with White blade
1505 56 Standard, 56" \$17.20
1505 60 Standard, 60" \$17.20

Carlisle STM Paddle Favored by most commercial outfitters because the 8" x 20" plastic blades are resistant to ultraviolet degradation. 1-1/8" diameter aluminum shaft is covered with high density polyethylene to provide a warmer grip, and protection from nicks, dents and oxidation. T-grip handle. 66" STM paddle shipped as oversize 60" weighs 2 lbs 4 oz.

1515 56" or 60" STM Paddle \$23.15
1515 66" STM Paddle \$23.15

Carlisle Guide Paddle You can rely on this paddle's strength and extra-long blade in demanding whitewater. T-grip handle and polyethylene clad 1- 1/4" shaft with 8" x 26" reinforced polyethylene blade. Provides comfortable handling and enables you to reach the water from the elevated stern of a raft. 60" weighs 2 lbs 14 oz. 66" and 72" Guide paddles shipped as oversize.

1520 60 Guide Paddle 60" \$34.95
1520 66 Guide Paddle 66" \$34.95
1520 72 Guide Paddle 72" \$34.95

Carlisle Bent Shaft Canoe Paddle Carlisle's new Bent Shaft Canoe Paddle with a spoon blade gives you additional power and a foam padded lower grip for comfort. This paddle will get you across those long lakes with little effort. T-grip handle. Yellow blade with blue anodized shaft. 54" weighs 1 lb 10 oz.

Specify size.
1522 Carlisle Bent Shaft Paddle; 50", 52", 54" \$32.50

DELUXE

Easy Rider Drip Rings This deep, convex ring can be taken apart and then attached anywhere on the paddle shaft. Made of clear urethane. One size fits all. Pair.
1595 Drip rings **\$6.25**

Werner Wenatchee Quite possibly the most popular whitewater paddle in America. It is also our best selling performance kayak paddle. The narrow dihedral, 80 degree feathered blades are original Werner designs, created to offer support and efficiency to the paddler's natural stroke. Blade tips are double-reinforced and rounded to reduce twist and increase durability. Flat back rib for excellent backstroking power. The Wenatchee take-apart is easy to transport and is an excellent choice for a spare paddle. Standard blade color, White. Offered in 202, 204, 206, 208 cm. CUSTOM blade colors are available in red, fuchsia, yellow, purple, berry, navy blue, sky blue and aqua. Custom blade colors are subject to a \$26.00 custom order charge and a 4-6 week delivery time. We also offer the Wenatchee Junior for women and kids. The smaller blade area and reduced shaft size lessen fatigue and improve performance. 4-6 week delivery on Junior. Oversize charges apply on one piece paddles.

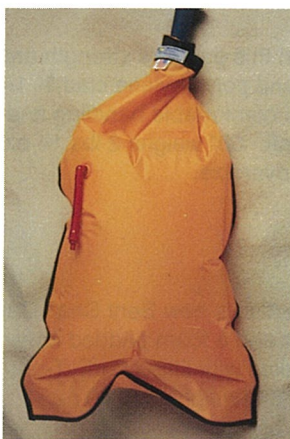

1575 Standard **\$152.00**
1577 Take-apart **\$179.50**
1576 Junior **\$152.00**

Sex Wax You're probably familiar with Sex Wax as a product for surfers. We brought it in for your kayak & canoe paddles. It gives you a sure grip on your paddle shaft for better control. Assorted fruit scents, please let us select.

1592 Sex Wax **\$1.00**

NRS Sea Kayak Paddle Float This Paddle Float is used as a self-rescue device for sea kayakers. Inflated by mouth and slipped over a paddle blade, it acts as an outrigger during deep water entries. Urethane coated nylon. Bright yellow
1598 Paddle Float **\$29.95**

WERNER SEA KAYAK PADDLES

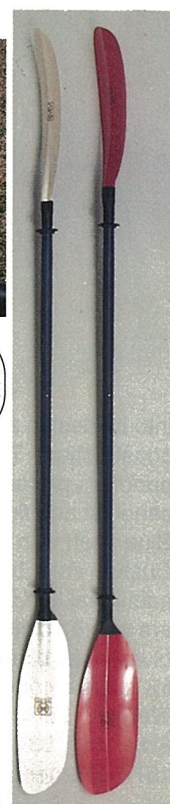

Pictured left to right: San Juan (Custom Fuschia Blade), Camano (Standard Color)

San Juan You'll find this to be the best general touring paddle. The larger blade gives power to your strokes. Designed for strength, dependability and efficient long distance paddling. Vacuum molded blades with epoxy fiberglass shaft. Feathers left, right and straight. Custom colors available \$26.00, see Wenatchee description.

Sizes: 230, 240, 250, 260 cm
1582 San Juan **\$179.50**

Camano A narrow version of the San Juan blade. Great for distance touring with less fatigue. Same features, construction and sizes as the San Juan.

1580 Camano **\$179.50**

Outfitter Tough

Carlson Barrel Pumps When you're on the river and away from electricity, a high-volume Carlson Barrel Pump will allow you to pump up your raft using the least possible amount of time and energy. Sturdy PVC components with brass valves and rubber O-ring seal. Completely submersible. Stands two feet high, has a 21" stroke, and is fitted with a 6' non-kink hose. Spare O-ring included. Ten year guarantee. USA.

Sizes: 4" and 6" diameters

1710 4" Carlson

\$125.00

1711 6" Carlson

\$155.00

Metro Inflator/Deflator Our 12 volt (car battery) inflator is one of the most durable pumps on the market. The rugged all-steel case is protected with a baked enamel finish and the 9' power cord is equipped with car battery clamps. This pump will inflate a 12' raft in 7 minutes and the 5" black tapered nozzle will fit most standard raft valves. You will still need to "top off" your raft with one of our manual pumps.

One year manufacturer's warranty. USA.

1705 Metro Inflator/Deflator

\$49.50

GET PUMPED!

NEW

Metro AC Blower We've tested this blower ourselves and find that it "outblows" other AC blowers of comparable price. This self-standing blower operates on a 110V AC house current reaching 1.7 peak horsepower at 7.5 amps. Maximum pressure is 2.5 lbs which it delivers at 100 cu ft/minute. Inflate or deflate with the handy six foot flexible hose and tapered nozzle. Rugged steel case is protected by a bright orange, weather resistant, baked enamel finish. One year manufacturer's warranty. USA

1706 Metro AC Blower

\$140.00

The Original

Wonder Pump This is the authentic Double Action Wonder Pump imported from Italy - don't confuse it with the cheap imitations! You get twice the output with the same effort since it pumps on both the up and down strokes. Perfect size to strap to a raft thwart or frame while on the water. Made from tough lightweight plastic, with a 60" non-kink hose. No metal parts to rust and seize. Three-part adapter fits military style and most other valves.

