HERE'S AN INNOVATIVE
WAY TO SAVE MONEY...

Buy now and receive 1995 BOATER'S BUCKS

WHAT ARE NRS BOATER'S BUCKS?

Boater's Bucks are certificates to be used toward 1995 purchases.

HOW DO YOU EARN THEM?

Purchase \$50.00 or more by December 31, 1994 and earn 10% of the total order in Boater's Bucks.

HOW DO YOU USE THEM?

After your purchase, we send you a certificate that you use like a check. Mail it back to us with your order in 1995.

WHAT'S IN IT FOR YOU?

Great savings on future purchases. 1995 Boater's Bucks are valid from January 1, 1995 through December 31, 1995.

Our "Boater's Bucks" program is our way of saying "THANK YOU for doing business with Northwest River Supplies."

New RAIL-N-RACK™ The Convertible Bedrail

Introducing the New Rail-N-Rack™ for your truck. It goes from Rail to Rack in 60 seconds or less. You can combine mountain bikes or cargo in your truckbed with kayaks or canoes on your rack. Safely holds up to 500 pounds.

Bill's Bags are found on page 60.

Let's hear from You

Enjoyed talking with your sales staff today while ordering my 6th Bill's Bag. Over a period of 15 years, my family and I have used (and still use) all of our original bags in our canoe adventures. I am an active member of several Tennessee Canoe Clubs, and past President of Tennessee Valley Canoe Club. We have, over a 25 year period, seen water resistant bags evolve from the black rubber army motor generator containers, to your "Bill's" Bag which is the common denominator for overnight/extended canoe trips. They do a good practical job of containing and protecting gear against rain, waves and water inside the canoe which bags frequently lay in.

Here are a few technical tips which could be of interest to your customers:

(a) Shoulder straps of good quality (Bill's Bag type) can be used to tie the bags around canoe thwarts in the event of tip-over.

(b) Bags should be filled essentially full for a good seal.

(c) When placing bag in raft or canoe, place rolled seal crevice down (facing up will retain water which may creep past seal).

(d) Since bags wear on bottom during packing: they can be leak-tested by hanging in tree and adding 4" to 6" water.

Hope the above information can be of use to you and your customers.

Best Regards,

John Alden, P.E.- Chattanooga, TN

At Northwest River Supplies, Inc. improvements are a way of life. Our expanded 1994 catalog reflects our constant effort to introduce new top quality, affordable products. Give us a call, our professional customer service representatives are eager to help you.

Bill Parks

Bill checks over the load on his Grand Canyon river trip. The Bighorn Frame sits on the roof rack supporting dry bags and gear. A Cargo Net is used to secure everything in place.

WE WANT TO SERVE YOU !

Last year I completed a descent by cataraft down the entire length of the Zanskar Valley, the last historical Tibetan stronghold outside Tibet. In the photo, I'm using a Tumpeline system on a Bill's Bag and Duffel in the Himalayas.

Journey into Living Tibet

John Fullbright, Los Alamos, NM

We have a dry bag to fit your every need!
See pages 58 - 61

"I am writing to express my extreme satisfaction with your new line of self-bailing rafts. We now have three new 14' SB Expedition rafts. They are rugged, dependable, and for their weight, handle incredibly well. These boats have a large capacity for cargo, and are also excellent for one day rafting or fishing trips.

So far this year we have used our boats on the Skykomish, Green River Gorge, White Salmon, Klickitat, and Yakima Rivers. We find them responsive in both calm and heavy water. The nicest thing about these rafts is the price. One would expect to pay a lot more for a comparable boat from another manufacturer."

Sincerely,

Andy Lake, Yakima Whitewater

Rafts, pages 4 - 11

Our group stopped to scout in the pool above Rock Slide rapid in Santa Elena Canyon, Rio Grande in Big Bend National Park. The rapid is a maneuverable III/IV with a large reversal at the end.

The E-140 Wrap with a Bighorn I frame performed well with better stability; although we did get to try out our new Thirsty Mate bilge pump through Rock Slide. Why have we waited all these years to order these frames? We even had a professional guide from Big Bend River Tours ask about them. She was considerably impressed, as we have been all along. We recommend NRS every chance we get because of your consistent friendly and competent service.

Many Thanks,

Charles W. Chambers-Odessa, TX

Frames, pages 12 - 14

Canoe Flotation, page 31 • Kayak Flotation, page 26

I've enjoyed your photographs of unusual uses of your straps in recent years and thought my use of them last summer might be useful to you. They worked well, but I felt it was abusing them and unsafe, so I now have a tow bar to use when it's necessary to tow.

A loyal fan of your equipment and catalog,

Jim Greene- Missoula, MT

Thanks for the photo, Jim. You're right -- towing with the straps is unsafe.

In January I had called in a complaint regarding some NRS flotation bags I had ordered. Shortly a replacement was sent for which you insisted on sending me 2 replacements and said that you guaranteed them. I didn't get to try them

out (you shipped them in February) until

a few weeks

ago. The river was at high flow and they not only held air, but are still air-filled.

Thanks. My faith in

NRS (I'm not a big cus-

tommer, but a very long-time one) has been restored. You do stand behind what you sell, and you are concerned about customer satisfaction.

Thanks, Irwin Gooen-Oneonta, NY

WARNING!
Paddle sports involve hazards and risks of injury or drowning. Any user of equipment sold through our catalog should receive instruction on proper boating and rescue techniques, proper use of equipment, and learn the hazards and challenges of water and currents. Our catalogs do not provide instruction, and do not serve as a substitute for appropriate training and personal safety techniques. The user of NRS equipment assumes all risks of damages and injuries of any kind. If you are not willing to assume this risk and responsibility, do not buy our products.

4 NRS EXPEDITION RAFTS

NRS Expedition Rafts

We design and produce new raft models throughout the season. If you don't find what you need, give us a call. Your perfect raft or inflatable may be available right now.

Order Hotline • 800-635-5202

E-140 on the Lower Salmon

NRS Expedition 140 The E-140 is built to take the most abusive punishment the world's meanest rivers can dish out. Tubes made of DuPont Hypalon™ Pennel 1100 denier fabric, floors of Pennel's super-tough 1680 denier fabric, a full wrap of Reeves fabric, and an extra Hypalon™ chafer on the bottom make this the perfect raft for carrying seven paddlers or two passengers plus boatman, frame and a monster gear pile. Standard with 17 D-rings, Halkey Roberts Valves, and removable disc thwarts. The self-bailing E-140 has our integral I-beam floor with a pressure relief valve. Please refer to raft dimensions on page 7, Raft Specs. Other configurations are available. Three thwarts pictured are special order only. Made in Mexico. Shipped motor freight collect

NRS EXPEDITION RAFTS 5

NRS Expedition 125 For professional or recreational use, this is one tough commercial grade raft. Years of pounding on the abrasive volcanic rocks of Australia and New Zealand proves that Pennel's heavy duty DuPont Hypalon™ coated tube material makes this an exceptionally tough commercial grade raft. The E-125 raft features Pennel's finest floor material, a 1680 denier, super-tough trevira fabric calendered with a Hypalon™/Neoprene blend for the finest puncture and abrasion resistance. Like our other expedition models, it features a full wrap of Reeves floor material in addition to an added Hypalon™ sheet over critical wear spots. Since we use the best fabrics to construct the tubes and floor, we also use top quality baffle, I-beam, tape material, and an American glue specifically designed by a professional chemist (who is also a whitewater rafter). With removable disc thwarts, the E-125 is your boat for an exciting ride, or as a two or three person fishing raft. Made in Mexico. Shipped motor freight collect.

Paddle Action in a E-125 on the Salmon

NRS E-125

NRS Scout The choice for large groups of day-tripping paddlers as well as longer trips with a rowing frame. 20" diameter four chambered tubes provide buoyancy for safety. There's plenty of room for extra gear, and seventeen D-rings for tie-downs. Halkey-Roberts valves are used throughout. 11" two-step bow and stern rise for dryness and maneuverability. Wear patches protect tubes from frame wear or provide a non-slip surface for paddlers. The self-bailer has our integral I-beam floor. Disc thwarts. Blue with black trim. Made in Mexico. Shipped motor freight collect.

Rowing Action in a NRS Scout on the Salmon

6 NRS SPRITE AND SPRINT

NRS Sprite Self Bailer

NRS Sprite

NRS Sprite A terrific paddling raft for four to six people or just right for two or three people with a rowing frame. The Sprite has generous 18" diameter tubes for a drier ride and a 9" bow and stern rise to help it over those big waves. Frame wear patches protect the tubes and provide a non-slip surface for paddlers. Seventeen D-rings for tie-downs. Both our wrap and self-bailing models have a full wrap to protect the most vulnerable parts of the tube. The self-bailer is for big-water boaters with no time to bail, those who don't like to bail, and for those who want a firm floor to stand on while fishing. The integral I-beam floor is self-bailing so when water gets into your raft, it quickly pours out through the drain holes in the floor. Pressure relief valve standard in self-bailing floor.

Halkey-Roberts inflation valves are used because they're tough and allow you to easily inflate and deflate your raft, plus they're simple to maintain. Disc thwarts. Blue with black trim. Made in Mexico. Shipped motor freight collect. **Size:** 12'6"L x 6'W **Material:** Metzeler 550 denier, Reeves **Weight:** Standard: 82 lbs Self-Bailer: 104 lbs

NRS Sprint on the Lochsa River

NRS Sprint

Getting Technical: A popularly quoted but often misunderstood term in the outdoor industry is **denier**. Denier is a term used to describe the **weight in grams of 9000 meters of thread**. This is the number usually given to describe a fabric, but does little to tell how heavy a fabric is. It actually indicates how heavy the "threads" are in the fabric. At NRS we feel other information about a boat's fabric is also important in order to make a wise choice in the selection of your boat. The weight of a fabric is typically given in **ounces per square yard**, which includes the weight of the coating plus the weight of the base fabric. A clear example of denier and fabric is our own NRS Ricksack. The Ricksack uses a 16 oz/1000 denier fabric, but the threads are widely spaced. This is still a 1000 denier fabric, but no sane person would ask for a boat made of this fabric. When you ask about a boat's fabric, *ask for the fabric weight and then denier!*

Selecting a Raft that's Right for You

NRS recommends you investigate six factors when making your decision. Have these items in mind when you give our knowledgeable Customer Service Representatives a call and they will be able to help you make the right choice for your needs.

1. Type of rivers you'll be running?
2. Length of your average trips?
3. Excitement vs stability?
4. Number of passengers?
5. Paddle/row?
6. Budget?

We offer many different models of boats for a wide range of needs. Let us know what you have in mind and we can help meet your excitement level, as well as your budget.

8 NRS INFLATABLE KAYAKS

NRS Scamp I Scamp's "Deep Vee" self-bailing floor provides exceptional tracking and the built-in rocker and 108" length gives you a quick turn response. The extra floor thickness and generous drain holes minimize the risk of "paddling in a puddle". The built-in thwart provides stable back support. Made of 1100 denier Metzler tube fabric to provide toughness and stiffness for better performance. The 37 oz. tubes and the 42 oz. floor have additional protection provided by a Hypalon™ chafer. The Scamp is built tough for the outfitter and rental markets. An affordable price and a perfect craft for the beginner to advanced paddler. 37 lbs. Made in Mexico. Shipped UPS.

1650 NRS Scamp I (one person) \$875.00

NRS Scamp Our Scamp II is the "stretch limo" of inflatable kayaks. Say goodbye to "dueling paddles" and "knees in your face" two person paddling with this full length 12' inflatable. The Scamp II has all of the great features of our Scamp I: self-bailing floor, comfortable built in thwart seats, deep vee floor, 1100 denier Metzler tube fabric and 42 oz. floor.

1655 NRS Scamp II (two person) \$995.00

NRS Rascal Don't let the affordable price of this "Little Rascal" fool you! With its light weight, quality construction and innovative design details, we can offer the Hypalon NRS Rascal for the price of vinyl. Pack 22 lbs. of fun in one of our 3.8 Bill's bags and still have room for what you need to fish that backcountry lake or play your favorite whitewater river. The Rascals' self-bailing floor is constructed of the same 42/840 material we use to floor our Scouts and Sprites and its "Deep Vee" cross section enhances the tracking and stability of the 8' hull. With 10" of rocker, bow and stern, this boat will spin! Put a bag or cooler behind the comfortable fixed thwart seat and be amazed at the play performance you will get from this little inflatable.

