# GET REAL

Artificial intelligence. Spam bots. Fake news. Alternative facts. It gets harder every day to tell truth from fiction, the genuine article from authentic B.S. But not out here. Here, rocks are rocks, and trees are trees. Water makes you wet. Sun warms your skin. Food fills your belly. Friends make you laugh. There's nothing virtual about this reality.

Here's to trading algorithms for nature's rhythms—for an hour, a day, a week—or a three-week Grand Canyon cleanse. When we need a break from the madness, there's no substitute for a breath of fresh air. Time to fill our lungs and refill our buckets.

# PACKRAFTS

Leaning on 50 years of boat-building experience, we're introducing a line of incredibly durable packrafts that will expand the boundaries of the adventurous spirit. Overlapping, heat-welded seams combine with interior taping to create an incredibly strong mechanical bond for fail-proof air retention. PVC-free, TPU-coated nylon interior and exterior coating provide additional resistance to abrasion. With three unique designs purpose-built for calm, moving, and whitewater, there's a packraft for all levels of paddlers.

 PVC-FREE

WATERPROOF

  
DESIGNED IN IDAHO

## NEUTRON

When you're looking to tackle the gamut of river conditions with one watercraft, the Neutron's thigh braces, detachable backband and self-bailing floor let you cruise the calm and charge more advanced whitewater.

**NEUTRON**  
86088.01 | 90" L x 39" W | 11 lbs. | \$1,145.00

**NEUTRON XL**  
86088.01 | 96" L x 39.5" W | 11.4 lbs. | \$1,195.00

"We don't enter any product category unless we are confident that we can offer something unique to the market. With packrafts, we hit the mark. We used our five decades of experience to develop new technology creating a more durable, reliable and airtight lightweight boat at a highly competitive price."

- DAVID, CHIEF OPERATING OFFICER /  
DIRECTOR OF PRODUCT DEVELOPMENT

### PULSAR

Designed to track on flatwater but handle more dynamic features, the Pulsar offers versatility and storage for extended day trips or overnight missions.

**PULSAR**  
86087.01 | 90" L x 37" W | 7 lbs. | \$845.00

**PULSAR XL**  
86087.01 | 96" L x 39" W | 9 lbs. | \$895.00

### ASTER

The Aster's ultra-lightweight yet durable design lets beginner paddlers and weekend warriors confidently take on calm waters and discover new adventures.

**ASTER**  
86086.01 | 90" L x 37" W | 5.4 lbs. | \$545.00

**ASTER XL**  
86086.01 | 96" L x 39" W | 6 lbs. | \$595.00

## BACKCOUNTRY PACKRAFTING

Bring the blue lines on the map into play and add a new element to remote adventures with the open-cockpit convenience and ultralight packability of our premium packrafts. Hiking into an alpine lake or running along a riverside trail becomes the entry point to a whole new world you might love even more than dry land.

**NEW 1. PULSAR PACKRAFT**

86087.01 | Standard, XL | \$845.00-\$895.00

**NEW 2. NINJA PRO PFD**

40141.01 | XS/M, M/L, XL/XXL | \$229.95

**3. MEN'S ENDURANCE SPLASH JACKET**

20010.07 | XS-3XL | \$114.95

**4. WERNER POWERHOUSE 4-PIECE PADDLE**

75671.01 | 194cm, 197cm, 200cm | \$365.00

**5. ETHER HYDROLOCK BAG**

55034.02 | 3L, 6L, 10L, 15L, 22L | \$39.95-\$59.95

**6. NRS + CHACO Z/2 CLASSIC SANDALS**

34071.01 | 8-14 | \$110.00

### Endurance Splash Jacket

Classic watersports staple that has only gotten better with time. Finally replaced my old one from the 90s.

- Steve R. | Ashland, OR

*Rashguard Shirt*

Love it! Best top for sun protection and keeping cool on a river trip.