NRS Rubber Adapter included.

1716 Wonder Pump

\$31.95

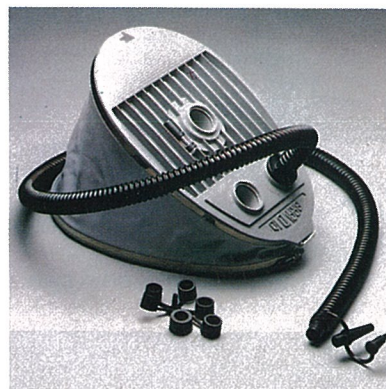

Big Blower With a 110 volt, AC electric outlet available, this is the fastest way to inflate or deflate your raft. Fits military and other valves, and delivers 60 cu ft/minute at 2 psi. Universal 1 HP, 110 volt motor, 6.5 amp with precision bearings in a lifetime lubricant. 30' yellow safety cord with a molded rubber grounding plug. Handy thumb switch permits one-handed operation, leaving the other free to close the raft valve.

One-year manufacturer's guarantee. USA.

1721 Big Blower

\$128.00

Bravo 10 Foot Pump You'll love what our new double chamber foot pump will do for your raft inflating! The large 305 cubic inch chamber will pump up the bulk of your raft quickly. The small 100 cubic inch chamber allows you to fine tune your top-off with less foot pressure. Foot plates are reinforced with fiberglass & the pressure gauge gives you a 2-1/2 lb pressure reading. Universal valve adapter and 60" crush resistant hose come standard. Imported from Italy.

1700 Bravo 10 Foot Pump

\$56.50

22 Pumps & Camping

Order Toll Free
7am-6pm PST Mon-Fri

Bravo 2 Foot Pump Our highest volume foot pump, imported from Italy. Weighing in at under 3 lbs the Bravo 2 has a 395 cubic inch volume that will out pump all other foot pumps on the market. Fiberglass reinforced footplates, 56" hose, a 5-part valve adapter and inflation/deflation ports are standard features on the Bravo 2 foot pump. The Bravo 2's low weight and compact size makes it ideal for the inflatable kayak enthusiast.

1703 Bravo 2 Foot Pump \$28.50

NEW Bravo 12 Electric The Bravo 12 pump is the first 12-volt (car battery) inflator/deflator specifically designed to inflate your raft up to full pressure. This pump is able to inflate a 12' raft up to 2.0 PSI in about 12 minutes. Adjustable pressure gauge automatically stops the Bravo 12 at your desired PSI (2.25 to 2.5 PSI). Power cord has car battery clamps. Supplied with hose and universal valve adapter. Made in Italy.

1704 Bravo 12 \$120.00

(3 or more stools \$11.50ea)	
2715	Roll-A-Cot \$54.50

Moss Parawing Tarp The only "unflappable" tarp around. Specially cut and sewn, these tarps are drum tight when pitched with only four guy ropes. Offered in 12' and 19' sizes (diagonal measure). 19' Parawing includes two 8' heavy-duty steel poles.

2767 12	Parawing Tarp 12'	\$118.00
2767 19	Parawing Tarp 19'	\$210.00

Insul-A-Mat Self-inflating foam pad made with open cell foam bonded to nylon for durability. This is the finest insulating sleeping pad made.

Size: 72"L x 26"W x 2" thick. Blue.
2705 Insul-A-Mat \$59.50

Willy in the Crazy Creek Chair, Dave Smart in the Power Lounger, Mahtoh on guard

Parawing, Roll-A-Cot, Insul-A-Mat, Roll-A-Table and Stools. Amy, Rick & Maury on the Lower Salmon

The Firepan This is what everyone has been asking for: a durable, well made firepan with slip-it-together construction for easy assembly and breakdown. Firepans are becoming essential on many of our rivers. This Firepan meets USFS requirements so you can take it anywhere. Made of steel, the Firepan has an optional aluminum cover for packing convenience. Use 4' HD straps to secure the lid. Made in Idaho.

Weight: 28 lbs

Size: 15"W x 24"L x 22" high when set up, breaks down to 3" deep when packed.

2725 Firepan \$99.50

2726 Aluminum Cover \$18.00

Firepan, 5 qt. & 8 qt. Dutch Ovens and the 3 & 6 gallon Rubbermaid Water Containers

Dutch Ovens Made in the USA by Century Cookware. These deep-belly cast iron ovens are ideal for the river gourmet. Seals in juices for that mouth-watering end-of-the-day meal with little effort. Great for baked goods. Available in 5qt. (10" Dia. 4-1/2 Deep) and 8qt. (12" Dia. 5" deep) sizes.

2730 5 Dutch Oven 5 qt \$32.50

2730 8 Dutch Oven 8 qt \$47.50

Pur Water Purifiers The Pur Explorer is the first portable water purifier to remove all organisms including Giardia, bacteria and viruses. Self-cleaning and pumps 1.5 liters/minute. Cordura nylon case.

The Pur Scout (not pictured, available in April) is as effective as the Explorer in removing harmful organisms, but it is not self-cleaning. Pumps 0.75 liter/minute.

Both purifiers feature a durable thermoplastic body and unique fiber filter that won't break like brittle ceramic filters.

The Pur Carbon Filter screws onto both of the above purifiers to remove pesticides, organic contaminants and improve taste.

We know there are other more expensive water filters available but you should know there are none finer than Pur. USA.

Weight: Explorer 20 oz, Scout 12 oz

2702 Pur Water Purifier \$129.50

2703 Pur Scout Purifier \$59.50

2704 Pur Carbon Filter \$19.95

Bob Foote Canoe Saddles

COMPLETE CONTROL

Grand Canyon Saddle by Bob Foote. Absolutely the finest open canoe saddle. This rotomolded saddle comes complete with two water bottles, dry box, "Keepers" footbraces, padded seat, large semi-dry storage compartment, throw rope holder, knee pads, contoured thigh straps, mounting patches and adhesive. The Grand Canyon saddle gives you optimum control in all swift water conditions and will help you master your open canoe roll. Since this saddle is not permanently attached to your boat, you may purchase extra mounting kits and switch your saddle from boat to boat. Mounting this saddle in your canoe is a simple procedure. USA.

Weight: 13 lbs complete

2045 Grand Canyon Saddle	\$299.50
2045.1 Grand Canyon Extra Attachment Kit	\$ 55.95

Ultra Light Foam Saddle Kit by Bob Foote. Mini-cell saddle kit for the open canoe includes foam saddle with knee wedges, standard thigh straps with D-rings, Bob "Foote" braces and all of the adhesives needed for installation. We feel this is the best foam saddle kit available. All of the above components are available separately. USA.

