## Short or Long Sleeves; We've got You Covered

### NRS Payette™ Paddle Jacket

Finally, a full-feature, short-sleeve paddle top. The Payette Jacket offers unsurpassed breathable, waterproof comfort with seam-taped Wave-Tex™ fabric, neoprene neck and arm cuffs and a shock-cord waist closure. Generously cut for unrestricted mobility. This is your next warm-weather top.

**Sizes:** S-XXL (see sizing page 23)

**Colors:** orange/gray, navy/black

**2582 NRS Payette Jacket \$59.95**

### NRS PowerHouse™ Jacket

The PowerHouse is cut for freedom of movement and features factory-taped seams, wrist and neck seals. The 210-denier, breathable, Wave-Tex™ fabric allows moisture to escape as it repels water, keeping you drier. Shock-cord waist and roomy, zippered front pocket.

**Sizes:** S-XXL (see sizing page 23)

**Colors:** yellow/black, lt. blue/black, sage/black

**2581 NRS PowerHouse Jacket \$84.95**

## The Durability of Kevlar®

### NRS Rescue Gloves

Developed for rescue professionals who spend most of their working hours handling rope and rigging systems. Kevlar® patches on the palm and fingers afford superior durability. Padded knuckles and back protect your hands. 2 mm DuPont® neoprene back maximizes warmth, while the synthetic leather palm limits slip and enhances dexterity. Wrist openings cinch tight with elastic hook-and-loop band. The best all-around choice for comfort and durability.

**Sizes:** S-XXL (see sizing page 15)

**Color:** black

**2439 NRS Rescue Glove \$49.95**

### Pelican Super SabreLite™

Submersible to 2000 feet, the NEW Super SabreLite™ has more failsafe features than any flashlight made. Patented super-bright Xenon laser-spot module penetrates water, fog and smoke. Battery protector system protects against shocks and hard abuse even after 30' drops on concrete. Automatic purge valve allows internal gas to escape without sacrificing watertight integrity. 12,000 candle power. Uses 3 C-cell alkaline batteries (not included).

**Colors:** yellow, orange

**Size:** 7 1/2" L x 1 7/8" Dia.

**2783 Pelican Super SabreLite™ \$32.95**

## SECURITY IN A SANDAL

### Teva Alp Approach

The buckle fastener is a breeze to adjust and won't slip, and getting into these sandals has never been easier. Multiple straps with 14 anchor points support your foot. A 6-point heel cage creates a stable connection to the top sole. A grippy, non-marking, molded Spider Rubber™ bottom sole and shock-absorbing, polyurethane-encapsulated Zilex™ topsole give you long-lasting cushion and traction at every step.

**Sizes:** Men's 7 - 13. Women order one size smaller. 1/2 sizes order one size larger.

**Colors:** black

**2384 Alp Approach \$84.95**

### NRS Bill's Bag™

The original rafters' dry bag! Backpack straps and padded carry handles for easy portages. 19 oz. PVC/Dacron® body and a 34 oz. PVC/Dacron® round bottom make it tough enough to withstand the rigors of expedition use around the globe. The 3.8 offers plenty of storage for multi-day excursions.

See page 101 for other sizes and models.

**Colors:** blue, red, yellow, green

**Size:** 3.8 cu. ft.; 16" diameter x 33" tall

**2900 3.8 Bill's Bag \$59.95**

#### NRS Havoc™

When confusion reigns, don't let it go to your head. The Havoc helmet set new standards for watersports protection at the UK's CE testing center. The woven glass/carbon inner sheet is covered with a shock-absorbing 5+ mm injected polyurethane outer layer that distributes impact energy throughout the shell. Soft and fuzzy liner keeps your head warm and adds even more impact protection for your skull.

**Size:** S-XL (See page 46 for sizing)

**Colors:** blue, purple, red, black

#### NRS SeaTour™ Jacket

You won't find a better value in an anorak-style touring jacket. The SeaTour™ utilizes waterproof, breathable WaveTex™ fabric for the perfect combination of comfort and durability. Underarm zippers offer ventilation, while neoprene on neck and wrists seals out spray. Reflective tape on shoulders improves safety in low-visibility conditions. Innovative roll-down hood with visor stows in its own pocket. Shock-cord waist and taped seams keep you dry and comfortable.

**Sizes:** S-XXL

**Color:** yellow

**2583 NRS SeaTour™ Jacket \$129.95**

#### WaveTex™ An NRS Exclusive

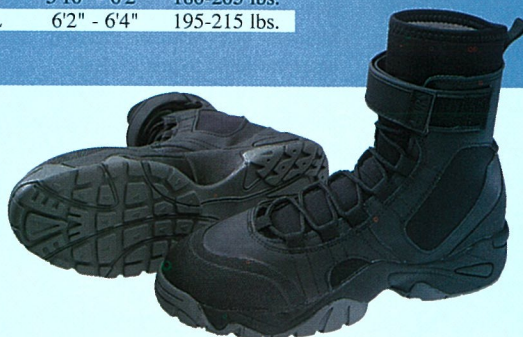

Our special fabric treatment provides the utmost wind- and waterproofing while maintaining breathability. Water droplets cannot penetrate the fabric, but water vapor from perspiration easily escapes, creating a drier, more comfortable garment.

#### NRS Workboot

Used by river professionals, rescue agencies, and Navy SEALs, these are the hardest-working river boots on the market today. 5 mm neoprene, cushioned insoles, synthetic leather, and fully molded arched soles have been combined with outstanding craftsmanship and exceptional NRS design. You won't find a tougher shoe for daily river running. Heavy-duty traction sole keeps you on your feet. Uppers of lace-up mesh, neoprene, and synthetic leather provide superior ankle support and a secure fit. Plastic 2 mm midsole shim delivers sturdy protection from sharp rocks, and the 7 mm insole cushions your feet comfortably. Self-draining, quick-drying, and – of course – they float.

**Sizes:** 6 - 13 (whole sizes only). Women order one size smaller. 1/2 sizes order one size larger.

**Color:** black/gray

**2338 NRS Workboot \$69.95**

### NRS Zippered Wetshoe™

Soles are designed to maintain sure footing on slick surfaces. They're flexible, yet thick enough to protect you from sharp rocks. We've added a 2 mm plastic shim in the midsole to improve comfort and protection. Insoles are cushioned with 7 mm DuPont® neoprene, and 5 mm uppers are glued and blind-stitched for warmth and comfort. Instep strap and a YKK zipper backed with a waterproof gusset make for easy entry and removal. Thanks to reinforced heels and toes, these shoes are as durable as they are comfortable. Glued and blind-stitched to reduce seepage.

**Sizes:** 4-15 (whole sizes only). Women order one size smaller. 1/2 sizes order one size larger.

Action Jane

### NRS Action Jane

The Action Jane takes the concept of our Little Jane one elegant step further. 3 mm Dupont® neoprene with an excellent, contoured fit. Enlarged arm holes with short Lycra® sleeves that move when you move, stretch when you stretch. Perfect for those days when a vest just isn't enough. Glued and blind-stitched seams prevent chafing throughout. YKK zippers.

**Sizes:** XS-XL

**Color:** black/concord

**2218 NRS Action Jane \$84.95**

### NRS Little Jane

Like the Farmer Jane, the Little Jane is designed for the comfort of women. Warm 3 mm nylon-coated neoprene and glued and blind-stitched seams ensure comfort and durability. A great multi-use women's suit. Perfect for active paddling. YKK zipper.

**Sizes:** XS-XL

**Color:** black/purple

**2216 NRS Little Jane \$ 74.95**

### NRS Ultra Jane

A full-length Ultra suit specifically tailored for women – now with a relief zipper. Top-quality 3 mm DuPont® neoprene is combined with such extras as MicroPlush™ lining in the torso, super-stretch PowerSpan™ in the mid-section, glued and blind-stitched seams, and ToughTex™ knee pads. What does this mean for you? Fleece-like warmth across the shoulders and chest, extra mobility and stretch at the waist, and durable protection for your knees.