- Rachel | Layton, UT

# WHITEWATER PACKRAFTING

No roll? No problem. Paddlers looking for a more intimate experience with the river without the commitment of a hardshell will love the lightweight agility of our packrafts. From roadless wilderness to front-country Class III, our whitewater packrafts are purpose-built to hike, bike or fly in and paddle out, wherever the call of the wild takes you.

## 1. WERNER SHERPA CARBON PADDLE

75702.01 | 194cm, 197cm, 200cm | \$359.00-\$470.00

# JUMP IN WITH NEOPRENE

HydroSkin delivers the immersive insulation only neoprene can provide, with the athletic performance and comfort full wetsuits dream of. With three neoprene thicknesses and a versatile range of tops and bottoms to mix and match, HydroSkin gets you on the water earlier, lets you stay out longer and helps you adapt to unpredictable conditions.

 **MEN'S HYDROSKIN 0.5 LONG-SLEEVE SHIRT**  
15002.06 | S-XXL | \$114.95

 **MEN'S HYDROSKIN 0.5 PANT**  
15012.06 | S-XXL | \$114.95

 **WOMEN'S HYDROSKIN 0.5 JACKET**  
15010.06 | XS-XL, 1X, 2X, 3X | \$134.95

 **WOMEN'S HYDROSKIN 0.5 CAPRI**  
15017.06 | XS-XL | \$89.95

"As one of the highest-volume categories in paddlesports, every advancement we make to neoprene goes a long way. We've worked hard to improve fit and performance, as well as sustainability. Now, with extended sizing, we can serve even more customers with these products."

- SANTOS, PRODUCT DESIGNER

# SUP BOARDS

## FEATURING IST™ TECHNOLOGY

From an all-around stand-up paddling option to boards designed for touring and downriver expeditions, we're hand-shaping inflatable paddleboards in Idaho and pushing the evolution of SUP to a new level. Our new boards combine an innovative construction method with Integrated Shaping Technology, IST™, to build stiffer, lighter boards that are purposely shaped for specific paddling styles.

A design method that uses multiple air chambers to create a unique shape, purpose-built for specific paddling styles.

### TRUE BALANCE

The culmination of all our IST Series features and materials that create unparalleled stiffness, stability, durability and performance.

### Z/BLEND™

A new construction method that uses an innovative woven, rather than knit, drop-stitch core to create stiffer, lighter boards.

Design feature that enhances stability by raising the rails to maintain volume and dropping the deck to lower the paddler's center of gravity.

### QUICKCLICK™ INTERCHANGEABLE FIN SYSTEM

A changeable fin system that makes swapping fins stress-free.

### I.S.T. V-HULL DESIGN

Uses IST to add a V shape to the nose for enhanced speed and tracking.

### I.S.T. CONCAVE DESIGN

Uses three chambers to create concavity on the rails, which channels water back toward the fin for a cleaner flow of water and a more efficient, quieter ride.

Double thickness, PVC sidewalls enhance impact and wear resistance against the seams to ensure 100% air retention.

## CLIPPER SUP

The Clipper handles touring and overnight adventures with ease. Shaped for efficient paddling when loaded, with dual deck-line configurations to secure gear for multiday.

**CLIPPER 110** | 86149.01 | 11' x 27" x 5" | \$895.00

**CLIPPER 110W** | 86149.01 | 11' x 31" x 5" | \$945.00

**CLIPPER 126** | 86149.01 | 12'6" x 29" x 6" | \$945.00

**CLIPPER 126W** | 86149.01 | 12'6" x 33" x 6" | \$995.00

"The introduction of IST and Z/Blend technology is without a doubt one of the biggest advancements in SUP technology I've ever seen. This is the game-changer we've been waiting for from SUP for a long time."

- DANNY, PRODUCT MANAGER

## CLEAN SUP

The Clean turns clean-line dreams into a reality. With two sizes, downriver paddlers can choose between a playful board or one designed for multiday adventures.