1645 NRS Rascal \$495.00

AIRE INFLATABLE KAYAKS 9

AIRE Lynx Improved! The AIRE Lynx's "miterless" tube transition gives it faster hull speed and quicker response. The unique construction of these inflatable kayaks makes them the most lightweight, maneuverable kayaks in their class. The AIRE Lynx uses an airtight inner "AIREcell" of 14 mil unsupported urethane with an outer shell of 18 oz /1000 denier PVC. The rigid self-bailing ethafoam floor gives top performance. Coated nylon inflatable seat. Made in Idaho.

Two sizes: One person, 10'3"L x 34"W.

Weight: 28 lbs. Two person, 12'6"L x 35"W.

Weight: 38 lbs. Also available as a special order, with a compact AIREcell floor for easy air transportation.

Shipped UPS.

1600 Lynx I (one person) \$ 795.00

1602 Lynx II (two person) \$ 895.00

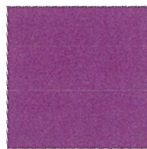

The Super Lynx The Super Lynx is designed to be paddled like a kayak, and combines the performance of the Lynx with the cargo capacity of a canoe. The self-bailing Super Lynx, with its full length V-hull for increased tracking, can run moderate whitewater or glide across a lake. The inflatable floor design makes it a lightweight, compact and stable craft that you can take anywhere. A paddler with plenty of gear can navigate the Lower Salmon River or explore the Boundary Waters in a Super Lynx. *Special order only.*

Size: 14'6"L x 35"W. **Weight:** 39 lbs.

Please specify color: Yellow, Red, Purple or Aqua (all with gray floors).

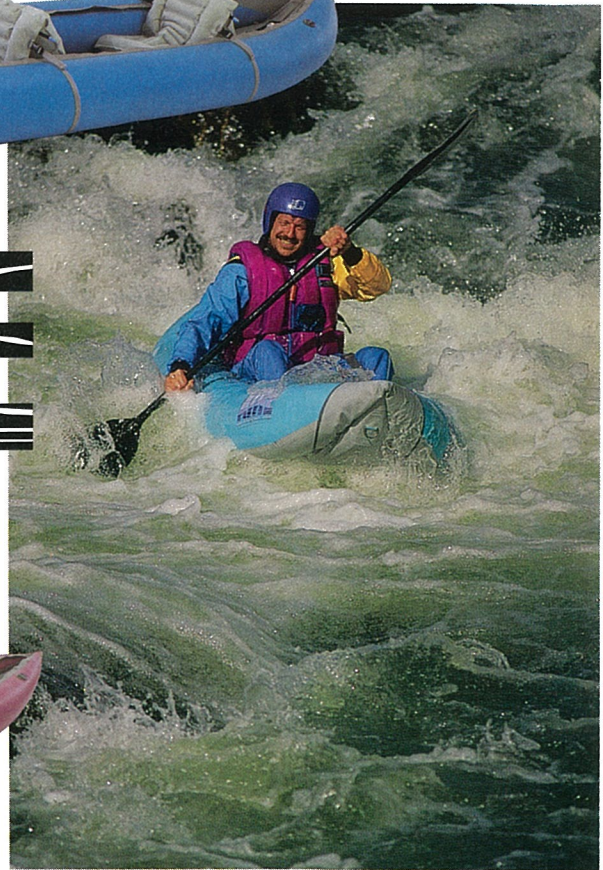

See page 10 for AIRE's 10 year warranty.

1604 Super Lynx \$1150.00

AIRE

Made in Idaho, USA.

The AIRE inflatables come with your choice of the standard closed-cell, ethafoam floors or the AIRECELL™ airfloor. The rigid foam floor offers high performance and dependability. The AIRECELL™ floor is lighter, packs smaller, and is especially good for fly-in or backpack trips. You can also special order your floor to include a valve reinforcement in the floor pocket to convert to an AIRECELL™ floor later if desired.

1162 Puma Self-Bailer \$1450.00

1160 Puma Air Floor \$1650.00

AIRE Raft AIRE's AIRECELL technology gives you a 100% wrapped tube and floor. The 42 oz. 2200 denier material makes an extremely durable and yet affordable raft. Because AIRE thwarts are strapped to the floor lacing, they are easy to remove when using frames with dry boxes and coolers. The eight piece bow and stern sections increase performance and give you more cargo space. The piano-hinge lace-in self bailing floor is the fastest draining floor available. Made in Idaho. (The AIRE rafts are special order.)

AIRE CATARAFTS 11

AIRE Panther with
NRS double tube cat frame

Cougar Easily carries four passengers for day trips or on extended trips it will carry a large load of gear and two passengers. The double tubes have a low center of gravity for greater stability and increased flotation for quicker response than conventional rafts. Made in Idaho. **Size:** 17'6"L x 7'6"W, 12' waterline. **Weight:** 106 lbs (without frame). **Material:** See chart page 7. **Please specify Color:** Blue or Aqua.

1170 AIRE Cougar \$2150.00

Panther A smaller version of the Cougar, the Panther also has a double tube design which enables it to pivot and spin faster than a raft, and still punch through holes without stalling. The shorter body and superior weight-to-flotation ratio make the Panther a surfing machine. Made in Idaho. **Size:** 15'L x 7'6"W, 9'5" waterline.

Weight: 92 lbs (without frame) **Material:** See chart on page 7. **Color:** Blue.

1171 AIRE Panther \$1950.00

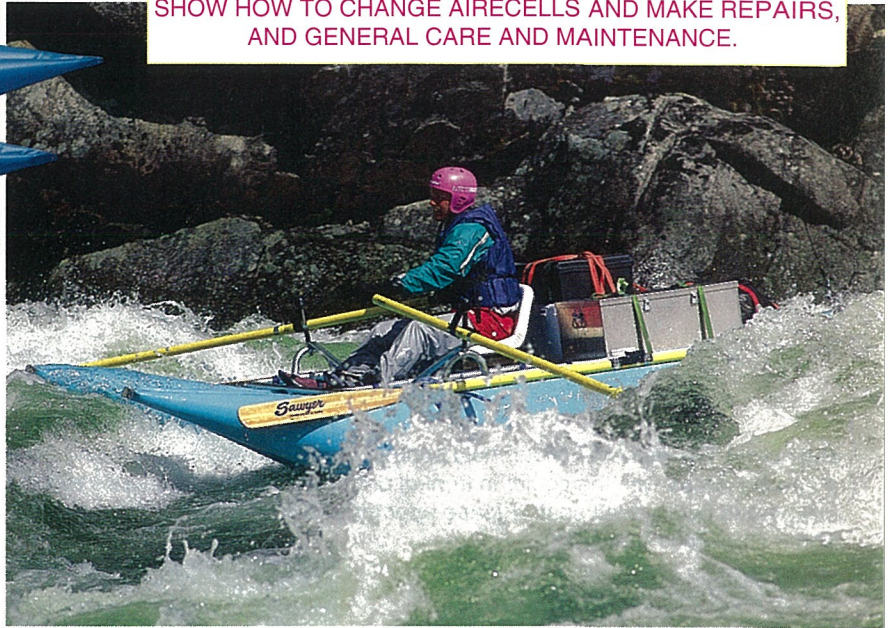

Ocelot The "Hole Puncher". The short 9.5' waterline gives you great maneuverability. It has excellent tracking and is the fastest of the cats. The Ocelot's light weight allows you to surf waves and maneuver through technical drops with minimal effort. The Ocelot is an ideal boat for two people on a day trip or an overnigher. Shipped UPS. Use the NRS Single Tube frame. See frame spec. chart on page 13. **Color:** Blue. **Size:** 16'L x 6'4"W. **Weight:** 68 lbs (without frame). **Material:** See chart on page 7.

1175 AIRE Ocelot \$1450.00

Wildcat A shorter version of the Ocelot, the Wildcat surfs, does enders, and is primarily a solo playboat. The 6' waterline, curved tubes and stiff fabric give you maximum maneuverability and increased surfing capabilities. Extremely lightweight, the Wildcat is sensitive to your "body english", and portages are easier on those Class VI runs. Shipped UPS. Made in Idaho. **Color:** Aqua. **Size:** 12'6"L x 6'4"W. **Weight:** 54lbs (without frame). **Material:** See chart on page 7.

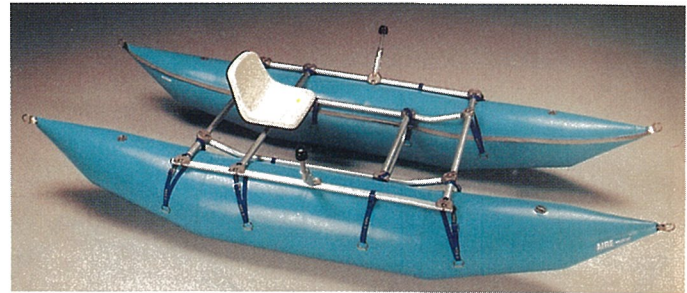

1172 AIRE Wildcat \$1250.00

A FREE VIDEO IS PROVIDED WITH EACH AIRE RAFT TO SHOW HOW TO CHANGE AIRECELLS AND MAKE REPAIRS, AND GENERAL CARE AND MAINTENANCE.

Mark Lisk on the Selway-Photo by Allison Townsly

AIRE now offers four sizes of single tube catarafts. The models range from a solo play boat to a larger gear hauling craft. The overall length of a cataraft can be misleading, so when comparing differences between cats, be sure to look at the length of waterline and cargo capacity to determine which high performance AIREcraft best fits your needs.

AIRE Wildcat with NRS single tube cat frame

Leopard The Big cat of the single tubes, the Leopard has the wave-punching capability of a single tube with the load capacity of a raft for an economical price. Don't be fooled by its 18'6" length because the Leopard has a shorter waterline than a 16' raft, for better maneuverability.

1174 Leopard \$1750.00

NEW AIRE Jaguarundi

Jaguarundi Larger tubes for hauling more creature comforts for extended trips. The 9.5' waterline is the same as the Ocelot, which makes the Jaguarundi highly maneuverable for technical runs with heavier loads.

1178 Jaguarundi \$1,650.00

AIRE Leopard

12 NRS FRAMES

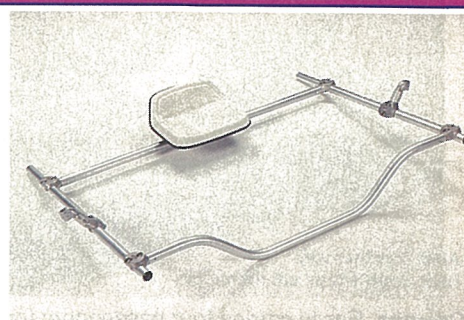

Bighorn I Frame with cooler

Bighorn I The Bighorn I is our most popular frame. Strong as an ox and very versatile. It can be rigged with the cooler in front of or behind the seat. Includes two 9' cooler straps and padded raft seat. **Please specify size from chart on page 13.**

1201 Bighorn I Frame

\$335.00

NRS Longhorn Frame

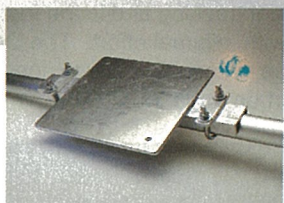

NRS Longhorn Frame The Longhorn frame is light, strong, and comfortable. Just right for day trips and those turn-around trips when you run the same stretch of river two or three times in a day. **Please specify size from chart on right.**

1210 NRS Longhorn Frame \$240.00

All NRS frames can be shipped UPS • Additional shipping charges apply

Padded raft seats in

Passenger Seat Mount
is the actual platform
where your padded raft
seat attaches

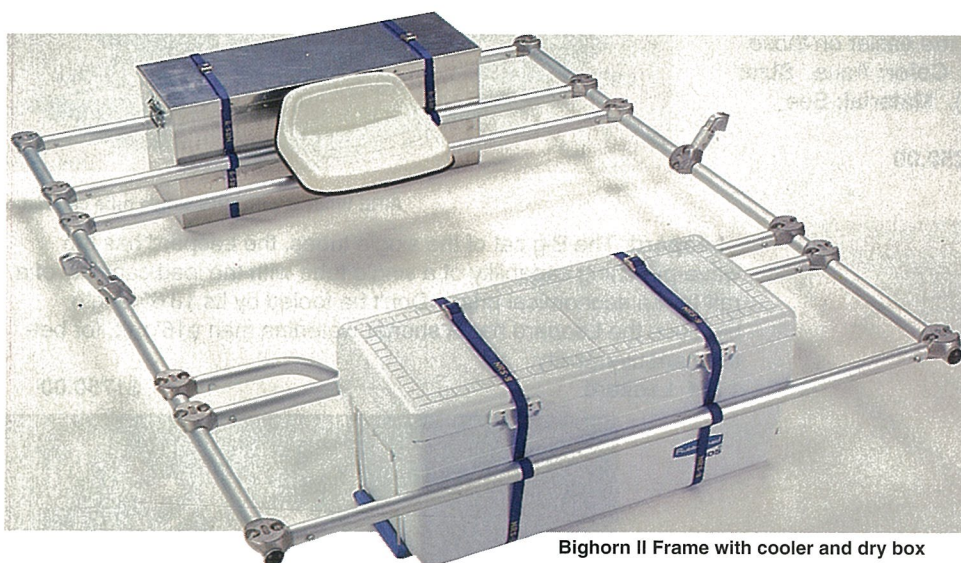

Passenger Seat Mount For cataraft or raft frames. Mount this seat plate and aluminum channel to the frame. (Secured with steel U-bolts and lock nuts.) Seat plate is drilled to accept the 7" x 7.5" bolt pattern on our standard and high back padded seats. USA.