**Sizes:** XS-XL

**Color:** black/purple

**2221 NRS Ultra Jane \$139.95**

### Women's Wetsuit Jacket

Cut slimmer through the waist and arms, this is our classic jacket redesigned to fit a woman's body. Extended waist and tailored collar offer added coverage and protection, and the nylon-coated 2 mm neoprene with TiCoat™ provides an excellent combination of durability, mobility and warmth. We use PowerSpan™ neoprene under the arms to increase paddling comfort. Wrist zips and a YKK front zipper give you easy entry. For maximum protection, layer over our Farmer Jane when the water's high and the wind is cold.

## NRS Expedition Jane

We've considered every detail for a woman's multi-day comfort: added room across the bust, tapered legs for an ideal fit and, finally, a woman's wetsuit with an effective relief zipper. Made from 3 mm DuPont® neoprene with nylon laminated to both sides for comfort. Glued and blind-stitched seams for smoothness against the skin and durability. Tough YKK zippers in front, at the ankles and for "relief," as well as reinforced knees with extra padding, mean that this is the last wetsuit you'll have to buy for a long, long time.

### NRS Mambas™

Improved for 2001! The new Mamba features cuff snaps, giving you the option of a shorter, more accessible opening. Now you can slip your hands in with a minimum of fuss, concentrating instead on hitting that next line. Ideal for creeking or surfing, Mambas retain the option of keeping the cuff long for maximum warmth. 5 mm nylon-coated neoprene on the underside provides abrasion resistance, and raw neoprene on the mitt top prevents wind chill. TiCoat™ maximizes heat retention.

### NRS Propulsion™ Gloves

Bored with the same old surfing routine? Can't fit your break-down paddle into your new boat? Solve both problems with NRS Propulsion Gloves. 3 mm neoprene construction lets you hand-paddle in the coldest conditions. Flexible plastic shims between your fingers keep the glove sturdy enough for a good "bite" in the water, and yet still allow you to latch onto important things, like a found paddle, or your skirt's grab loop.

### Coatings, Laminates and Fabric:

Product descriptions are often full of technical terms. When you see "laminated", think of applying wallpaper. When you see "coated", think of painting. Most apparel-weight materials are coated.

Fabric and coating weights are given in ounces per square yard. Thread weights are given in denier.

**Denier:** The term "denier" relates to the weight of the thread used in manufacturing a base fabric. The weight (in grams) of 9000 yards of a single thread is the fabric's denier. For example, 210 denier fabric is produced using thread that weighs 210 grams for each 9000 yards of length. A higher denier count indicates that a stronger, heavier thread is used in making the fabric.

### NRS PowerHouse™ Jacket

The PowerHouse is cut for freedom of movement and features factory-taped seams, wrist and neck seals. The 210-denier, breathable, Wave-Tex™-treated fabric allows moisture to escape as it repels water, keeping you drier. Shock-cord waist and roomy, zippered front pocket.

### Patagonia Capilene®

Why undo the benefits of a technical layering system by wearing cotton next to your skin? High-performance Capilene® manages moisture from the inside out. Treated to wick away moisture, it's fundamental to cool-weather layering. Also works well as light outerwear when you de-layer or need protection from the sun.

### Silkweight Capilene® T-Shirts

Wear its silkiness next to your skin and under other layers; its smooth surface reduces friction between layers. In warmer conditions, Silkweight's microdenier fibers help with temperature regulation.

### prAna Snakebite Fleece

PrAna's unsurpassed cotton/poly fabric takes on a unique two-tone heather color when garment-dyed, giving the Snakebite a look unlike that of any other fleece. It features a tapered silhouette, a double-rib neck for style and underarm gussets for unrestricted movement. Stylish and comfortable on or off the water.

**Colors:** brick, marine

**Sizes:** M-XL

**2630 Snakebite \$50.00**

### prAna Performance Snakebite

An ideal long-sleeve shirt to be worn either as a base layer or by itself. Hollow-core technical polyester keeps moisture away from your skin and dries quickly to keep you comfortable. Gusseted shoulders and short front zipper expand range of motion on the water, while the sharp color and classy patterning look good anywhere.

**Color:** moss

**Sizes:** M-XL

**2629 Performance Snakebite \$55.00**

### prAna Congo Short

You're not limited to the paddling scene; why should your clothes be? The Congo Short's a water-loving workhorse, with the style to fit in anywhere. Medium-weight, sueded-nylon fabric sheds water, while the neoprene waistband remains comfortable, wet or dry. Additional mesh cargo pocket and a loose, comfortable fit.

**Colors:** black, blue

**Warning: NEVER** leave children unattended in or near the water even if they are wearing a PFD!

We use 303 Protectant on everything from PFDs to Boats.

### 303® Protectant

We spray or wipe 303 on our PFDs to extend their life and keep them looking new. Outfitters and rental programs use it in a simple solution of 303 and water to extend the life of their PFDs and wetsuits. 303 Protectant is the most powerful UV-screening protection ever developed. It protects from harmful UV rays, and maintains the integrity and tear strength of nylon materials, rubber compounds and vinyls. Great for all your equipment! Will not coat gear with a waxy residue. And it's biodegradable.

## the ABCs of PFDs

NRS proudly offers a wide range of Coast Guard-approved PFD styles from leading manufacturers. If you plan to venture into the water, you'll find the right "Personal Flotation Device" here!

### Style:

Look for these symbols denoting:

high flotation

or

low profile

**Red type denotes the flotation for each design.** Most adults wearing a bathing suit weigh between 10 and 12 lbs. in the water. The more muscle you have, the more flotation you need. Higher flotation brings you to the surface faster and floats you higher in the water. The maximum flotation offered here is 28.5 lbs., available in the Gorge.

### Coast Guard Approved:

**Type II** – Near-Shore Buoyant Vest, used for inland calm waters.

**Type III** – Flotation Aide, comfortable for continuous wear and high-activity use on inland water.

**Type V** – Special Use Device. A label on the jacket specifies the limits of use. Example: rescue jackets.

**Type III/V** – Multi-Purpose Commercial Vests.

### PFD Bag

Let's face it: wet, bulky life jackets and wetsuits are a pain to haul around. Thankfully, the NRS PFD Bag makes it easy to transport and store your damp and difficult-to-carry gear. The top of this bag is made with the same 2-½" square mesh netting in our Cargo Net so that everything inside dries quickly. The bottom is 1000 denier Cordura® nylon for durability. Two sturdy handles and a quick-cinch draw cord opening allow you to pick up and go. Room enough for all your friends' gear, too. Holds up to 18 PFDs.

**Sizes:** 40" W x 40" L x 30" H.

**3094 PFD Bag \$94.95**

It's always a good idea to carry a whistle, and it may be required on your river. The Fox 40 is our most popular. Order yours today.

### Safety Whistles

Sometimes the only way to be rescued is to be heard. Safety whistles are invaluable for signaling rescuers. Boat safely and carry the necessary equipment.

### Lotus Designs' Half Pint™ Type III

The new Half Pint eclipses all other kids' vests in both function and comfort. Easy and secure side entry with one closure buckle. Four adjustment points create a perfect fit on almost any child. 3M® reflective tape across shoulders. 500 denier Cordura® will last long after your kids have outgrown it. **12 lbs. 8 oz.**

**Sizes:** One size fits most kids (50 - 90 lbs.)

**Color:** red

**2130 Lotus Half Pint \$66.00**

### Lotus Designs' Locean™ Type III

Looking for a touring vest that's specifically designed for comfort? Based on the popular Lola, Lotus has added special touring features to the L'Ocean, including two mesh side pockets for larger items, like a VHF radio, a strobe-holding sleeve on the rear of the shoulder and reflective tape on shoulders and back. Internal zipper flange protects you from zipper pinches. **15 lbs. 12 oz.**

**Sizes:** XS, S/M, L/XL, XXL

**Colors:** orange, yellow, red

**2129 Lotus Locean™ \$125.00**

### Lotus Designs' p-Vest™ Type III

Developed to match your style, Lotus has outdone itself with this highly adjustable low-profile PFD. Like the Sherman, the p-Vest back panel has been re-designed for a better fit. Stretchy front mesh pocket holds the optional Implant for 2 extra pounds of flotation.