### CLEAN 96

86147.01 | 9'6" x 36" x 5" | \$945.00

### CLEAN 110

86147.01 | 11' x 34" x 6" | \$995.00

## JUKDO SUP

Shaped for paddlers who do it all, the Jukdo is intentionally designed to track on flatwater with the maneuverability to handle easy surf and light river running.

### JUKDO 100

86148.01 | 10' x 31" x 5" | \$925.00

### JUKDO 108

86148.01 | 10'8" x 34" x 5" | \$995.00

### JUKDO 110

86148.01 | 11' x 36" x 6" | \$1,075.00

# SUP PADDLES

A premium stand-up paddleboard deserves a premium paddle. The Bia and Fortuna SUP Paddles feature 10-degree offset blades with a slight dihedral on the powerface for stable, flutter-free forward strokes and a low-profile spine for smooth vertical turning and adjustment strokes. Easy-to-adjust LeverLock® system gives shaft length a 16" range, accommodating multiple paddlers and conditions. Rec paddlers will love the durability of the Bia while more advanced paddlers will appreciate the flex-to-strength ratio and lighter swing weight of the Fortuna.

*"After shaping and testing numerous prototypes, we landed on a smooth, efficient and powerful blade design. We paired it with strong, flexible lightweight shafts and patented LeverLock system to perfectly complement our category-leading SUPs."*

- DANNY, PRODUCT MANAGER

# SUP BOARDS

FEATURING X-LITE™ TECHNOLOGY

The Lite Series SUPs maximize portability without sacrificing performance. By combining a streamlined design with Z/Blend Core™ construction, the X-Lite and Tour-Lite boards prioritize stiffness and lightweight performance for paddlers who crave faraway adventure. Plan a hike-in, paddle-out trip with the Tour-Lite or add the X-Lite to your next multi-sport road trip.

**X-LITE**

X-Lite construction prioritizes stiffness and lightweight performance.

**Z/BLEND™**

A new construction method that uses an innovative woven, rather than knit, drop-stitch core to create stiffer, lighter boards.

**QUICKCLICK™**  
INTERCHANGEABLE FIN SYSTEM

A changeable fin system that makes swapping fins stress-free.

**DOUBLE SIDEWALL**  
PROTECTIVE SHIELD

Double thickness, PVC sidewalls enhance impact and wear resistance against the seams to ensure 100% air retention.

## X-LITE SUP

Shaped for the paddler who likes to explore a variety of waterways, the X-Lite's crossover design dominates flatwater with the capabilities to handle easy surf and light river running, too.

### X-LITE 100

86145.01 | 10' L x 31" W x 5" | \$675.00

# PFDs REIMAGINED

For 2024, we are introducing six new and revised life jacket models, all built with our groundbreaking new Orbit Fit™ system. Unlike conventional PFD construction, which uses various methods to make flat blocks of foam flotation conform to your body, Orbit Fit uses several thin layers of precision-cut polyethylene foam to create a pre-curved shape for better comfort. This construction technique also results in vests that are remarkably lightweight and flexible. As part of our effort to make our products more sizing-inclusive, we've incorporated grading sizing into all new PFDs, in which each size is uniquely shaped to fit the intended user. Each of these life jackets feature 100% recycled exterior fabrics and PVC-free foam, while Orbit Fit construction method reduces foam waste by up to 60%.

 PVC-FREE

 100% RECYCLED  
SHELL MATERIAL

**ORBIT**  
FIT SYSTEM

  
**GRADED SIZING**

*"Graded sizing takes more development effort, but the advantages of a custom-tailored fit are worth it. We've spent countless hours prototyping, testing and fine-tuning each size. The customers will feel the difference as soon as they put it on."*

- KIRK, SENIOR INDUSTRIAL DESIGNER

# PERFORMANCE // REIMAGINED

As today's paddlers reinvent our sport, NRS has reinvented how safety feels and performs with the Vector PFD. Using detailed athlete input and state-of-the-art tools, we created the most technologically advanced, user-focused rescue life jacket ever made. We engineered each component for safety and utility, from milled aluminum hardware, to calibrated breakaway D-rings, to the interconnected continuous shoulder webbing. The quick-release belt allows full adjustability, and the knife dock keeps your fixed or folding blade protected and accessible. Finally, we built the Vector with our Orbit Fit™ system. With Orbit Fit, each size is uniquely shaped to fit using multiple layers of precision-cut foam that naturally conforms to your torso.

