Beat the heat in ultra-lightweight MicroLite™ shirts.

Soft against the skin, our 5-oz. nylon/spandex blend MicroLite fabric wicks moisture away from your body and dries quickly. With a UPF 45 rating, these shirts will protect you from the sun's harmful rays.

NRS Women's MicroLite Diva

Color: green, blue

Size: XS-XXL

#2633 / \$24.95

Comfort, style and UV protection.

Our UPF 45 MicroLite™ fabric in the body of the shirt wicks away moisture and dries quickly to keep you comfortable in the hottest weather. We've added UPF 50+ HydroSilk™ panels to the top for extra sun shielding where you need it the most. The flip-up collar protects your neck.

NRS Women's Guide Shirts

Color: blue, green

Size: XS-XL

Short-Sleeve #25423 / \$39.95

Long-Sleeve #25424 / \$44.95

Ready for an action packed day on the water.

Classic style coupled with fast-drying polyester microfiber and a spandex-backed drawstring closure. A pocket on the back right fills the need of where to put your lip balm. 8.5" inseam.

NRS Women's Sierra Board Shorts

Color: blue, tan, brown

Size: 4-16 even

#25381 / \$39.95

The perfect all-day boardshort.

Quick-drying, soft and supple suede-finished polyester microfiber fabric for all-day comfort. Hook-and-loop and spandex-backed drawstring closure. Small zippered hip pocket holds the essentials. 6" inseam.

NRS Women's Kern Shorts

Color: brown, tan

Size: 4-16 even

#2521 / \$39.95

Excels in fit, fashion and function.

Durable, fast drying nylon microfiber won't hinder your movements. Hook-and-loop and drawstring waist closure, one small front seam pocket and one back pocket. 18.5" inseam.

NRS Women's Pacific Capris

Color: tan

Size: 4-16 even

#2520 / \$39.95

Beat the heat in these ultra lightweight MicroLite™ shirts.

Soft against the skin, our 5-oz. nylon/spandex blend MicroLite fabric wicks moisture away from your body and dries quickly. With a UPF 45 rating, these shirts will protect you from the sun's harmful rays.

NRS Men's Foundation Tees

Color: blue/gray, red/gray
Size: S-XXL

Short-Sleeve #2631 / \$24.95

Long-Sleeve #2632 / \$29.95

NRS Bruneau Shorts

These classically-styled board shorts are built with a quick-drying nylon material, a microfiber waist and a spandex backed drawstring closure. Includes a roomy side-pocket to store your essentials. 10" inseam.

Color: blue, tan/brown
Size: 30-38, 33
#25401 / \$39.95

FEATURED PRODUCT:
NRS Foundation Tee,
NRS San Juan Shorts,
NRS Clearwater PFD

T-shirt comfort, plus total sun protection.

The versatility of the NRS Crossover Tee Shirt is unmatched. It's a great base layer and an extremely comfortable shirt that wicks moisture and blocks UV rays. UPF 45 MicroLite™ fabric in the body of the shirt wicks away the moisture and dries quickly. UPF 50+ HydroSilk™ on the shoulders gives extra sun shielding.

NRS Crossover Tee

Color: blue, red/gray, gray, brown/green

Size: S-XXL

#2630 / \$29.95

Comfort, style and protection from the sun's harmful rays.

Our UPF 45 MicroLite™ fabric in the body of the shirt wicks away moisture and dries quickly to keep you comfortable in the hottest weather. We've added UPF 50+ HydroSilk™ panels to the top for extra sun shielding where you need it the most. The collar adds even greater protection.

#25421 / \$39.95

NRS Long-Sleeve Guide Shirt

Color: blue, sage/gray

Size: S-XXL

#25422 / \$44.95

NRS Owyhee Shorts

A must have for warm summer days. Patterned for a looser fit, with an 11" inseam. Constructed from quick-drying nylon microfiber fabric with a spandex backed drawstring closure. The two pockets will hold your essentials for a day on the water.

Color: gray, green

Size: 30-38, 33

#25412 / \$39.95

Built to be active, made to get wet.

Nylon Supplex material wears hard and dries fast. We've positioned the two snap-closure slash pockets a bit forward on the hips to stay away from oar handles. Mesh bottom on the lower cargo pocket drains away the wet. Elastic waist with adjustable webbing belt. Inner mesh brief and 9" inseam.

Play hard, laugh often.

NRS Gunnison Short

Color: gray, blue

Size: XS-3XL

#25371 / \$39.95

Perfect for layering and sun protection.

NRS HydroSilk

Our 8-oz. nylon/spandex blend is cool and soft against your skin. UPF 50+ protects you from the sun's harmful rays making this an ideal solo layer in the summer. HydroSilk works great as a base layer in cooler temperatures, wicking moisture away from your skin and drying quickly.

NRS Endurance Jacket

Splash protection

Keep the sun where it belongs, lighting up the beautiful outdoors.

The 3" brim shades your nose and ears and the mesh side panels ventilate heat away from your brain bucket. You can remove the chin strap, but why not cinch it up with the barrel-lock to keep the wind from claiming this great hat.

NRS Lower Salmon Hat

Color: khaki

Size: S-L

#2480 / \$29.95

When you need a bit of protection from wind and water.

Soft and durable 2.5-layer HyproTex™ is super breathable, venting excess heat and perspiration. The soft punch-through neoprene arm cuffs and adjustable neck keep water at bay with no-constriction comfort. Tighten the drawcord waist and get out on the water.

Material: 40 x 70-denier HyproTex 2.5

NRS Payette Jacket

Color: green/gray, blue

Size: S-XXL

#25831 / \$64.95

Side stretch panels for uncompromising comfort.

Stretch panels along the hips mean greater freedom of movement. The breathable WaveTex fabric is fully seam taped for driest comfort. Double-pull tabs snug the neoprene waistband. We've reinforced the seat and knees for wear protection. The thigh pocket with a splashproof zipper is handy for small valuables. These pants are as sweet as a Carolina spring morning.

Material: 40 X 70-denier HyproTex 2.5

NRS Women's Carolina Pants

Color: black

Size: XS-XXL

#25881 / \$99.95

Laugh at the elements, you're shielded from them.

Now in ultra breathable, waterproof 2.5-layer HyproTex™ fabric that's soft, durable and all-day comfortable. Double fabric on the knees and Cordura® on the seat for extended wear protection. Snug up the double-pull tab neoprene waist, tighten the hook-and-loop ankle closures and banish splash, wind and rain. You're golden.

Material: 40 x 70-denier HyproTex 2.5

NRS Endurance Pants

Color: black

Size: XS-XXL

#25873 / \$89.95

**When you need
a bit of shielding from
wind and rain.**

Remarkably lightweight, breathable and water-resistant. Cinches at the wrist, waist and neck to help retain body heat. Collar is fleece-lined for comfort. Reflective trim and logo for visibility. You're looking good for anything you do outdoors.

Material: 78 x 166-denier nylon Supplex®

NRS Men's Cascade Jacket

Color: blue, yellow

NRS Women's Cascade Jacket

Color: light blue
Size: XS-XXL

#2595 / \$64.95

Competition cut for excellent mobility.

Made of lightweight, waterproof, and breathable Tropos fabric. Sticky neoprene waist and nylon double tunnel secure the waist with drawcord closures. Adjustable coated Lycra cuffs and a splash collar keep water out.

Material: 2.5-oz. Nylon Taffeta Tropos

Kokatat Tropos Full Blast Jacket

Color: cobalt
Size: S-XL

#2506 / \$124.00

Splash protection, plus style.

Pacific, Atlantic or any place in between, when you're looking for protection on cooler mornings or rainy days. The YKK waterproof zipper closure on the neoprene neck keeps out water without the anaconda squeeze. Waterproof and breathable, angled chest pocket, hidden safe key pocket and reflective piping.

Material: 2.5 ply ripstop nylon

Level 6 Pacific Splash Jacket

Color: yellow, blue
Size: S-XXL

#7531 / \$100.00

Head to hip protection.