Weight: 2.5 lbs for saddle

2046 Ultra Light Foam Saddle Kit	\$159.50
2047 Ultra Light Foam Saddle only	\$ 65.95

Open Canoe Roll Video by Bob Foote The definitive instruction video on the open canoe roll by the "guru" of big-water open boating, Bob Foote. Slow motion underwater footage.

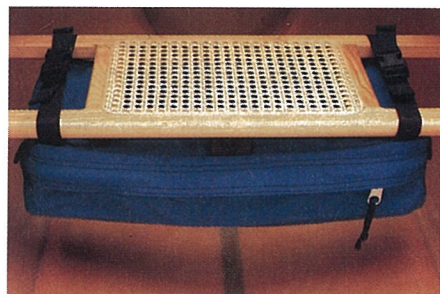

3483 Video	\$29.95
-------------------	----------------

Bob Foote Contoured Thigh Straps

Contoured Thigh Straps by Bob Foote Bob has developed the most comfortable open canoe thigh straps on the market. Specially cut and sewn to follow the curve of your thigh for optimum boat control. These are the same ones used on the Grand Canyon Saddle. USA.

2050 Contoured Thigh Straps	\$34.00
------------------------------------	----------------

NEW Canoe packs from Granite Gear

Stowaway Canoe Seat Bag by Granite Gear This ingenious bag straps under your canoe seat to store all of your immediate accessables. Cordura nylon with one large zippered compartment.

Capacity: 700 cubic inch

Color: Royal blue

3077 Canoe Seat Bag	\$33.50
----------------------------	----------------

Thwart Bags by Granite Gear These versatile thwart bags of Cordura nylon attach to canoe thwarts with two snaphooks. The Navigator (950 cu in) has one large zippered storage area and a velcro closure pocket. The Mariner (550 cu in, not pictured) has one large zippered storage area. Royal blue. USA.

3075 Navigator Thwart Bag	\$41.50
3076 Mariner Thwart Bag	\$27.00

Otter Pocket Nifty bag that ties onto a canoe thwart or raft frame, the Otter Pocket serves as a catch-all for the clutter in your boat. An elastic and Velcro closure keeps contents collected and safe, although the pocket is not waterproof. Made by Dragonfly Designs in a tough, coated nylon oxford, the Otter Pocket measures 10-1/2"W x 15"L. Assorted colors, please let us select.

3090 Otter Pocket	\$15.50
--------------------------	----------------

From left: 3-D Solo, Standard Solo, 3-D Solo rigged

NRS Canoe 3-D Solo Float This is our best solo flotation because of the 3-dimensional construction. The bag will completely fill the bow or stern section of all popular whitewater canoes. Offered in short or long version. Red. Imported.

Dimensions: **Short** 44"L x 40"W inflated (2 lbs), **Long** 58"L x 40"W inflated (2 lbs 6 oz).

2089 S Short 3-D Solo

\$43.50

2089 L Long 3-D Solo

\$47.75

NRS Solo Canoe Floats One of these large, tapered bags will fill the bow section of most 16' or 17' canoes. Sold individually so you can custom fit your canoe. Offered in a short or long version. Red. Imported. **Dimensions** **Short** 54"L x 34"W x 14"D (2 lbs), **Long** 62"L x 34"W x 14"D (2 lbs 4 oz).

2090 S Short Solo Bag

\$31.50

2090 L Long Solo Bag

\$33.75

NRS 3-D End Floats Designed much like our 3-D Solo Floats, the 3-D End Floats completely fill the ends of most canoes except those equipped with factory flotation chambers. Because of their small size, the 3-D end floats do not have dump valves. Red. Imported.

Dimensions: 28"L x 16"W x 18"D inflated (1 lb 14 oz/ pair). Sold as a pair only.

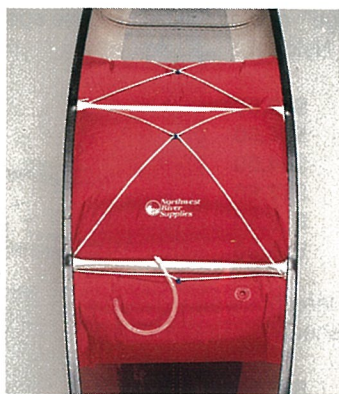

2092 3-D End Floats

\$49.00 pr

Canoe Flotation Lacing Blue Water 3 mm nylon cord perfect for flotation lacing. Various colors, let us choose.

1844 3 Flotation Lacing

\$ 0.15/ft

NRS Center Float One of the largest center floats made. These functional center floats fit in all whitewater tandem canoes. Our unique Center Float is wider at the middle than it is in the ends, so the bag will match the contours of all canoes, except those with upright bracing. Red. Imported.

Dimensions: 59"L X 36"W inflated (3 lbs 4 oz).

2093 Center Float

\$44.00

NRS Canoe Center Splits

These bags effectively fill the center of a canoe because of their three-dimensional rectangular design. Match long with short center splits when you need room for gear. The photo at right shows one long center split and one short, leaving space for extra gear. Sold in pairs only. Imported.

Dimensions: **Short Split**

34"L x 18"W x 16"D inflated

NRS Pro Rescue Bag Our Pro Rescue Bag is one of our hottest sellers. Designed for the professional river guide, fire and rescue service or dedicated river enthusiast who wants to have the strongest rescue bag available. The neon yellow 400 denier bag contains 75' of floating 3/8" Spectra™ rope and a thick ethafoam block for flotation. This static (low stretch) kernmantle rope has a bright yellow and red polypropylene sheath with a Spectra™ core. Tensile strength of 4500 lbs and static nature make it suitable for haul systems like the Z-drag (see page 47 for the River Rescue Book by Les Bechdel and Slim Ray). **Weight:** 40 oz
1823 Pro Rescue Bag \$67.50

NRS Kayaker's Rescue Bag Thanks to a suggestion from Les Bechdel, we now have a Kayaker's Rescue Bag in our rescue line. The 400 denier orange nylon bag contains 60' of floating 1/4" Spectra™ core kernmantle rope. Half the size of our standard Rescue Bag, the Kayaker's Bag weighs 18 oz, perfect for self contained kayak trips and squirt boaters.
1822 Kayak Rescue Bag \$43.50

Russ Anderson Rescue Pulley The 2" x 1/2" SMC pulley features Oilite bearings, high strength stainless steel side plates and heat treated aluminum sheaves. Use 1/2" Blue Water river rescue rope or 3/8" Spectra™ rope. **Weight:** 8.5 oz
1438 Rescue Pulley \$24.50

Z-Drag Sticker by Bob Foote A handy vinyl sticker showing the proper set-up for a rescue Z-drag system. Place anywhere on your boat or first aid kit for quick and easy reference.
1439 Z-Drag Sticker \$1.75

SAFETY FIRST

NRS Rescue Bag Every raft, kayak and canoe should be equipped with an NRS rescue bag. Offered in neon orange or neon fuschia for high visibility with a 1" thick ethafoam block for flotation. Includes 65' of the highest quality, bright yellow, dynamic floating 3/8" kernmantle polypropylene rope with a tensile strength of 1900 lbs. Quick emergency access through a drawstring closure secured with a barrel lock. The 1" webbing loop has a side release buckle that easily attaches to a D-ring, raft frame or carabiner. Instructions included. **Weight:** 34 oz. Must be repacked before using!