Shoulder harnesses rated to 1,200 pounds provide additional safety, and quick-release rescue belt with stainless O-ring adds up to a serious swiftwater rescue vest. **S/M-L/XL (15 lbs. 8 oz.)**

**Color:** red

**2130 Lotus Half Pint™ \$66.00**

### Lotus Designs' Sherman™ Type III

A new level of comfort in the vest that started it all. The 2001 Sherman is still one of the best rodeo PFD's available, combining the comfort and ease of a pullover with the convenience of a side zip opening. The back panel flotation has been re-designed to better fit your body using an improved adjustment system. The popular neoprene handwarmer and curved mesh pocket have stayed put.

**15 lbs. 8 oz.**

**Sizes:** S/M, L/XL, XXL

**Colors:** black, yellow

**2126 Lotus Sherman™ \$99.00**

### Lotus Designs' Lowrider™ Type III

A streamlined rodeo vest with over 16 pounds of flotation. Lotus' lowest-profile PFD has been designed from the inside out, conforming the flotation to the shape of the human body without skimping on buoyancy. Two adjustment straps on each side plus adjustable Superglide™ shoulder straps keep this vest from riding up and twisting around the torso.

## Add-Ons for your New or Existing Boat

**NRS Hypalon® D-ring Patches** Two layers of "seatbelt-like" nylon webbing secure the D-ring to a base of 840 denier, 42 oz. neoprene. A strip of UV- and abrasion-resisting Hypalon® (840 denier, 28 oz.) covers the webbing, and color-coded Hypalon® material is glued on top to complete the patch. Our 1" and 2" D-rings are **stainless steel** and give exceptional corrosion protection under even the most adverse conditions.

**Colors:** black, blue, gray, red, yellow

**1460 NRS 3" D-ring Patch (nickel-plated D-ring) \$12.95**

**1462 NRS 2" D-ring Patch (stainless steel D-ring) \$12.95**

**1463 NRS 1" D-ring Patch (stainless steel D-ring) \$ 8.95**

**AIRE PVC D-ring Patches color: gray**

**1468 1 PVC D-ring 1" \$ 6.50**

**1468 2 PVC D-ring 1-1/2" \$ 9.95**

### Raft Material

Prices are per running foot. Widths are approximately 56".

**1954 NRS black Neoprene: 840d./42 oz. \$13.25/ft.**

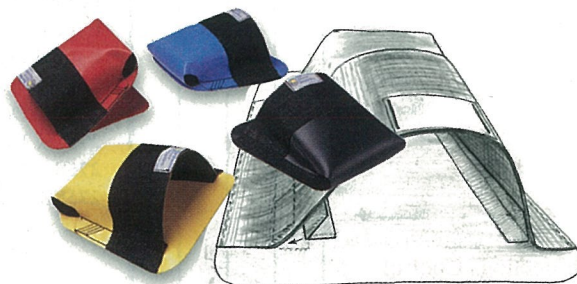

**1962 NRS Hypalon®: 1100d./38 oz. blue, gray, red, yellow, white \$23.00/ft.**

**1963 NRS black Hypalon®: 1670d./44 oz. \$29.00/ft.**

### Otter™

Hand built by our own experienced craftsman with quality Pennel material and top-of-the-line components. We've carefully designed these rafts to provide you with the best combination of performance and value. The **Otter 11** provides lightweight paddling and quick response. Designed for four or five paddlers and great for fly fishing. The **Otter 13** allows paddling for 4-6, with room for multi-day trips. The **Otter 14** is best for paddling with a larger crew or rowing on bigger rivers. It really shines on those long trips when you need extra gear and don't want to overload your raft. See page 60 for specifications.

NRS "cats" are designed for extraordinary performance, agility and stability, whether transporting passengers and gear or sport boating. Precisely sized continuous-curve tubes enhance capacity, ride and maneuverability in all models. Heavy-duty construction, safety engineering and our standard five-year full warranty make these cats unbeatable. As a safety measure, every new NRS cataraft tube includes either an inner safety support tube or our three-chamber safety system. This system divides tubes into three separate chambers, providing flotation during emergency deflation. You'll probably never need this extra protection, but we want you to be prepared in case you do.

#### NRS Associates

We are proud to be both the manufacturer and distributor of NRS inflatable boats. Our factory in Mexico produces boats known world wide for their quality and craftsmanship. Not a single boat will leave the factory until it has passed our rigorous quality control procedures.

## The Heart of an NRS Frame:

### LoPro™ Fitting (pat. # d431000)

Cast from 356 aluminum alloy, these fittings are designed to handle the demands of big-water boating. We start by machining the shank to match the inside diameter of our aluminum pipe. The saddle, coupled with our stainless steel U-bolt, creates a connection that will hold firmly for a lifetime of boating.

1215 LoPro™ w/ U-bolt	\$17.95
1216 U-Bolt	\$ 2.50
1211.8 Frame Wrench	\$ 4.50

## Outstanding Quality Guaranteed

Why is an NRS frame the best? Designed to fit **any** raft. Completely adjustable for **any** size rower. Fully customizable: anyone can have a frame to meet their needs. **Lifetime** warranty. Premium frames at a great price, with the backing of 29 years of excellent customer service.

### Construction:

6061-T6 anodized aluminum pipe:  
High strength-to-weight ratio.

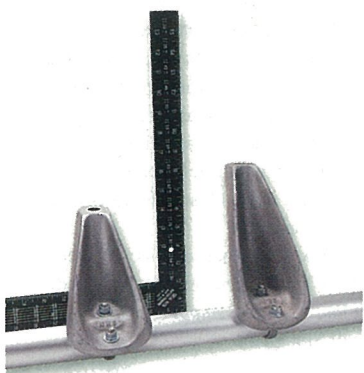

- Outside diameter = 1.66"
- Inside diameter = 1.38"
- Wall thickness = .14"

Cast aluminum LoPro™ fittings:

- Weight = 1 lb. 3 oz.

Stainless steel "coined" U-bolts.

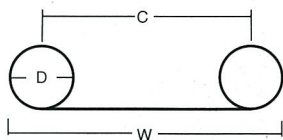

Cast aluminum-alloy oarlock stands. Welded seat plates.

### NRS Oar Mount

Cast from 356 aluminum alloy and shaped for tremendous strength and uncompromising stiffness, NRS Oar Mounts will hold up for a very long time. They're the most versatile oar mount around. By rotating them around the circumference of the rails, you can make adjustments in their working height.

1214 6" Oar Mount	\$69.95/pr.
1214.5 8" Oar Mount	\$88.95/pr.

## Fitting a frame:

Your frame should be as wide or wider than your boat's center-to-center measurement. Determine the center-to-center measurement by measuring the width of your boat and subtracting the diameter of one main tube ( $c = w - d$ ) (Center = raft width - tube diameter). If the width of our frame does not match your numbers exactly, be sure to order a frame with a width slightly wider than your center-to-center measurement.

## Unparalleled Versatility and Reliability.

NRS frames have evolved over the years as a result of intensive experimenting, thousands of hours on rivers, and input from customers like you. Wood, conduit, PVC pipe, steel tubing — all have been tried as frame materials. NRS is proud to offer the highest-quality, longest-lasting, most versatile frames available today. Our secret: top-grade, aluminum-alloy pipe, exclusive heavy-duty LoPro™ cast aluminum fittings, custom-made stainless steel U-bolts, and customer-driven designs that come together to produce the world's leading fully adjustable and customizable frames.

An NRS frame bolts together to form a solid and stable platform. You get the strength of a one-piece frame, yet retain the ability to take it apart into small, easily portable units. Load it on a bush plane for outback adventuring, or store it in the closet. Sleek and simple, NRS frames are maintenance-free and won't deteriorate or corrode.

