WOMEN'S MODEL

WARNING: This product can expose you to Di(2-ethylhexyl)phthalate (DEHP), which is known to the State of California to cause cancer and birth defects or other reproductive harm.

A group of people are gathered on a sandy riverbank. In the foreground, a large blue tarp is partially submerged in the water. A person wearing a blue bucket hat and a plaid shirt is crouching in the shallow water, holding a camera. To the left, another person in a white shirt and a pink hat is also crouching. In the background, a woman in a red bikini top and blue shorts stands near a yellow inflatable. The background features a high, layered rock cliff under a clear blue sky.

Long Live the River Life

No matter what your tutu-wearing amigo says on costume night, what happens on the river doesn't stay on the river. River trips reveal sides of ourselves we might not show at the office, but our hula-hooping, water-sliding, clinky-drinking boater-selves don't disappear at the takeout. They follow us home and sustain us long after the cooler is drained and the raft is put away.

At NRS, what happens on the river stays with us always, and helping make it happen is what we're all about. We'll provide the equipment, inspiration and expertise. Building the sleeping pad luge is on you.

C.F.D. DOG LIFE JACKET

Some of our best boating buddies have shaggy hair and gallop on four legs, opting to chase balls into the river at camp rather than sit back with a cold beverage. The fact that these friends aren't people doesn't make their safety any less important. Our Canine Flotation Device's bomber construction will outlast your pup's rambunctious antics, and the simple design fits snug without hindering the most dedicated squirrel chase. The sturdy grab handle enables quick rescues, and a rugged leash ring lets you use the vest as a walking harness.

40023.01 | \$44.95 | XS-XL

VISTA

As the name implies, your options are wide open with the NRS Vista PFD. On a wild river or floating your favorite lake, it gives you everything you need.

CHINOOK

The Chinook is more than a safety aid. With pockets for all your tackle, attachment points for your tools and an integrated rod holder, it's gear that makes you more effective on the water. Kayak anglers attest, no other fishing life jacket can match the comfort and utility it delivers.

40009.03 | \$109.95 | S/M, L/XL, XXL

  **WOMEN'S SIREN**

The most comfortable low-profile women's life jacket available today. Sculpted foam panels fit your curves, and our Cool Flow System™ (CFS) provides welcome ventilation on warm days.

40036.02 | \$109.95 | XS/M, L/XL

 **NINJA**

Originally designed for freestyle kayakers, the Ninja's athletic, low-profile design stays out of the way and off your mind for comfortable paddling or rowing in any craft.

40013.03 | \$129.95 | S/M, L/XL, XXL

 **ION**

Roomy front pocket, fleece-lined handwarmer pouch and a comfortable low-profile fit.

NRS STRAPS

During the high-water year of 1974, a wave of Idaho rafting accidents gave NRS Founder Bill Parks an idea. Rather than tie equipment down with rope or webbing, which made the gear difficult to detach after a flip, why not adapt cam straps from the freight industry? Bill sourced the best buckle on the market, along with the strongest, most UV-resistant webbing. When he brought the two together, the NRS strap was born, and the boating world has never looked back.  See page 2

1" STRAPS

The very best cam straps you can buy. Period.

RAFTS

It's not about the boat. It's about the river, the friends, the road trip, the stories around the fire. Still, without the boat, none of it's possible. Since 1983, we've been building the rafts that make the best trips happen, year after year, decade after decade. Sure, other boats may get you down the river, but a state-of-the-art NRS raft becomes a part of your life. Whether you're an outfitter running 180+ days a year, or a nine-to-fiver working for the weekend, there's an NRS boat built to last, just for you.

 See page 2

OUTLAW RAFTS

Our Outlaw series rafts put top-end performance and durability within reach of the everyday boater. High-pressure PVC drop-stitch floors and welded PVC tubes not only make these boats exceptionally stiff and responsive, but also help keep them affordable. The flat, rigid drop-stitch floor makes a stable platform for fishermen, and whitewater chargers love how the outlaws punch holes, grab eddies and ride over waves.