Your personal element resistant shelter.

The totally redesigned Sea Tour. Now in supple 2.5 layer, waterproof and highly breathable HyproTex fabric. Splashproof zippers galore! The entry zipper is backed with soft fleece all the way up to the chin area. Two large hand pockets, two roomy sleeve pockets and pit zips. The billed hood has three drawcords for a custom fit and two more snug in the waist. Lots of reflective piping makes you visible and adjustable urethane wrist cuffs block splash. You're gonna love it!

Material: 40 x 70-denier nylon HyproTex 2.5™

NRS Sea Tour Jacket

Color: green, brown

Size: S-XXL

#25791 / \$194.45

Your foul weather blocker.

When the weather turns foul, you'll be happy to turn to your Tempest Jacket. Waterproof, breathable and lots of features to keep you and your layers dry. Features an adjustable hood with foam bill, latex gaskets at the wrists, adjustable punch through neoprene collar, inner tunnel to mate with a sprayskirt tunnel and reflective tape for visibility.

Material: 3.5-oz. nylon Tropos

Kokatat Tempest Jacket

Color: mango

Size: M-XXL

#2504 / \$190.00

Full featured, in any language

Chilko is the Swahili word for "full featured." Well, not really, but it would be a good one, if it was. Waterproof and breathable with a removable snug fitting hood, YKK waterproof zipper neck closure, two angular chest pockets. And you get a double tunnel and hidden safe key pocket. Like we said, Chilko.

Material: 2.5 ply ripstop nylon

Level 6 Chilko Splash Jacket

Color: yellow, red

Size: S-XXL

Small, flexible and convenient.

Take your Whiz Freedom Funnel on your next adventure... while wearing your women's front relief drysuit camping, hiking or using that gas station restroom!

Whiz Freedom Women's Relief Funnel

#22516 / \$24.95

Safety and comfort for any adventure on the water.

The Mariner – Our premier drysuit. Made with waterproof three-layer eVent® fabric, the most breathable material available. This is the drysuit for the kayaker who wants, and needs, the best. The removable hood, with its fleece-lined chin area, has three barrel-lock adjustments for a custom, non-binding fit. Rugged Cordura® on the seat and knees reinforces these high-wear areas. High quality YKK® entry zipper, latex neck and wrist gaskets and latex socks ensure your layers stay dry.

Low-profile, removable internal suspenders and a webbing belt improve the fit. There's also an extra wide relief zipper for convenience and the splashproof zippered shoulder and thigh pockets keep essentials accessible. And, the extensive reflective tape and piping makes you highly visible in low light conditions. Sorry this text is so long, but how else can we cover all these great features?

Material: 50 x 100-denier 3-layer eVent®

NRS Mariner Drysuit

Color: yellow/gray

"I belong in every boater's gear bag... because I'm warm, won't restrict your movements, work great by myself and play well with your other layers!"

**Confident, not pushy.
Humble, yet brilliant.**

NRS HydroSkin G3

- 1- 0.5-mm neoprene core insulates and protects
- 2- 4-way stretch PowerSpan™ outer layer for unrestricted mobility
- 3- ThermalPlush™ inner lining increases insulation, repels moisture, and dries quickly
- 4- Titanium laminate adhesive aids body heat retention
- 5- DWR coating forces water to "bead" and roll off the material, reducing evaporative cooling

**Alone or
layered, just
right for extra
warmth.**

HydroSkin Vests, Pants and Shorts introduce even more versatility to your gearbag. Wear them in combination for any water activity.

Terraprene

The alternative neoprene

Petroleum (origin — from Latin — *Petra*, rock + *oleum*, oil, i.e. “rock oil”)

Terraprene is made from rock, but a very different kind of rock. As we all know, oil or petroleum, is in short supply and its exploration and production create all sorts of problems. Traditional neoprene is a petroleum-based product. Searching for an alternative neoprene for wetsuits, we discovered Terraprene. It's made from limestone (calcium carbonate), one of the most plentiful minerals on earth. No petroleum. Great performance. Terraprene.

Nearly every NRS neoprene product will be made with Terraprene. This includes HydroSkin™, wetsuits, sprayskirts, gloves and wetshoes.

The perfect combination of warmth and cushioning.

Comfortable 2-mm neoprene for warmth and cushioning. High-cut waistline and drawstring provide full coverage even when seated. Seams are glued and blind-stitched to slow the flow through the garment. The pants add ankle zippers and padded knees.

**A leaner neoprene for a little
more stretch.**

Same proven design as the other Johns and Janes, in a lighter 2.5-mm neoprene. Flatlock stitching and padded knees for durability, ankle zippers for ease of entry. Full-length YKK® front zippers, double-pull in the men's. Just the essentials, at a great price.

When all you need is core coverage.

3-mm neoprene gives these suits a great combination of warmth and durability. Short legs for more freedom of movement without sacrificing core warmth. The Little John has a full-length double-pull front zipper for easy relief, and glued and blind-stitched seams slow the flow of water through the suit. The Little Jane, like all of our women's apparel is tailored specifically for women's comfort and has a full-length front zipper.

There's nothing else like the Venus. It redefines wetsuits.

The Venus is built using super-stretch 3-mm neoprene and a Superspan exterior which combine to offer 30% more stretch and elasticity than other top-quality neoprene. The four-way stretch Extend™ interior material is silky smooth against the skin. Spandex sleeves offer more coverage and protection. This will be the most comfortable wetsuit you'll ever wear.

HydroCuff™

The edge of the cuff curves inward to form a snug seal that helps keep out water and debris. There's no wrist strap to fumble with or restrict your movements, just a secure, stretchy closure that keeps in your warmth, while holding the elements at bay.

Innovation... NRS-style.

Finally, a waterproof alternative for boaters.

This 2-mm neoprene glove, with titanium adhesive, has fully taped seams that make it completely waterproof up to the wrist. We've added the unique HydroCuff™ above the wrist. It fits snugly around your forearm to help seal out leakage. The rubberized "spider web" pattern on the palm gives you a positive grip and the slightly pre-curved fingers ease wearing comfort. This Rogue cheats the elements.

NRS Rogue Gloves

Color: black

Size: XS-XXL

#2453 / \$34.95

Waterproof and exceptionally warm without sacrificing paddle feel.

Is this for real? LiquidSeam™ glued seams are fully waterproof. The textured RawHide™ palm has the grippiest possible surface and the raw neoprene top sheds water like a duck's back to eliminate evaporative cooling. 2-mm neoprene, with titanium throughout gives excellent warmth. And we didn't stop there. The HydroCuff™ opening seals tight above the wrist to help keep out water and debris. Add slightly pre-curved fingers for gripping comfort and you've got a glove no one else has put a brand on.

NRS Maverick Gloves

Take on the World — Wet or Dry.

Designed and engineered at the request of the U.S. Navy Seals, the OTB Abyss takes on wet and dry terrain in the toughest conditions. Razor sipping of the grippy, lugged sole brings traction to the highest level. Ballistic mesh panels in the upper and drain ports in the sole allow swift water drainage and breathability for foot comfort. Rugged TPU reinforcing material in the upper wears like iron and gives good ankle support. The unique three-part insole gives you maximum adjustment for fit and stiffness. If you're looking for a shoe that works as hard as you do, you've found it.

OTB Abyss

Color: black, green
Size: 6-14 whole sizes
#2330 / **\$124.95**

Built for water and ready for land.

The lugged, razor-siped sole gives you excellent traction, wet and dry. With fine ballistic mesh in the sides and drain ports in the sole, you get rid of water in a hurry, while keeping out rocks and debris. Abrasion-resistant polyurethane and rubber reinforcement in the upper wears like iron and the lace-up closure ensures good ankle support.

OTB Odhin Boot

Keen H2 Sandals

Whether you're creating tan lines on the water, hiking a trail or strolling downtown, these sandals do it all. The footbed provides excellent arch support and cradles the natural contours of your foot. The sole is razor siped and grips well in all directions. Tired of stinky sandal odor? Aegis Microbe Shield® technology controls the bacteria and fungi that cause odors. And as always, Keen is looking out for your toes.