### NRS Skidguard™ Frame

Two ¾"-thick marine-quality Skidguard seats form the heart of this traditional frame. Joined by two aluminum sides, these textured seats can be drilled for mounting our Action Swivel Seat (page 64) while retaining plenty of surface area for your tackle box. Designed for use with smaller rafts like the Otter, Slalom, Sprite, or Puma.

**Sizes:** Small 56" W x 50" L (oar mounts included)  
Large 64" W x 59" L (oar mounts included)

1808 6	6' Single-Tube (66")	\$119.00

### NRS Cargo Net

Toss it over your gear in the morning and cinch it down with NRS straps, and your bags and boxes will remain in the boat even through the wildest ride. Or thread the netting over your cross bars to cradle gear packed loose between bars. Netting squares measure 2-1/2" x 2-1/2"; the net has a border of 2" webbing. Extra-strong so you can strap items either to the net or the border. Cargo nets come standard with nine 4' straps, but are also available without straps.

**Sizes:** Small; 60" x 80" Large; 70" x 90"

Large nets are for boats 16 feet or longer

1800 S	Small Net without straps	\$55.95
1800 L	Large Net without straps	\$58.95
1802 S	Small Net with straps	\$72.50
1802 L	Large Net with straps	\$75.50

### NRS Cargo Platform

Keep your cargo drier. Heavyweight mesh material allows water to drain through. Heavy-duty webbing beneath the platform makes it strong enough to support the heaviest loads. Adjust the platform to meet your load requirements with the six included straps.

**Sizes:** S, M, L, XL

1805 S	Small platform	\$55.95
For boats up to 11' 6" long.

## Straps

# The Unbeatable Tie-Down Strap

## NRS HD Strap

Since we introduced Heavy-Duty Straps to boaters over 20 years ago, they've been used for virtually every hold-down application imaginable. Whether you're attaching your boat to your vehicle or your frame to your boat, NRS Straps won't let you down. You can never have too many straps, and ours come in nine different lengths with a handy name tag for your convenience.

### 1" HD Straps

1440 1	1 ft. HD Strap	\$3.15
1440 2	2 ft. HD Strap	\$3.30
1440 3	3 ft. HD Strap	\$3.45

## Strongest Buckle

The NRS buckle is the strongest and most secure buckle in the industry. The center-mounted spring protects the webbing from abrasion and enables the buckle to bite harder and more evenly across the entire surface of the strap. At greater than 1900 lbs. tensile strength, our buckle is more than twice as strong as other leading buckles.

## Strongest Webbing

We start with 1" high-tenacity polypropylene webbing custom-made to 1100 lbs. tensile strength. All webbing receives a proprietary bath to guard against UV degradation. Each strap's length (in feet) is woven into the webbing for quick and easy identification.

## Strongest Strap

Straps are attached to our special buckle using a military-spec "box tack". The finest materials available and NRS design make our straps unbeatable. Don't waste your money on lesser straps. Get your NRS Straps today.

## Pumps

### Carlson Barrel Pumps

Pump up your raft, economizing time and energy. Made to last using heavy-duty PVC and a genuine rubber O-ring seal. Fitted with a 7' non-kink hose. 24" high. Ten-year guarantee. (Spare O-ring included)

1710	4" Carlson	\$169.95
1711	6" Carlson	\$194.95

### NRS 5" Barrel Pump

This pump is destined to become a favorite among outfitters. We've combined large volume and the ability to inflate or deflate in a pump that will last a lifetime. The design on the 5" pump allows for quick inflating, providing a volume of 400 liters per minute. Molded reinforced base provides sure footing while pumping. Made of heavy-duty PVC. Comes complete with 78-inches of hose, comfortable carrying strap, and adapters for most valves. Five-year guarantee. 5" diameter, 28" tall.

1709	5" Pump	\$149.00

## We Stock All Wonder Pump Parts

*Don't confuse these great Italian pumps with lower-quality look-alikes.*

### Wonder Pumps

Cut "top-off" time in half! Wonder Pump Super 6 and 4 inflate or deflate on both up and down strokes. The single-action Super 2 is perfect for low-volume top-offs.

Compact size stows easily.

They're rust-free, include 5' of non-kink hose and valve adapters. Rubber Adapter works best on military and Leaffield valves (not included).

1716	Super 6 (4" dia. x 19" high)	\$32.95
1717	Super 4 (4" dia. x 16" high)	\$28.95
1718	Super 2 (16" high)	\$25.95
1716.9	Military/Leaffield Adapter	\$ 2.00

### Bravo 2™ Foot Pump

High-volume durable pump for rafts and inflatables from one of the world's leading pump manufacturers. Pump high volumes without back strain. The Bravo 2 outperforms other foot pumps on the market. 56" hose, 5-part valve adapter, and inflation/deflation ports are standard features.

1703	Bravo 2 Foot Pump	\$29.95
1716.9	Military/Leaffield Adapter	\$ 2.00

### Metro Inflator/Deflator

Durability gets the job done. This 12-volt pump has a rugged steel case and a 9' power cord equipped with battery clamps. (Rafts should be topped off with a manual pump for best performance.) Fits most standard raft valves. One-year manufacturer's warranty.

1705	Metro Inflator/Deflator	\$ 64.95
------	-------------------------	----------

### LVM Inflator/Deflator

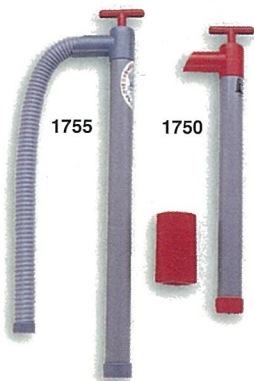

Compact 12-volt inflator quickly inflates or deflates your boat. Powered by a car battery, the LVM will fill a boat to 1.5 PSI in about five minutes. Includes four interchangeable nozzles and a 10' cord. Air-temperature relief valve protects against overheating. (Rafts should be topped off with a manual pump for best performance.) 90-day warranty.

1707	LVM Inflator/Deflator	\$113.95
------	-----------------------	----------

### Thirsty-Mate™ Bilge Pumps

Recommended with any non-self-bailing raft, kayak, or canoe. Thirsty-Mates are effective hand-held pumps that will drain 10 gallons of water per minute. The Standard is 24" long and includes 24" of hose. The Kayak is 18" long, no hose. Float keeps pump from sinking.

1755	Standard Bilge Pump	\$27.50
1750	Kayak Bilge Pump	\$22.95
1752	Pump Float	\$ 7.95

Our personal favorite! We use it every day in our factory.

### Big Blower

The fastest way to inflate or deflate your raft. Fits most raft valves and fills to 1.75 PSI. Thumb switch permits one-handed operation. The 6.5 amp, 110-volt motor has precision bearings with a lifetime lubricant. The Big Blower has a 30' cord and a one-year manufacturer's warranty. We recommend the Big Blower Stand to protect your pump.

# Oarlocks vs. Pins & Clips: a matter of preference

## NRS Open Oarlocks

The finest whitewater open oarlock available! Made of Superston™, the strongest bronze alloy of its kind. Superston's composition assures outstanding strength and remarkable corrosion resistance under severe conditions. The 5/8" diameter, 3-1/2" long shaft is precision-turned and drilled for a split ring. The horn opening is 1-3/4" with a 2-3/4" inside diameter. Oarlocks include Split Rings. Sold in a pair. Stainless Springs reduce oarlock play and noise. Don't forget to order a spare oarlock.

<b>1408</b> Superston™ Oarlocks	<b>\$36.50/pr.</b>
<b>1408.1</b> Superston™ Oarlock	<b>\$18.25/ea.</b>
<b>1409</b> Extra Split Rings	<b>\$ .25/ea.</b>
<b>1409.1</b> Stainless Springs	<b>\$ 3.95/pr.</b>
<b>1422 LP</b> Lynchpin Keeper	<b>\$ 0.50/ea.</b>

## NRS Standard Open Oarlocks

Built to withstand the rigors of recreational boating. Heavy-duty bronze alloy ship screws are recycled to produce these oarlocks. Includes Split Rings.