# Vector

"The elite paddlers in our LEAD Athlete program provide detailed feedback on how our products perform in the most demanding environments, and how they could be made better. The Vector is driven by five years of athlete insights, and I can't wait to make this my everyday life jacket."

- TYLER BRADT, PRO KAYAKER

2024 NINJA SERIES

# FOR THE ATHLETE IN EVERY PADDLER

A fan favorite for years, the Ninja is known for being our lowest-profile jacket. By concentrating all the flotation into a smaller surface area, we've redefined what freedom of movement means while wearing a life jacket. This year, we redesigned the Ninja platform to better fit a range of body types, improve sustainability and introduce rescue and touring-specific options.

## NINJA PFD

Master of the paddling arts or a novice, the completely redesigned Ninja PFD concentrates flotation into a smaller area for maximum comfort and unbeatable athletic performance.

40013.05 | XS/M, M/L, XL/XXL | \$149.95

### NINJA OS PFD

Touring paddlers looking for greater mobility and comfort without compromising on safety or storage space will appreciate the stealthy flotation of the Ninja OS.

40140.01 | XS/M, M/L, XL/XXL | \$169.95

### NINJA PRO PFD

With feedback from our top athletes and whitewater professionals, we created the Ninja Pro. A compact Type V rescue vest that delivers superior mobility and comfort and dialed-in rescue essentials for whitewater paddlers, guides and SAR professionals.

40141.01 | XS/M, M/L, XL/XXL | \$229.95

### ODYSSEY PFD

Offshore paddlers can rejoice in the comfortable convenience and safety-minded features of the Odyssey. Built for long days at sea with large pockets and multiple attachment points to fit everything you need to tour the Italian coastline—or wherever the winds and tides take you.

NEW 40124.02 | XS/M, M/L, XL/XXL | \$169.95

### AMBIENT PFD

A modern take on a classic design, the Ambient combines simplicity and comfort with safety and protection. With the convenience of a front-zip entry and the freedom to swim, paddle and splash, you won't find a more comfortable recreational jacket.

NEW 40117.01 | XS/M, M/L, XL/XXL | \$119.95

### ZANDER PFD

Adventure anglers know that the best life jacket is one you'll wear. With a slim-fitting medium profile, front-zip design and modern features, the Zander highlights simplicity, convenience and freedom of movement. Whether you're jigging, casting, spinning, trolling, paddling, or landing the big one, do it safely in the Zander.

**NEW** 40118.01 | XS/M, M/L, XL/XXL | \$169.95

Red Deer River, Alberta, Canada

"Having worked previously as a product director for a knife brand, I was excited to apply that experience at NRS. We collected input from rescue professionals, then used state-of-the-art design and prototyping technology to perfect each model. When you grip these knives in your hand, you'll instantly feel the difference."