ABCs of PFDs

NRS offers a wide selection of Coast Guard-approved Personal Flotation Devices (PFDs) from leading manufacturers. Before you venture onto the water, find the right PFD here or on the web at nrsweb.com.

PFD Style:

LOW PROFILE: Popular among those with shorter torsos, women and kayakers. Flotation is centered lower on the torso. Flotation panels tend to be smaller in size yet thick. *Design flotation: 15.5 – 18.5 lbs.*

MEDIUM PROFILE: Used by a wide range of boaters. Flotation is distributed throughout the torso area. Flotation panels tend to be larger but thinner than in the Low Profile models. *Design flotation: 15.5 – 18.5 lbs.*

HIGH PROFILE: Preferred by outfitters, big water boaters and non-swimmers. Flotation is distributed throughout the torso area. Flotation panels tend to be large and thick. *Design flotation 22.0 – 27.0 lbs.*

RESCUE: For those with swiftwater rescue training. Flotation is Low to High Profile. Equipped with a quick release rescue belt and reinforced shoulder straps. *Design flotation: 15.5 – 27.0 lbs.*

CHILD/YOUTH PFDs: Child specific configurations of flotation to fit young people's growing bodies. *Design flotation: All vests meet U.S. Coast Guard requirements.*

LOW PROFILE

Willis & Bella Type III PFDs by Astral

Astral's FOAM Tectonics lets the outer foam panel conform to your body's shape and movements, while the inner panel remains snugly in place. Buckled side entry, large pocket, knife tab, handwarmers. The Bella™ is styled and cut for women. These are two sweet, high-performance life jackets.

Design Flotation: 15.5 lbs.

Greenjacket

Type V PFD by Astral

This swiftwater rescue jacket is sure to become a classic. Low profile, pullover design and a 1-1/2" quick release rescue belt.

The flotation fits low and wraps your body in foam and plastic panels for rib and organ protection. The Spectra® Safety Loop works for short belays and as an anchor point. The reinforced shoulder straps move with your motions and are strong enough for hoisting you. Knife tab and front and side pockets.

Design Flotation: 15.5 lbs.

Color: black/lime, red

Size: S/M, M/L, L/XL

#42105 / \$209.95

Pro Creeker

Type V PFD by Extrasport

A serious jacket for serious boaters. Beefy 2" wide quick-release rescue belt and ring for those with swiftwater rescue training. Large zippered chest pocket with lanyard-attached whistle inside. Retroglide™ shoulder adjustment allows a custom fit with only six total adjustment points. Lots of reflective tape and trim for low light visibility, lash tab and soft, conforming, earth-friendly Gaia® PVC-free foam. Burly 500-denier Cordura® outer guarantees durability in the rough and tumble whitewater world.

Design Flotation: 16.8 lbs.

The Essential Safety Choice.

V-Eight *Type III PFD by Astral*

The first breathable PFD! Astral's Airescape™ system ventilates three-ways. Open weave mesh next to your body moves sweat away. Channel patterned foam reduces body contact by 70%, allowing air to move freely. Strategically placed "vent port" cut-outs in the foam create air exchange. Add two pockets, a knife lash tab and mesh lower back.

Design Flotation: 15.5 lbs.

Color: olive, orange, blue

Size: S/M, M/L, L/XL

#42103 / **\$98.95**

Chica *Type III PFD by Extrasport*

This jacket looks good, performs even better. Low-profile styling in a streamline, center-zip design. The thinner foam in the Baja Back is comfortable against a seat back. Earth-friendly Gaia® PVC-free foam, lots of reflective trim, a lash tab and huge zippered pocket – it all adds up to a winner. Six adjustment points for a good fit.

Design Flotation: 16.4 lbs.

Color: red/black

Size: XS, S/M, L/XL

#2172 / **\$95.00**

Camino *Type III PFD by Astral*

The Camino has Astral's Airescape® ventilation system – mesh liner, contoured inner foam and vent ports that combine to eliminate excess heat build-up and perspiration. The ergonomic design offers great fit and range of motion. Lightweight PE foam comfortably molds to your body and the two large pockets hold all your stuff. Great look, outstanding performance.

Design Flotation: 15.5 lbs.

Color: red, dark gray

Size: S/M, M/L, L/XL

#42100 / **\$108.95**

Crew Universal

Type III PFD by NRS

The NRS Crew Universal PFD is ideal for flatwater boating and close-to-shore safety. No frills or fancy stuff; this life jacket offers safety and all-day wearing comfort. Available in Youth, Child and Infant sizes. Keep your young people protected and safe.

Head Trip Helmets

With state-of-the-art technology, top quality materials and superior designs, Head Trip Helmets represent the highest standards for whitewater helmet protection. The helmets are manufactured using a unique resin injection process to ensure maximum strength from the carbon/Kevlar™ material. The Ensolite® foam liner creates an energy-absorbing barrier between your head and the helmet. Each helmet comes with self-adhesive minicell outfitting pads to create a custom fit.

Polo

The Polo is a sleek design with a small bill in the front for sun shade. Good choice for freestyle and touring kayakers looking for a design that is minimal and won't get in the way.

Color: flat black, red, white
Size: S, M, L
#7010 / **\$189.95**

Daffy

A collaboration of design ideas from many of today's top paddlers, the Daffy offers a great look as well as good coverage. The back extends down to protect your upper neck area and the mid-sized bill helps protect your face.

CRKT Bear Claw

Triple-Point™ serrated blade slices through rope, webbing or netting quickly, and the blunt tip helps you avoid accidental punctures or cuts. The ergonomic handle design fits your hand comfortably and the finger hole ensures that the knife won't slip. The knife clicks securely into the sheath and will not fall out accidentally.

Color: black, orange
Length: 5.75", 2.375" blade Weight: 3.2 oz
#2765 / **\$45.00**

CRKT Renner Neckolas™ Knife

Blunt safety tip and Triple-Point™ serrations that swiftly slice through rope and webbing. The full-tang stainless steel blade is sandwiched between Micarta® scales; the skeletonized construction makes it super lightweight. The Micarta sheath is amazing; it locks the blade securely, yet releases it cleanly when the top "lever" is depressed. Reversible stainless clip attaches to lash tab and lets right and left handers operate it smoothly. Brilliant.

Color: orange
Length: 5.38", 2" blade, Weight: 1.2 oz.
#27651 / **\$40.00**

Gerber Curve Mini Tool

A great tool for the trail or the street. Only 3.5" when open and weighs less than an ounce. Keep it in a pocket or attach it to anything, with the carabiner clip. You get a 1.25" drop point knife blade, standard and Phillips screwdrivers, fingernail file and a bottle opener. Modern look, locking security, stainless steel durability.

Color: blue
Length: 3.5", 1.25" blade Weight: 0.8 oz.

*NRS Flux Drytop,
NRS Sierra Board Shorts,
NRS Wedge Throw Bag*

Your throw rope protects your friends. Make sure they're carrying one for you.

The rescue throw bag is an essential safety tool; don't go on the water without yours. You need it for swimmer rescue and emergency boat extractions. Super tough Cordura® fabric takes the wear. Mesh panels reduce dry time. The rescue rope and the bag float on the surface of the water so they're right where you need them. We flare the nylon top for a smooth rope flow and rapid reloading. Pro models include extra-strong rope and 1" reflective tape for increased visibility.

NRS Compact Rescue Bag

Color: orange, red, yellow
Size: 70"; 1/4" polypro;
950 lbs. max load
#1822 / \$44.95

Touring Safety Kits

All the essential safety items for touring and sea kayaking. Both kits include a Bilge Pump, Paddle Float, boat sponge and a whistle. The Deluxe kit also comes with a paddle leash, the HotShot Signal Mirror/Whistle combo and is packaged in our compact Mesh Deck Bag.

NRS Basic Touring Safety Kit

#2884 / \$65.00

NRS Deluxe Touring Safety Kit

#2885 / \$109.95

NRS Kayak Un-pin Kit

All the essentials for a basic Z-Drag set-up in one small kit that will easily fit in any whitewater kayak or canoe.