<b>1407</b> Standard Oarlocks	<b>\$23.00/pr.</b>
<b>1407.1</b> Standard Oarlock	<b>\$11.50/ea.</b>

## NRS Oar Mount

NRS molded Oar Mount combines tremendous strength and an aesthetic design for the most versatile mount on the market today. Our cast-aluminum Oar Mounts accept 5/8" oarlock or pin and includes mounting hardware.

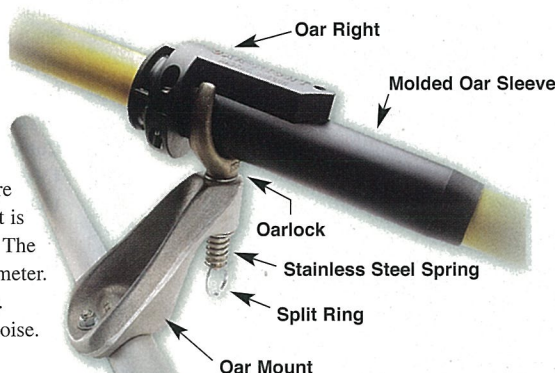

<b>1214</b> NRS 6" Oar Mount	<b>\$69.95/pr.</b>
<b>1214.5</b> NRS 8" Tall Oar Mount	<b>\$88.95/pr.</b>
<b>1216</b> Spare U-bolt	<b>\$ 2.50/ea.</b>

## Steel Oarlock Stands

Custom-designed and manufactured for heavy-duty river use, our Oarlock Stand has a 5-1/2" x 6" steel base with four mounting holes and a 6" rise. The socket is 5/8" inside diameter.

<b>1424</b> Oarlock Stands	<b>\$44.95/pr.</b>
----------------------------	--------------------

## Oar-Rights

Oar-Rights allow positive vertical blade positioning without compromising the feathering ability of open oarlocks. Adjustable inside diameter of open oarlocks. Adjustable inside diameter from 2" to 2-1/4"; fits most wrapped oars. For Carlisle and Cataract oars, mount the Oar-Right on top of the Molded Oar Sleeve (Item #1405). Don't forget the spare.

<b>1404</b> Oar-Rights	<b>\$21.95/pr.</b>
<b>1404.1</b> Oar-Right	<b>\$11.00/ea.</b>

## Molded Oar Sleeve

If you use oars with open oarlocks, you'll need these Molded Oar Sleeves to protect your oar shafts. Injection-molded polyethylene. Length: 11". Inside diameter: 1-7/8". Stopper diameter: 3". We recommend the use of Oar Rights or large plastic stoppers with this system.

<b>1405</b> Molded Oar Sleeve	<b>\$10.00/ea.</b>
-------------------------------	--------------------

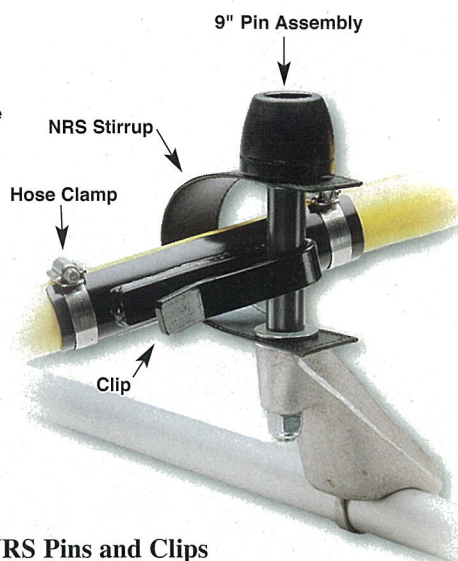

## Plastic Stoppers (not pictured)

If you're not using oar rights, keep your oars positioned with stoppers.

<b>1400 S</b> Small Stopper	<b>\$14.25/pr.</b>

<b>1400 L</b> Large Stopper	<b>\$14.25/pr.</b>
For larger diameter shafts or over molded oar sleeves or wraps 2" - 2 1/4".	

## NRS Pins and Clips

Pins hold the oar in position and keep blades properly aligned with the water. Our Pins are special grade 5 steel, threaded and drilled to be used with either a nickel-plated steel/nylon lock-nut (included) or a lynchpin keeper. A molded rubber safety bumper on top prevents injury. Replaceable PVC bushings protect pin and clip from wear. The steel clips are powder-coated to a tough and attractive finish. Heavy-duty stainless steel hose clamps are approximately three times stronger than standard models. The set contains two 9" pin assemblies (5/8" diameter), two oar clips and four hose clamps for mounting to the oar shaft. Oar Stirrups are recommended.

## Cataract Oar Shafts

The SGG™ oar shaft flexes and rebounds like wood without the weight or need for maintenance. It effectively translates muscle energy into stroke power, giving you the ultimate in oar responsiveness. The SGX model is ideal for the boater who wants a stiffer, lighter, longer oar; it's 50% stiffer than the SGG. The removable Cataract Blade is made of high-density structural polyurethane. Shaft and blades are interchangeable with Carlisle models. Shaft length is measured with blade. Blades are sold separately.

*Oversize shipping charges apply on all shafts.*

**Color:** yellow, black, blue shafts; black blades.

1393 8	SGG 8' shaft	\$ 99.95
1393 85	SGG 8 ½' shaft	\$ 99.95

1396	SGG 11' shaft	\$124.95
1391 11	SGX 11' shaft blue only	\$144.95

## Cataract Blades

This blade is molded around a core of lightweight composite tubing, making it strong and buoyant. Stronger and more durable, the **Magnum Blade** is also thinner and wider than the standard Cataract Blade. Aggressive composition and design make this a great blade with no need for Blade Protectors. **Color:** black

# Oars

## FINDING THE RIGHT OARS

While oar length is largely a matter of personal preference, we can help you wade through some of the specifications you should consider. These include boat type and size, gear and passenger load, water classification, skill, and your preferences as the oarsperson. Call us and we'll help you choose the oar that's right for you. You may want to consider oar extenders to make your overall package more flexible.

FRAME WIDTH	RECOMMENDED MINIMUM OAR LENGTH
48"	7'
54"	7.5'
60"	8' - 9'
66"	9' - 10'
72"	10'

## Carlisle Oar Extender

Give yourself that extra length needed for varied boating situations with these well-built extensions. Each extender lengthens your Carlisle HD or Cataract oar by one foot.

Colors: yellow, blue, red

1370 Oar Extender \$15.50/ea.

## Carlisle Bluewater Oar

This oar is a good choice for small boats on slower rivers. Maintenance-free, with a polyethylene-clad 1-5/8" diameter aluminum shaft. 6-1/2" wide STM blade included. Wynn Steelhead oarlocks with 5/8" shaft are a perfect fit. (Some assembly required). *Overize shipping charges apply on Bluewater Oars.*

## Carlisle Heavy Duty Oar Shaft

Carlisle's tough, maintenance-free, quality tempered aluminum shafts are sheathed in colorful, abrasion-resistant polyethylene tubing. Molded plastic handles are made more comfortable with foam rubber grips. Removable blades enable easy storage and transport. 7' and 7-1/2' Carlisle Oars are heavy-duty rafting models, with a 1-7/8" diameter aluminum shaft constructed from thick-walled tubing. 8' and longer oars have a reinforced inner shaft for maximum strength. *Overize shipping charges apply on all one-piece shafts.*

Lengths include the blade, which is sold separately.