1238 Passenger Seat Mount \$28.50

Padded Raft Seats • Can retro-fit to any frame. Attaches with 5/16" bolts (included). The High Back seat is about 5" higher than the standard seat.

1222 Standard padded seat \$43.50

1223 High Back padded seat \$57.50

Bighorn II Frame with cooler and dry box

Bighorn II Our standard Bighorn II frame has extra carrying capacity. Intended for rafts 14' or longer. Includes four 9' cooler straps and padded raft seat. **Specify size from chart on page 13.**

1202 Bighorn II Frame

\$440.00

ABOUT NRS MODULAR FRAMES

The simple modular design and NRS aluminum fittings make the Bighorn/Longhorn series the most versatile frames ever.

All of our aluminum frames can be taken apart and packed into a bundle 6" high and 12" wide. Refer to chart on page 13 for length.

NRS Modular raft frames are made from 1- 5/8" extra heavy duty anodized aluminum tubing. The aluminum LoPro™ casting is the key to the adjustment of the modular frame. All adjustments (foot brace, seat position, oar mount location) can be made with the frame on the raft -- with the use of one wrench.

You can custom fit the frame to your raft and your cargo boxes or coolers.

You can always add extra components (cross-bars, seat-bars, etc.) to your frame.

NRS Compact Outfitter Frame Sitting on the cooler of the Compact Outfitter gives you enough leg room to carry two of the largest Rubbermaid coolers, yet the side rails are short enough for the frame to fit on our Scout. The usual seat bar has been replaced by a stabilizer bar which holds the cooler/seat firmly in place. USA. **Specify size from chart below.**

1204 NRS Compact Outfitter \$370.00

LoPro™ Oar Mounts • Fitting and U-Bolts Sold on Page 17

What Size Frame?

The following will help you choose the best combination for your raft.

1. The width of the frame should be greater than the distance between the centerline of the raft's main tubes (distance A).
2. The cooler size is limited by the inside width of the raft (distance B).

OUR NRS MODULAR RAFT FRAMES COME WITH:

Padded Raft Seat

• Our contoured white vinyl padded seat gives you comfort and extra power (not used on Compact Outfitter frame).

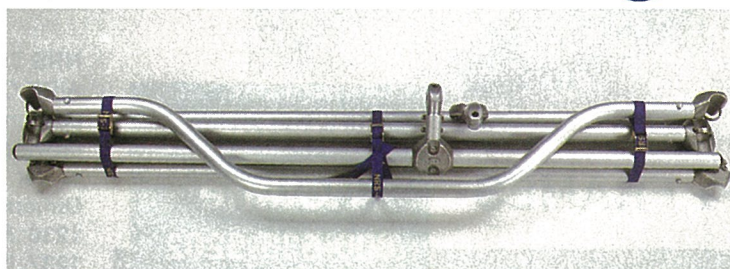

LoPro™ Oar Mount

• Since their introduction in 1990, NRS LoPro™ Oar Mounts have been tested in the toughest whitewater conditions. Achieving proper oarlock angle is easy; just loosen the stainless steel U-bolt and move the Oar Mount to any position on the frame. Sold separately on page 17.

Cooler Straps

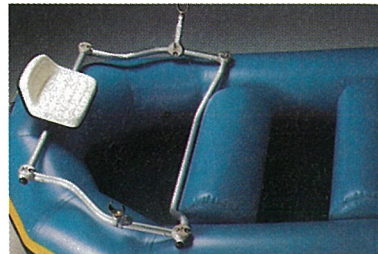

• The Bighorn I frame, the Bighorn II frame and the Compact Outfitter Frame come with cooler straps.

All frame accessories listed here are also sold separately.

All our frames can be packed into a compact bundle for easy transport.

Because of our fittings, our frames can be adjusted to fit any raft.

Stern Frame

NRS Stern Frame The Stern frame is intended to meet the needs of paddle guides who want a rowing frame. The seat and footbrace can be tilted to any angle so that the frame will adjust and fit to the stern rise of any brand of raft 14' or longer. The rear seat bar is 40" wide. USA.

1208 NRS Stern Frame

\$250.00

CERTAIN RAFT/FRADE COMBINATIONS WORK BEST. OUR CUSTOMER SERVICE REPRESENTATIVES WILL BE HAPPY TO ADVISE YOU.

A word about our Cataract Frames:

Our cat frames have a drop rail that runs along the inside length of the cat tubes. This drop rail helps hold the tubes snugly against the frame.

The LoPro™ fittings allow the foot brace and seat to be moved to any position. The cat frames can be taken apart to fit into a bundle about 6" high and 12" wide.

The cat frames come with a high back padded seat and LoPro™ oar mounts.

Carlisle Oar Shaft Maintenance free and extremely rugged- qualities that make these expedition grade oars the favorite with most rafters. Removable blades for easy storage and transport. We carry several models: 7' and 7 1/2' Carlisle Oars are the Heavy Duty rafting model, with a shaft constructed from heavy wall, hard-drawn aluminum tubing. 8' and longer oars are Extra-Heavy Duty, adding a reinforcing inner shaft for maximum strength in heavy whitewater use. The oar shaft is 1-7/8" dia. Two-piece versions are available in 8-1/2', 9' and 10' lengths. All oars can be shipped UPS. Oversize shipping charges apply for one piece shafts over 7 ft. USA. Available colors are listed below with each shaft size. Please specify color.

1300 7' Yellow	\$27.00
1301 7 1/2' Yellow	\$28.70
1305 8' Yellow, Blue or Red	\$37.30
1308 8 1/2' Yellow, Blue or Red	\$39.85
1309 8 1/2' 2-piece Yellow	\$43.00

Please Note: Shaft length as listed indicates the length of the oar with a blade in place, not the actual length of the shaft.

1310 9' Yellow, Blue or Red	\$44.40
1313 9' 2-piece Yellow	\$47.25

1345 Standard	\$31.30
1360 Outfitter	\$36.70

8" Blades:

1350 Standard	\$31.30
1365 Outfitter	\$36.70

Carlisle Oar Extender Snap an extender onto the end of a Carlisle oar shaft to lengthen it one foot without any loss of strength. Convenient, especially if you want to move up a boat size without buying new oars. 1' long. Available in yellow, blue or red. USA. **Pictured Above. Specify color.**

1370 Oar Extender \$12.70

Cataract Oarshafts and Blades

Cataract Oarshafts and Blades Cataract oar shafts are the strongest synthetic oar shafts made. We offer the SGG model which is made of 85% fiberglass and 15% graphite. These filament wound oar shafts are 40% lighter and have twice the breaking strength of extra heavy duty aluminum shafts of comparable diameter. These shafts are designed to have similar flex as wood oars. The removable Cataract Blade is made of impact resistant structural foam and filament wound composite tubing for strength. Interchangeable with Carlisle blades, and measured the same way as Carlisle shafts. **Color:** Yellow or Blue Shafts, Black blades.

1393 Cataract Shaft 9 ft	\$69.50 ea
1394 Cataract Shaft 9.5 ft	\$75.50 ea
1395 Cataract Shaft 10 ft	\$75.50 ea
1396 Cataract Shaft 11 ft	\$81.00 ea
1392 Cataract Blades	\$47.50 ea
1397 Cataract Blade Protectors	\$5.00 ea

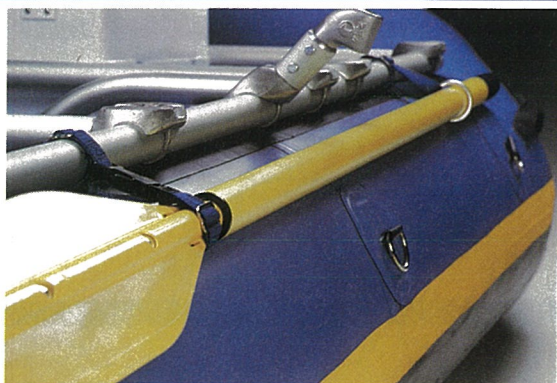

All one piece oar shafts ship as oversize. See page 23 for charges. Up to 8 shafts can ship in one box.

Carlisle Bluewater Oar A high quality, light-duty oar for people who do not need the tremendous strength of Carlisle EHD rafting oars. Widely accepted by professional lifeguards for off-shore use, they are also a good choice for small boats on slower rivers. Maintenance free with a polyethylene-clad 1-5/8" diameter aluminum shaft. Carlisle clamping oarlocks fit perfectly on these oars. 26" x 6 1/2" STM blade is included, and installs easily with a roll pin to create a strong, one-piece oar. Yellow shaft with black blade. Oversize shipping charges apply. USA.

The Best! Silicon Bronze Oarlocks These are the finest whitewater open oarlocks made. We've never had a failure in the thousands we've sold! These horn style oarlocks spring back to their original shape if forced apart. The 5/8" diameter, 3-3/4" long shaft is drilled for a keeper. The horn opening is 2" with a 2-5/8" inside diameter. Includes split ring keepers. Pair. USA.

1408 Silicon Bronze Oarlocks

\$29.00

1409 Extra Split Rings

\$ 0.60

Molded Oar Sleeve If you use Carlisle Oars with open oarlocks, you'll need these Molded Oar Sleeves. The sleeves are injection-molded polyethylene with integral stoppers. Length: 11". Inside diameter: 1-7/8". Stopper diameter: 3". USA.

1405 Molded Oar Sleeve

\$8.40 ea

Plastic Stoppers Use these with the Molded Oar Sleeves if you will not be using the Oar-Rights. 2 sizes: 1-3/4" or 2"-2-1/4" inner diameter. Pair. USA.

1400 S Stoppers: small

\$13.95

1400 L Stoppers: large

\$13.95

Oar-Rights Allows positive vertical blade positioning along with the feathering ability of open oarlocks. Adjustable inside diameter from 2" to 2-1/4" and fits most wrapped oars. For Carlisle oars, mount the Oar-Right on top of the Molded Oar Sleeve (#1405). Zytel™. Pair. USA.

1404 Oar-Rights

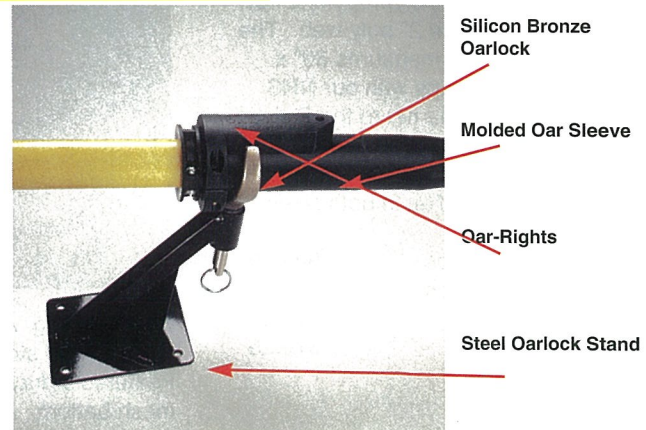

\$18.50

Steel Oarlock Stands Custom designed and manufactured for heavy-duty river use, our Oarlock Stand has a 5.25" x 6" steel base with four mounting holes and a welded steel bracket that rises 6". The socket is 5/8" diameter with a 14 degree outward tilt for correct oar angle. Pair. USA.

Color: Black

1424 Oarlock Stands

\$41.00

Pins and Clips Many whitewater rafters prefer pins and clips to open oarlocks because the pin holds the oar in position and keeps the blade properly aligned with the water. Very good for heavy loads and big water since it's easy to return the oar to the oarlock if it's blasted off. The set contains two 5/8" diameter pin assemblies, two oar clips and four hose clamps to secure the clips to the oars. Set. USA.

1420 Pins and Clips

Metro AC Blower We've tested this blower and find that it "outblows" other AC blowers of comparable price. This self-standing blower operates on a 110V AC house current reaching 1.7 peak horsepower at 7.5 amps. Maximum pressure is 2.5 PSI which it delivers at 100 cu ft/minute. Inflate or deflate with the handy six foot flexible hose and tapered nozzle. Rugged steel case is protected by a bright orange, weather resistant, baked enamel finish. One year manufacturer's warranty. USA.