Contains:

- 70' throw bag with 1/4" Dyneema® rope
- 15' sling of 1" tubular webbing
- Two 4' brake loops of 5-mm prusik cord
- Two Omega Standard D carabiners
- Two Omega Locking D carabiners
- Two 1" SMC CR rescue pulleys
- Z-Drag Crib Sheet
- Fox 40 whistle

#1817 / \$185.00

NRS Z-drag Kit

All the hardware needed to set up a basic mechanical advantage system for large-scale extraction.

Contains:

- Three Omega Locking D carabiners
- Two 2" SMC Swiftwater pulleys
- Two 15' sections of 1" webbing in red
- 10' section of 1" webbing in yellow
 - Two 6' prusik cords (6-mm)
- 150' of 1/2" Sterling Static Rope
- Rope Bag (holds 150' of 1/2" rope)
- Z-Drag Crib Sheet

#1818 / \$270.00

NRS Foam Paddle Float

The NRS Foam Paddle Float is a simple tool for kayak touring self-rescue. The float secures easily to one paddle blade, acting as a buoyant support when the other blade is secured to your boat. Bright orange outer fabric and strips of reflective tape help others see you in low-light conditions. Measures 18" long by 8.5" wide by 3" thick.

Color: orange

#1598.5 / \$24.95

NRS Paddle Float

The ideal aid in an in-the-water kayak re-entry. Slip the self-draining main pocket over your paddle blade, fasten the webbing leash to the shaft and inflate one of the dual air chambers. This creates a functional outrigger, adding stability to self-rescue situations.

Color: yellow

1598 / \$44.95

Bilge Pumps

A compact and lightweight bilge pump is an important component to a touring kayaker's gear list. The three double-action pumps move water quickly and stow away easily under deck rigging or in a day hatch. The 24" long Thirsty Mate pump includes a 24" outflow hose. Optional foam float fits both the Thirsty Mate and Beckson bilge pumps. The 21" long NRS Bilge Pump comes complete with a float.

Beckson Thirsty-Mate Bilge Pump

#1750 / \$27.95

NRS Kayak Bilge Pump with Float

Color: yellow/blue

Size: 21" Long, 8 gpm

#1757 / \$19.95

NRS Kayak Tow Line

Be ready to help your paddling partner reach the final destination with the NRS Kayak Tow Line. A tow system is great to have when boating with kids or inexperienced paddlers who may become fatigued during long paddles. 500-denier Cordura®, with 50' of 3/16" polypro rope attached to 24" of bungee cord to ease towing over high seas. Heavy-duty, plastic carabiner is stored in an internal pocket for easy access. Quick-release waist buckle, reflective stripe and mesh bottom for drainage.

Color: yellow/black
1829 / **\$54.95**

NRS Pro Kayak Tow Line

Instructor inspired, performance oriented. The Pro Tow has 50 feet of 1/4" polypropylene line for the long reach you need. The mesh-paneled bag opens large for easy access and line stuffing. Then it rolls compactly with a unique double hook-and-loop closure system. Slide the bag where you need it along the wide, quick-release webbing belt.

Color: blue/yellow

Safety Lights

A high-visibility light that you can clip to your PFD or boat to help others keep track of your location. The Mini Flasher is powered by two coin-cell batteries and uses a red LED that pulses at a frequency of two times per second. The Eco Flare runs on two AAA batteries and has two interchangeable bulbs: one constant white area light and one flashing red LED. The more powerful Aqua Strobe runs on a single AA battery and emits flashes of white light that are visible up to 3 miles away.

Princeton Tec Aqua Strobe

#2782 / \$12.95

Navisafe Navi Lights

These powerful lights have 16 bright LEDs that make you visible over long distances. They attach to almost anything with their double magnetic system; so powerful it will clamp right through a plastic hull. Compact enough to fit in a pocket, waterproof and they float! The Navi Light Red/Green gives you multiple modes for the standard port/starboard/stern navigation signals. The Navi Light 360° has steady and flashing modes, also serves as a camp lantern. They operate for many hours on 3 AAA batteries (not included). Be seen when you're on the water.

C-Tug Boat Cart

This cart is stout, sturdy, and ridiculously simple.

The C-Tug supports 300 lbs. of weight and collapses to stow in a mid-sized kayak hatch. Seven simple components break apart and snap together with ease--parts won't corrode, rust, or gum up from sand.

Color: black/green
#15931 / \$149.95

MightyMite Boat Cart

Make hauling your kayak or canoe to the water a breeze. Large 10" diameter wheels simplify transport over uneven terrain.

Fits in most kayak hatches. Supports up to a 150 lb. load. Straps to the center of your boat.

Color: black
#15937 / \$79.95

Watershed Aleutian Deck Bag

Watershed's jack-of-all-trades deck bag. A ZipDry closure at the cockpit end ensures that all gear stored in the main compartment stays dry and accessible. Mesh water bottle holder, bilge pump clips and a see-through map case make this a versatile and indispensable dry bag.

Color: red, yellow

#28932 / \$115.00 

NRS Deck Rigging Kit

Whether you are building your own masterpiece or re-outfitting an older kayak, the NRS Deck Rigging Kit has everything you need to add rigging to your boat. Easy to install kit includes 24' of 1/4" bungee, 14 nylon lacing eyelets, and 28 bolts and rubber-coated well nuts.

#2882 / \$19.95

Reach for the horizon line.

Waterproof and built to last, the 58-Kayak Compass straps on to your kayak with elastic cords and is easily removed to throw your boat on the rack. Direct reading, 10° graduations, adjustable declination and foam base to avoid scratching your boat. Brunton quality, Brunton tough.

Brunton 58-Kayak Compass

#7443 / \$65.00

Aquapac Kaituna Map Case

Especially designed for maps! Three-fold seal locks tight with hook-and-loop closure. Clear polyurethane is easy to see through and is PVC-free. Comes with a neck cord and the slits in the top and bottom strips give lots of attachment options. Seals out the splash and rain.

#28491 / \$20.00

Kokatat Tropos Deluxe & Gore-Tex Deluxe Sea Skirts

The Deluxe Sea Skirts feature non-slip fabric surrounding the 1/4" deck bungee to keep the skirt watertight and securely in place. Webbing reinforcement under the deck prevents water from pooling. A paddle park with a hook-and-loop closure holds your paddle when you need to free up your hands. The fleece-lined tunnel pocket keeps your hands warm, and a zippered mesh deck pocket stores your valuables. The Deluxe is available in either GORE-TEX Evolution fabric or Kokatat's lightweight, breathable Tropos fabric.

NRS Neo Touring Deck

Our Neo Touring Deck stretches tight for a secure fit in all conditions. The stretchy neoprene tunnel resists sagging and is comfortable to wear all day. Fully taped watertight seams throughout the 1.5-mm neoprene deck and tunnel. The rugged bungee rand and rubberized inner deck coating firmly grip the cockpit rim, preventing slippage and implosion.

Color: blue/gray

Deck Size: 30-35" L X 17-19" W

Waist Size: S/M, L/XL

#2014 / \$89.95

See skirt sizing on the insert at the center of this book.

NRS Catalina Sprayskirt

The Catalina is designed to fit the large cockpit sizes of recreational kayaks. Durable, 210-denier urethane-coated nylon with taped seams keeps you dry and protects you from the sun while you're out exploring. The deck features an anti-pooling bar and two easily accessible grab loops for quick exit. Adjustable tunnel tightens with a bungee drawcord, and the shock cord bungee rim can be adjusted to fit different boats.

NRS Infinity Flotation

These will be the last float bags you buy, because they won't leak, ever. The Urethane fabric simply can't delaminate. Put them in your boat, blow some air inside, and forget about them.

Guaranteed for life.

3-D Canoe Solo Flotation

Designed to fit the bow and stern areas of most popular whitewater solo canoes. Anchor loops along the surface provide tie-down points for rigging.