### Carlisle Guide Paddle

You can rely on this paddle's strength even in demanding whitewater. The Guide has a large (8" x 27") reinforced polyethylene blade, with a longer 1-1/4" diameter shaft and T-grip. 60" weighs 2 lbs. 14 oz. *Oversize shipping charges apply on 66" and 72" Guide paddles.*

**Sizes:** 60", 66", 72" **Colors:** (shaft/blade) blue/yellow, red/yellow

**1520** Guide Paddle **\$41.25**

### Carlisle STM Paddle

Favored by commercial outfitters for its high strength-to-weight ratio, this 8" x 21" reinforced blade is fitted with a 1-1/8" aluminum shaft. The shaft is covered with high-density polyethylene to provide a grip that resists nicks, dents and oxidation and gives a warmer feel than that of an aluminum grip. 60" weighs 2 lbs. 4 oz. *Oversize shipping charges apply on 66" STM paddle.*

**Sizes:** 56", 60", 66" **Colors:** (shaft/blade) blue/yellow, red/yellow

**1515** STM Paddle **\$27.75**

### Carlisle Standard Paddle

The industry standard! 1-1/8" aluminum shaft extends well into the blade for added strength and is covered with polyethylene to provide a warm, secure grip. The 8" x 20" molded blade uses super-strong polypropylene for a powerful yet lightweight paddle. 60" weighs 2 lbs.

**Sizes:** 56", 60" **Colors:** (shaft/blade) blue/yellow, red/white, red/yellow

**1505** Standard Paddle **\$20.00**

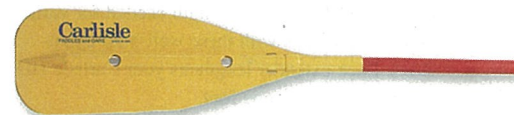

### Carlisle Economy Paddle

This inexpensive, lightweight, sturdy paddle features a 8" X 20" polypropylene blade and a 1" diameter aluminum shaft. A T-grip handle and 8" plastic gripping area complete the package.

60" weighs 1 lb. 12 oz.

**Sizes:** 54", 60"

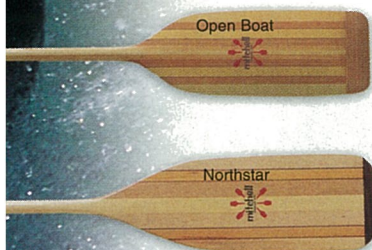

**1500** Economy **\$16.50**

### Mitchell Open Boat

Designed for open-boat whitewater paddling. A laminated ash/pine shaft provides strength. Cedar/pine blade's hardwood edge is wrapped in fiberglass and coated with epoxy resin for durability. Blade is 7-1/2" W, 19" L and protected with internal metal tip. Hardwood T-grip handle.

**Sizes:** 57", 60" **Weight:** 1.9 lbs.

**1540** Open Boat Canoe Paddle **\$105.00**

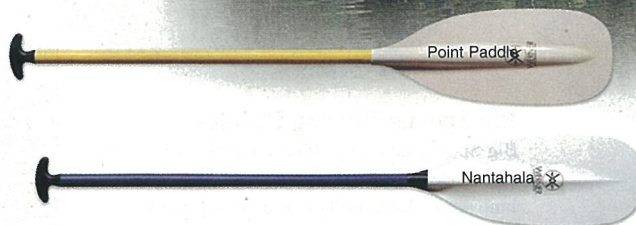

### Mitchell Northstar

A beautiful canoe paddle for lakes, rivers and ponds. The shaft is solid spruce and the blade is laminated basswood, maple and beech with walnut veneer for accent. Blade is 7-3/4" W, 21" L and protected with a clear polyurethane tip. For strength, the modified palm grip handle is an integral part of the shaft.

**Sizes:** 57", 60"

**Weight:** 1.7 lbs.

**1541** Northstar Canoe Paddle **\$ 62.50**

### Werner Point Canoe Paddle

Fiberglass material pressure-molded with epoxy resin to create a simple, light, durable paddle. T-grip handle.

**Sizes:** 56", 58", 60"

**Weight:** 1.8 lbs. (58")

**1579** Point Canoe Paddle **\$ 68.00**

### Werner Nantahala Canoe Paddle

Looking for a top-grade whitewater paddle? The Nantahala has proven to be the favorite among the most demanding paddlers. This paddle combines elegance with function. The oval shaft and roto-molded T-grip provide maximum control and comfort.

**Sizes:** 56", 58", 60"

**Weight:** 1.7 lbs. (58")

**1578** Nantahala **\$125.00**

### Ainsworth C100 Raft/Canoe Paddle

The C100 blends high performance, endurance and affordability in paddles for adventure canoeing. The C100 combines a strong magnesium-alloy shaft with the durability of a RIM (Reaction Injected Molded) blade featuring a smooth, gently feathered edge and a precision "T" grip.

**Sizes:** 56", 58", 60" **Weight:** 2.2 lbs.

**1560** C100 weight: 31 oz. **\$57.50**

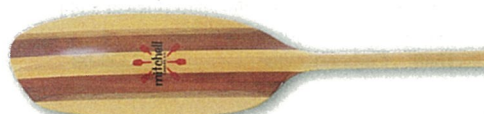

## Canoe & Touring Paddles

### Carlisle Sea Kayak Paddle

An inexpensive, stowable take-apart paddle. Long, narrow blades (5-1/2" x 26") reduce resistance. 8' or 9' lengths. 8' weighs 3.9 lbs.

**1535** Carlisle Sea T-A-P **\$41.25**

### Mitchell Sea Blade

Buy the touring paddle you've always coveted. The spruce and cedar asymmetrical blade is laminated with fiberglass and an epoxy resin. The shaft core is ash with softwood laminated to either side. A strong, beautiful, one-piece paddle. Right-hand control. 60° feather.

Blade: 6-3/8" x 18".

*Oversize shipping charges apply.*

**Sizes:** 220, 230, 240, 250 cm

**Weight:** 2.6 lbs. (230 cm)

**1542** Mitchell Sea Blade **\$222.00**

### Ainsworth Touring Paddles

Exceptional touring paddles with a strong dihedral design. In the **K108**, Ainsworth molds a RIM (Reaction Injection Molded) blade directly to a high-tensile-strength magnesium-alloy shaft running the full length of the blade. This results in a light, durable paddle and easy stroking for long distances. Take-apart only. Comes with drip rings. 60° feather.

**Sizes:** 220, 230, 240 cm

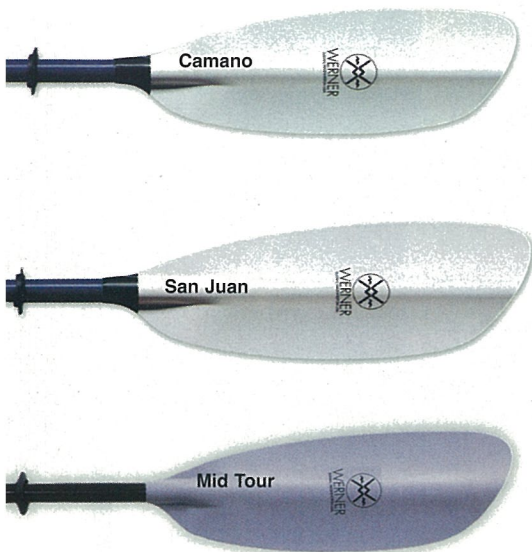

**Weight:** 2.7 lbs. (230 cm)

### Werner Camano

Werner's most popular touring paddle. The Camano's mid-size blades reduce resistance and paddler fatigue. Excellent for distance paddling. Pressure-molding on a foam core allows Werner paddles to be 15% lighter than in years past. Dihedral blades direct the flow of water off the blades to reduce flutter and allow a smooth stroke. The "ovalized" epoxy fiberglass shaft is light, strong and comfortable to grip. Take-apart shaft feathers right or straight.

Blade: 52 cm L x 16 cm W. 60° feather.

Sizes: 220, 230, 240, 250 cm

Weight: 2.1 lbs. (230 cm).

**1580 Camano \$237.00**

### Werner San Juan

Werner's San Juan has the same construction as the Camano, with larger blades for power and speed. Best used for day touring (1 to 4 hours). Take-apart shaft feathers right or straight.

Blade: 56 cm L x 17 cm W. 60° feather.

