RAIN OR SHINE, WARM OR COLD, THE WATER AWAITS.

Don't let a little weather keep you landlocked. The paddling can be stellar even when conditions aren't. Adding a few key pieces to your gear bag can help you get the most out of your boating year.

NRS WAVELITE™

Polartec® Power Stretch® moves when you do for instant-action mobility. "Touch points" on the soft inner layer swiftly wick moisture away from your skin to the outside of the fabric where it spreads rapidly and evaporates. The smooth outer surface resists wind, water and abrasion for long-lasting performance.

WaveLite Pungo

Wear it under dry wear or as a cool-weather camp shirt. Its quarter-zip crew neck provides quick ventilation.

- Color: black
- Size: S-XXL Imported.

#10129.01 / \$79.95

Body-hugging fit provides unrestricted mobility and easy layering.

- Color: black
- Size: S-XXL Imported.

#10131.02 / \$64.95

TERRAPRENE™

THE ALTERNATIVE NEOPRENE.

Terraprene is made from rock, but a very different kind of rock. As we all know, oil, or petroleum, is in short supply, and its exploration, production, and transportation creates all sorts of problems. Traditional neoprene is a petroleum-based product. Searching for an alternative neoprene for wetsuits, we discovered Terraprene. It's made from limestone (calcium carbonate), one of the most plentiful minerals on earth.

Nearly every NRS neoprene product is made with Terraprene.

★★★★★ 5.0

"The interior layer is soft and comfortable against the skin. It provides a thermal barrier and stops the wetsuit from sticking to the skin."

— John, Australia.