1706 Metro AC Blower

\$140.00

Big Blower With a 110 volt, AC electric outlet available, this is the fastest way to inflate or deflate your raft. Fits military and other valves, and delivers 60 cu ft/minute at 2 psi. Universal 1 HP, 110 volt motor, 6.5 amp with precision bearings in a lifetime lubricant. 30' yellow safety cord with a molded rubber grounding plug. Handy thumb switch permits one-handed operation, leaving the other free to close the raft valve.

One year manufacturer's warranty. USA.

1721 Big Blower

\$137.50

LVM Hi-Speed Inflator/Deflator This 12 volt compact 4" x 5" x 9" inflator will quickly take your boat to full pressure. Powered by your car battery, the inflator/deflator will put out 21 cfm at 3 psi; enough air to inflate a small boat to full pressure in less than a minute. This high quality inflator comes with 4 interchangeable nozzles, overheat and overpressure protection via an air temperature relief valve and a 10' bombproof cord with the grabbiest, best protected alligator clips you've ever seen.

1707 LVM

\$ 99.95

Metro Inflator/Deflator Our 12 volt (car battery) inflator is one of the most durable pumps on the market. The rugged all-steel case is protected with a baked enamel finish and the 9' power cord is equipped with car battery clamps. This pump will inflate a 12' raft in 7 minutes and the 5" black tapered nozzle will fit most standard raft valves. You will still need to "top off" your raft with one of our manual pumps. One year manufacturer's warranty. USA.

1705 Metro Inflator/Deflator

D-Ring Patches

Left: D-Ring Patches / Right: AIRE D-Ring Patches

Paint

Painting a raft prolongs material life by providing protection from ozone and UV. It may solve some pin-hole leaking. Use the GACOflex H-22 Hypalon™ Coating for painting Hypalon™ rafts. Use the GACOflex N-1700 Neoprene Coating for painting Neoprene and EPDM rafts. One gallon of coating should cover the tubes of a 14' raft. Use Gaco Thinner/Cleaner for smoother surface and quicker drying. Flammable.

GACOflex N-1700 Series Neoprene

1932 Q	Gray, Quart	\$16.50
1932 G	Gray, Gallon	\$39.50
1940 Q	Black, Quart	\$16.00
1940 G	Black, Gallon	\$37.00

GACOflex H-22 Series Hypalon™

1934 Q	Blue, Quart	\$18.50
1934 G	Blue, Gallon	\$53.50
1936 Q	Pewter, Quart	\$17.50
1936 G	Pewter, Gallon	\$50.50

Cleaners

Gaco Thinner/Cleaner As the name implies, used to thin the coating for better painting, and also to clean the raft beforehand. Xylene based. Flammable.

1922 Q	Gaco Thinner, Quart	\$12.75
1922 G	Gaco Thinner, Gallon	\$28.00

Raft Cleaner High quality cleaner formulated especially to prepare the surfaces of inflatable boats for repair. It is not suggested as a paint thinner.

Toluene based. Flammable.

1920 P	Raft Cleaner, Pint	\$6.35
1920 Q	Raft Cleaner, Quart	\$8.85

303 Protectant Great for all your equipment, from inflatable rafts to our waterproof bags! It cleans the surface and protects it from harmful UV rays. It will not coat your equipment in a way that repairs cannot be made in the future. (You must still use Raft Cleaner before patching your raft). Not flammable.

1909 2	303 Protectant, 2 oz spray	\$ 4.25
1909 8	303 Protectant, 8 oz	\$ 7.25
1909 32	303 Protectant, Quart	\$21.50

Adhesives

The following adhesives are FLAMMABLE:

We have found Shore and Carboline Adhesives to be good all-purpose, one-part adhesives for use on Hypalon™, Neoprene, and other rubber materials. Bostik 2-part adhesive is the strongest adhesive we carry for those fabrics.

Carboline Adhesive

1900 T	Carboline, 3 oz tube	\$ 4.75
1900 P	Carboline, Pint	\$12.95
1900 Q	Carboline, Quart	\$19.75

Shore Adhesive

1906 P	Shore, Pint	\$10.50
1906 Q	Shore, Quart	\$16.00

Bostik Two-Part Adhesive

1905	Bostik 1/4 Liter (8 oz)	\$19.95

22 RAFT AND CANOE PADDLES

Oversize box required for 66" and 72" paddles. \$8.00 oversize charges for 11 Western states, \$12.00 oversize charges for all other lower 48 states, (actual shipping charges for AK and HI). Up to 8 paddles can ship in each box.

Carlisle Economy Paddle An inexpensive, lightweight, sturdy paddle featuring an 8" x 20" polypropylene blade reinforced by a 1" diameter aluminum shaft, a T-grip handle and plastic sheath grip. 60" weighs 1 lb 12 oz. USA.

1500 54 Economy 54"

\$13.40

1500 60 Economy 60"

\$13.40

Carlisle Standard Paddle High quality polypropylene material in the 8" x 20" blade to reduce the weight and still retain strength. Sheathed with polyethylene, the aluminum shaft extends to the end of the blade. T-grip handle. 60" weighs 2 lbs. USA.

Specify Color: Blue shaft with Yellow blade or Red shaft with White blade.

1505 56 Standard 56"

\$17.20

1505 60 Standard 60"

\$17.20

Carlisle STM Paddle Favored by most commercial outfitters because the 8" x 20" plastic blades are resistant to ultraviolet degradation. 1-1/8" diameter aluminum shaft is covered with high density polyethylene to provide a warmer grip, and protection from nicks, dents and oxidation. T-grip handle. 60" weighs 2 lbs 4 oz. Oversize shipping charge applies to 66" STM paddle. USA.

1515 STM Paddle 56" or 60"

\$23.15

1515 STM Paddle 66"

\$23.15

Carlisle Guide Paddle You can rely on this paddle's strength and extra-long blade in demanding whitewater. T-grip handle and polyethylene clad 1- 1/4" shaft with 8" x 26" reinforced polyethylene blade. This paddle is used by professional guides because its longer blade easily reaches the water from the elevated stern of a raft. 60" weighs 2 lbs 14 oz. Oversize shipping charge applies to 66" and 72" Guide paddles. USA.

1520 60 Guide Paddle 60"

\$34.95

1520 66 Guide Paddle 66"

\$34.95

1520 72 Guide Paddle 72"

\$34.95

Carlisle Bent Shaft Canoe Paddle Carlisle's Bent Shaft Canoe Paddle has a spoon blade to give you additional power and a foam padded lower grip for comfort. This paddle will get you across those long lakes with little effort. T-grip handle. USA.

Yellow blade with blue anodized shaft. 54" weighs 1 lb 10 oz.

Specify size.

1522 Carlisle Bent Shaft Paddle; 50", 52", 54"

\$32.50

N.W. DESIGN WORKS Point

Raft Paddle The Point raft paddle uses fiberglass material pressure molded with epoxy resin to create a very tough, yet simple paddle.

Length: 56", 58", 60".

1579 Point Raft/Canoe Paddle

\$65.00

Sawyer Canoe Paddle Sawyer's laminated wood white-water paddle is a pleasure to use. The blade is made with vertical laminations of hard and soft wood with ash edges. Fiberglass wrapped blade and synthetic tip for durability. The shaft is reinforced with an ash stringer.

The "Hot Dog" T-grip rounds out this great paddle. USA.

Weight: 58" weighs 1 lb 15 oz.

Size: 56", 58", 60".

1545 Sawyer Canoe Paddle

\$59.50

By Northwest Design Works (formerly Werner)

This white-water canoe paddle is the result of the time and effort that N.W. Design Works has put into its construction. The foam core, epoxy lay-up paddle is perfect for the whitewater canoeist and the flat water paddler. Blue shaft with white blade. USA. Custom color blades available for an additional \$19.50. Red, fuschia, yellow, purple, berry, navy blue or sky blue. 4-6 week delivery time for custom colors. See page 23 for color examples. **Weight:** 58" weighs 2 lbs 4 oz. **Size:** 56", 58", 60".

1578 Nantahala Canoe Paddle

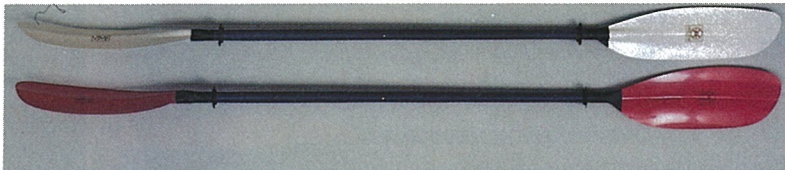

\$89.50

C•U•S•T•O•M C•O•L•O•R•S

N. W. DESIGN WORKS Wenatchee Paddle Quite possibly the most popular whitewater paddle in America. The Wenatchee is also our best selling performance kayak paddle. The narrow dihedral, 80 degree feathered blades are original Werner designs, created to offer support and efficiency to the paddler's natural stroke. Blade tips are double-reinforced and rounded to reduce twist and increase durability. Flat back rib for excellent backstroking power. The Wenatchee 2-piece is easy to transport and is an excellent choice for a spare paddle. We also offer the Wenatchee .8 for women and kids (184 to 204cm). The smaller blade area and reduced shaft size lessen fatigue and improve performance. 4-6 week delivery on the .8 Wenatchee. Standard blade color, White. 200, 202, 204, 206, 208, 210cm.

C•U•S•T•O•M blade colors are available in red, fuchsia, yellow, purple, berry, navy blue, sky blue and aqua. Custom blade colors are subject to a \$26.00 custom order charge and a 4-6 week delivery time. Oversize shipping charges apply on all one-piece paddles.

1575 Wenatchee Paddle	\$165.00
1577 Wenatchee 2-piece Paddle	\$189.50
1576 Wenatchee .8 Paddle	\$165.00

San Juan You'll find this to be our best general touring paddle. The larger blade gives power to your strokes. Designed for strength, dependability and efficient long distance paddling. Vacuum molded blades with epoxy fiberglass shaft. Feathers left, right and straight. Custom colors available \$26.00, see colors above.

Sizes: 230, 240, 250, 260 cm.

1582 San Juan	\$189.50
---------------	----------

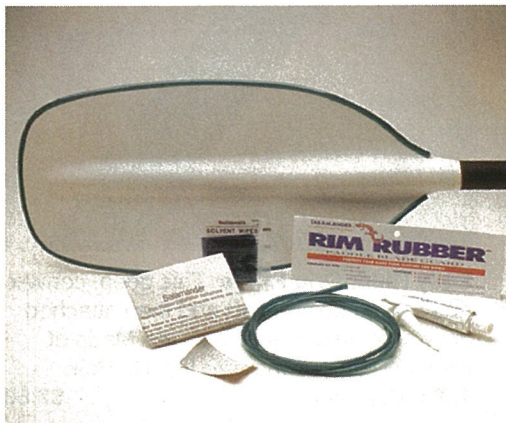

Camano A narrow version of the San Juan blade. Great for distance touring with less wind resistance and fatigue. Same features, construction and sizes as the San Juan.

Sizes: 230, 240, 250, 260cm.

1580 Camano	\$189.50
-------------	----------

Salamander Rim Rubber The Salamander folks say Rim Rubber will add a few extra seasons to the life of your paddle. Cheap insurance for paddlers who continually shred their paddle blades. Easy installation. For composite paddles only. Black or teal. USA.

2054 Rim Rubber	\$23.50
-----------------	---------

**Order
Hotline
800-635-5202**

Salamander "Sticky Stuff" Wax
Your paddle stroke is only as good as your grip. Sticky Stuff can also be applied to the rim of your cockpit to secure the skirt in place for big hydraulics. USA.

2053 Sticky Stuff	\$ 3.50
-------------------	---------

N.W. DESIGN WORKS
From BOTTOM: Purple Canoe, Fuchsia .8, Aqua, Yellow, Berry, Sky Blue, Navy Blue and Red.
FAR left paddle is standard color.

**Oversize box required for one piece paddles. \$8.00
oversize charges for 11 Western states, \$12.00
oversize charges for all other lower 48 states, (actual
oversize charges for AK and HI).
Up to 8 paddles can ship in each box.**

24 KAYAK PADDLES

Ainsworth Rim Paddle The Ainsworth Rim paddle is considerably tougher than other RIM paddles available. The tough, dihedral blade resists gouging and dinging. Ovalled, high tensile aluminum shaft is covered with PVC for comfort. This is "the" paddle for entry level kayakers. 204 cm weighs 2 lbs 2 oz. England.