Sizes: 220, 230, 240, 250 cm

Weight: 2.1 lbs. (230 cm)

**1582 San Juan \$237.00**

### Werner Mid Tour

An excellent addition to the Werner line.

Asymmetrical, mid-size blade with dihedral face combines power with smooth, easy paddling.

Indexed right-hand control feathers right or straight. Take-apart shaft.

Blade: 52 cm L x 16 cm W. 60° feather

Sizes: 220, 230, 240 cm.

Weight: 2.4 lbs. (230 cm)

**1583 Mid Tour \$160.00**

### Drip Rings

Deep convex rings stop water from traveling down your paddle shaft before it reaches your hands. Adjustable: one size fits all.

**1595 Drip Rings \$ 8.25/pr.**

### Big Spoons Touring Paddles

Big Spoons touring paddles are built with three key concepts in mind: Quality, Integrity, and Innovation. Beautifully crafted of top-grade materials, Big Spoons' blades provide power and finesse in all strokes and braces. Shaft indexing breaks away from the standard "squashed" oval and provides your hand with an ergonomic, asymmetrical double-arc. The grip is positive, and something you've got to feel for yourself. Lifetime warranty on materials and workmanship. Big Spoons Touring paddles are available in four shaft/blade combinations, listed below. 60-degree feather, two piece shaft.

Sizes: 220, 230, 240, 250

# When you've gotta wear a skirt, wear a KILT.

## NRS Universal KILT™

Take the Kilt Shock Cord Deck; add a combination nylon/neoprene tunnel, and you have the Universal. A spray skirt designed for schools, rental programs and sea kayaks. Tough nylon-coated neoprene with plastisol on heavy wear areas adds life to the skirt.

**Color:** blue/black

2067	Universal Keyhole	\$89.95
2068	Universal Big Deck	\$89.95
2069	Universal Monster	\$89.95

## NRS Extreme KILT™

Hydraulic pressure can sometimes force water through conventional layering and into your kayak. The Extreme's outer tunnel impedes this pressurized water and channels it back into the river through drain holes. TuffTex™ coating covers conventional 3 mm neoprene, improving durability and increasing longevity. Together with a drytop tunnel, this Kilt provides complete protection. Our exclusive rubber rand delivers an outstanding dry seal.

## Sub-Kevlar

Stay dry! It's that simple. The Sub-Kevlar features a half-bomb rand that lies deep in the combing of the boat, Kevlar® neoprene reinforcement built directly into the side seams and an enhanced Kevlar® deck along the common paddle shaft rest area. Made entirely from 3/16" Rubatex® neoprene with a 1/8" neoprene tunnel for waterproofing without bulk. Call for boat sizing information.

2613 S	Sub-Kevlar slender	\$148.00
2613 X	Sub-Kevlar keyhole X-large	\$148.00

## Bomb Shelter

This affordable skirt features the same bombproof design as the Sub-Kevlar, but in all neoprene. Made from the same, high-quality Rubatex® neoprene as all Bomber Gear® skirts, the Bomb Shelter also uses an articulated side seam that extends over the cockpit for a "reduced tension" fit, preventing the neoprene from caving in when waves bombard the skirt.

**Sizes:** S-XL

**Color:** black

2614 K	Bomb Shelter keyhole	\$109.00
2614 S	Bomb Shelter slender	\$109.00
2614 X	Bomb Shelter keyhole X-large	\$109.00

## NRS Rubber Rand KILT™

High-density 3 mm neoprene is positively bonded to a scientifically engineered, extruded-rubber rand developed to closely match the rim profile on most kayaks. The result is a superbly dry seal that still allows the skirt to go on easily. RimGuard™, a plastisol coating, edges the Kilt's top side to protect against abrasion, and a layer of split neoprene protects the underside's heavy wear areas. Reinforced release strap is double-tacked to the skirt, not the rand, preventing rand/skirt separation.

**Size:** S-XL

### Ainsworth K80

ABS plastic blades and a high-tensile-strength magnesium-alloy shaft make this economical paddle tough enough for clinic use and rental programs. A great paddle for beginning boaters. 60° feather.

**Size:** 180, 190, 197.5, 200, 202, 205, 220, 225, 230 cm

*Overize shipping charges apply.*

**1550** K80 (200 cm 2.9 lbs.) **\$ 57.50**

### Ainsworth K100 & K103

A great all-around paddle. Dihedral slalom blades are molded directly to a magnesium-alloy shaft, preserving the paddle's integrity and performance. Polyurethane RIM blades are exceptionally light, reducing swing weight without compromising performance. Shaft with "ovalized" indexing is pre-formed right through to the end of the shaft. 60° feather.

**Size:** 197.5, 200, 202, 205, 220 cm

*Overize shipping charges apply.*

**1552** K100 (200 cm 3 lbs.) **\$107.95**

**1552 T** K100 220 cm TAP (3.2 lbs.) **\$124.95**

The **K103** is lighter and smaller in both blade size and shaft diameter. 60° feather.

**Sizes:** 180, 190, 200 cm

*Overize shipping charges apply.*

**1554** K103 (200 cm 2.7 lbs.) **\$ 79.50**

### **Pyrahna:**

New inazone series! Completely redesigned for 2001, Pyrahna has added a smaller size and reworked the entire boat- New hull, new outfitting, new everything. Look to the Prozone series for more aggressive play.

### **Dagger/Perception:**

Psychology 101- Ego, and the SuperEgo; two new super loose playboats. Also look for their new Creek boat the CFS and the new Honcho, a freerunning kayak for larger persons. Perception is running with their Amp/Shock series and added the Madness to their method series- an all around boat for the larger paddler.

### **Wave Sport:**

W/S has added 4 brand new boat designs for 2001 to round out their whitewater arsenal. The Score, EZ/Big EZ and Evo boats offer special advantages in different weight ranges.

### **Prijon:**

Three new models built out of their nearly indestructible HTP extruded plastic. The Delirious, Kaituna and Chopper will accommodate the needs of the most demanding paddler.

### **NRS Propulsion™ Gloves**

Bored with the same old surfing routine? Can't fit your break-down paddle into your new boat? Solve both problems with NRS Propulsion Gloves. 3 mm neoprene construction lets you hand-paddle in the coldest conditions. Flexible plastic shims between your fingers keep the glove sturdy enough for a good "bite" in the water, and yet still allow you to latch onto important things, like a found paddle, or your skirt's grab loop.