Dimensions (inflated):

Long: 57" long, 38" wide, 24" deep

Short: 42" long, 40" wide, 24" deep

Long #42089 L / \$99.95

Short #42089 S / \$84.95

3-D Canoe End Flotation

Our 3-D End floats are patterned to fill the space behind the stern seat and in front of the bow paddler's legs in most tandem canoes.

Dimensions (inflated):

29.5" long, 28.5" wide, 18" deep

Pair

#42092 / \$69.95

Single Bag

#42092.1 / \$39.95

Canoe Center Flotation

The Center Float fits in the area between the two seats of a tandem canoe, leaving just enough room for the stern paddler's legs. Patterned to fit most tandem designs.

Dimensions (inflated):

49.5" long, 32.5" wide, 24" deep

#42093 / \$119.95

Split Kayak Flotation

Long and narrow flotation bags fit on either side of a kayak's center support pillar. The full set includes two bow bags and two stern bags. Bow bags fit forward of the foot area of most kayaks longer than 8'.

Dimensions (inflated):

Bow: 23" long, 10" wide at top, 3" wide at point

For over 25 years, the active, outdoor enthusiasts at Yakima have been making quality roof racks and accessories that allow you to haul your gear to the next adventure! They build their systems rugged and tough so you don't have to worry about the safety of your stuff. They build them functional and flexible so they're easy to assemble, adjust and customize to your needs.

They believe so strongly in their products they give you a lifetime warranty. Invest with confidence!

Go to

nrsweb.com/yakima

for a huge selection of Yakima rack systems. You'll find water, bike and snow accessories. You can also build a custom rack set-up using our online rack builder!

Yakima HullRaiser Aero

The J-shaped cradles fit right on your crossbars to nestle your boat. Works with round, square and most factory crossbars.

Includes a pair of heavy-duty straps with padded buckles.

#3501 / **\$139.00**

Yakima HullRaiser

The little brother to the HullRaiser Aero. Works with round or square crossbars or with factory bars, if you have MightyMounts.

Includes a pair of heavy-duty straps with padded buckles. Use MightyMounts (sold separately) to attach to your car's factory racks.

#3500 / **\$119.00**

Yakima BowDown

Attaches right to round, square or factory crossbars to hold one boat. Padded to prevent boat damage and folds out of the way when not in use. Locks to your crossbar using SKS locking system (sold separately).

Straps included.

 #3528 / **\$179.00**

a) Yakima HullyRoller

Pair it up with the Mako Saddles for effortless loading. U-shaped rollers fit any boat, pivot for loading convenience and lock for transport. Padded buckle straps and bow/stern tie-down straps included. Use MightyMounts (sold separately) to attach to your car's factory racks.

 #3503 / **\$89.00**

b) Yakima Mako Saddles

The form-fitting cradle fits any hull shape and the Dynaflex™ pads grip and hold. Padded buckle straps and bow/stern tie-down straps included. Use MightyMounts (sold separately) to attach to your car's factory racks.

 #3504 / **\$69.00**

Yakima BigStack

The BigStack is padded to prevent damage to your boat and folds down flat when not in use. Unique anchor head allows for "lasso" loading. Locks to crossbar using SKS locking system (sold separately). Fits round, square or factory crossbars and includes straps.

 #35021 / **\$139.00**

Yakima Outdoorsman 300

Clamps onto truck bed rails without drilling. Use one set in combination with the Dry Dock or two sets to manage all the gear. Load capacity of 300 pounds. Crossbars sold separately.

Outdoorsman 300 Full

#3512 / **\$199.00**
per 1/2 set

Outdoorsman 300 Compact

#3511 / **\$199.00**
per 1/2 set

Yakima DryDock

This Y-frame fits into a 2" receiver hitch and adjusts in height. Combine with a cab roof rack or the Outdoorsman 300 to support kayaks and canoes. Stabilizing straps included. Crossbar sold separately.

#3515 / **\$189.00**

Yakima ShowBoat

Slide-out roller system that assists in loading boats onto your vehicle. Padded to prevent boat damage. Fits onto round, square or factory crossbars.

 #3527 / **\$100.00**

Yakima Universal Mighty Mounts

Many Yakima accessories will mount directly to your factory racks with these simple brackets.

#3522 / **\$40.00**

Yakima MultiMount

Hold paddles, oars, and other gear to your bars. Hypalon® straps span objects up to 5" diameter.

#3508 / **\$55.00/pr.**

Yakima Gunwale Brackets

The low profile, rounded shape makes for easy loading and unloading of your canoe or open hulled boat. For round Yakima bars only. Padded buckle straps included.

#3506 / **\$79.00**

LashLock™

Strap your boat to your car's rack and lock it down in one easy step.

The LashLock™ is adjustable up to 13' long to hold down any kayak or canoe. Either pass the cable through a security loop on the boat, or use two LashLocks to keep your boat secure and safe on your car. Unlocks with a three-digit code of your choice.

#3102 / **\$35.00**

NRS Constrictor Cable Lock

Keep your gear safe with the NRS Constrictor Cable Lock. This four number combination lock, with a retractable cable, secures your equipment and stores easily with little bulk and no tangling. 45" long 1.6-mm retractable cable fits around most items.

#3103 / **\$9.95**

Quick-N-Easy Car Top Racks

Quick-N-Easy fittings can be used to build your own custom car-top racks. Brackets securely mount to rain gutters with a cam lever and clip assembly. For 1" tube crossbars, use the Tube Holder listed below, or just bolt a 2 x 4 to Quick-N-Easy brackets to complete your rack.

Quick-N-Easy Brackets (set of 4)
#3200 / **\$69.95**

Quick-N-Easy Yoke (each)
#3210.1 / **\$16.95**

Quick-N-Easy Lever & Clip (each)
#3210.2 / **\$11.95**

Quick-N-Easy Tube Holder (each)
#3210.3 / **\$7.95**

NRS Bow/Stern Tie-Down Kits

Ideally suited for strapping boats and other cargo to a trailer or roof of a car. These kits use our heavy-duty 1" webbing with tough rubber-coated metal hooks.

Small Tie-Down Kit

24" strap on the buckle end, 6' tail.
#1453 6 / **\$14.95/pr.**

Large Tie-Down Kit

40" strap on the buckle end, 14' tail.
#1453 14 / **\$19.95/pr.**

NRS Universal Kayak and Canoe Racks

Here's a simple, effective car-top carrying solution that works on any car, with or without existing factory racks. Your boat secures to the soft foam blocks which then pop onto your factory crossbars, or tie directly onto your car's roof. Then attach the NRS J-Hook straps to the bow and stern to hold your boat securely at both ends. The Kayak Rack Kit includes two non-skid foam blocks, two NRS J-Hook Straps for bow and stern tie-down, one 15' NRS Strap for center tie-down and two NRS Straps for securing the boat to the foam blocks. The Canoe Rack Kit includes four non-skid foam blocks, two NRS J-Hook Straps for bow and stern tie-down and two 15' NRS Padded Straps for center tie-down. Both kits stow away in the included handy mesh bag. Instructions included.

NRS 1" Loop Straps

Loop straps are the perfect solution to tie-down situations where you want the strap to stay put when it's not pulled tight. Commonly used on raft frames to strap down coolers and dry boxes. When you unbuckle the strap to get something out of the cooler, each end remains fixed to the frame, ready to be tightened again.

NRS Flux Drytop, NRS 1" Heavy
Duty Straps

NRS Heavy Duty Straps

Introduced over 25 years ago, our straps have been used for virtually every hold-down application imaginable. Keep some in your garage, your storage shed, the trunk of your car and the bed of your truck. The 1" high-tenacity polypropylene webbing is manufactured to a tensile strength of 1,500 lbs. The cam buckles are able to hold over a 2,000 lb. tensile load.

1" Padded Straps

Sewn-on PVC pads are soft-sided to prevent scratches from the metal buckle.

Sea-Stows are especially great for kayaking.