- MIKE, HARD GOODS CATEGORY MANAGER

## THUMBS UP™ RELEASE

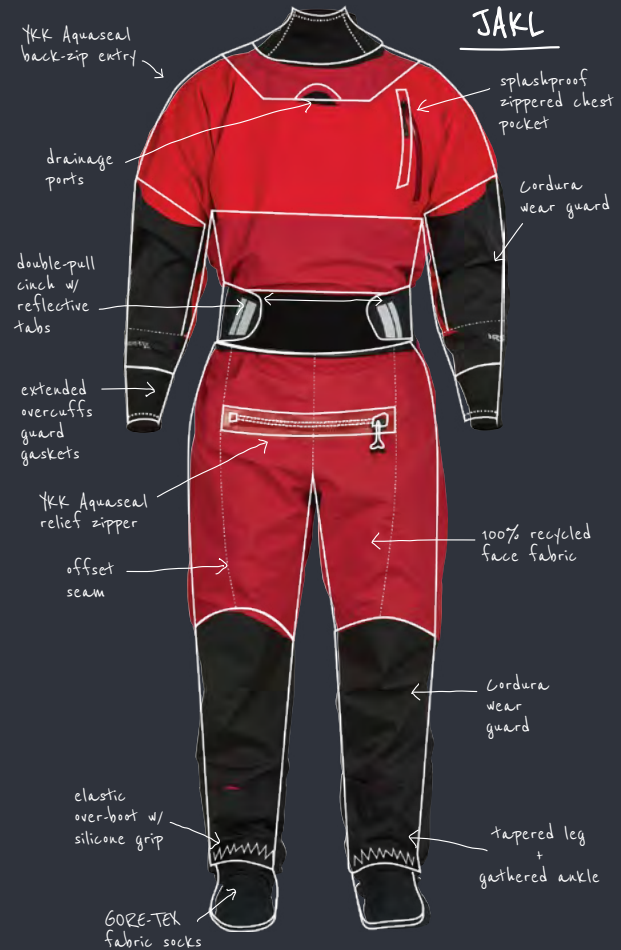

The all-new Thumbs Up Sheath™ features a living hinge for a low-profile, quick-release solution to secure fixed blades. Release the knife one-handed with the flick of the thumb.

# PERFORMANCE // REIMAGINED

After years of research and development—driven by professional athletes, guides and instructors—we are proud of our latest generation of technical outerwear for paddlers. We considered every cut and cuff, every seam and seal, with a goal to maximize comfort, protection, longevity, and freedom of movement. Then, we selected the best materials and components available today, including the most-advanced waterproof-breathable material ever made, GORE-TEX® Pro. The result is a range of technical outerwear that not only outperforms all others, but that re-defines what performance can be.

Scan here to see the full line of GORE-TEX Pro dry wear.

GORE-TEX Pro uses 100% recycled nylon face fabric.

"I love the premium dry performance of GORE-TEX, but being 5'2", I find a front-entry zipper can be bulky when paired with a creeking PFD or doing freestyle rotations. The new back-zip Phenom is the best of both worlds."

- ANNA, MARKETING & COMMUNICATIONS MANAGER

# New! GORE-TEX PRO PHENOM DRY SUIT

The new Phenom Dry Suit features advanced GORE-TEX® Pro protection and a back-zip entry, enhancing comfort and mobility for long days and savage play. Featuring the same industry-leading qualities as the popular Axiom Dry Suit, the Phenom reimagines performance in men's and women's-specific fits and designs.

Back-entry design reduces bulk, enhancing range of motion and eliminating water pooling between a front zipper and your sprayskirt tunnel and dripping into the cockpit.

5" wide neoprene waist overskirt with double-pull hook-and-loop closure fits over your sprayskirt tunnel for a watertight seal.

Gathered ankle design features an elastic band to fit snug over booties. Silicone dots keep the ankle from riding up.

WOMEN'S PHENOM GORE-TEX® PRO DRY SUIT  
22547.01 | XS-XXL | \$1,395.00

MEN'S PHENOM GORE-TEX® PRO DRY SUIT  
22546.01 | S-XXL | \$1,395.00

# COMFY BASE LAYERS

Designed to maximize breathability for enhanced mid-weight insulation, our Lightweight layers pair best with adventure. Whether you wear it alone to play and explore on dry land or under technical apparel for a paddling mission, the paddler's cut and gridded fleece material is designed for all-day comfort and performance. Plus, it's UPF 50+.

Soft, gridded interior delivers cozy comfort and enhances breathability.