1560 Ainsworth Rim Paddle 200, 202, 204, 206, 208 cm **\$95.00**

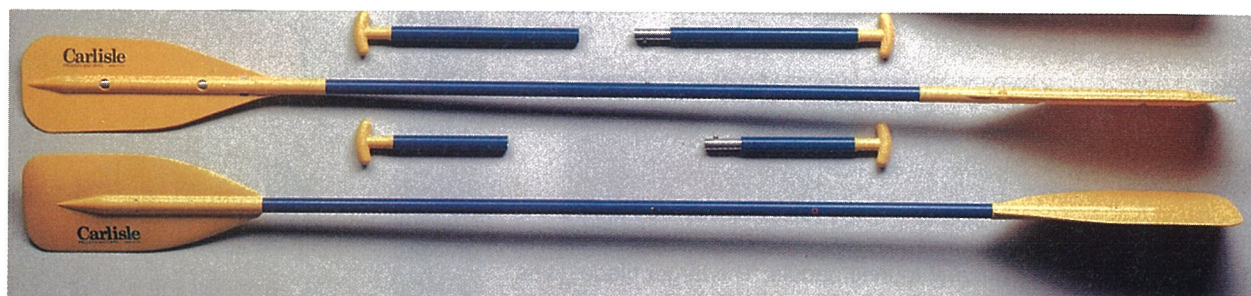

1562 Ainsworth Rim TAP Paddle 200, 202, 204, 206, 208 cm **\$117.50**

Prijon Paddle Carabiner You can clip onto a paddle, grab loop or a lifejacket with ease using Prijon's new paddle biner. This biner also has the strength required for all rescue situations.

4950 lb test. Germany.

1596 Prijon Carabiner **\$16.50**

Carlisle Take-A-Part Paddles These kayak paddles feature 1-1/8" diameter polypropylene covered aluminum shafts that are comfortable for all-day use. The 8" x 20" aluminum reinforced blades are durable with a push-button joint that locks the paddle together securely, and opens easily for transport. Convert the 7' breakdown into two 60" paddles with the long (18") adapter handles. Short (12") adapters convert the 8' into two 60" paddles or the 9' into two 66". Blue shaft/yellow blades. 8 ft weighs 3 lbs 6 oz. Also available as a one piece paddle, the K-1 standard (not pictured). USA.

1525 7 Take-Apart 7 ft **\$34.25**

1525 8 Take-Apart 8 ft **\$34.25**

1525 9 Take-Apart 9 ft **\$34.25**

1526 8' K-1 Standard **\$32.75**

1530 S 12" Adapters (pair) **\$11.30**

1530 L 18" Adapters (pair) **\$11.30**

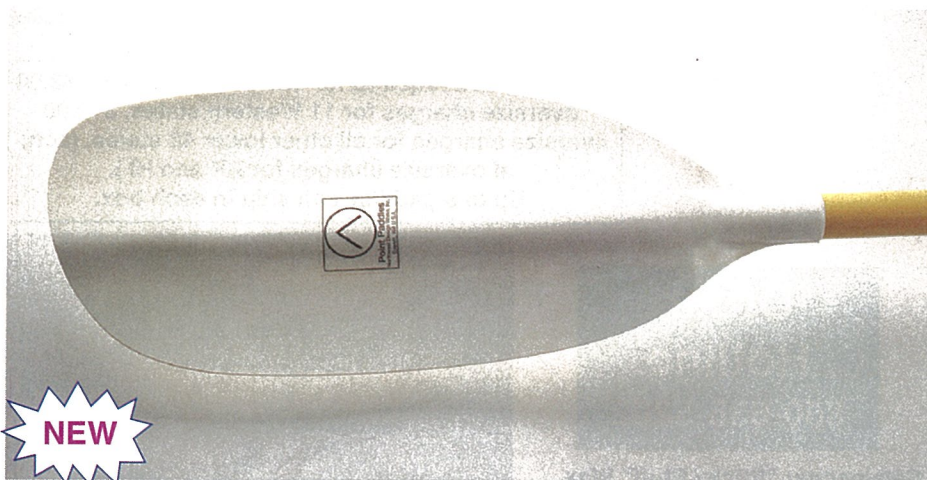

One piece kayak paddles ship as oversize. \$8.00 oversize charges for 11 Western states, \$12.00 oversize charges for all other lower 48 states, (actual oversize charges for AK and HI). Two kayak paddles can ship in one box.

Carlisle Spoon Blade Take-A-Part

The Carlisle Take-A-Part kayak paddle with spoon blades! The spoon blades add power and greater control. Center joint allows you to set the paddle for right or left hand control. Blue shaft, yellow blades. 8 ft weighs 3 lbs 2 oz.

1527 7 Spoon Blade 7 ft **\$39.95**

1527 8 Spoon Blade 8 ft **\$39.95**

N.W. DESIGN WORKS Point Paddle What kayakers have been asking for is a good entry level paddle that is value oriented. The Point paddle holds the same dihedral angle as the high performance versions and uses fiberglass material pressure molded with epoxy resin to create a very tough, yet simple paddle.

1574 Point Kayak Paddle 200, 202, 204, 206, 208, 210 cm. IK 230 cm. **\$95.00**

Easy Rider Drip Rings This deep, convex ring can be taken apart and then attached anywhere on the paddle shaft. Made of clear urethane. One size fits all. Pair.

1595 Drip rings **\$7.50**

NRS Kayak Program

10% off of all accessories purchased at the time of your kayak order. Free set of flotation with each kayak purchase. \$75.00 flat shipping rate for each in-stock kayak shipped in the Continental U.S. Kayaks shipped to HI, AK, and Canada will pay actual freight.

Dagger Crossfire

This is the boat that set the industry on its ear two years ago with its low volume asymmetrical design. With its relatively high volume bow and low volume flat-decked stern, this boat is as much at home on a steep creek as the local surf wave. The design carries a hard edge on the stern area and disappears on the bow, enhancing performance in surfing and turns, yet eliminates that "grabby" feeling sometimes associated with a hard edge. USA. **Weight:** 37 lbs. **Size:** 11'L X 23.75"W. **Volume:** 66 gal. **Color:** Please Call. **2016 Dagger Crossfire \$788.00**

Perception Pirouette S

(ProLine Outfitting) Perception has a new best-seller in the form of the Pirouette S, a smaller version of its popular Pirouette design. By comparison, the S is really quite similar to its mentor in basic design: featuring the same high edges and chines, flat hull and high rocked bow and stern as the Pirouette. Although at first glance the changes seem minimal, once in the boat, the smaller paddler (130-160 lbs.) will immediately appreciate the differences in fit and performance. USA. **Weight:** 39 lbs. **Size:** 11'2"L x 23 1/2"W. **Volume:** 72 gal. **Color:** Call for color selection. **2011 Pirouette S \$799.00**

Cruise Control Surf's Up!

New Waves' plastic version of the glass Cruise Control is the best surfing boat on the market in plastic. The stern has been designed to perform as an underwater wing. The concave cross section of the stern, when loaded down with water, and combined with a rear lean, allows the aggressive paddler to actually break down the wave, literally submerging the stern in the face of the wave for unparalleled surfing performance. **Weight:** 39 lbs. **Size:** 11'2" x 24". **Volume:** 69 gal. **Color:** Call for available colors. Mountain Surf sprayskirt recommended. See page 27. **2004 Cruise Control \$815.00**

Perception Dancer Classic

Here is the boat that set off the plastic kayak explosion, by having all of the characteristics that have made the Dancer a legend in the kayak world. Now available brand new, for a used boat price! USA. **Weight:** 36 lbs. **Size:** 11'7" L x 24"W. **Volume:** 66 gal. **Color:** Call for available colors. **2005 Dancer \$599.00**

2006 Dancer XT \$599.00

2007 Dancer XS \$599.00

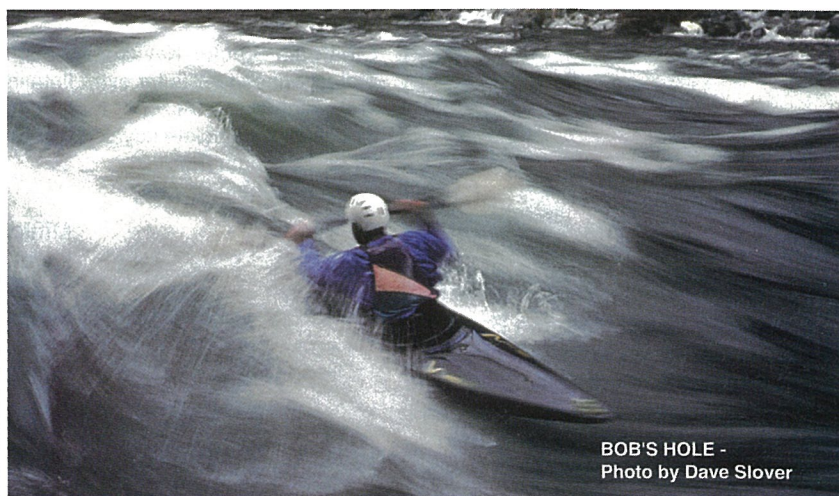

Perception Proline Dancer II

The next generation. Perception has updated the design of their famous Dancer to reflect some of the changes that have become popular in the market since its inception. Look for a shorter length, more rocker, larger cockpit, and a more defined edge. USA. **Weight:** lbs. **Size:** **Volume:** **Color:** Please call. **2012 Proline Dancer II \$799.00**

Hurricane Prijon's entry into the radical kayak design market, the Hurricane departs from convention in that the bow as well as the stern has a low volume configuration. High rocked bow and stern, blunt ends, rigid Prijon construction and a new seat in a knees-up cockpit make this a good all around boat for intermediates and experts. **Weight:** 37 lbs. **Size:** 10'2" L x 25" W. **Volume:** 58-60 gal. **Color:** Please call for available colors. **2003.3 Prijon Hurricane \$789.00**

Vortex

Popular demand has spurred Dagger to manufacture the Vortex, (a Crossfire for the big boys). Shorter, yet 10 gallons higher in volume to balance out the boat for the larger (150-225 lbs.) paddler, the additional volume has been used in front of the cockpit to provide more foot and leg room and the stern takes the form of less taper and higher rear deck. **Weight:** 39 lbs. **Size:** 10'4" W x 24" W **Volume:** 77 gal. **Standard outfitting includes:** deck loops, minicell walls, Yakima foot braces (bulkhead foot brace is optional), a large low-cut keyhole cockpit, and a water bottle. **2019 Dagger Vortex \$800.00**

NRS HEAVY DUTY KAYAK STORAGE BAGS

NRS Payette Pak Our Payette Pak is just the ticket for paddlers who are going on a self-contained river trip. Tapered to fit most whitewater and sea kayaks, these storage bags are made of 420 denier urethane coated nylon with welded and nylon taped seams. The closure is a roll-down just like on our proven Sea Stow bags. These bags would take the place of your usual stern flotation bags. Sold individually. **Color:** Red or Blue. USA.
2082 Split Payette Pak \$31.50
2083 Standard Payette Pak \$39.50

Top: Standard Flotation, Bottom: Split Flotation

NRS Kayak Flotation Bags Lightweight, urethane coated nylon flotation bags at a great price. They've proven their durability -- you get an excellent bag that stands up to day-after-day use. The bags feature welded seams, Halkey-Roberts 320 TET inflation-deflation valves, rounded corners and one or more molded eyelets for lashing into your boat. Kayaks with pillars will need split flotation (four bags), and kayaks without pillars will need standard flotation (two bags). Imported. NRS one-year guarantee on workmanship and materials.

Sold in sets only.

Weight: Split set (2 lbs 2 oz)
Standard set (2 lbs)

Color: Red.

2080 Split Flotation \$45.00
2081 Standard Flotation \$40.00

Ethafoam Blocks Kayakers use ethafoam for seat pads and pillars; rafters for seats and floor protection; canoeists for extra flotation. Blocks measure either 2" thick x 12" wide x 54" long and weigh only 2 lbs. or 1" thick x 12" wide x 54" long and weigh 1 lb. (You'll need two 54" blocks for a complete kayak pillar system). USA.

2078 Ethafoam Block 2" \$15.75
2079 Ethafoam Block 1" \$ 9.75

Minicell Foam This is the same foam found in production kayak pillars. Our 3" thick gray minicell is light, easy to glue and easy to cut and shape. Sold up to four feet long in one foot increments. (You'll need two four foot blocks for a complete kayak pillar system). USA. 12"x12".

2076 Minicell Foam \$7.00 /ft

NRS Kayak Storage Flotation Bags

Features a fold-down watertight opening with a nylon zipper on the outer bag. The air chamber inflates next to your stowed gear. Split floats have storage in stern bags only. Standard floats have storage in bow and stern. Imported. NRS one-year guarantee on workmanship and materials. **Sold in sets only. Color:** Red.