The 70-denier urethane-coated nylon keeps the weight of these bags to a minimum while also sliding easily in and out of fiberglass and polyethylene kayaks.

Sea-Stows are available with round bottoms for more volume and easier stuffing, or grommeted corners for a slimmer profile and easy tie-down. Both models have a clear, tough urethane window and waterproof Storm-Strip™ closure that doubles as a carry handle. Includes handy D-ring on closure.

Ricksack

The Ricksack™ provides the advantage of a see-through bag with the added durability of a thread-reinforced heavy-duty PVC body. This is the most durable transparent bag on the market. StormStrip™ vinyl closure system combined with a stiff PVC band folds down to create an incredibly dry seal. X-Long bag has a side-carry handle for easy transport.

NRS Tuff Sack

Our Tuff Sacks feature the innovative StormStrip™ closure system, ensuring a waterproof seal. A heavy-duty 18-oz. PVC/polyester body and 30-oz. PVC/polyester bottom combine to create a bag that will last for years to come. Includes tie-down D-ring on closure, and an extra-heavy-duty buckle. X-small and Small are great for sunscreen, keys and snacks. Medium or Large bags are ideal for sleeping bags and clothes. X-Long is the perfect size for a Roll-A-Table, River Wing or tent, and a side-carry handle makes for easy transport.

Aquapac 780 Wet & Dry Backpack

Three-roll seal keeps out water and the PVC-free polyurethane coated material stays soft and supple, even when it's cold. A large internal pocket lets you separate the clean and dry gear from the dirty and wet. External mesh pockets let you stow a water bottle, hydration bladder or other items. Shoulder, chest and waist straps keep the pack securely in place.

Color: black

#28531 / **\$85.00**

NRS Day Pack

The NRS Day Pack dry bag is the perfect size for a day's worth of gear. The oversized opening makes it easy to load, and the clear urethane front panel makes your stuff easy to find. Roll-down closure seals tight to keep the inside dry, and two padded shoulder straps are comfortable during long carries. Urethane-coated 500-denier Cordura forms the back, bottom and sides for maximum durability.

Color: blue/clear

#2914 / **\$77.95**

Dryness is essential.

The driest, toughest, most imitated dry bag — and still the best.

The tough 21-oz. PVC/polyester body and 34-oz. PVC/polyester round bottom will take years of abuse. The innovative StormStrip™ closure ensures the most waterproof seal on the market and a comfortable, ergonomic backpack harness makes it easy to carry up the beach or on a long portage. Bag handle and compression straps are welded to the bag with our heavy-duty double patch system. The 34-oz. floor of the Heavy Duty extends six inches up the sides for added durability.

A portable toilet system that lets you conveniently dispose of waste in any garbage can.

The rugged plastic case of the Cleanwaste Toilet measures only 19"L X 14"W X 5"H when folded and weighs only 7 pounds. The inner WAG (Waste Alleviation & Gelling) bag is held in place securely and can be removed and replaced in a sanitary manner. The degradable WAG bag contains a bioactive non-toxic gelling powder that encapsulates liquid and solid waste, neutralizes odors, and initiates and accelerates decomposition. Full bags can be placed into the provided zip-close, puncture resistant containment bag and thrown in any normal trash container. These bags comply with federal standards for disposal in landfills and will degrade along with gel and waste in six to eight months. Each WAG bag will hold a maximum of 3-4 uses. Cleanwaste Toilet includes 3 WAG bags. The complete kit comes with a PUP Tent, Toilet, 15 WAG bags, and a convenient carry bag.

Unsurpassed odor control for portable toilets.

This two-part treatment system utilizes anaerobic bacteria to absorb and inhibit the formation of odor-causing Hydrogen Sulfide. 1 oz. of the powder helps control odor for up to 65 user days. The 4 oz. spray bottle is a topical treatment that contains enough liquid for 850 single uses.

#2730 / \$25.95

Saves valuable packing space over the round "bucket systems".

This system uses a 5-1/2 gallon rotomolded plastic tank and a toilet seat fits securely on top. A plastic flange funnels waste directly into the 17" x 7-1/2" x 13-1/2" tank. Tank has a 3" cleanout fitting, a water hose connector with a pressure release fitting, and a threaded plug to cover the user opening. Rounded corners make it easy to clean. System includes one tank (good for approximately 50 uses), seat and cleanout hose.

ECO-Safe Toilet System

#2729 / \$198.00

ECO-Safe Spare Tank

#2729.3 / \$126.50

Lightweight, compact and rugged.

Featuring a tougher-than-nails, glass-filled, nylon handle for comfort and weight reduction. A powder coated boron carbon steel spade with serrated edge won't take no for an answer. And an anodized 7075 aluminum shaft that won't break under pressure. The rugged plastic sheath conveniently stores your folded E-Tool. Length: 23.75", 9.25" L x 6" W folded.

NRS Frames

NRS Frames are the strongest, most adjustable and customizable frame systems for rafts and cataracts. Our stock frames fit a wide variety of NRS and other manufacturers' boats. If one of these stock frames doesn't work for you, our professional Frame Shop crew can modify and customize parts to fit your individual needs.

Choosing Your NRS Frame: Your choice of frame will be determined by the dimensions of your boat, how you plan to use the boat (such as day or multi-day trips, fishing or whitewater) and what you plan to carry. Measure large items like coolers and dry-boxes to help determine your boat's carrying

capacity. For help in selecting the right frame combination, visit our website: nrsweb.com, or give us a call at 800-635-5202.

Your NRS Raft Frame: The frame length is limited by the flat area on the side tubes. Frame width should be as wide or wider than your boat's center-to-center measurement (CCM) of the side tubes. Determine the CCM by subtracting the diameter of one side tube from the width of the boat. Generally, thwart are removed from framed rafts to increase cargo room.

Your NRS Cataract Frame: Our yoke frames are available in 66" and 72" widths. The 66" frames increase maneuverability

and are good for narrow, rock strewn passages. The 72" frames increase stability and cargo space. Longer side rails can be made with a breakdown option for ease of transportation and storage. The Universal Cat Frame (pg. 102) is even more adjustable and adaptable. Move the drop rails in or out to customize internal width or remove them and you have a raft frame.

Your NRS Fishing Frame: Fishing from rafts and cataracts is an excellent way to put you where the big ones are biting. Our fishing frames are angler tested for stability and convenience. We offer a number of options to help you customize your frame to your individualized type of fishing.

NRS LoPro™ Frame Fitting:

Key to the NRS frame system, the patented, cast aluminum LoPro™ Fitting is what makes our frames so uniquely adjustable and adaptable. Held to our frame pipe by a U-bolt that is "coined" (flattened in the arch to minimize its profile), the LoPro lets you move, adjust and remove frame parts to customize fit and function.

Frame Materials:

We've carefully selected materials that give our frames great strength and rigidity, while keeping weight to a minimum. Frame pipe is 1 5/8" OD 6061-T6 anodized aluminum, highly resistant to cracking under stress and highly corrosion resistant.

NRS Longhorn™ Frame

A simple rowing frame for almost any size boat. The Longhorn™ is equally suited for heavy whitewater or rowing to your favorite fishing hole. Combine this classic frame with a soft cooler and a dry bag or two and you'll have a clean and easy setup that will make portaging a breeze. Includes: (2) side rails, seat bar, standard seat, footbar, 6" oar mounts

Size: 48", 54", 60", 66", 72" W x 50" L; Weight: 60" frame, 34 lbs.
#1210 / \$385.00*

Cooler sold separately

NRS Bighorn™ I Frame

With the Bighorn I you can pack a large cooler or dry box either in front of or behind you. An excellent choice for most 12'-13' rafts. Two 9' NRS straps and four strap slides are included for securing your cooler or dry box. Includes: (2) side rails, (2) crossbars, foot bar, seat bar, low-back drain hole seat, 6" oar mounts, (2) 9' straps, (4) strap slides

Size: 48"W x 65"L; 54", 60", 66", 72" W x 68" L

FEATURED PRODUCT:
NRS Crossover Tee, NRS Top
Cat Frame, Cargo Floor and
Side Rail Racks.