Please specify color: Orange or Fuschia

1825 Rescue Bag

\$32.50

Adventure Medical Kits

These kits are designed by a physician trained in Emergency and Wilderness Medicine. Both include an owner's manual with recommendations and medical information. Absolutely the last first aid kit you'll have to buy. Offered in two models:

Comprehensive: For extended visits to wilderness areas or third world countries without adequate access to medical care. Features a detachable inner bag with

belt loops for day tripping. Includes: Sam Splint, bandage scissors, scalpel, hypothermia thermometer, and much more! **Weight:** 2 lbs 14 oz

Backcountry: Smaller and lighter this kit is ideal for shorter river excursions. Includes: Tick remover, sting ease, moleskin and more! Call for complete list of items.

Weight: 1 lb.14 oz

Sizes: S, M, L, XL

Color: Teal with violet trim

2254 Kokatat Meridian \$330.00

STAY WARM & DRY

What's the difference between a wetsuit and a drysuit?

A wetsuit keeps you warm by allowing a thin layer of water to get into the suit. Your body warms up the water and in turn keeps you warm. A drysuit keeps you warm by keeping what you wear underneath it dry. The waterproof materials of the drysuit keep the water from getting in. You will perspire in a drysuit, but you will be much drier when you get off the river if you've been wearing a drysuit instead of a wetsuit. We also suggest you have either a wetsuit or a drysuit with you on any river trip. Even if the weather starts out great, it could get cold in a hurry – think warmth and safety.

Kokatat Polartek (Dave S.)

Kokatat Polartek Shirt and Pants

Lightweight pile for warmth. Shirt has a crew neck, extra long shirt tail and zippered chest pocket. Pants have an elastic waistband with adjustable velcro straps at the ankles.

Material: Soft polyester with Polar Plus™ lining

Sizes: S, M, L, XL (sizing chart at right)

Color: Royal Blue

2522 Shirt **\$52.50**

2524 Pants **\$55.50**

What do you wear under a Drysuit?

You keep warm in a drysuit by what you wear underneath it. The waterproof material and latex gaskets used on drysuits keep the cold water out. So, when you get out of your drysuit at the end of the day, what you're wearing underneath is dry. We suggest fabrics such as polypropylene or Polar Plus™ since they will wick the perspiration and moisture from your skin while still insulating your body. We carry Kokatat's Polartek™ Pile because we feel it's the best on the market for keeping you warm and comfortable at a reasonable price (pictured at left).

HiTrax Sandals by *Surfside*

HiTrax Sierra Sandal

HiTrax Sierra II Sandal

HiTRAX Sports Sandals HiTrax sandals by Surfside will be an unfamiliar name to many of you, although professional river guides in California have been wearing them for years. We think HiTrax sandals are a wonderful addition to our sandal line. Sierra and Sierra II sandals feature an exclusive high-friction lugged sole, nylon webbing and velcro adjustments backed up by a ladder-type buckle. This system will not fail in severe whitewater. Both styles feature a tapered front sole to lessen the "stub your toe" syndrome and a molded heel cup for a shorter break-in period. USA.

Sierra Sandal T-strap design over the center of the foot for even tension and the "true-fit" ankle strap system for a solid, comfortable fit.

Please Specify Color: Black or Royal Blue

Sierra II Sandal X-strap design over the foot for the most severe conditions and the "true-fit" ankle strap system.

Children's Lifejacket (Kyle)

Extraspport Children's Lifejacket

These lifejackets are made with the same high quality materials and craftsmanship as the adult jackets. They're comfortable, so they'll be worn with little protest. 65% of the total flotation is in front and 35% is in back of the jacket. This helps the wearer float comfortably in the water. Both sizes exceed the minimum required buoyancy of 11 lbs for these sizes.

Youth size does not have leg straps.

Sizes: Medium (23-26" chest and 50-70 lbs), Youth(26-29" chest and 70-90 lbs)

2165 Children's Lifejacket **\$41.95**

A Word About Coast Guard Ratings

All the lifejackets that we offer are Coast Guard approved and satisfy the following minimum buoyancy requirements:

Type III: 15.5 lbs

Type V: 22.0 lbs

Type III lifejackets are designed for recreational use. Our Type V lifejackets are specifically designed for whitewater use.

The Squirt lifejacket is a special Type V meeting only the 15.5 lb buoyancy minimum.

Extraspport Rogue

Extraspport Rogue A Type III (up to 21 lbs of flotation) "shorty" jacket for kayakers and canoeists. The supple foam enclosed in 200 denier nylon extends over the shoulder for comfort in portaging. Full length YKK zipper, ladderlock side adjustments, waist tie, mesh pocket and a knife attachment patch.

Size: S(36"-39"), M(40"-43"), L(44"-49")

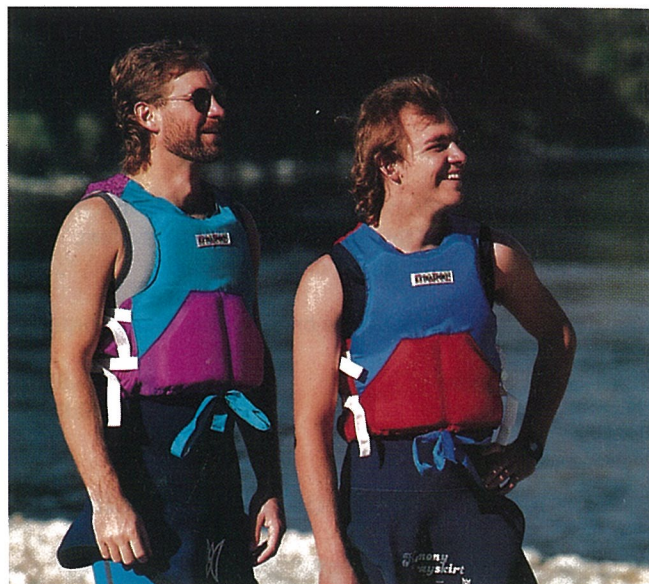

Color: Red, Blue, or Purple

2170 Extraspport Rogue

\$59.50

2163 Extraspport Crotch Straps

\$ 7.50

Purple/Teal Squirt (Dave) Red/Blue Squirt (Willy)

Extraspport Squirt A great lifejacket for the squirt boater, slalom kayaker and sail boarder. Provides 16 lbs 12 oz of flotation. Deep armholes and a short waist gives more comfort and freedom of movement. Adjustable dual side straps and a waist tie to reduce ride-up.