**MEN'S LIGHTWEIGHT HOODIE**  
10120.06 | S-XXL | \$74.95

**WOMEN'S LIGHTWEIGHT HOODIE**  
10121.06 | XS-XL | \$74.95

*In addition to Lightweight tops and bottoms, our Expedition Weight offers an even thicker layer of insulation. Scan to see all we have to offer.*

*Lightweight Hoodie*

Love this shirt. Wore it almost every day as we paddled Isle Royale. Super comfortable and kept out the morning and evening chill.

Lavon | Brownsville, MN

# MEN'S SEA KAYAKING

A weekend hang with the gang doesn't get much better than cresting sun-soaked waves, the salt of the swell staining your skin long after you've made it to shore. A day in the kayak doesn't have to be all big adventures; sometimes, a technical top and your favorite baggies are (almost) all you need for a cruise along the coast.

# WOMEN'S TOURING

When you'd rather gear up than dress up, the comfort and versatility of a semi-dry suit makes it easy to embrace changing conditions and catch up with friends in the wild. Pair your outfit with safety gear purpose-built for offshore exploration and head out for a day, a weekend, or more.

- NEW 1. NINJA OS PFD**  
40140.01 | XS/M, M/L, XL/XXL | \$169.95
- NEW 2. WOMEN'S NAVIGATOR GORE-TEX® PRO DRY SUIT**  
22554.01 | XS-XL | \$1,525.00
- 3. WOMEN'S KICKER WETSHOES**  
30023.04 | 5-11 | \$57.95

# EXPEDITION DRIDUFFEL

Adventurers trust the Expedition DriDuffel to store the items that can't, under any circumstances, get wet. Kayakers and rafters alike will love the new, easy-to-stow 12L bag. It's the perfect design for self-support missions and day-bag essentials. For overnights and extended trips, pack your gear in the larger duffels to take the stress out of getting swamped or stuck in the rain.

 PVC-FREE

TRU® Zip closure delivers an immersion-ready waterproof seal.

Two compression straps reduce bag size and stabilize gear.

IPX7 Rating protects contents against water immersion for 30 minutes up to 1 meter deep.

© 55038.02 | 12L, 35L, 70L, 105L | \$159.95-\$359.95

"NRS has been the leader in expedition-grade dry bags for decades, but we're still innovating. When designing these duffels, we started over at the beginning, creating original patterns and selecting new materials and components. These bags are incredibly durable, user friendly, and 100% PVC-free."

- DAVID, CHIEF OPERATING OFFICER /  
DIRECTOR OF PRODUCT DEVELOPMENT

# HIGH ROLL DUFFEL

The High Roll Duffel blends the reliable closure and rugged waterproof performance of our legendary Bill's Bag with the "chuck it all in" convenience of a flat-bottom duffel. This lightweight, heavy-duty duffel keeps gear dry from the truck bed to the raft and everywhere in between.

 PVC-FREE

Duffel-style opening with StormStrip™ closure folds down and buckles securely, compressing the bag and sealing it from water.

Webbing chains offer ample attachment points to secure other items to the bag.

55024.03 | 35L, 70L, 105L | \$179.95-\$219.95

Stackable flat-base design makes packing, storing and rigging easy.

## ETHER HYDROLOCK

Whether you're stashing essentials on the nose of your SUP or stuffing your cockpit with supplies for an overnighter, the Ether HydroLock delivers submersible storage in an easy-to-stow design. We combined our folding StormStrip™ seal and HydroLock closure with durable dual TPU-coated nylon construction and welded seams for season-after-season protection.

55034.02 | 3L, 6L, 10L, 15L, 22L | \$39.95-\$59.95

## QUICK CHANGE DUFFEL

From gravel lots to sandy takeouts, the Quick Change Duffel takes the dirty out of quick-and-dirty gear-ups. Pre-paddle, lay out the included circular mat to protect dry suit feet and prevent the one-shoe-shuffle. Post paddle, pile wet gear into the changing mat, and cinch tight.

55004.02 | 60L, 90L | \$119.95-\$129.95

Check out the new Covert Changing Poncho!

