FISHING 2017

# THE REASONS WHY

Why do we fish? It's a question every angler has considered, and yet a definitive answer remains elusive. We fish for the intellectual challenge and for the physical satisfaction. We fish because of the friendships we've forged in pursuit of a common obsession. Perhaps most of all, we fish because of the places fishing takes us—and the unique way we experience those places while there.

For more than four decades, anglers have looked to NRS to help them reach those special places where the fish are hungry and nature provides. Today, we supply not only the finest inflatable watercraft to make these waters accessible, but also the apparel and accessories to keep you safe, comfortable and on your game when you get there. Because why we love to fish is why we love our work.

## CHINOOK

The Chinook is more than a safety aid. With pockets for all your tackle, attachment points for your tools and an integrated rod holder, it's gear that makes you more effective on the water. Eight adjustment points ensure a perfect fit, and the mesh lower back panel works comfortably with your kayak seat while adding welcome ventilation on hot, humid days.

40009.03 | \$109.95 | S/M, L/XL, XXL

mesh lower-back panel

“As a professional kayak angler, a PFD is an integral part of my gear list. I spend a ton of time on the water, so I need it to be comfortable, even over a 12-hour session. The mesh back design of the Chinook keeps the back flotation up over my seat and vents well to keep me cool. Beyond the obvious safety benefits, the Chinook keeps me organized while I’m chasing my next catch. With its myriad of pockets and fishing features, I can be confident that I’ll have all the tools I need within reach when the big one strikes, so I can maintain focus on the fight rather than fumbling around for gear. I have a Chinook set up for every kind of fishing I do, from freshwater lakes to the salt marshes to the open ocean, and you’ll never find me on the water without it.” –Robert Field

# SUN PROTECTION

When the sun is high and your less-prepared buddies peel off toward the hammock and the cooler, you can keep your line in the water thanks to sun protective NRS technical apparel. Performance fabrics wick moisture, dry quickly and block harmful rays, while sport-specific designs allow friction-free paddling and casting. [Imported]

## CRUSH

When we were kids, a simple pair of sneakers took us everywhere we wanted to go, from the playground to the pond and back to the house in time for supper. With the Crush, we've built that same idea into a technical shoe that's equally capable in the boat, on the bank and at the barbecue. We made the upper breathable, quick drying and tough enough to last a nonstop season. We gave it a crushable heel and tuned the interior for barefoot comfort. Then we chose the stickiest rubber we could find and stamped our Idaho soul onto the sole, because playing in our backyard makes us feel like kids again. [Imported]

Men's 30043.02 | \$79.95 | 8-13

♀ Women's 30044.02 | \$79.95 | 6-11

### PADDLE SHOE

With an easy-entry side zipper, VaporLoft™ fleece lining and a sturdy traction sole, the Paddle Shoe gives you cold-water warmth and protection without the inconvenience of many pull-on booties. [Imported]

## GIGBOB 2.0

The grass isn't always greener on the other side, but the fishing is often better. The frameless, ingenious GigBob gives you the freedom to stalk the far bank, anytime, anywhere. Compact and easy to store, it rides without complaint in the back of the pickup, or even the trunk of a car. It assembles in minutes to transport you and your rod to where the fish are, and the crowds are not.

# FISHING FRAMES

Rafts help you get to places where other boats can't go, where the fish are hungry and the water is never crowded. We've spent years working with professional guides to develop and refine the ultimate fishing frames for rafts and cataracts. Start with the basics, then choose from our huge range of accessories to design your dream fishing setup.

# ROCKING THE BOAT

While we love rafts for fishing steep and rocky rivers, we also love the way traditional drifters track, ferry and anchor on gentler waters. And that made us think: why not combine the best characteristics of both? The Freestone Drifter rows and fishes like a drift boat, but it bails and bounces off rocks like a raft, with the added benefits of a raft's quiet acoustics.

Includes casting platforms, thigh hooks and anchor systems, plus swiveling seats for two anglers.