Padded Raft Seats

The rower's throne. Constructed with the same heavy-duty vinyl covered pillow-soft foam used in tractor seats. The High-Back Seat provides more upper back support, both have a drain hole to prevent water from collecting on your seat.

Standard Seat
#1226 / \$84.95

High-Back Seat
#1225.5 / \$94.95*

Extend your raft or cataraft's cargo carrying space.

Strap dry bags, ammo cans, tackle boxes, Pelican cases, anything you can think of, to these Side Rail Racks. Made with 8" x 6' or 3' piece of 3/4" Skidguard marine grade plywood. They can lay on top of crossbars, footbars and seat bars. When supported by cross members they make great walking surfaces. Won't interfere with oar mount placement.

NRS Side Rail Racks

3'L x 8"W	#12055 3 / \$62.50
6'L x 8"W	#12055 6 / \$85.00*

NRS Cataraft Cargo Floors

Constructed of high-strength quick-draining woven mesh, our cargo floors are strong enough to stand on and support full coolers and extra gear. They come in 4' and 6' lengths and fit between the lower rails on 66" and 72" single-tube cat frames. The use of the Spreader Bar prevents bowing of the lower side rails and keeps the cargo floor taut.

72" Frame:	4'	#1806 4 / \$85.95
	6'	#1806 6 / \$104.95
	Spreader Bar	#1806 SB / \$47.75
66" Frame:	4'	#1808 4 / \$74.95
	6'	#1808 6 / \$94.95
	Spreader Bar	#1808 SB / \$47.75

NRS Fishing Frame

Your raft and the NRS Fishing Frame are a perfect combination for that rocky mountain stream or your local lake. The Fishing Frame has a comfortable Standard Seat for the rower and puts the angler up high with the padded Action Swivel Seat. Includes: (2) side rails, crossbar, foot bar, seat bar, Action Seat bar, standard seat, Action Swivel Seat, 6" oar mounts

Size: 48" or 54" W X 65" L
60" W x 68" L
66" or 72" W x 78" L

Weight: 72" frame, 53 lbs.

#1231 / \$595.00*

NRS Cat Fish™ Frame

A cataraft makes a great fishing platform for swift or flatwater angling and the Cat Fish is the ideal fishing frame. The Cat Fish has room to float, fish and pile on the gear for day trips or extended journeys. The open design offers ample elbow room for the anglers as well as great visibility for the oarsman. Includes: (2) yokes, (4) side rails, foot bar, seat bar, Action seat bar, high-back drain hole seat, Action Swivel Seat, 6" oar mounts

Size: 72" W x 120" L; 110 lbs.

#1266 / \$995.00*

360-degree rotation for unlimited casting angles.

This comfortable padded seat can rotate 360° so you can cast in any direction. Seat back folds forward when not in use. Don't forget the optional Seat Caddy, which attaches to the side of the Action Seat, giving you a handy space for beverages and tackle.

a. ACTION SWIVEL SEAT

Cataract Blades

Tough and buoyant, these blades do the job whether you're fishing or whitewater rafting. Heavy-duty structural urethane surrounds a lightweight composite core. 7" Magnum blade has a thinner cross-section and molded ribs to slice into the water and help reduce flutter.

6 1/4" Blade

Color: black

#1392 / **\$69.95**

7" Magnum Blade

Color: black

#1392.1 / **\$69.95**

Cataract Razor Blade

Sharpen your oar setup with the 6-7/8" Cataract Razor Oar Blade. This sleek thin cross section design features twill carbon fiber skin, a strengthened urethane core, Dynel edging to resist abrasion wear, and weighs just over 2.5 lbs., 20% lighter than Cataract's other oar blades.

Color: black

#1398 / **\$139.95**

Cataract Oar Shafts

Since 1986, Cataract oar shafts have been the top choice for boaters looking for a stronger, lighter and more responsive oar. Made by Advanced Composites, these maintenance-free fiberglass/carbon shafts weigh less than aluminum, and they're twice as strong. The SGG model flexes through the first part of your stroke, much like a wooden oar. Then the shaft rebounds similar to a fishing pole for strong, whip-like action that translates more of your muscle energy into the water. The 9' and 10' lengths are available with a factory rope wrap. The rope protects the shaft and helps eliminate some of the noise of rowing, which you'll appreciate even if you're not fishing. SGX shafts are 33% stiffer, for larger, heavier boats.

DESCRIPTION	COLOR	ITEM #	PRICE
8' SGG Shaft	white, blue, yellow, black	#1393 8	\$119.95*

Sawyer Standard Utility Oar

An excellent choice for fishing pontoon boats and other small craft. There's just nothing like a wooden oar! Laminated from specially selected straight grain

Douglas Fir for a light, stiff and stable oar. Blades have a slight crown for a smooth, controlled stroke.

Includes a rubber oar sleeve/stopper to protect the shaft from wear. Finished with a sealer soak, plus two thick coats of the finest marine grade spar varnish.

DESCRIPTION	COLOR	ITEM #	PRICE
6' Utility with rubber stopper	natural wood	#1332 6	\$57.90*
6.5' Utility with rubber stopper	natural wood	#1332 65	\$67.90*
7' Utility with rubber stopper	natural wood	#1332 7	\$77.90*

Sawyer S/P Lights Oar

The choice of the Northwest's professional Drift Boat Guides. They're light, they're wood, they're tough...

and they're beautiful. Laminated from specially selected straight grain Douglas Fir for a light, stiff and stable oar. The blades have a slight crown for superb control and Northern White Ash edges and epoxy-metal tip splines for excellent durability. Shafts are rope wrapped (with rubber stopper) for durable, quiet rowing and have a rubber covered grip for comfort. Finished with a sealer soak, plus two thick coats of the finest marine grade spar varnish.

Carlisle Outfitter Blades

Rugged and light, Carlisle Outfitter blades are constructed of tough, UV-resistant plastic with a full-length tempered aluminum spine for superior strength, and a strong insert to withstand aggressive boating. A push-button mechanism locks the blade securely to either a Carlisle or Cataract shaft.

6 1/2" Blade

Color: black, yellow
Size: 6.5"W x 26"L
#1360 / **\$64.00**

8" Blade

Color: black, yellow
Size: 8"W x 26"L
#1365 / **\$64.00**

Carlisle Oar Extender

Give yourself the extra length needed for varied boat widths and situations. Each extender adds 1' to your Carlisle or Cataract oar shaft.

Color: black, yellow, blue
#1370 / **\$40.00**

Carlisle Oar Shafts

Carlisle oar shafts have proven their strength and reliability on waters around the world. Built to outfitter standards, they'll last many seasons whether you use them for fishing or river running, on flat water or whitewater. Durable, UV-resistant polyethylene plastic covers the reinforced internal aluminum body. Rubber grips cover the molded plastic handles. 8' and longer have reinforced inner shafts for extra strength. These shafts can attach to either Carlisle or Cataract blades.

Please Note: Lengths listed are the lengths of the entire oar, shaft and blade. The actual shaft length will be approximately 27.5" shorter.

NRS Oarlocks

Our Standard Oarlocks are made from melted-down ship screws, a bronze alloy that's rugged enough for most users. For heavy whitewater rowing and the boater who wants the absolute strongest oarlock, the NRS Superston Oarlocks can't be beat. Both styles are precision-turned to a 5/8" shaft diameter, with a hole drilled in the end to attach the included split ring. Horn opening is 1-5/8" wide with a 2-3/8" inner diameter. The Stainless Springs fit over the shaft after the oarlock is in place, and keep the oarlock from rattling up and down in the oar mount. Lynch Pin Keepers are a simple alternative to split rings, quicker to set and remove, especially with cold fingers.

Standard Oarlock
#1407 / \$49.95/pr.

Superston Oarlock
#1408 / \$65.00/pr.

Lynch Pin
#1422 LP / \$0.95/ea.

Stainless Springs with Washers
#1409.1 / \$4.95/pr.