Weight: Split set (3 lbs 2 oz)
Standard set (3 lbs)

2084 Split Storage Flotation \$65.00
2085 Standard Storage Flotation \$60.00

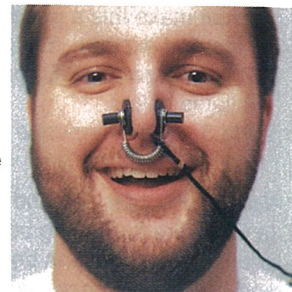

Smurf Kayaker This Smurf adds a bit of fun to any gift-giving occasion and is perfect for the kayaker who has everything. Made of non-toxic plastic and stands 2 1/2" high. Not recommended for children under 3.
2017 Smurf Kayaker \$6.95

Nose Clips

Not the usual weak nose clips, these are **Industrial Strength** nose clips made with a strong stainless steel spring and wide comfortable nose pads. These are the clips to have for perfecting your roll. USA.

2029 Nose Clips \$8.25

NEW

Mountain Surf Sprayskirts Unique for it's semicircular rubber gasket deck seal, the Mountain Surf is a dry, bombproof spray skirt. The rounded shape of the deck gasket allows a close fit in the radius beneath the cockpit lip and increases proportionally it's contact area with the cockpit rim. This shape in conjunction with the sticky nature of the gasket material itself, keeps the river out, and the skirt on in the biggest of water. The body tube and deck are constructed of 3 mm, 2-sided, nylon neoprene with a heavier weight used around the top outside edge of the deck for extra durability in this high wear area.

2073 S100 Mtn Surf Standard Fits: Dancer, Dancer XS, Mirage, Sabre, Reflex **\$84.95**

2075 S150 Mtn Surf Dagger Fits: Response, Vortex, Crossfire **\$84.95**

2074 S200 Keyhole Fits: Prijon, Perception Proline, Corsica, Corsica S, Matrix, Pyranna, Freefall, Freefall LT, Lazer, Excel, New Wave/Infinity, Euro Kayaks **\$84.95**

SOAR

All you need to be... Somewhere on a River!

SOAR Lucky Inflatable canoes are maneuverable, responsive, safe and a blast to paddle.

Lucky 12 Inflatable Canoe (single person) An extremely versatile canoe for superb solo whitewater runs as well as serious paddle touring trips. The Luckys are ideal for beginning paddlers who are reluctant to try the enclosed, hard shell kayaks and canoes. The Lucky design also allows the experienced paddler to use more advanced paddling moves through technical rapids. **Weight:** 52 lbs **Size:** 144" x 40"

1660 Lucky 12 Inflatable Canoe

\$1150.00

Lucky 16 Inflatable Canoe (two person) Tandem paddlers can enjoy this carefree open whitewater performer. The SOAR Lucky 16 has increased capacity, for a longer white-water weekend trip or a even a touring expedition. Built for a lifetime, the Lucky features tough 12" Hypalon tubes and an inflated I-beam floor. Easy to set up, inflates in minutes with a simple hand pump, and is easy to store and transport. **Weight:** 74 lbs **Size:** 192" x 40".

1665 Lucky 16 Inflatable Canoe

\$1295.00

WeatherOne Radio This is a "user designed" weather radio that provides around-the-clock broadcasts of current weather, tide, snow conditions, and river levels. Information received depends on the NWS station you are listening to and the location you are in. Weather bands received are 162.55, 162.45 and 162.4MHz. **Weight** 5 ozs. **Dimension** 5" x 3" x 1-1/8." 9 volt battery required. **2769 WeatherOne Radio \$28.50**

San Juan You'll find this to be our best general touring paddle. The larger blade gives power to your strokes. Designed for strength, dependability and efficient long distance paddling. Vacuum molded blades with epoxy fiberglass shaft. Feathers left, right and straight. Custom colors available \$26.00, see colors page 23. **Sizes:** 230, 240, 250, 260 cm. **1582 San Juan \$189.50**

Camano A narrow version of the San Juan blade. Great for distance touring with less wind resistance and fatigue. Same features, construction and sizes as the San Juan. Custom colors available. **Sizes:** 230, 240, 250, 260cm. **1580 Camano \$189.50**

San Juan Touring Paddle

Camano Touring Paddle

Prijon Sea Yak a long distance expedition boat for ocean, lake and river touring. Extrusion blowmolded of ultra high molecular weight polyethylene, it is extremely rigid and tough. The trihedral hull design provides three separate planes of stability effectively narrowing the boat's primary planing surface, increasing its speed while maintaining its stability. This "expedition" model offers two double decked hatches, two internal HTP storage pods, perimeter deck lines, bungee deck webs, seat with back, pedal footbraces and rudder ready outfitting. Supports paddler weight 110-220 lbs.

Weight: 53 lbs **Size:** 16' Lx 24" W **Volume:** 100 gal. **Cockpit Opening:** 32" x 28" **Colors:** Yellow, Violet.

Screw Mounted Tiedown Set Now you can take your existing canoe and retrofit it with screw-mounted eyelets made of tough ABS plastic with self-threading screws in the gunwale for a secure, customized fit. 12 eyelets, 24 screws.

2095 Screw Mounted Tiedown Set **\$5.95**

Stearns Canoeing Vests Type III/V rated flatwater paddling jacket is an economical choice for those wanting a little "style" in their flotation attire. These vests are cut for extra freedom and have oxford nylon shells, B-lok side adjustments, full length Vislon front zipper, and a handy button flap mesh pocket. 15 1/2 lbs flotation. Chest size 30" - 50".

2133 Stearns Canoeing Vest **\$48.00**

Safeguard Canoeing Vests Flatwater Type III lifevest has a minimum 15 1/2 lbs flotation. Two chest straps with nylon buckles may be adjusted to fit paddlers over 90 lbs with chest sizes 30" to 52".

2146 Safeguard Canoeing Vest **\$17.50**

From left: 3-D Solo, Standard Solo, 3-D Solo rigged

NRS Canoe Center Splits These bags effectively fill the center of a canoe because of their three-dimensional rectangular design. Match long with short center splits when you need room for gear. The photo at right shows one long and one short center split, leaving space for extra gear. H-R inflation and dump valves. Sold in pairs only. Imported.

Dimensions: Short Split 34"L x 18"W x 16"D inflated. 2 lbs 4 oz/pair.

Long Split 65"L x 18"W x 16"D inflated. 4 lbs/pair.

2086 S Short Center Splits **\$47.75 pr**

2086 L Long Center Splits **\$66.25 pr**

NRS 3-D End Floats

NRS 3-D

End Floats Designed like our 3-D Solo Floats, the 3-D End Floats completely fill the ends of most canoes (except those equipped with factory flotation chambers). Because of their small size, the 3-D end floats do not have dump valves. Red. Imported.

Dimensions: 28"L x 16"W x 18"D inflated (1 lb 14 oz/ pair). Sold as a pair only.

2092 3-D End Floats **\$49.00 pr**

NRS 3-D End Floats

NRS Center Float One of the largest center floats made. These functional center floats fit in all whitewater tandem canoes. Our unique NRS Center Float is wider at the middle than it is in the ends, so the bag will match the contours of all canoes (except those with upright bracing). H-R inflation and Dump valves. Red. Imported.

Dimensions: 59"L x 36"W inflated (3 lbs 4 oz).

2093 Center Float **\$44.00**

NRS Paddlers Glove

NRS Paddlers Glove Our best selling glove since 1990 and our best all around performance glove. The back of the glove has been designed with a molded knuckle protection pattern to give you better "smack into the wall" protection. The synthetic "leather" palm will not stiffen with repeated wetting and drying, and has a proven "tree" pattern gripping surface for a better grip under all angles of stress. DuPont 2 mm nylon-2 neoprene back with 3 mm protection area. Imported.
Material: Amara (a synthetic leather) palm and nylon-2 DuPont neoprene back.
Sizes: XS, S, M, L, XL, XXL (see sizing chart).
Color: Blue with gray Amara "leather".

2440 Paddlers Glove \$28.50

Glove Sizing

Please measure the width of your hand at the widest point (not including your thumb) and the length of your hand from the top of your middle finger to heel of your palm. Call if you have any questions.

XS (3"W x 6"L)	S (3-1/4"W x 6-1/2"L)
M (3-1/2"W x 7"L)	L (4"W x 7-1/2"L)
XL (4-1/2"W x 8"L)	XXL (5"W x 8-1/2"L)

NRS Naturals Glove

NRS Naturals The NRS Naturals are just the ticket for warmth, comfort and a sure grip. Pre-formed into the shape of a relaxed hand to minimize the effort required to hold your paddle. These are our warmest gloves. Imported.

Material: 3mm nylon-2 DuPont neoprene.

Sizes: XS, S, M, L, XL, XXL.

Color: Blue with silver.

2412 NRS Naturals \$23.50

Rafters Glove Light, strong, comfortable, this glove features a two finger mesh strip on the back for ventilation and drying. Try them for rafting, canoeing, windsurfing, or even racquetball. **Improved for 1994. Call for details.**

Sizes: S, M, L, XL **Color:** White

NRS Gripper Glove and Polypro Liners One of our most popular glove styles, the Gripper Glove provides security and warmth. For colder weather use with the polypropylene liners. Imported.

Material: Sure-grip vinyl coated cotton palm and a 2 mm neoprene back.

Color: Royal. **Glove Sizes:** S, M, L, XL, XXL. **Liner Sizes:** S, L. (Size chart on opposite page).

2400 NRS Gripper Gloves \$18.95

2405 NRS PolyproLiners \$ 7.25

"We were paddling there last February, 1993, and the temperature at the time of the photo was 40 to 45 degrees. During the trip, I found the gloves to be just what I needed for comfort, warmth and the ability to still "feel and grip" the paddle while paddling in extreme conditions. I have been using them for 2 years for both whitewater and sea paddling in Alaska. I prefer the gloves over poagies but in some conditions I have used the 2 together for extra warmth. Alaska and Tierra Del Fuego have very similar climates except for the dangerous and unpredictable winds of the south."

Bob Parker, North Star
Alaska • Guatemala

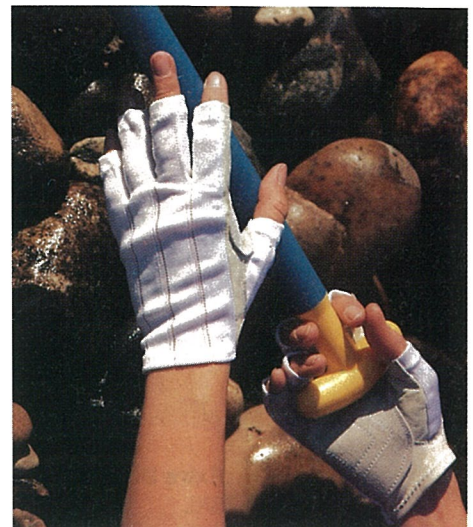

Boaters Glove Sailors have used this type of fingertip-less glove for years. They give you full freedom and use of your fingers while also preventing blisters. You can row, open cans, or tie knots with these gloves on. The treated suede palm will not stiffen, and the mesh back dries quickly. **Not exactly as pictured.**

Sizes: S, M, L.

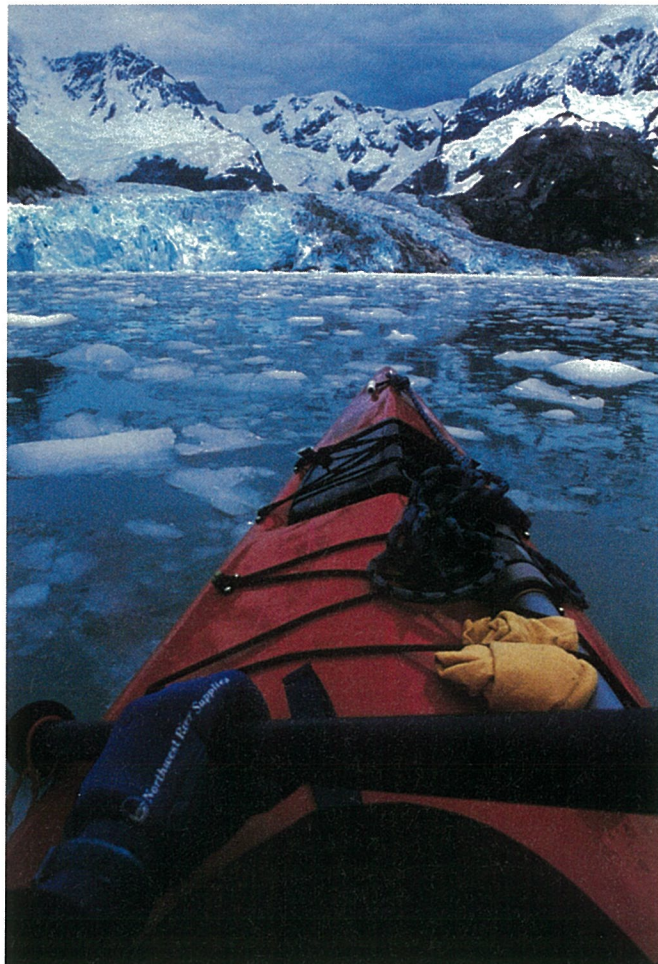

Color: White.