Sizes: S(37"-39"); M(40"-42"); L(43"-45"); XL(46"-48")

Color: Purple/Teal or Red/Blue

2173 Extraspport Squirt

\$57.00

Extrasport Buddy (Kenny, Shirley, Dave S.)

Extrasport Buddy One of the most comfortable and adjustable Type III/V lifejackets available. Over 24 lbs of flotation in adult sizes for extra security. Adjustable front buckles, two sets of sidestrap adjustments and waist belt with buckle. Segmented collar provides additional impact protection and head support in the water while the extra front flotation turns you face up.

Color: Red on Red, Yellow on Blue, or Light Blue on Blue. Three sizes: Youth (26-29" chest) S/M (30"-42" chest) L/XL (43"-52" chest)

2175 Y Buddy, Youth	\$82.50
2175 S Buddy, S/M	\$82.50

Dear Sir,

'Got my new Dagger Response in last week, and I just wanted to drop you a note to say thanks a bunch to Shirley, and to whoever is in charge of Purchasing, for getting this boat to me.

I have always appreciated the courtesy of your staff, but this time they really outdid themselves!

Thanks Again!
Mike Colquitt
Wetumpka, Alabama

Carlson Maxi / Rescue Board

We offer the finest equipment for the up and coming sport of River Boarding. Unlike smaller ocean boards that don't provide enough flotation in aerated whitewater,

Carlson Boards,

with nearly three times the flotation, are large enough for the toughest rivers and hydraulics. The Rescue III organization, is currently training with and using the Rescue/Maxi Board for swiftwater rescue. A high density polyethylene bottom surface maximizes speed and handling characteristics. Four handles come standard as does a sculpted deck for comfort. Made in the USA. Lime Green/White only.

Churchill fins are essential for propulsion and knee pads, helmets, wetsuits and booties are required for safety (see pages 28, 31 & 45).

Dimensions: 55"L x 24"W x 4" thick

River boarding is only recommended for people in good physical condition and with extensive whitewater experience.

(oversize shipping charges apply)

48 Videos & Repair

Order Toll Free
7am-6pm PST Mon-Fri

These one hour videos are some of the finest video productions that we have seen on river running. Predominantly rafting footage, they are great views of the rivers.

CAMERA ONE River Videos

California Whitewater Over a dozen rivers are featured. To name a few: N & S Fork of the American, Burnt Ranch, Upper Klamath, Deer Creek and Scott.

3462 California Whitewater \$23.50

CANON-The Grand Canyon Venture into the wilderness heart of the Colorado River in an extraordinary look at the world's most spectacular canyon.

3466 CANON-The Grand Canyon \$23.50

Southeast Whitewater The Nantahala, Ocoee, Chattooga, French Broad and Nolichucky Rivers are showcased in this informative video.

3490 Southeast Whitewater \$23.50

Southwest Whitewater Great whitewater footage of Cataract Canyon, Green River, Delores and the San Juan.

3491 Southwest Whitewater \$23.50

West Virginia Whitewater The Gauley & New Rivers are beautifully filmed in this video. Historical sequences & B.A.S.E. jumping from New River bridge.

3494 West Virginia Whitewater \$23.50

Wilderness Rivers So many beautiful rivers we could only name a few: Merced, Cal Salmon, Fraser, Chatooga, Gauley & the West Penobscot.

3496 Wilderness Rivers \$23.50

Videos can not be returned unless defective.

Tenacious Tape Heavy duty tape that will repair just about anything. From repairing float bags and waterproof bags, to taping in kayak hip pads and temporary repairs on rafts, this is the tape. Use it where you would use duct tape - we bet it will work better! X-cross fiberglass filament roll; 5"W by 20' L.

1995 Tenacious Tape \$18.95

Tools

Leatherman Tool The handiest tool you can carry. Includes: pliers, needlenose pliers, wire cutters, knife, ruler, can/bottle opener, large, medium and small screwdrivers, phillips screwdriver, file/saw for metal or wood, and awl/punch. All packed neatly in a leather belt case. The component tools are hidden inside the stainless steel handle and are pivoted out for use. 5 oz.

2760 Leatherman Tool \$41.50

Sewing Awl Useful for repairs of all kinds. A pair of needles and 20 yds of thread packed neatly into the wooden handle for easy access and storage.

1992 Awl \$6.50

1993 Extra Needles \$2.95

1994 Extra Thread \$1.95

Pro Roller The large wooden handle of the Pro Roller is comfortable to grip, especially for those big repair jobs. It also makes the repair job easier and less time consuming.

1991 Pro Roller \$5.00

Roller Rasp With this handy repair tool, you can rasp the material before applying glue, then run the roller over the patched surface to get a good bond.

1990 Roller Rasp \$2.50

Halkey-Roberts Valve This two-piece delrin one-way valve has a separate base, and is sealed with a locking cap. Just unscrew and screw in to repair raft valve.

1485 Halkey-Roberts Valve \$12.00

1485.7 H-R Valve Wrench \$ 3.50

Nylon Military Valve Standard size replacement military valve. Six-hole mounting pattern. Available with or without boot.

1480 Nylon Military Valve \$ 9.75

1481 Nylon Valve with Boot \$12.75

Metal Military Valve Metal Military valve with standard 6 hole mounting pattern. Without boot.

1488 Metal Military Valve \$13.00

Adhesives

We have found Shore and Carboline Adhesives to be good all-purpose, one-part adhesives for use on Hypalon™, Neoprene, and other rubber materials. Bostik 2-part adhesive is the strongest adhesive we carry for those fabrics.

Carboline Adhesive

1900 T Carboline, 3 oz tube \$ 4.75

1900 P Carboline, Pint \$12.95

1900 Q Carboline, Quart \$19.75

Shore Adhesive

1906 P Shore, Pint \$ 9.50

1906 Q Shore, Quart \$15.50

Bostik Two-Part Adhesive

1905 Bostik 1/4 Liter (8 oz) \$19.95

PVC Cement and Cleaner For PVC coated fabric alone, or mix with the catalyst for high-load stress seams.

1910 P PVC Cement, Pint \$ 8.50

1910 Q PVC Cement, Quart \$13.95

1912 P PVC Cleaner, Pint \$ 5.95

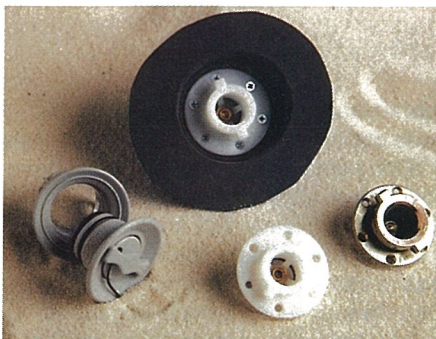

1912 Q PVC Cleaner, Quart \$ 8.50

1914 Catalyst 8 oz \$10.95

Stabond 1/2 pt PVC or HYSIDE Hypalon™ adhesive with accelerator.