## PUREST MESH DUFFEL

The ultimate boater's bag, the Purest Mesh Duffel makes it just as easy to store dry clothes as it does to haul wet gear. Ripstop nylon construction on the bottom gives the bag durable structure while the mesh upper keeps airflow high and funk levels low. Use the zippered end pocket to separate the grimy from the clean and the small stash pocket for your keys, phone and wallet.

© 55003.03 | 40L, 60L, 90L | \$79.95-\$99.95

# WOMEN'S RAFTING

Inspired by the women of whitewater who encourage us to jump all in or take the meaty line, we aim to design versatile, functional apparel and great-fitting gear to complement their strength and confidence. When the fit is right, the focus can shift to forging friendships, making memories, and getting the crew safely downstream.

**1. SILKWEIGHT HOODIE DRESS**  
10112.02 | XS-XL | \$79.95

55034.02 | 3L, 6L, 10L, 15L, 22L | \$39.95-\$59.95

# MEN'S RAFTING

There's a special magic that comes with ending the day on the river, watching the sun make its way down the canyon walls, your shorts still wet from the evening swim. Private boaters and professionals alike appreciate the versatility of guide-tested apparel that protects from the sun, dries quickly after the action, and still feels good on shore.

 **1. MEN'S LONG-SLEEVE GUIDE SHIRT**  
10012.02 | S-3XL | \$79.95

 **NEW 2. NINJA PRO PFD**  
40141.01 | XS/M, M/L, XL/XXL | \$229.95

**3. BENNY BOARD SHORT**  
10141.05 | 30-40 | \$74.95

**4. ASTRAL BREWER 2.0 WATER SHOES**  
31005.02 | 8-13 | \$125.00

### Guide Shirt

Perfect shirt. Wore it whitewater rafting on the Salmon River. Lightweight, dries exceptionally fast, and provides UV protection. If you're worried about being too hot in this on a hot day, don't be! One of my favorite shirts on and off the water.

# SNOOZE PADS

Combining 50+ years of multi-day rafting experience with our goal to build versatile gear for the outdoors, we re-evaluated the concept of a sleeping pad for the river. The Snooze Pad melds the durability required for rafting trips and the comfort car campers crave to create a more compressible, self-inflating pad that was born on the river, but is truly ready for whatever. Sleeping pad? Check. Seat cushion? Check. River floatie? Check. The Snooze Pad is summer's best friend.

 PVC-FREE

 SELF INFLATING

 WELDED CONSTRUCTION

 DUAL-DENSITY FOAM

2" | 71439.01 | 72" L x 24" W x 2" H | \$299.95

3" | 71439.01 | 76" L x 26" W x 3" H | \$349.95

4" | 71439.01 | 78" L x 28" W x 4" H | \$399.95

---

2" nylon webbing strap and carry handle cinches tight and fastens with an aluminum buckle to secure the Snooze Pad for travel.

---

Self-inflating pad doesn't require a 'top off' and holds an even shape no matter your sleeping style.

---

The tapered design reduces friction on high-wear areas while making it easier to roll up.

7.6-14.1  
R-VALUE

\*R-Value dependent on size

---

Dual-foam core features a lighter density foam on top for a more compressed roll with a thicker core for enhanced comfort.

---

Available in three thicknesses (2", 3", 4") that increase slightly in overall dims to comfortably fit a range of outdoors people.

"Waterproof sleeping pads are a staple on river trips but haven't evolved in decades, until now. We set out to build a more comfortable pad that rolls up compactly, is easily repaired, and 100% PVC-free. Our Snooze Rads are not only perfect for the river, but for any camper looking for a more comfortable and durable sleep solution."

# RIFFLE FISHING PACKRAFT

Hike it in to access remote waters, tow it behind and wade shallow streams or stalk the finger lakes—fishing from a packraft makes it easier than ever to Catch the Adventure™. The Riffle features an open design and D-ring attachments for easy access to tackle and flies when wading or paddling. Reinforcements inside the bow protect from wading boots, while the full-length, inflatable seat and backrest provide stability and rigidity when the flats turn to ripples.