Split Rings
#1409 / \$0.35/ea.

a. Oar Rights

Oar Rights tighten securely over the Molded Oar Sleeve and keep the oar blade square to the water. If you prefer not to "feather" your blades during the recovery, the Oar Rights allow you to simply drop the blade in and begin your stroke without worrying about the blades twisting forward or back. The 2-1/4" inner diameter requires a Molded Oar Sleeve to fit Cataract and Carlisle shafts.

#1404 / \$35.95/pr.

b. Molded Oar Sleeve

Protect your oar shafts from scratches and gouges caused by metal oarlocks. Fits Carlisle and Cataract shafts. If you're going to use Oar Rights, you'll need these sleeves to get the correct fit.

#1405 / \$14.50/ea.

Sawyer Cobra Oarlocks

The unique shape of the Cobra Oarlock gives increased strength and range of motion. The wide horns distribute the load of the oar across a larger surface, and the oval opening allows up to 15 degrees more vertical range. Bronze alloy construction withstands years of heavy use. Deluxe model is threaded to fit the included lock-nut.

Standard Cobra Oarlock
#1401.1 / \$73.90/pr.

Deluxe Cobra Oarlock
#1401.5 / \$79.90/pr.

NRS Oar Tether

This 3' leash attaches to your oar on one end and your frame on the other end, keeping your oars within reach if they come loose. The quick-release buckle lets you remove your oar when needed.

#1424 / \$24.95/pr.

NRS Spare Oar Keeper

Chances are, when you need your spare oar, you'll need it quick. The two parts of our Spare Oar Keeper attach to your frame's side rail. The spare oar grip slides through the steel O-ring on one end, and clips into the quick-release buckle on the other. When you need the oar, just un-clip the buckle and pull the oar free.

#1425 / \$14.95

Zach, NRS Customer Service, inflating his GigBob to take it out for a test run.

#1709 / \$189.95

Bravo Wonder Pump 6

These are excellent top-off pumps! The Bravo 6 inflates and deflates on the up and down strokes. Compact design allows you to reach the hard-to-find valves on any raft or IK. 5' non-kink hose and 7 adaptors included with each pump. 1-year warranty.

Color: gray
4" Dia. x 18.5" H

#1701 / \$29.95

NRS Blast Pump

Tired of pumping up your boat by hand? Have a Blast! This great pump inflates up to 2 PSI and it's a heavy-duty unit that will give you years of service. The rubber coated housing gives you a secure grip. It adapts to multiple valve types and the 12-foot power cord gives you the reach you need. 2-year warranty.

Color: gray/blue
#1726 / \$99.95

LVM Pump

The compact, handheld design of this pump allows you to move around the raft to reach the interior valves easily. 12-volt motor is fast and powerful, achieving 2 PSI in 5 minutes. The temperature-sensitive relief valve protects against overheating. Four adaptors and a 10' power cord with car battery clamps included. 1-year warranty.

Color: blue/black
#1707 / \$124.95

K-Pump Kwik Check Pressure Gauge

Inflating your boat to the correct pressure extends its life and increases performance. Don't guess, inflate your tubes with accuracy. Large, high contrast display reads from 0 - 15 PSI. This lightweight, durable gauge works on many valves, so you only need to carry one gauge.

Color: black
#1719 / \$34.95

NRS Bowline Bag

Rescue bags are for rescue. With a Bowline Bag at each end of your boat, you'll always have a handy line to tie your boat to shore. The sturdy Cordura® bag has a mesh bottom for drainage and a drawstring closure to keep your rope secure and easily accessible. Rope is 3/8" polypropylene.

NRS Revolution Series Rafts

Tough, light, rigid... fun! The Revolution is here. Highly abrasion and puncture resistant polyurethane-coated nylon material keeps the weight down while providing a stiff, wave busting ride. Patterned similarly to the NRS Otter and Expedition rafts, these time-tested shapes excel whether you're paddling or rowing whitewater, fishing for the Big One, or enjoying multiday adventures with friends and family. Come and join the Revolution... you'll be glad you did.

Light in weight, heavy-duty in performance.

NRS Osprey Series Rafts

Designed to get your blood pumping, the Ospreys are maneuverable, agile and quick. Their high rocker makes for a fun ride in white-water and the shorter waterline lets you spin quickly to catch that eddy above your favorite fishing hole. The polyurethane-coated nylon material is light in weight, great at holding air and major abrasion and puncture resistant. Day tripping, spending days on the water, fishing, looking for surf waves, screaming your head off at the bottom of a rapid... it's all there in an Osprey.

NRS Expedition Series Rafts

We build NRS E-Series rafts tough enough to meet the demands of the commercial outfitter. We expect them to be dragged, dropped, scraped, kicked and exposed to the most severe conditions for 365 days a year. We build them with the most rugged material and beef up high wear areas with our exclusive HD-40 wear chafer. We pile on D-rings and carry handles and give you models in multiple shapes, 12' to 18' in length. We call them "Expedition" rafts for a reason — they're expedition-grade. Made to last a lifetime.

When only the best will do.

Pennel Orca® tubes/floor 48-oz., 1670-denier

Kid-sized palm protection.

These lightweight gloves are ideal for summer boating when you need sun and blister protection plus grip and control. Durable, synthetic leather palms ensure that these gloves will withstand all the abuse kids can throw at them.

Youth Boater's Gloves

Color: blue/black
Size: S-XL
24303 / \$16.95

Warm feet equals happy kid.

2-mm neoprene Wetsocks are perfect for wearing with sandals, booties or shoes. Three-piece construction provides a seamless feel that hugs the contours of the foot.

Youth 2-mm Wetsock

Color: black
Size: S, L
2345 / \$16.95

Excellent protection at a value-oriented price.

Durable urethane-coated nylon is generously cut to allow layering for extra warmth. Factory-taped seams and soft, adjustable neoprene neck and wrist closures help keep water out. Shock-cord waist fastens with a barrel-lock.

Material: Urethane-coated, 210-denier nylon oxford

Youth Rio Top

Color: blue, yellow
Size: XS-L
#2590.1 / \$34.95

Youth Rio Pants

Color: yellow, blue
Size: M, L
#2591.1 / \$34.95

Give them the protection they deserve.

Young bodies lose heat quickly. NRS KidSkin traps that heat and helps keep your young ones warm, comfortable and safe. The 0.5-mm Terraprene™ neoprene gives superior insulation and the titanium laminate adhesive reflects heat back to the body. Stretchy nylon moves with their active bodies and the flatlock stitching makes a strong seam even they can't break. Pants have a high-cut waistline and draw cord with a barrel lock for security.

KidSkin Long-Sleeve Shirt

Color: navy/gray
Size: S-L
#2617 / \$44.95

KidSkin Pants

Color: black
Size: S-L
#2232 / \$39.95

Youth Vista

Type III PFD by NRS

A full-featured PFD at a fantastic price. A tough, 420-denier nylon outer shell will handle all the abuses of boating. Two roomy front pockets with hook-and-loop closures will hold those items they want close at hand.

Design Flotation: 11.5 lbs.

Color: red, blue, yellow, periwinkle
Size: Youth 50 - 90 lbs.
#21471Y / \$49.95

DEALER INFO

- It's frameless!
The drop-stitch construction lets you put 4 - 6 pounds per square inch of air pressure inside the multiple air chambers, for a stiff, 'rock-solid' rigidity.
- The pontoons are wide and flat, for excellent stability. You can stand on the deck without fear of tipping. And the flat bottoms give you a very shallow waterline. You slip right over rocks that snag a rounded pontoon.
- Agile, fast, maneuverable...all words that quickly come to mind as soon as you sit down and push off from shore.
- The GigBob includes an adjustable padded seat, Carlisle 2-piece oars with sleeves and oar rights, oar plates, oar mounts, oarlocks and split rings, oar rests, two Easy Access Tackle Bags, stripping apron and a carrying backpack to haul it all in.

Item #	Model	Length	Width	Height	Weight	
 16400	GigBob	8'	4'	17"	60 lbs.	\$1,595.00