1903 StaBond, 8 oz \$8.50

Above adhesives are FLAMMABLE

Halkey-Roberts Valve, Nylon and Metal Military

Cleaners

Gaco Thinner/Cleaner as the name implies, is used to thin the coating for better painting, and also to clean the raft beforehand. Xylene based. Flammable.

- 1922 Q** Gaco Thinner, Quart **\$12.75**
1922 G Gaco Thinner, Gallon **\$28.00**

Raft Cleaner High quality cleaner formulated especially to prepare the surfaces of inflatable boats for repair. It is not suggested as a paint thinner. Toluene based. Flammable.

- 1920 P** Raft Cleaner, Pint **\$5.95**
1920 Q Raft Cleaner, Quart **\$7.95**

303 Protectant Great for all your equipment, from inflatable rafts to our waterproof bags! It cleans the surface and protects it from harmful UV rays. It will not coat your equipment in a way that repairs cannot be made in the future. (You must still use Raft Cleaner before patching your raft). Not flammable.

- 1909 S** 303 Protectant, 8 oz spray **\$ 6.75**
1909 Q 303 Protectant, Quart **\$21.75**

Repair Kits

Repair Kits All kits are packed in a NRS waterproof box. Flammable

- * 6"W x 20"L tube material
- * 6"W x 20"L floor material
- * one raft valve
- * roller rasp
- * an assortment of small patches
- * 3 oz tube of Carboline adhesive
- * complete instructions
- * NRS repair kit includes a Halkey-Roberts valve.

- 1980** NRS Neoprene, Gray **\$25.50**
1981 NRS Metzeler, Blue **\$31.00**
1982 NRS Metzeler, Red **\$31.00**
1983 Hypalon™, Gray **\$31.00**
1986 Avon **\$33.50**

Raft Material

Raft Material Prices are per running foot, the widths are approximately 48" to 52".

- 1952** Hyside Blue Hypalon™, 36 oz **\$18.75**
1953 Hyside Floor Material, 48 oz **\$20.95**
1956 NRS Blue Metzeler, 24 oz **\$12.00**
1957 NRS Red Metzeler, 24 oz **\$12.00**
1955 NRS Reeves Neoprene Floor, 42 oz **\$10.00**
1960 NRS Gray Neoprene, 42ozd **\$ 7.00**
1958 Gray Hypalon™, 840d **\$19.95**
1971 Avon Gray Hypalon™ **\$26.00**
AIRE Fabrics (Aqua, Blue, Gray, Yellow)
1972 AIRE Tube Material 42 oz PVC/dacron **\$11.00**

Wear Patch Material Heavy black neoprene for frame wear patches, floor protection and non-slip seating on slick raft tubes.
1975 Wear Patch, 9" wide **\$2.00/ft**

Paint

Painting a raft prolongs material life by providing protection from ozone and UV. It may solve some pin-hole leaking. Use the GACOflex H-22 Hypalon™ Coating for painting Hypalon™ rafts. Use the GACOflex N-1700 Neoprene Coating for painting Neoprene and EPDM rafts. One gallon of coating should cover the tubes of a 14' raft. Use Gaco Thinner/Cleaner for smoother surface and quicker drying.

GACOflex N-1700 Series Neoprene

- 1932 Q** Gray, Quart **\$15.25**
1932 G Gray, Gallon **\$38.50**
1940 Q Black, Quart, **\$14.50**

50 Coolers

Order Toll Free
7am-6pm PST Mon-Fri

COOL IT DUDES!

Rubbermaid Coolers These outfitter-grade coolers will keep food and drink cold for a long time. Rubbermaid coolers have proven their worth on countless expeditions. Heavy duty construction for large and heavy loads, the Rubbermaid coolers carry a three-year normal usage guarantee, covering defects in material and workmanship. Listed below are the features of each versatile size:

60-qt--two refreeze bottles, hinged lid, molded handles, removable storage tray, Snaploc latch and drain plug. Outside dimensions of 28"L x 16 1/2"W x 15-1/2"H. Fits nicely in the stern compartment of smaller rafts.

80-qt--same features as the 60-Qt, except for three refreeze bottles. Dimensions of 34"L x 16-1/2"W x 15-1/2"H.

105-qt--combines the best features of the 80-Qt and the larger 123-Qt and adds the split lid design. Dimensions of 38-7/8"L x 18-1/4"W x 16-7/8"H

123-qt--For large groups, offers extra-thick insulation, padded carry handles, drain plug and removable storage bin. Unique split-lid allows access with minimum cold air loss. Dimensions of 39-1/4"L x 19-1/2"W x 17-7/8"H.

178-qt--The Outfitter's first choice for extended trips with large groups of people. Same features as the 123-Qt, with dimensions of 45-3/8"L x 21-1/8"W x 19-3/8"H.

1250 60	Cooler, 60 qt	\$59.95
1250 80	Cooler, 80-qt	\$79.95
1250 105	Cooler, 105-qt	\$127.95
1250 123	Cooler, 123-qt	\$165.00
1250 178	Cooler, 178-qt	\$281.00

COMPACT & COOL

Rubbermaid Coolers & Marjorie

Frost-Pak Soft Coolers Space-age reflective Mylar is bonded between two layers of fiber-fill insulation and encased in flexible, rugged 19 oz PVC coated Dacron to create a cooling space that rivals the rigid coolers. The insulated lid has a coil zipper entry. The 12-Qt and 20-Qt coolers have carry straps and the 40-Qt cooler features padded carry handles and straps. These coolers can be compressed and stored in a smaller space as food and drinks are consumed. Three sizes. USA

Colors: Blue, Yellow, Red, or Purple.

1260 12	12 Qt (8"x 8"x12")	\$21.95
1260 20	20 Qt (18" x 9"x9")	\$35.95
1260 40	40Qt (20" x 12"x12")	\$52.95

Plastic Barrels These rugged, waterproof plastic containers have a two-piece lid (like a mason jar) with a watertight rubber O-ring seal to provide a foolproof, economical way to keep your food and gear dry (and critter-proof). The Papa barrel measures 21"Diam x 36"H, with a 13" opening and a capacity of 50 gallons. Baby Barrels measure 10"Diam x 17"H, have a 5" opening with a 5 gallon capacity. Baby Barrels work great for dry storage in all but the shallowest sea kayaks. (Barrels were originally used to import food products, so some may have a slight, but interesting fragrance.)