SPORT SANDAL
CLEANER-DEODORIZER-SANITIZER

Teva Amphibian Sandal Teva's new Amphibian Sandal has the most radical and one of the most comfortable strap systems for 1994. Using their own graduated web, Teva has produced their first fully adjustable sport sandal. The open-toe design and easy strap adjustment allows you to wear Feet Heaters (page 41) or NRS Wetsocks (page 39) on colder days. Women order one size smaller. USA. **Sizes and Color:** Unisex 6/7-12, Blue Ladder.

TEVA-2374 Unisex Amphibian

TEVA-2375 Men's All Terrain

TEVA-2377 Women's All Terrain

Teva All Terrain Sandal The All Terrain sandal has been redesigned to offer better support and secure closure with the use of the included Gonzo Rings. The Gonzo Rings give the hook and loop closures a positive "lock" in adverse conditions. The All Terrain sole is a time tested, durable sole. The Women's design is a narrower, more flexible sole. USA. **Women's sizes and color:** 4/5-9/10, Purple Tribe. **Men's sizes and color:** 6/7-12, Blue Diamond.

2377 Women's All Terrain Sandal \$39.50

NEW

Gecko Ultimate Sport Sandals Perhaps the finest sport sandals available. The molded polyurethane footbeds are comfortable from the moment you put them on and unlike regular or compression molded EVA, retain their resilience after hard use. The infinitely adjustable straps of soft, tubular nylon cradle your feet without the bulk or stiffness of overlapping Velcro. Gecko sandals are resoleable and carry an unconditional lifetime warranty against defects in materials or workmanship.

ULTIMATE SPORT SANDALS

GECKO-2392 Elan

GECKO-2391 Men's Z/1

Z/1 Sandal Gecko's top of the line sandal! Designed in cooperation with a leading orthopedic specialist, the Z/1 footbed provides exceptional arch support and rear-foot stability. The Z/1's Vibram TC-1 sole is non-marking and provides excellent traction. USA. **Women's sizes and color:** 6-9 Windowpane.

Men's sizes and color: 8-12, Fin and Feather.

2390 Women's Z/1 Sandal \$63.50

2391 Men's Z/1 Sandal \$63.50

Elan Sandal Gecko's simplest sandal. The molded polyurethane footbed gives you optimum resiliency and the fully adjustable strap design provides excellent support. The Elan's open-toe strap design gives total freedom of movement and is very comfortable when worn with Feet Heaters (page 41) or NRS Wetsocks (page 39). The Elan has a textured, non-marking gum rubber sole. Women order one size smaller. USA

Sizes and Color: Unisex 5-12, Ricochet

42 DRYSUITS

Kokatat Polartec Shirt and Pants

Lightweight pile for warmth. Shirt has a crew neck, extra long shirt tail and zippered chest pocket. Pants have an elastic waistband with adjustable velcro straps at the ankles. USA.

Material: Polartec™ Series 100 Pile.

Sizes: S, M, L, XL (sizing chart below).

Color: Royal Blue.

2522 Polartec Shirt \$55.00

2524 Polartec Pants \$58.00

What do you wear under a Drysuit?

Warmth in a drysuit is determined by what you wear underneath it. The drysuit's waterproof material and latex gaskets keep the cold water out. We suggest inner layers such as polypropylene or Polartec™ because they wick the perspiration and moisture from your skin while still insulating your body. We carry Kokatat's Polartec™ Pile because we feel it's the most effective fabric on the market for keeping you warm and comfortable at a reasonable price.

Aquaseal Repairs holes and tears, and adheres new gaskets. Cotel can be used for cleaning and mixed with Aquaseal to speed the curing process.

Youth Kayak Finally! The Epitek 1000, a full-on whitewater kayak for kids ranging 70-100 lbs. This boat is designed from measurements obtained from anatomical charts and medical data on children. High density polyethylene material coupled with the boat design has resulted in a very stiff hull which requires no center pillars to maintain structural integrity. The absence of center walls and the large cockpit make this a safe, comfortable boat easy for children to enter and exit. Includes float bags, nylon sprayskirt, and an adjustable foot brace kit.

Color: Granite Speckled Gray

2017 EPI 1000 \$455.00

Youth Sprayskirt Designed especially for skinny waists in the Epitek 1000. This skirt may be ordered in either nylon, for pool sessions, or neoprene for on the river.

46 COOLERS

Rubbermaid Coolers These outfitter-grade coolers will keep food and drink cold for a long time. Rubbermaid coolers have proven their worth on countless expeditions. Heavy duty construction for large and heavy loads, the Rubbermaid coolers carry a three-year normal usage guarantee, covering defects in material and workmanship. USA. Listed below are the features of each versatile size:

60qt One refreeze bottle, hinged lid, swing handles, removable storage tray, Snaploc latch and drain plug. Outside dimensions are 24"L x 16-1/4"W x 15-3/4"H. Fits nicely in the stern compartment of smaller rafts.

80qt Three refreeze bottles, hinged lid, molded handles, removable storage tray and drain plug. Outside dimensions are 34"L x 16-1/2"W x 15-1/2"H.

105qt Combines the best features of the 80qt and the larger 123qt and adds the split lid design. Two refreeze bottles. Outside dimensions are 38-1/2"L x 18-1/4"W x 16-7/8"H.

123qt For large groups, offers extra-thick insulation, padded carry handles, drain plug and removable storage bin. Unique split-lid allows access with minimum cold air loss. Outside dimensions are 39-1/4"L x 19-1/2"W x 17-7/8"H.

The Outfitter's first choice for extended trips with large groups of people. Same features as the 123qt, with outside dimensions of 43-1/2"L x 21-1/8"W x 19-3/8"H.

Pur Water Purifiers The Pur Explorer is the first portable water purifier to remove all organisms including Giardia, bacteria and viruses. Self-cleaning and pumps 1.5 liters/minute. Includes nylon case. The Pur Scout is as effective as the Explorer in removing harmful organisms, but it is not self-cleaning. Pumps 0.75 liters/minute. Both purifiers feature a durable thermoplastic body and unique fiber filter that won't break like brittle ceramic filters. The Pur Carbon Filter screws onto both of the above purifiers to remove pesticides, organic contaminants and to improve taste. USA.

Weight: Explorer 20 oz, Scout 12 oz.

2790 L Magnum DipStik (holds 32 oz) **\$19.50**

Scat Packer If it hasn't happened in your area, it will. More restrictions will be enforced on the environmental impact of our rivers. Specifically, the system of nesting bags that have been used in the past will no longer be permitted on many rivers. Instead, waste disposal systems will need to be washable and free of bags and other material not compatible with disposal systems. We are pleased to offer the Wilson Enterprises solution to the human waste handling and disposal dilemma, the Scat Packer. This is not just another 5 gallon bucket, but a complete leakproof, reusable, toilet system that includes: screw-type transport lid, customized seat mount, full sized toilet seat with a lid, separate waste transfer lid with dump hose and rinse connection. The Scat Packer uses biodegradable, non-formaldehyde chemical deodorant and is fully compatible with RV dump sanitary disposal sites. Constructed of high density polyethylene, measures 14" diameter, 14" H (stored), 19" H assembled. Expect an empty system to weigh 7 lbs, and when full 50 lbs, at the end of 40 user days. For those long multi-party trips, additional containers are available at a lower cost.

2728 Scat Packer **\$89.95**

Instructional Videos

The Kayaker's Edge Producer of Solo Playboating, Kent Ford has a new video for the kayaker! Advanced stroke techniques, surfing and playing are clearly explained and demonstrated. (58 minutes)
 3476 The Kayaker's Edge \$29.95

Learning the Kayak Roll - Grace Under Pressure This new video gives a step-by-step breakdown of the paddle roll, reveals the 'secret' to the handroll, gives helpful hints on learning the offside and provides an insightful look at bracing. (47 minutes)
 3477 Grace Under Pressure \$29.95

River Rescue: The Video A visual reference for whitewater safety as well as rescue. Actual and simulated rescues for paddlers in canoes, kayaks, rafts, and inflatable kayaks. (55 minutes) Les Bechdel and Anne R. Ford (book on left)
 3484 River Rescue Video \$44.95

Solo Playboating Two-time team C-1 World Champion and four-time Open Canoe National Champion Kent Ford, has made a wonderful open canoe instruction video for the aspiring open playboater. Great "play" footage featuring Kent Ford, Nolan Whitesell and Steve Scarborough. (37 minutes)
 3488 Solo Playboating \$29.95

Solo Canoe Instruction Video by Ric Taylor. of superb open canoe instruction covering 30 strokes from beginning flatwater to advanced whitewater. (92 minutes)
 3489 Solo Canoe Instruction \$41.50

NEW

Heads Up-Rescue An enjoyable twist on a serious subject. River safety experts Les Bechdel, Glenn Carlson, Jim Segerstrom and Charlie Walbridge take you on a low stress, arm chair journey down a river of boater nightmares. Along the way you will learn how to recognize and avoid common river hazards and what to do about the ones that end up spanking you or your friends. Strainers, pins, broaches, body and foot entrapment and under cut rocks are all covered in this watchable, well photographed video. (30 min.)
 3473 \$19.95

The Plunge From the people who brought you Southern Fried Creekkin', the Plunge takes you into the next chapter of the "hair" whitewater saga of the Southeastern United States. Paddle with the experts on the Suicide section of the Little River, hair of the Bear, and the Cullasaja in North Carolina. See the newest freestyle moves as demonstrated by the freestylers at the 1993 Ocoee rodeo and finish off with the rest of the Horsepasture where "Creekkin" left off including a huge drop over the Narrows of the Horsepasture and the Falls at the Little River.
 3485 \$26.95

Blazing Paddles Drop to drop, its whitewater adventure on an unparalleled scale. From the pool-drop rivers of the East to the big water of the Colorado and California's Class V rivers, this is a fast paced look at extreme whitewater across North America. (30 min.)
 3461 Blazing Paddles \$19.95

Southern Fried Creekkin Steep creek paddling on some of the South's most outrageous streams and rivers. Many of the area's finest extreme boaters - Dave "Psycho" Simpson, Forrest Callaway, Susan Gentry, Nolan Whitesell, Doug Wellman, and Kent Wigington.
 3492 Southern Fried Creekkin \$26.95

56 HELMETS

Pro-tec Helmet Pro-tec's lightweight, secure fitting helmet has a high density polyethylene shell with a removable and replaceable waterproof foam liner that ensures comfort and protection. Don't mistake this for the Taiwanese Pro-Sport / Hy-Tek Helmet. The generous ventilation holes drain water rapidly and the ear openings let you hear upcoming rapids.

Features a side-release buckle on the chin strap for adjustability and a secure fit. When selecting your Pro-tec helmet, measure around your head above the brow with a cloth tape, then convert inches to the correct size, or order your hat size: **Measured Sizes:** XS = Less than

20-1/8", S = 20-1/8" - 20-7/8", M = 21-1/4" - 22", L = 22-3/8" - 23-1/8", XL = 23-1/2" - 24-1/4". **Hat Sizes:** XS (up to 6-3/8"), S (6-3/8 to 6-5/8"), M (6-3/4 to 7"), L (7-1/8 to 7-3/8"), XL (7-1/2 to 7-5/8"). **USA. Colors:** Blue, Teal, Green, Yellow, Hot (neon)

The Dry Box

The Dry Box Rigid, waterproof (chip-munk proof too) gear/kitchen box for extended river excursions. Makes a great weather tight cartop carrier too! Impact and tear resistant 1/8" polyethylene, the manufacturer guarantees 3-years against tears and cracks. Cover features a closed cell neoprene gasket to seal water out and is held in place with an easy to use, high tension shock cord. **Outside dimensions** 31"L x 25"W x 17"H with a 4.5 cu ft capacity. **Weight:** 16 lbs. **Color:** Blue or White. **3060** Dry Box \$135.00

58 DRY BAGS

All bag dimensions listed in this catalog are for a fully loaded and closed bag.