*New!*

**RIFFLE PACKRAFT**  
86089.01 | 96" L x 39" W | \$1,195.00

## HERON SUP BOARD

The Heron SUP gives adventure anglers a stable platform with endless rigging capabilities. From skinny backwaters to hike-in honey holes, we shaped this board with the stability to sight fish, land fish and catch the adventure without sacrificing paddling performance.

86138.04 | 11' L x 39" W | \$1,345.00

## KUDA iSOT

Kuda inflatable Sit-On-Top Kayaks (iSOT) make fishing remote waters easy. The Kuda 106 is the lightest, most maneuverable iSOT in the NRS Fishing line, while the Kuda 126 offers a little more room for gear without sacrificing function.

**KUDA 106**  
86262.01 | 10'8" L x 38" W | \$925.00

**KUDA 126**  
86263.01 | 12'6" L x 38" W | \$950.00

## PIKE IK

The Pike is rigged and ready to catch the adventure in remote waters. With unique design elements for enhanced on-the-water performance, the Pike also features limitless rigging options to fit your fishing style. Pro package includes YakAttack accessories.

**PIKE 126**  
86264.01 | 12'8" L x 38" W | \$995.00

**PIKE 126 PRO**  
86283.01 | 12'8" L x 38" W | \$1,395.00

# New! ALTER YOUR APPROACH

The Approach 120 gives you the flexibility to fish anywhere, anytime, anyhow. Designed to fit between the wheel wells of a full-size truck on the roof of an SUV, this lightweight raft requires no trailer, no boat ramp. The adjustable, customizable frame is easily configured for what the day demands, from full-luxury fishing (complete with motor mount), to a midweight setup for two anglers, to an ultralight format for light-and-fast missions. 16-inch tubes and a thick drop-stitch floor insert enhance buoyancy, and welded PVC construction resists abrasion on shallow and overgrown streams. No boat gives you more options for exploring different ways, and places, to fish.

Internal anchor system easily controlled from the rower's seat keeps anchor line away from anglers and gear. Includes 3/8" anchor line.

Our custom slot-rail frames let you make on-the-fly adjustments to seat, oar and accessory placements. The streamlined design reduces potential line-catchers.

Dry box seats provide out-of-the-way waterproof storage. Two bi-directional rod holders and four angler trays keep gear organized and accessible.

**APPROACH 120**  
86347.01 | 12' L x 49" W | \$4,995.00

Scan to see all Approach packages and learn more.

### APPROACH 100

The ultimate car-top solo fishing raft, whether sight fishing for spawners on the lake or having the river to yourself. Adjust the frame to fit your size, configure it to match the action, launch it on your own and go.

Dry Box seat platform provides convenient external trays and internal waterproof storage compartments keeping gear dry, organized, and eliminating tripping hazards.

**APPROACH 100**  
86348.01 | 10' L x 49" W | \$3,795.00

# CATCH THE ADVENTURE

Adventure anglers across the world fell in love with the Slipstream's fishing-specific design, its whitewater capabilities and its take-anywhere compactness. After two years on the water, we listened to angler feedback, tweaked the dimensions and dialed in the features to improve rowing performance and angler comfort.

Internal anchor system easily controlled from the rower's seat keeps anchor line away from anglers and gear. Includes 3/8" anchor line.

Molded Thigh Hook(s) with integrated tray and cup holders.

- ③ **SLIPSTREAM 106**  
86294.01 | 10'6" L x 63" W | \$4,495.00
- ③ **SLIPSTREAM 129**  
86293.01 | 12'9" L x 72" | \$5,495.00
- ③ **SLIPSTREAM 142**  
86292.01 | 14'2" L x 79" | \$5,995.00

Custom NRS frame has a streamlined design with deliberately placed D-rings, handles and valves to reduce weight and eliminate line/hook catch points.

Dual Rod Holder fits two 9' rods.