3050	Baby Barrel, 5 gal	\$13.00
3052	Papa Barrel, 50 gal	\$37.00

RUGGED WATERPROOF STORAGE

Waterproof Aluminum Dry Box

This dry box is made of maintenance-free .080" thick aluminum, with smooth heli-arc welds, giving you a lightweight yet durable dry box. The ideal storage accessory for any of our raft frames pictured on pages 12-13. Continuous plated steel hinges on the lid, folding carry handles and special tension-adjustable latches are standard. A foam seal in the lid makes it waterproof for all your gear. Made in Idaho.

Size: 38"L x 16"H x 13"D

Above: Teal 3.8 Bill's Bag. Right: 3.8 HD.

Bill's Bags

THE ORIGINAL AND STILL THE BEST

NRS Bill's Bags This is the original Bill's Bag that's perfect for clothes and sleeping gear. Backpack straps and padded carry handle make it easy to carry into camp or over short portages. The 3.8 and 2.2 Bill's Bags have a 19 oz. PVC/Dacron body and 34 oz. PVC/Dacron round bottom.

2.2 Bill's Bag (2.2 cubic foot capacity, 3800 cubic inches) is great for one person's gear. It measures 14" diameter by 24" high when packed full.

3.8 Bill's Bag (3.8 cubic foot capacity, 6560 cubic inches) measures 16" diameter by 33" tall packed and provides enough room for two people's carefully packed gear.

3.8 Heavy Duty Bill's Bag Same construction as the standard 3.8 Bill's Bag, but with an additional six inches of 34 oz. wrap up the side to better withstand dragging on rocks and sand. USA.

Color: 3.8 Bag in blue, teal or light blue; 2.2 Bag in blue or teal; 3.8 Heavy Duty in red only.

2910	2.2 Bill's Bag	\$52.50
2900	3.8 Bill's Bag	\$53.50
2903	3.8 Heavy Duty Bill's Bag	\$71.50

NRS introduced the **FIRST** PVC waterproof gear bags 16 years ago, and we've kept improving since. We are proud of their reputation. We know you depend on them, so we don't cut any corners on quality. When you buy an authentic Bill's Bag, you can be sure it will be shedding water when the imitations are retired.

Welded and bar-tacked corners for secure storage.

Padded carry handle and shoulder straps for easy carrying of all Bill's Bags.

Bill's Bag Family, left to right: Lt. Blue 3.8, Red 3.8HD, Teal 3.8, Blue 3.8. In front: Blue 2.2, Teal 2.2

To whom it may concern,
Enclosed please find a Bill's Bag 3.8 which I purchased from a NRS catalog in May, 1991.

This bag served me very well during my recent trip on the Colorado River through the Grand Canyon; it kept my gear safe and dry through some of the hairiest rapids in North America. However, it apparently did not survive the (a major) airlines. The side strap was obviously ripped from the body of the bag during my trip back home.

Does NRS repair bags with this damage, or could the bag possibly be replaced? I have long relied on NRS gear in my varied expeditions, and this is the first time I have had a problem.

Best Regards,
Dale Carlson
Kihei, Hawaii

Of course we replaced Dale's bag. However, we do recommend taping down your straps when traveling by air.
NRS

Getting Technical: Yes, we know a high profile company has copied our bag designs. Superficially, these bags may look to be as high quality as ours, but their line is made of lower quality materials from the Orient. We only use these lighter and less durable fabrics on our small and economical Dri-Stow line. The competitor uses this lower quality fabric in **all of their bags**. In **all of our bags** but our economy Dri-Stow, we use the finest U.S. (Shelter-Rite) or German (Heywinkel) PVC coated fabrics. These fabrics have far greater tear strength, abrasion resistance and twice the weld strength of the oriental fabrics. Though you might not see the differences in the store, after a few weeks on the river you'll appreciate the major differences in the material and quality between our bags and theirs.

Kitchen Bag This is the watertight bag you need for any heavy or awkward equipment - like kitchen gear. Also great for group storage of sleeping bags, pads, tents, etc. The rectangular bottom is made of 40 oz. material, as defense against sharp objects and abrasion. We use 24 oz PVC/Dacron for the body and protective cover to make the bag super tough. The bag seals with a fold-down, buckled, waterproof closure. The overlapping protective cover fastens down with quick-release buckles. Padded carry handles make it easy to tote the bag into camp. Dimensions: 21"L x 19"W x 14"H. USA.

Assorted colors, please let us choose.

2921 Kitchen Bag

\$71.50

System 5 This is the bag for organized groups, river clubs and expeditions. It is the toughest and largest bag we make (28 oz PVC/Dacron and 40 oz bottom), and holds 5 cubic feet of gear. The System 5 measures 16" diameter x 42" high. USA. Pictured at left

Assorted colors, please let us choose.

BULLET PROOF BAGS

Well... maybe not, but definitely the next best thing.

NRS Paragon Portage Pack An internal frame pack that is truly waterproof. The heart of the system is our reliable 3.8 Heavy Duty Bill's Bag. The suspension system is very similar to popular high grade climbing and backpacking systems. Attached to the bag is a welded panel of 28 oz PVC, to which are secured 1-1/2" padded, fully adjustable shoulder straps and a 4-1/2" padded adjustable hip belt. An adjustable sternum strap keeps the shoulder pads in place while portaging. Internal stays of 6063 aluminum help support the load. You can remove the stays and custom-form them to your back. Tie on a tent or sleeping pad with the 1" straps on the front of the pack. Three compression straps encircle the pack for easy load adjustment, and a fully padded nylon-covered back panel cushions your back from bulky items. A padded carry handle lets you hoist the Paragon easily around camp. Delrin hardware.

NRS Super Tuff Sack These bags are great for smaller items, offering quick access to all those daily necessities, or to organize your gear inside a Bill's Bag. The round, 34 oz. PVC/dacron bottom stands up for ease in packing and the 19 oz. body means greater durability. The fold-down waterproof closure snaps back on itself with a side release buckle to create a handy carry handle or to snap around a frame or D-ring. X-Long comes with a carry handle on the side. USA.

Five convenient sizes:

Small (7-1/2" D x 12" H)

NRS Sea-Stow Bag We sized these bags to help organize gear within the long, narrow hulls of sea kayaks. The 400 denier urethane-coated nylon material helps the sea kayaker keep weight to a minimum. The largest bag weighs only 13 oz. This material also slides easily along the inside surface of fiberglass and polyethylene sea kayaks, making loading easier. Small and Extra-Small Sea-Stows will fit through 8" deck hatches. The sure sealing fold-down clip-lock closure ensures dry gear at the end of the day. Corner grommets for tie-down. USA.

2965 Patch Kit **\$.60**

NRS Side Duffel There's nothing more convenient than a duffel style bag you can unzip and actually find what you're looking for without taking everything out of the bag. That's why we offer you the waterproof NRS Side Duffel. Not only in original red, but also clear, which is even more convenient. The red material is 19 oz. PVC/dacron and the clear is 16 oz. Clear PVC/dacron. The 18" YKK waterproof zipper ensures durability. USA.