**Color:** blue/black

**Sizes:** S-XXL See sizing page 15

**2446** Propulsion™ Gloves **\$34.95**

### **Footwear designed for your special needs**

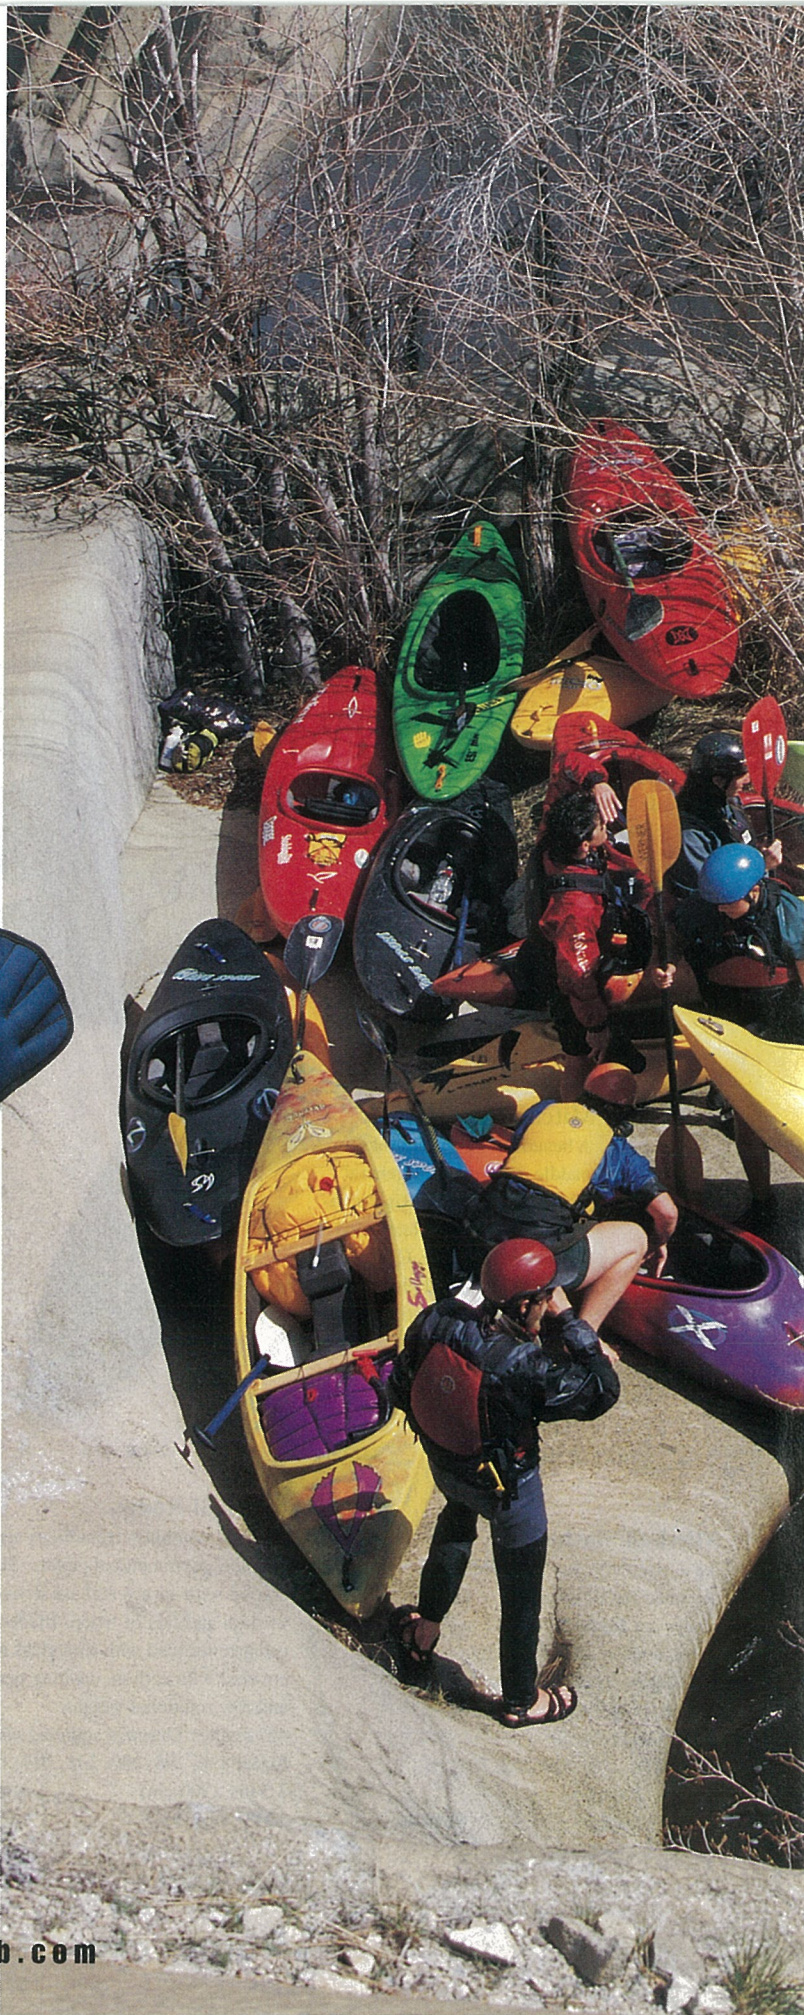

#### **NRS Rodeo Sock**

The best kayaking sock just got better! The sole on this year's Rodeo Sock is made of 0.8 mm vulcanized rubber for superior traction and reduced wear in all conditions. Tuff-Tex™ upper panel has been expanded to cover the entire foot for improved durability and protection. Fleece lined for extra warmth. Scout and portage without hesitation, - these socks are made to last.

**Sizes:** XS-XXL (see Wetsock sizing)

**Color:** black

**2343** NRS Rodeo Sock **\$29.95**

## The Last Bag You'll Ever Need.

### NRS Canyon™ Bag

Expand your available cargo space with this great gear bag. Gear-specific compartments split the bag into a massive main compartment with an adjustable divider, two end pockets for items as large as helmets and a side pocket for sandy wetshoes and gloves. The squared-off bottom increases the stuffing capacity of this bag by 25%. 1800 denier ballistic nylon ensures years of hard use. All seams are double-stitched and bar-tacked. All edges are bound and every handle's stress point is "double-backed" with webbing so they won't tear out. With haul handles at each end, duffel-style carry handles and a shoulder sling, we're expecting you to drag, toss, heft and literally live out of this bag.

## To Properly Close an NRS Dry Bag:

1. Fill the bag at least half and no more than 3/4 full.
2. Push down on the bag to expel any excess air.
3. Fold (do not roll) the top of the bag around the buckle strip. Continue to tightly fold while smoothing any wrinkles for at least three more rotations.
4. Snap the buckles together to create a tight seal & a handy carrying handle.
5. For bags with side buckles, pull down tightly on side buckles and then tightly fasten strap(s) over the top.

Measurements are for packed and sealed bags.

### NRS Super Tuff Sack™

Unlike less expensive dry bags, our round-bottom dry bags use a super-tough 34 oz. PVC/Dacron® bottom to ensure durability. Tuff Sacks have a heavy 19 oz. body. Fold-down waterproof closure snaps back on itself to create a handy carry handle that will also snap around a frame or D-ring. Includes tie-down D-ring on closure. XS is great for sunscreen, keys and snacks. M or L bags are ideal for sleeping bags and clothes. X-Long (XL) is the perfect size for a Roll-a-Table or tent. Side-carry handle for easy transport.

Colors: red, blue, green

2945 XS	Tuff Sack (6.5" Dia. x 9.5" H)	\$12.95

## Dry Bags

# NRS Bill's Bag: OUR MOST POPULAR BAG

## Recognize the Difference.

### PROBLEM SOLVED:

No matter how well the average dry bag is closed, water still has a way of seeping in through the closure. We solved this problem by developing our exclusive Storm Flap™ System. Unique welded and bar-tacked corners guarantee that water will not creep in around the edges of the flap when the bag is correctly sealed.

### NRS Bill's Bag™

The original rafters' dry bag! Backpack straps and padded carry handles make bags easy to haul into camp or over short portages. 19 oz. PVC/Dacron® body and a 34 oz. PVC/Dacron® round bottom make it tough enough to withstand the rigors of expedition use around the globe. The 2.2 is small enough to fit in overhead compartments of most airlines, while the 3.8 offers plenty of storage for multi-day excursions.

**Colors:** blue, red, yellow, green

**Sizes:** 2.2 cu. ft.; 14" diameter x 24" tall  
3.8 cu. ft.; 16" diameter x 33" tall

2910	2.2 Bill's Bag	\$51.95
2900	3.8 Bill's Bag	\$59.95

### NRS HD Bill's Bag™

Same quality construction as the standard Bill's Bag, but the 34 oz. floor extends three inches up the sides for incomparable durability. The Storm Flap™ closure ensures dryness.

**Color:** red/black

**Size:** 3.8 cu. ft.; 16" diameter x 33" tall

### Flammable Materials

Adhesives, paints and paint-related materials such as cleaners and thinners. These three categories must ship independently from one another. Add \$18.00 per box. Quantities under one quart may ship ground at no extra cost. Regrettably, we cannot ship flammables to foreign countries.

### Over-sized Goods

Large items such as (but not limited to) coolers, dry boxes, paddles and oars are dimensionalized for shipping. When ordering items marked in the catalog as oversized, please add \$12.00 per box.