OTTER RAFTS

Otters deliver the same outfitter-grade design and construction as our Expedition Series boats in a more affordable, lighter-weight package. Even the most avid private boater will get many years of reliable performance from these hand-crafted boats. They roll compactly for easy storage and don't take a forklift to carry. We build them with long lasting, UV-resistant Pennel Orca® material and beef them up in high-wear areas for extra durability.

EXPEDITION RAFTS

Wherever there are big rapids, sharp rocks and high stakes, you'll find NRS Expedition Series Rafts. Commercial outfitters around the world choose these boats for their proven performance and longevity. We hand cut and glue each raft using the highest grade materials and components—our thickest, toughest Pennel Orca fabric, top-quality Leafield™ C7 valves, and a full-coverage HD40 wear chafer on the bottom. If you're looking for a boat that can last you the rest of your life, and then be handed down to the next generation, look no further than the Expedition series.

CATARAFTS

From expedition-style gear haulers to quick and nimble sport boats, NRS cats deliver legendary craftsmanship in models ready for anything from technical tributaries to the big-water classics. Our versatile River Cat and gear-hauling Kodiak deliver the time-tested reliability of Pennel Orca fabric construction, while tough but lightweight PVC makes the Outlaw ideal for day-stretches and light-and-fast overnights.

RIVER CAT AND KODIAK CAT

NRS River Cat and Kodiak CatarafTs give you extraordinary performance, agility and stability. With their precisely sized continuous-curve tubes, you get excellent load capacity, ride and maneuverability with any model you choose. Heavy-duty construction and safety engineering make these cats unbeatable. No one takes as much pride in building cats as we do.

CATARAFT FRAMES

No boat is more adaptable than a cataraft, and no cat frames are more adaptable than the ones we build at NRS. Choose the width and length that works best for your cat tubes and your boating style, then go shopping for the features and capabilities that will complete your ultimate setup. Here are some popular designs to help you begin.

SPORT CAT FRAMES

When you're styling an NRS Outlaw Cat, or any other cat with tubes 23" or less in diameter, the Sport Cat Frame is your ticket to run. The drop side rails sit 5-1/2" below the top side rails to provide proper distance from D-rings for frame tie-down. Adjust the drop side rails to the exact width you need for carrying cargo. The cooler or dry box gives you seating for a passenger, and the Deluxe Footbar locks you into a solid rowing position.

Includes: (2) 88" side rails, (2) 88" Sport Cat drop side rails, (3) 66" crossbars, deluxe footbar, seat bar, high-back rowing seat, 8" oar mounts, (2) 9' straps, (4) strap slides. Cooler sold separately.

92072.04 | 66"W x 88"L | 67 lbs. | \$995

TOP CAT FRAME

For the greatest gear hauling capacity, the NRS Top Cat Frame can't be beat. Drop in two coolers or dry boxes, which creates seating for passengers, and you'll still have room to pack lots of dry bags and miscellaneous gear.

Includes: (2) yokes, (4) side rails, (3) crossbars, (2) foot bars, seat bar, high-back rowing seat, cooler mount, 8" oar mounts, (2) 9' straps, (4) strap slides. Cooler and drybox sold separately.

92054.04 | 72"W x 107"L | 94 lbs. | \$1,495

92055.04 | 72"W x 120"L | 98 lbs. | \$1,495

FAT CAT FRAME

Pile on the gear and passengers for multiday trips. This cat frame allows the greatest flexibility for carrying gear and passengers. Allows up to three passengers to ride comfortably.

MAVERIK INFLATABLE KAYAKS

MaverIKs set the standard for maximum performance, comfort and stability. The hand-crafted, continuous-curve design gives the boat a smooth, agile feel on the water. For durability and easy carrying, we fabricate bow and stern handles from double-layered tubular nylon. The Y-beam, self-bailing floor creates a double keel for improved tracking and stability. Performance Pack model includes foot braces and thigh straps.

Colors: blue, red

OUTLAW INFLATABLE KAYAKS

High-performance boats that are also highly affordable. Rugged PVC-coated tube and floor material stands up to hard use. The rigid drop-stitch floor insert gives these boats a stiff, no-bend ride that can bust through waves as well as soar over them. Outfit the whole family for fun on the water.