Size: 12" diameter x 24" long.

Color: Red or Clear

2972 NRS Side Duffel, Red **\$65.00**

2973 NRS Side Duffel, Clear **\$65.00**

NRS Dri-Stow Bag A very economical bag, perfect for the "occasional boater" or as a day bag for personal gear. The Dri-Stow is made of 210 denier nylon, coated with industrial strength vinyl. Fold-down closure with plastic buckle. Imported.

Size: Small 8"W x 10"L, Med 11"W x 18"L
Large 14"W x 24"L

Color: Yellow

2955 M Dri-Stow, Medium **\$10.95**

2955 L Dri-Stow, Large **\$15.95**

NRS Round Bottom Dri-Stow Same material as the Dri-Stow but with round bottoms for easier packing and a longer bag life. Fold-down closure with plastic buckle. Imported.

Size: Small 8.5"W x 22"L, Med 11.5"W x 30"L
Large 11.5"W x 36"L

Color: Yellow

2957 S Round Bottom, Small **\$11.95**

2957 M Round Bottom, Medium **\$15.95**

2957 L Round Bottom, Large **\$17.95**

Ochsa Combo Bag Great for carrying wet gear, personal safety gear, or anything you want to ventilate. The oxford nylon bottom provides strength, while the Textiline mesh provides ventilation. Reinforcing straps, full length zipper, and pockets on each end of the large size, one pocket on the small. Colors vary. Small (26"L x 16"H) or Large (34"L x 22"H). Made in Idaho.

1085 S Combo Bag, Small **\$29.95**

1085 L Combo Bag, Large **\$39.95**

Drawstring Mesh Bags

Mesh bags are great for keeping your favorite beverage cans cool in the river. Also handy for organizing your personal safety gear or taking wet gear home. Mesh material allows quick drying of damp river gear. And don't overlook them as safe containers for garbage while on the water.

Small: 30"L x 18"W

Large: 36"L x 24"W

3080 S Mesh Bag, Small **\$ 8.00**

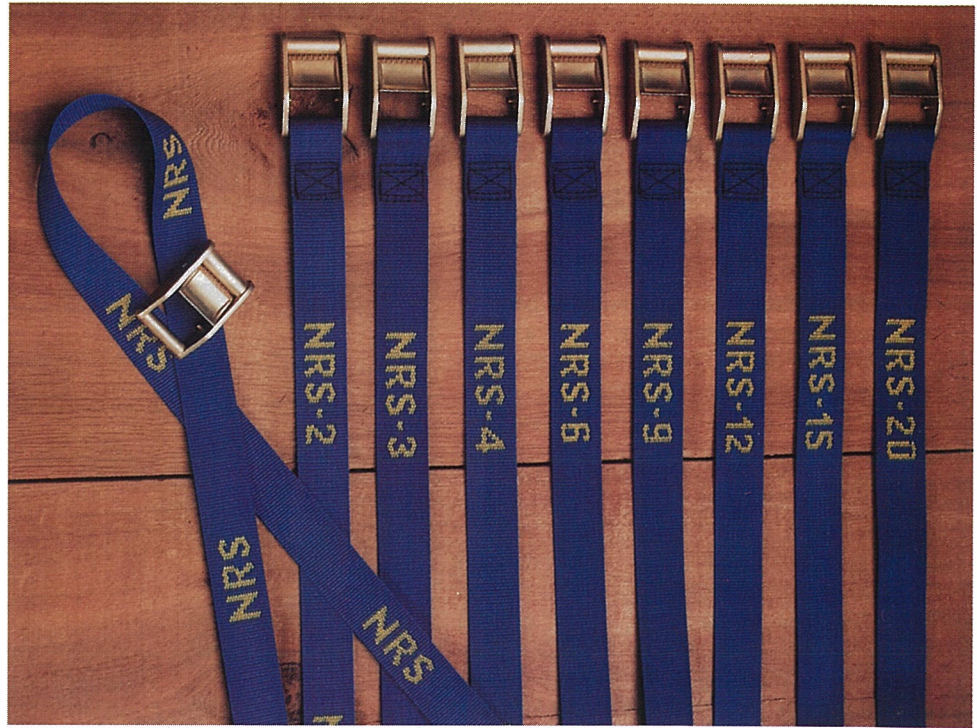

3080 L Mesh Bag, Large **\$10.50**

NRS Heavy Duty Straps, the best in the business.

NRS Heavy-Duty Straps After we developed our high-strength webbing with woven-in sizing several years ago we never thought we could improve our NRS HD Straps. But this year we have! We've improved the buckle! Our new buckle still has a load rating in excess of 900 lb but we've also added an aircraft spec finish. The buckles are plated with the same Cad-2 plating that major airplane manufacturers use to plate critical parts on their planes. This means that the buckles will look better and last longer than any other 1" buckle in the river running business. Our straps still have the the strongest polypropylene web available with a tensile strength of 1100 lbs. NRS HD straps are offered in eight different lengths for your convenience. You can even custom make your own lengths by purchasing the HD buckle and HD webbing separately and sewing them yourself.

1440 2	2 ft HD Strap	\$3.25
1440 3	3 ft HD Strap	\$3.50
1440 4	4 ft HD Strap	\$3.85
1440 6	6 ft HD Strap	\$4.40
1440 9	9 ft HD Strap	\$5.15
1440 12	12 ft HD Strap	\$5.95
1440 15	15 ft HD Strap	\$6.75
1440 20	20 ft HD Strap	\$7.95
1450	1" HD Webbing	\$0.25 /ft

Shipping:

*** If you would like to know the shipping costs before we ship it, please call us at (208) 882-2383. We can tell you the amount, depending on which method you choose.**

You will be charged for the actual cost of shipping items.

We use the following methods to ship your items:

**United Parcel Service
(UPS), Parcel Post,
Federal Express,
Air Freight**

Which method you choose, depends on how quickly you need your order. We suggest *Federal Express* or *Air Freight* if you need your order in a couple of days, and UPS or Parcel Post if you have two weeks or longer before you need your order. Federal Express and Air Freight will cost more than UPS and Parcel Post.

Please do not hesitate to give us a call with your questions, we're always happy to help!

All items are subject to two types of taxation by Canadian Authorities. Standard Canadian sales tax, and the 'duty' rate (import tax) that varies with the type of goods and origin of manufacturer. Northwest River Supplies will provide the Certificate of Origin upon request of your order, with identity of the items to the Customs Authorities in order to claim eligibility of your products under the Free Trade Agreement.

\$5.00 OFF Your First Order

of \$50.00 (US Funds) or more placed on or before **May 31, 1992.**