NRS Super Tuff Sack

NRS Super Tuff Sack™ These bags are great for smaller items, offering quick access to all those daily necessities, or to organize your gear inside a Bill's Bag®. The round, 34 oz PVC/dacron bottom stands up for ease in packing and the 19 oz body means greater durability. The fold-down waterproof closure snaps back on itself with a side release buckle to create a handy carry handle or to snap around a frame or D-ring. X-Long has a carry handle on the side. USA. **Color:** Royal Blue, Teal or Purple

Five convenient sizes:

Small (7.5" Dia x 12" H) Medium (9.5" Dia x 18" H)
Large (11.5" Dia x 24" H) X-Large (11.5" Dia x 32" H)
X-Long (9.5" Dia x 32" H)

2945 S	NRS Tuff Sack, Small	\$13.25
2945 M	NRS Tuff Sack, Medium	\$16.75
2945 L	NRS Tuff Sack, Large	\$20.50
2945 XX	NRS Tuff Sack, X-Large	\$24.50
2945 XL	NRS Tuff Sack, X-Long	\$23.50

NRS Sea-Stow™ Bag We sized these bags to help organize gear within the long, narrow hulls of sea kayaks. The 400 denier urethane-coated nylon material helps the sea kayaker keep weight to a minimum. The largest bag weighs only 13 oz. This material also slides easily along the inside surface of fiberglass and polyethylene sea kayaks, making loading easier. Small and extra-small Sea-Stows will fit through 8" deck hatches. The sure sealing fold-down clip-lock closure ensures dry gear at the end of the day. Corner grommets for tie-down. USA. **Color:** Bright Yellow or Purple **Size:** X-Small (5"W x 10"H) Small (7"W x 14"H) Medium, (8.5"W x 18"H), Large, (9.5"W x 25"H)

X-Large	(14"W x 34"H)	
2970 XS	NRS Sea-Stow	\$ 9.75
2970 S	NRS Sea-Stow	\$11.75
2970 M	NRS Sea-Stow	\$14.75
2970 L	NRS Sea-Stow	\$16.75
2970 XL	NRS Sea-Stow	\$22.50

NRS Sea Stow

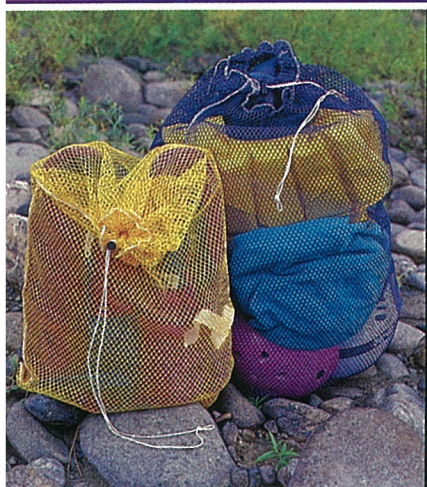

NRS Round Bottom Sea Stow

Round Bottom Sea Stows Our Round Bottom Sea Stows have all the features of our NRS Sea Stow with more useable space. The new round bottom design simplifies packing and makes better use of the space in your boat. **Colors:** Red, Blue **Size:** M (9.5" Dia x 18" H), L (11.5" Dia x 24" H), XL (11.5" Dia x 32" H)

2971 M	Round Bottom Sea Stows	\$14.75
2971 L	Round Bottom Sea Stows	\$16.75
2971 XL	Round Bottom Sea Stows	\$22.50

NEW

Drawstring Mesh Bags Mesh bags are great for keeping your favorite beverage cans cool in the river. Also handy for organizing your personal safety gear or taking wet gear home. Mesh material allows quick drying of damp river gear. These bags work great as safe containers for garbage while on the water. USA. **Small:** 30"L x 18"W **Large:** 36"L x 24"W.
3080 S Mesh Bag, Small \$ 8.00
3080 L Mesh Bag, Large \$10.50

NRS Dri-Stow™ Bag A very economical bag. Perfect for the "occasional boater" or as a day bag for personal gear. The Dri-Stow is made of 210 denier nylon, coated with industrial strength vinyl. Fold-down closure with plastic buckle. Imported.
Size: Small (8"W x 10"L), Medium (11"W x 18"L), Large (14"W x 24"L)
Color: Yellow.
2955 S Dri-Stow, Small \$ 8.95
2955 M Dri-Stow, Medium \$10.95
2955 L Dri-Stow, Large \$15.95

NRS Round Bottom Dri-Stow Same material as the Dri-Stow but with round bottoms for easier packing and a longer bag life. Fold-down closure with plastic buckle. Imported.
Size: Small (8.5"Dia. x 22"L), Med (11.5"Dia. x 30"L) Large (11.5"Dia. x 36"L)
Color: Yellow.
2957 S Round Bottom, Small \$11.95
2957 M Round Bottom, Med \$15.95
2957 L Round Bottom, Large \$17.95

Ochsa Combo Bag Great for carrying wet gear, personal safety gear, or anything you want to ventilate. The Oxford nylon bottom provides strength, while the rugged Phiferter® mesh provides ventilation. Reinforcing straps, full length zipper, and pockets on each end of the large size, one pocket on the small. Colors vary. Small (26"L x 16"H) or Large (34"L x 22"H). Made in Idaho.
3085 S Combo Bag, Small \$29.00
3085 L Combo Bag, Large \$39.00

W.D.G. BAG. Wet, dry and gross says it all! Stohlquist developed this new bag just for river runners. Your wet gear is separated from your dry gear by a "floating" baffle. Your gross stuff is stored in an end compartment and a handy side pocket holds your small valuables. Nylon mesh on top for air drying and tough PVC underneath for keeping your vehicle dry. 18" Dia. x 28"L. USA.
3087 W.D.G. Bag \$54.50

NRS Side Duffel™ The NRS Side Duffel is our most convenient dry bag. The 18" YKK zipper gives you easy access to your belongings while at the same time ensuring they stay dry. The clear side duffel allows you to see 'through' the bag to easily find what you want. Includes two inch wide shoulder strap. The red material is 19 oz PVC/dacron and the clear is 16 oz Clear PVC/dacron. USA. **Size:** 12" diameter x 24" long. **Color:** Red or Clear.
2972 NRS Side Duffel, Red \$75.00
2973 NRS Side Duffel, Clear \$75.00

Water Pocket These ziplocks are a little spendy for your peanut butter sandwich, but they are absolutely guaranteed to keep it dry! Don't confuse these one of a kind bags with your common Zip-Locks, these bags have been tested for 3 weeks at 130', dry as a bone, left out filled with cookies in Cookie Monster country, unopened, they will keep money, drivers licenses, maps and divorce papers completely dry. Each Waterpocket consists of two water proof bags, one and a spare, in a colorful nylon bag with strap and plastic buckle.
Sizes: S(5' x 7') M(6' x 9'), L (12 1/2" x 12 1/2")
2969 S Water Pocket \$12.00
2969 M Water Pocket \$15.95
2969 L Water Pocket \$21.95

60 DRY BAGS

An Outstanding Bag with an Outstanding 17 year Reputation.

NRS Bill's Bag® This is the original Bill's Bag®! Perfect for clothes and sleeping gear. Backpack straps and padded carry handle make it easy to carry into camp or over short portages. The 3.8 and 2.2 Bill's Bags® have a 19 oz PVC/Dacron body and 34 oz PVC/Dacron round bottom.

2.2 Bill's Bag® (2.2 cubic foot capacity, 3800 cubic inches) is great for one person's gear. It measures 14" diameter by 24" high when packed full.

3.8 Bill's Bag® (3.8 cubic foot capacity, 6560 cubic inches) measures 16" diameter by 33" tall packed and provides enough room for two people's carefully packed gear.

3.8 Heavy Duty Bill's Bag® Same construction as the standard 3.8 Bill's Bag, but with an additional six inches of 34 oz wrap up the side to better withstand dragging on rocks and sand. USA.

Color: 2.2 Bag in blue or teal; 3.8 Bag in blue, teal or light blue; 3.8 Heavy Duty in red only.

2910	2.2 Bill's Bag	\$48.50
2900	3.8 Bill's Bag	\$51.50
2903	3.8 Heavy Duty Bill's Bag	\$67.25

NRS introduced the *FIRST* PVC waterproof gear bags 17 years ago, and we've kept improving them since. We are proud of their reputation. We know you depend on them, so we don't cut any corners on quality. When you buy an authentic Bill's Bag®, you can be sure it will be shedding water, long after the imitations are retired.

NRS Paragon Portage Pack™ An internal frame pack that is truly waterproof. The heart of the system is our reliable 3.8 Heavy Duty Bill's Bag®. The suspension system is similar to climbing and backpacking systems. Attached to the bag is a welded panel of 28 oz PVC, to which are secured 1-1/2" padded, fully adjustable shoulder straps and a 4-1/2" padded adjustable hip belt. An adjustable sternum strap keeps the shoulder pads in place while portaging. Internal stays of 6063 aluminum help support the load. You can remove the stays and custom-form them to your back. Tie on a tent or sleeping pad with the 1" straps on the front of the pack. Three compression straps encircle the pack for easy load adjustment, and a fully padded nylon-covered back panel cushions your back from bulky items. A padded carry handle lets you hoist the Paragon easily around camp. Delrin™ hardware. **Color:** Green w/black or Red w/black USA.

Paragon Portage Pack

Outfitter This is a heavy duty version of the Bill's Bag®, made of 22 oz PVC/dacron with the same 34 oz bottom fabric for extra durability. If you need an extra tough no-frills gear bag, this is the bag for you. It is the same size as the Bill's Bags, and has a cushioned carry handle down one side, but no shoulder straps. Features the same welded and bar-tacked opening flap shown on the previous page. USA. (2.2 cu ft, 3.8 cu ft).

Assorted colors, please let us choose.

2915 2.2 Outfitter, 2.2 **\$42.50**

2915 3.8 Outfitter, 3.8 **\$44.50**

Outfitter Bag

System 5™ This is *the* bag for organized groups, river clubs and expeditions. It is the toughest and largest bag we make (28 oz PVC/Dacron and 40 oz bottom), and holds 5 cubic feet of gear. The System 5 measures 16" diameter x 42" high. USA. Assorted colors, please let us choose. For carrying ease, an optional 2" webbing adjustable shoulder sling is available.

2925 System 5 Bag **\$51.50**

2926 Shoulder Sling **\$ 6.00**

K•O•S•S Bag™ (Kitchen & Other Strange Stuff) This is the watertight bag you need for any heavy or awkward equipment - like kitchen gear. Also great for group storage of sleeping bags, pads, tents, etc. The rectangular bottom is made of 40 oz. material, as defense against sharp objects and abrasion. We use 24 oz PVC/Dacron for the body and protective cover to make the bag super tough. The bag seals with a fold-down, buckled, waterproof closure. The overlapping protective cover fastens down with quick-release buckles. Padded carry handles make it easy to tote the bag into camp. Dimensions: 21"L x 19"W x 14"H. USA. Assorted colors, please let us choose.

2921 K•O•S•S Bag

\$75.00

You can add extra D-Rings to any of your NRS Bags! See PAGE 20 for Bag D's and NRS Patch Kits.

System 5 Bag

62 STRAPS

**NRS Heavy-Duty Straps, still the best,
our straps will outlast the others.**

NRS Heavy-Duty Straps Our HD Straps have been used for virtually every hold-down application. They've restrained 1300 lb longhorn steers and of course secured thousands of raft frames. NRS HD Straps are offered in eight different lengths for your convenience.

- 1. Strongest 1" Cam Buckle** With a 900 lb tensile strength, our HD Buckle is the strongest on the market.
- 2. Corrosion Resistant** Aircraft spec CAD 2 plating provides superior corrosion resistance for years of trouble-free use.
- 3. Strongest Webbing** Our 1" polypro webbing is custom made to a 1100 lb tensile strength, the strongest in the business.
- 4. Easy to Identify** You can tell at a glance which strap is which. The webbing has the length of each strap woven in the fabric. No head scratching to remember which color strap equals what length.
- 5. Military Spec Box Tack** Each HD Strap is sewn with the strongest military spec box tack, not the weaker bar tack method.
- 6. Recessed Spring** The end of our spring is recessed in the HD Buckle frame to prevent torn fingers and torn webbing.

You can even custom make your own lengths by purchasing the HD buckle and HD webbing separately and sewing them yourself.

Quick and Easy Use these Quick-N-Easy fittings to build your own custom car racks for those special purpose hauling jobs. You can fasten, with appropriate accessories, either wood or pipe cross-pieces to these heavy-duty aluminum castings to create racks capable of hauling enormous quantities of gear. With the cam lever and clip hold down system, these brackets can be cinched down tight to your rain gutters. If you plan on using your custom rack on an auto without welded or continuous rain gutters, ask us about artificial gutters. For pipe cross pieces, order tube holder below.
